BOARD BILL NUMER 28 INTRODUCED BY MATT DEVOTI

An ordinance requiring the installation of water meters on certain service connections in the City of St. Louis, providing mechanisms for enforcement, including providing authority to deny or withhold service for noncompliance, and delegating authority to the Water Division to administer, implement, and set technical standards for meter installation. The requirement applies prospectively to new service connections and mandates the installation of meters only on certain existing service connections. The ordinance also includes a severability clause.

WHEREAS, the City of St. Louis operates and maintains a municipal water system that provides safe and reliable drinking water to residents, businesses, and institutions; and

WHEREAS, the installation of water meters at the time of new construction, new service connection, or during major rehabilitation or water service line replacement is a cost-effective and administratively efficient point at which to ensure compliance; and

WHEREAS, metering water usage supports conservation efforts, allows for better monitoring, ensures customers only pay for the water they consume, reduces system loss, and enables the City to better plan for infrastructure investment and maintenance; and

WHEREAS, accurate measurement of water usage through metering enables equitable billing, efficient system management, and long-term fiscal sustainability of the Water Division; and

WHEREAS, it is the intent of the City of St. Louis to implement this requirement prospectively in a manner that minimizes disruption to current residents and property owners; and

WHEREAS, by limiting the requirement to new service connections, major rehabilitation projects, and water service line replacement, the City of St. Louis balances the goals of

modernization and fiscal responsibility with the need to avoid undue burden on existing residents;

BE IT ORDAINED BY THE CITY OF ST. LOUIS AS FOLLOWS:

SECTION ONE. Definitions

C. *Separate Meter Requirement.* Each New Service Connection or Major Rehabilitation Project shall be served by a separate Water Meter, unless otherwise authorized by the Water Division pursuant to established rules or regulations.

D. *Meter Ownership and Control*. All Water Meters installed pursuant to this Ordinance shall be owned and maintained by the Water Division following installation. Youth Climate Action Fund

Program Charter

Round 1: 2026-27

“Climate change is an all-hands-on-deck challenge, and it’s critical that young people—who have the most at stake—help lead the way.”

— Michael R. Bloomberg, UN Special Envoy on Climate Ambition and Solutions

Section 1

Welcome

Welcome to the Youth Climate Action Fund.

You are joining a global cohort of 300 cities working to strengthen how cities partner with young people to develop local climate solutions. Together, you will engage more than 300,000 young people aged 15 to 24 across the program to put these ideas into action in your community.

The program equips cities to surface new ideas from young people, support them through small grants, and build their capacity to engage young people in advancing local climate priorities.

To do so, the Youth Climate Action Fund team, including your city's coach, will support you with practical tools, advice, and opportunities to learn from other cities in the cohort.

This document is your starting point. It outlines the program and provides practical guidance to help you make it a success in your city.

How to Use This Charter

This document provides an overview of the full program, including key requirements, timelines, and resources. You are not expected to absorb or act on everything at once.

The program is designed to be delivered in phases, with dedicated coaching support, practical tools, and step-by-step guidance along the way. Each section of this charter will become relevant as you move through the program.

For now, focus on the First Steps section, which outlines what you need to get started.

The Youth Climate Action Fund is established and supported by Bloomberg Philanthropies and delivered in partnership with the Bloomberg Center for Public Innovation (BCPI) at Johns Hopkins University, C40 Cities Climate Leadership Group, and United Cities and Local Governments (UCLG) as a fiscally sponsored project of Rockefeller Philanthropy Advisors (RPA).

The development of the program and this charter have benefited from the evaluation research by the Good Services Lab, Bloomberg Center for Cities at Harvard University.

Section 2

First Steps

We provide checklists for each phase of the program to support your work at every step. Start with the following:

	Understand the Program Start by getting oriented. Read this Program Charter to understand the program's goals, expectations, and key milestones. Note any questions to raise with the program team in the upcoming events or by email.
	Confirm and Set Up Your Participation These steps enable your city to receive funding. Submit required financial and administrative documentation through the City Intake Form, including signing this charter on page 5. Note that final grant awards are subject to review and approval by Rockefeller Philanthropy Advisors.
	Build Your Team Put the right people and structures in place. Identify your core team, including a City Lead and at least one additional team member. Engage key collaborators across departments (e.g. contracting, data, evaluation).
	Plan Ahead Set yourself up for a smooth start. Add key dates to your calendar, including the program kick-off, and ensure the mayor is invited. Prepare your communications, but do not announce participation before April 29, 2026. See Appendix B on page 20 for guidance.

What is a Microgrant Project?

Before moving into the program phases, this section outlines the structure and requirements of the microgrants, which are at the core of the program.

Microgrants are small grants (US$1,000–US$5,000) that support youth-led climate projects aligned with your city's priorities. They are designed to surface new ideas from young people and enable them to take action in their communities.

A microgrant project must:

- be proposed, designed, and led by at least two young people aged 15–24
- align with your city's climate priorities
- be completed by Thursday, April 15, 2027
- operate within a budget of US$1,000–US$5,000 using eligible expenses (see Appendix)
- focus on youth leadership and action; equipment and infrastructure costs should not exceed 50% of the project budget

Here are some examples of the types of eligible projects:

- Climate education and awareness, like courses, experiences, or the arts
- Research and data collection, like mapping environmental health
- Resilience and adaptation, such as addressing water quality or heatwaves
- Green Infrastructure, reforestation, and environmental protection, like creating parks, community gardens, or green roofs for community buildings
- Sustainable agriculture and food systems, like urban farms that would enrich community access to fresh food
- Promotion and advancement of circular economy, like sustainable fashion or rethinking the use of discarded materials
- Sustainable waste management, like sorting, collection, or cleaning
- Sustainable transportation, like encouraging walking, cycling, and using public transportation
- Climate governance, like youth councils or consultation of youth for public decisions

Each project must include:

- at least one output (a direct deliverable, such as number of events held)
- at least one outcome (the result of those activities)
- a numerical target for both

An 'output' is a direct deliverable or measurable result of activities (like 'number of clean-up events held'), and an 'outcome' is what happens because of those activities. Both need to have a numerical target. A project description template will be available in the Resource library.

Example Project (what happens in the project)	Example Output (what are the project activities)	Example Outcome (what happens as a result of those activities)
Organize a series of city park clean-ups	Number of youth-led clean-up events	Number of bags of trash picked up
Start a newsletter on city meetings related to climate	Number of youth registered for the newsletter	Number of youth attending public city government meetings
Create and distribute home rain garden kits at school	Number of rain garden kits distributed	Number of rain gardens planted
Start a collaboration to turn food waste into fertilizer pellets	Number of fertilizer pellets created	Number of pounds of food waste repurposed

Who Can Receive a Microgrant?

Projects are led by young people, but funds must be disbursed to organizations. Eligible recipients include:

- Youth-led organizations (e.g. youth clubs or groups)
- Youth-serving organizations (adult-led organizations supporting young people)
- Sponsor organizations, such as city agencies, schools or other educational institutions, museums, or community organizations

Private companies, individuals or political parties or party-affiliated organizations are not eligible.

All organizations must:

- Be legally registered entities
- Be recognized as a non-profit or charitable organization under local laws (unless a public entity)
- Have a bank account in the organization's name

For compliance purposes:

- The city unit managing the program cannot act as a sponsor for a project
- Sponsors cannot be partisan organizations or political parties
- Microgrant recipients cannot be the subject of any applicable sanctions regime

How Do You Select Microgrant Projects?

Projects must be sourced through an open call and selected by an independent selection committee. The city lead is responsible for doing the eligibility review with the coach but should not be a member of the selection committee. The selection committee should consist of at least three people, including members of your city's team as well as external advisors who bring additional expertise on working with youth and climate action. Selection committee members should not be directly affiliated with potential grantees or projects, to avoid conflicts of interest.

Selection requirements:

- Each microgrant must fund a distinct youth-led climate project.
- A single organization may receive up to three microgrants for separate projects.
- Selected projects should cover a range of climate themes; funds should not be concentrated in a single theme or type of intervention.
- Cities must award between 8 and 50 microgrants and should aim to receive at least twice as many applications as funded projects.

What Other Costs Are Covered?

You can use up to 20% of your US$50,000 grant (i.e. US$10,000) to cover administrative costs related to program execution. Cities may also choose to cover these costs separately to allocate the full amount to microgrants.

If your city uses $10,000 for admin costs:		If your city covers all admin costs:	
Min. projects ($5,000 grants)	Max. projects ($1,000 grants)	Min. projects ($5,000 grants)	Max. projects ($1,000 grants)
8	40	10	50

Eligible administrative expenses include:

- City staff (salaries and other compensation): Staff compensation for program administration; stipends for reviewing and evaluating project proposals.
- Events and communication: Costs associated with the organization and promotion of an Open Call; organizing informational and celebratory events for youth microgrant recipients; stakeholder and youth engagement activities, including forums and feedback sessions.
- Fees: Consulting and service fees related to program delivery.

Section 4

This section outlines how to implement each phase of the program. You will be supported throughout the process by your city's coach, program webinars, and resources on the program website.

Phase One: Design

One of the goals of the Youth Climate Action Fund is to build deeper trust and collaboration between local governments and young people. A well-planned open call is essential to achieving this trust. The steps below outline how to prepare before launching your call, with support from your coach, program webinars, and the open call planning template available on the program website.

	Download the open call planning template.
	Add the May and June webinars to your calendar.
	Schedule the first meeting with your city's coach.
	Read your city's Climate Action Plan and discuss with your team, which two to four themes you want to focus on. Use the insights from program webinars and from your coach, the template's questions, and the examples on the program website to consider how you communicate your priorities to youth in a concrete and engaging manner.
	Use the microgrant application template to develop an application that clearly outlines your city's climate themes and the criteria for selecting projects. Be clear and specific about how to apply, what format the proposal should take, when it is due, eligibility requirements, and who will make the decisions and when. Please make sure that you include the required fields from the template application. Test the application language with young people where possible.
	Talk to your colleagues to understand which youth programs or nonprofits your city already works with; who could publicize the open call, serve as mentors, or advise on the microgrant process; and which new contacts are worth establishing. *Tip: An AI tool (if your city permits use) can help enrich your initial list.*
	Talk to your colleagues about your chosen climate themes and how your

	city's experts can help young people understand the themes and develop their projects. Sharing their expertise and developing projects with youth is a great way to engage colleagues.
	Establish an independent selection committee to review proposals and select projects that meet program goals and eligibility requirements. The committee should include members of your city's team and external advisors who bring additional relevant expertise. Members must not be affiliated with any applicants or projects to avoid conflicts of interest (whether directly or indirectly, e.g., via family relationships).
	Use the template plan to define how partner organizations, city departments and other channels will support outreach and what each needs from you, including when and where you will host a design session to support youth to submit applications. *- Tip: An AI tool (if permitted) can help draft outreach texts, social media posts, and emails for partners to use.* *- Tip: Use the templates for workshops and design sessions on the website as a starting point or identify colleagues or partners who have experience from developing projects with youth.*
	Work with the mayor's scheduler or communications team to secure mayoral participation in at least one key moment during outreach.
	Set up a dedicated, easily accessible website to announce the program, advertise the open call, explain the proposal submission process, and keep young people updated on the program's status. Discuss with your city's communications team on how to announce the call on social media and the city's website.

Section 5

Phase Two: Launch

Communicating openly and actively about this opportunity is a way to build excitement and trust. The strongest projects often emerge from collaboration between young people and city staff.

	Launch your open call any time between July 15, 2026 and September 4, 2026 through your city's communication channels. You can find communication guidelines and materials at the end of this document as well as on the program website.
	Promote the call widely through events, social media, and visits to schools. This is also a key moment to engage your mayor.
	Close your call for proposals 6 weeks after it opens, and no later than Friday, October 16, 2026.
	Submit the City Open Call Report through the program website reporting portal by Friday, October 16, 2026. This enables your coach to complete an initial eligibility review of the proposals.
	Meet with your coach to review proposals before submitting them to the selection committee to make sure they meet eligibility requirements and identify projects that could use additional workshopping with the applicants.
	Meet with the selection committee and choose at least eight youth-led projects that meet the goals and eligibility requirements of the Youth Climate Action Fund.
	Inform the selected applicants and begin the process of fund disbursement.
	Disburse all funds to the selected projects before Friday, November 13, 2026.
	Complete and submit the City Disbursement Report by Friday, November 27, 2026.

Section 6

Phase Three: Support

Once projects are selected and microgrants are disbursed, your role shifts to supporting youth grantees in implementing their projects. Many participants will be doing this for the first time, and your support is critical to building confidence and trust.

	Organize at least one event for grantees with the mayor to encourage and support project implementation. An award ceremony is a great moment to bring youth and the mayor together.
	Provide instructions or training to grantees as needed, including support with financial tracking and reporting.
	Schedule regular check-ins either online or in person with the grantees; make clear you want to celebrate small wins and troubleshoot challenges together in real time. Tools like Canva or Google doc templates can help with agendas and updates. These check-ins will provide you with the information you need to update each project's status in the monthly City Pulse Check Survey.
	Select a consistent channel that works for your youth participants (text, WhatsApp, email, or social media). QR codes or contact-sharing apps can make it easier for youth connecting via mobile. If the channel you chose does not seem to work, try something else.
	Keep a simple record of attendance, notes, and feedback from each meeting; regularly collect feedback and use it to adapt your approach. Survey tools or a shared spreadsheet can provide support.
	Document key program moments with photographs and save them in a shared folder accessible to your team. Submit photographs and impactful stories to the Youth Climate Action Fund team through the reporting portal at any point during the implementation phase.
	Flag highlights or implementation challenges to your coach and in your monthly Pulse Check Survey. Your coach is available to help you navigate any challenges that arise during project implementation. Do not hesitate to reach out to your coach between scheduled meetings.

Section 7

Phase Four: Amplify

Helping your grantees tell their story is a way to show that you care and you see the value of their efforts. The projects are also an exciting and concrete way for your city to highlight its climate priorities.

	Visit projects and take photos of the achievements of youth. Invite the mayor and your other city colleagues to join you on these visits. Submit photographs through the reporting portal on the program website at any time.
	Invite youth participants to share a brief quote about their experience and amplify their stories through city or partner channels. You can also provide quote cards, captions, and short videos for the grantees to use in their channels. Submit stories through the reporting portal on the program website at any time.
	Organize a closing event for youth, partners, city leadership, community, and media. Plan a public moment where the mayor names what youth accomplished and connects it to the city's climate priorities; where possible, invite youth to present to the city council or serve as ambassadors.
	Identify at least one opportunity for continued engagement with participating youth and maintain a communication channel to keep them connected.
	Talk to your city leadership and colleagues about ways that you can strengthen young people's role in your climate governance and general city governance. The program website will have examples of lasting youth engagement that other cities have established as a result of the program.

Phase Five: Report

Reporting plays a vital role in capturing stories and key data to celebrate youth achievements in your community and across the world. Reporting also helps to track the impact and effectiveness of the program. During your time as a participating city, we'll ask you to complete the following surveys and reports.

Report	Purpose	Due
City Intake Report	This form collects the information necessary to begin processing your Youth Climate Action Fund grant including contact information, tax information, city verification materials (such as an organizational chart and evidence of legal status), and the signed program charter indicating your understanding of this material and desire to participate in the program. You will not be able to receive funds until this report is submitted, so complete it as soon as possible.	Immediately
Youth Surveys	Assess young people's understanding of and interest in local policy and climate strategy, as well as their experience with the program. The short surveys are anonymous and optional, to protect the privacy of youth. You will receive your city's anonymized results to support your local advocacy for youth voice.	Twice, after project selection and at project completion
City Pulse Check Surveys	Brief updates on your progress between major milestones, including the number of proposals received, the types of projects proposed, and any challenges encountered.	Monthly, due by the end of the month starting May 31, 2026
City Open Call Report	Completed six weeks after the launch of your open call, this report provides the titles and descriptions of all project proposals submitted by youth so that coaches can perform an eligibility check prior to your	Due by Friday, October 16, 2026

	committee's final selection of projects. Submitting as early as possible ensures adequate time for your coach to review proposals with you and still meet the selection and disbursement deadline.	
City Disbursement Report	Carried out after project selection, this report will include key program indicators, including the number of projects awarded, detailed project descriptions, the total value of microgrant funds disbursed, the planned one output and outcome indicators per project, and the status of implementation of youth-led projects.	Due by Friday, November 27, 2026
Microgrant Report	Filled out by the organizations receiving microgrants and submitted to your city, these reports include the project's final budget, the number of youth volunteers, and measured outputs and outcomes. You will need these reports to complete your Final City Grant Report, so you should require submission at least two weeks before the final report is due.	Suggested: Friday, April 30, 2027
Final City Grant Report	Submitted at the end of the grant cycle, this report provides a comprehensive overview of program delivery. It must include a financial report comparing the approved budget to actual expenditure by line item and demonstrate that funds were used for charitable purposes in accordance with the grant agreement. The report should also detail the impact of each project, including the number of youth volunteers involved and the outputs and outcomes achieved. Include a set of photographs (with captions) for each project, as well as copies of the individual Microgrant Reports submitted to your city.	Due by Friday, May 14, 2027

About Data Collection

Throughout the program, cities will be asked to report both quantitative metrics (e.g. number of proposals, participants, and volunteers) and qualitative insights (e.g. photos, videos, and stories). This information helps demonstrate impact and support learning across the program.

Artificial Intelligence Use Disclosure

Reports, applications and other materials submitted through this program may be used to help train and improve artificial intelligence (AI) systems developed for the Youth Climate Action Fund, which can assist in grant administration, technical assistance and outcome assessment. We will remove all personally identifiable information, including names, contact details, and other data before any such use. The underlying content and insights from submissions may be retained in de-identified form to support charitable program improvement. AI tools will not make decisions regarding city funding, performance, and continuation in the program. By submitting a report, you acknowledge and consent to this use of your de-identified information.

An ordinance amending Ordinance 70767 to extend the sunset date of the Minority and Women-Owned Business Enterprise Program for the City of St. Louis to December 31, 2026.

WHEREAS, the City of St. Louis passed Ordinance 70767 which codified the City's M/WBE Program effective June 4, 2018 and included certain programmatic changes recommended in the 2015 Disparity Study; and

WHEREAS, Ordinance 70767 was amended in part by Ordinance 71094, effective April 7, 2020; and

A person occupying a position as a member of a Board, Commission or Committee shall be paid at the per day, per meeting or per month rate established above.

(e) SHIFT DIFFERENTIAL: Shift differential shall be paid for certain work assignments. The Director of Personnel shall determine the work assignments for which shift differential will be paid. The assignment or removal of an employee from a work assignment having a shift differential shall be determined by the appointing authority and will not constitute a promotion, demotion, advancement or reduction in pay. The shift differential shall be added to the employee's regular bi-weekly rate.

(1) In order for an employee in Section 2(a) to be eligible for shift differential compensation, the employee must work a shift that requires the completion of four (4) hours of work between the hours of 4:00 p.m. and 8:00 a.m. the following morning. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive shift differential if they are regularly scheduled to work at least four (4) hours between 4:00 p.m. and 8:00 a.m. the following morning. Employees shall be entitled to receive shift differential compensation for no more than one shift worked between the hours of 4:00 p.m. and 8:00 a.m. Employees who are assigned to work schedules that require them to rotate among three shifts (day, evening, night) on a bi-monthly or more frequent basis shall be eligible for shift differential compensation for all three shifts worked.

For employees whose pay range is established in Section 2(a) the shift differential premium shall be one percent (1%) of the employee's base bi-weekly rate for each eligible shift worked in a bi-weekly pay period.

An employee whose pay range is established in Section 2(a) shall receive shift differential for working a portion of an eligible shift, provided the portion of the shift not worked is charged to paid leave. Shift differential shall only be paid for whole hours worked; a fraction of an hour shall not be counted toward the payment of the differential.

(2) For those employees whose pay range is established in Section 2(b), the shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift. Employees must work at least 12 hours of a regularly assigned 24-hour shift to be eligible for any shift differential for the shift. Such employees shall not receive shift differential for overtime worked, which is not part of their regular schedule. This provision will not go into effect until shift differential is agreed upon by the Director of Personnel and the Union (Local 73) in writing.

Except shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift to be paid to Overtime Code 3 Fire Equipment Dispatcher classifications whose pay range is established in Section 2(b).

(3) Except as otherwise provided in this ordinance, shift differential shall not be paid to employees compensated on an hourly or per performance basis, or bi-weekly paid employees who work part-time. Neither shall shift differential be paid to full-time regular employees docked for any portion of an eligible shift.

(f) WEEKEND DIFFERENTIAL: When employees whose pay range is established in Section 2(a) work on a Saturday and/or a Sunday they shall be eligible for weekend differential. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive weekend differential when it is part of their regularly scheduled work hours. This differential shall be one percent (1%) of an employee's base bi-weekly rate. An employee shall receive weekend

differential for working any portion of an eligible day. This differential shall only be paid for full hours worked. Weekend differential shall not be paid to employees compensated on an hourly or per performance basis or bi-weekly paid employees who work part-time. Neither will the weekend differential be paid to full-time regular employees docked for any portion of a day on which the differential would otherwise be paid.

(g) COMMUTING ALLOWANCE: Employees residing within the corporate limits of the City of St. Louis who are regularly assigned to a position located in a City institution, agency, or facility located outside the corporate limits of the City of St. Louis, and who are regularly assigned to a five-day, forty-hour weekly work schedule, shall be entitled to a commuting allowance in the amount of one hundred eighty dollars ($180.00) bi-weekly on the effective date of this ordinance. Eligible full-time employees who are assigned to an alternate form of work schedule which reduces the frequency of commuting to work shall be entitled to a commuting allowance which is reduced in proportion to the reduced frequency of commuting. City employees who are temporarily assigned duty to a facility located outside the corporate limits of the City of St. Louis shall be entitled to a per diem rate for the duration of the assignment. No employee living outside of the corporate limits of the City of St. Louis shall receive a commuting allowance.

A period of absence of ten (10) working days or more shall result in suspension of eligibility for the commuting allowance. Suspension of the commuting allowance shall begin during the pay period in which the tenth (10th) day of absence occurs and shall continue for any subsequent full or partial pay periods during the period of absence. Upon return to duty from such absence, an employee shall immediately be eligible to resume receiving commuting allowance, reduced in proportion to the time the employee did not work due to absence.

Employees for whom any form of free transportation (car, truck, bus, etc.) is provided by the City from a place within the corporate limits of the City of St. Louis to the work site and back shall not be entitled to the commuting allowance.

(h) The Director of Personnel may establish per performance rates of pay, hourly rates of pay, or rates of pay for units of work and the conditions for making of any such payments. Such per performance, hourly, or unit-of-work rates may be computed from the bi-weekly scales established in this ordinance. Per performance, hourly, or unit-of-work rates shall be established considering the nature of employment, community practices in compensating similar employment, and the purpose of the program for which the rate is established. Employees paid per performance, hourly, or unit-of-work rates of pay shall not be entitled to vacation, medical leave or holiday leave with pay or other benefits accorded employees paid a bi-weekly rate except that an appointing authority, with the prior approval of the Director of Personnel, and when sufficient funds have been appropriated for the fiscal year, may establish a modified level or type of benefit program when the provision of such benefit is needed in order to attract and retain sufficiently qualified employees to work in specific per performance, hourly, or unit-of-work assignments.

Appointing authorities are not permitted to utilize per performance and hourly employees as a method of replacing bi-weekly rate employees who would be entitled to employee benefits.

(i) The Director of Personnel may establish trainee rates of pay. Such trainee rates may be established on an hourly, per performance or bi-weekly basis and shall be less than the rate paid to a regular employee.

(j) The Director of Personnel, with the assistance of appointing authorities concerned, may establish rates and conditions under which compensation may be granted for periods of time during which an employee is away from the job site but restricted in his/her activities because of an

assignment by the appointing authority to be available for a call to return to the work site to perform emergency duties. Pay rates and conditions established under the provisions of this Section 2(j) may include reasonable minimum pay guarantees for employees required to return to the work site to perform emergency duties. The provisions of this Section 2(j) shall not be construed to restrict the right of an appointing authority to establish call back procedures for employees as an established condition of employment.

(k) The Director of Personnel may authorize payment of special recruitment incentives, travel, moving and related expenses to recruit employees for positions when funds for this purpose are appropriated.

(l) The Director of Personnel may approve the payment of hiring incentives to current employees to recruit qualified personnel for positions that are difficult to fill. Hiring incentives shall be in any amount up to twenty-five percent (25%) of the annual salary of the position for which the recruitment is made.

(m) (1) An appointing authority, with the prior approval of the Director of Personnel, may establish cash awards or other incentives for an employee or group of employees to recognize and reward increased productivity or effectiveness. The incentives offered may include cash, paid time off and such other reasonable incentives as the Director of Personnel may determine. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose.

(2) The Director of Personnel, upon the request of the appropriate appointing authority, may establish a program of cash awards or other incentives, not to exceed ten percent (10%) of annual salary, paid as an addition to pay, for the purpose of providing additional compensation for employees who are fluent in a foreign language and who use this skill in the necessary and regular

recurring performance of the duties of their position. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose. Cash awards and incentives under this program shall be made in accordance with guidelines established by the Director of Personnel.

(3) Notwithstanding any other provision in this ordinance, the Director of Personnel is authorized to extend the maximum of the pay ranges by up to forty percent (40%) for the purpose of compensating positions which are extremely hard to fill.

(4) The Director of Personnel may provide an Employee Suggestion Program which grants cash and other awards to recognize employee suggestions which improve City services, operations or facilities. Cash awards to employees for suggestions resulting in tangible savings to the City shall not exceed ten percent (10%) of the annual tangible net savings. Cash awards and payments for other awards shall be made from an appropriation for a suggestion program or other appropriate account. Additionally, cash awards for suggestions shall be granted as an addition to pay, which does not change an employee’s bi-weekly rate. The Employee Suggestion Program shall be administered in accordance with regulations established by the Director of Personnel. The Director of Personnel may establish an authority to evaluate suggestions and determine awards; the decisions of this authority shall be final.

(n) An employee who is appointed to a position requiring advanced technical skills or professional qualifications may be paid at a higher rate than prescribed for the class in Section 2 of this ordinance on recommendation of the appointing authority with the prior approval of the Director of Personnel. Such advancement shall be made solely on the basis that the employee possesses exceptional academic qualifications, registrations or certifications related to the duties

of the position and when such academic qualifications, registrations, or certifications are not deemed necessary qualifications for the class of position.

The Director of Personnel may also establish other incentive or reimbursement programs to encourage current employees to attain registration, licensure, certification, or proof of professional mastery when it is deemed to be in the best interest of the Classified Service, or when such credentials are clearly recognized as adding to the capability of individuals in that area. Incentives or reimbursements awarded under such programs do not result in an employee being ruled ineligible for incentives or salary increases permitted under other sections of this pay ordinance.

(o) In skilled trades classes, defined as those that have bona fide apprenticeship programs registered with the Department of Labor or documented attainment of equivalent apprenticeship programs, employees who have completed such apprenticeship programs and attained journeyman status shall be granted the special skills recruitment rate for the class if a special skills recruitment rate exists for the class. Employees in such classes who have completed alternative training programs established and approved by the Director of Personnel, and attained journeyman status shall also be eligible for a salary at the special skills recruitment rate if such a rate exists for the class.

(p) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, expenses incurred by employees for the purchase of uniform apparel required in the performance of the duties of their positions, when funds have been budgeted, therefore.

An appointing authority may exercise the option to furnish such uniform as may be required in the employee's performance of his/her duties.

The Director of Personnel may establish regulations relating to employees' eligibility for reimbursement for uniforms.

Further, when funds have been budgeted therefore, an appointing authority may authorize reimbursement to uniformed security or correctional employees of up to fifty dollars ($50.00) per incident for damage to personal property sustained while the employee was directly engaged in quelling a disturbance while performing assigned and/or authorized duties during a shift.

(q) An appointing authority that requires employees to provide and maintain their own tools shall provide a tool replacement program and/or annual maintenance allowance, with the prior approval of the Director of Personnel.

(r) (1) Contingency assignment differential may be paid for certain assignments when immediate position coverage is needed for any unexpected reason (*e.g.* death, forced leave, emergency illness, etc.) in a higher pay grade, and shall be granted at the onset of the assignment, not to extend more than one pay period. The Director of Personnel will determine the assignments for which Contingency Assignment Differential will be paid. The assignment of an employee to said assignment having a contingency assignment differential will be determined by the appointing authority from an existing eligible list and will not constitute a promotion or advancement in pay. In addition, the removal of an employee from said assignment shall not constitute a demotion or reduction in pay. If an eligible list is not available, an appointing authority may submit to the Director of Personnel the name of the employee being considered for the assignment to determine if they meet the necessary minimum qualifications for the position being considered.

For an employee whose pay range is established in Section 2(a), or 2(b), with the prior approval of the Director of Personnel, the contingency assignment differential will be ten percent

(10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked or one percent (1%) of the employee's regular base bi-weekly rate for each shift assignment covered, not to exceed one (1) pay period.

(2) Temporary assignment differential will be paid for certain assignments when a vacancy exists for any reason (*e.g.* separations, terminal vacation, leave of absence, military leave, etc.) in a position with a higher pay grade, and shall be granted for at least one (1) pay period but not more than thirteen (13) pay periods, and offset by any days that the employee by reason of absence is not fulfilling the assignment. The Director of Personnel will determine the assignments for which the temporary assignment differential will be paid. The assignment or removal of an employee from said assignment having a temporary assignment differential will be determined by the appointing authority and will not constitute a promotion, demotion, advancement, or reduction in pay. The intended employee must meet the minimum qualifications for the position to be assigned. The temporary assignment differential shall be computed as an addition to pay and not affect the employee's regular bi-weekly rate.

For an employee whose pay range is established in Section 2(a) or 2(b), with the prior approval of the Director of Personnel, the temporary assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked, not to exceed thirteen (13) pay periods. The Director of Personnel may require the establishment of a department policy on temporary assignment differential pay and must sign off on the policy prior to authorizing temporary assignment differential.

(s) City employees who are required by their appointing authority to routinely use their personal vehicle in the performance of their duties shall be compensated by receiving a vehicle maintenance and use allowance of two hundred ninety-seven dollars ($297.00) per month. Eligible

employees who use their personal vehicle with reduced frequency shall be entitled to a vehicle maintenance and use allowance which is reduced in proportion to the reduced frequency of use, subject to the approval of the Director of Personnel.

(t) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, parking expenses incurred by employees, when funds have been budgeted, therefore.

(u) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse the cost, in whole or in part, of veterinary care, food, equipment and other essentials as determined by the City for each canine assigned to an employee, when funds have been budgeted, therefore.

SECTION 3. Education Reimbursement.

An appointing authority may, with the prior approval of the Director of Personnel, authorize salary payments, payments of tuition expenses, fees, books and related material in whole or in part to employees to permit them to attend school, visit other governmental agencies or in any approved manner to devote themselves to improvement of knowledge or skills required in the performance of the duties of their position.

The Department of Personnel may reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of their positions or in higher positions, when funds have been allocated in the Department's budget.

An appointing authority, with the approval of the Director of Personnel, may establish a program to reimburse, in whole or in part, expenses incurred by employees in the pursuit of

improvement of the knowledge and skills required in the performance of the duties of their positions or to improve their professional, technical or managerial knowledge or skill.

SECTION 4. Salary Range Limitations.

No employee in the Classified Service shall be paid at a rate lower than the minimum or higher than the maximum of the salary range established for the class to which his/her position has been allocated, except as otherwise provided in this ordinance.

SECTION 5. Starting Salary.

(a) The rate of pay for an excepted position to be paid upon original appointment to the class shall be determined by the Appointing Authority for the excepted position.

(b) The Appointing Authority may offer an advanced starting salary up to twenty-five percent (25%) above the ordinance minimum of the classification pay range for candidates who meet the minimum qualifications and possess relevant experience, subject to guidelines established by the Director of Personnel.

The Director may establish a recruitment rate for a single position or all positions in a class and authorize employment at an amount above the minimum but within the regular range of salary established for the class. When a recruitment rate is established for an entire class, employees already in such class may have their salaries adjusted to appropriate rates in the new range resulting from the establishment of the recruitment rate.

(c) Employees with permanent status who are eligible for reemployment as determined by the rules of the Department of Personnel shall be reemployed at an appropriate rate within the salary range which takes into consideration the employee's prior service in the position, as determined by the Director of Personnel.

SECTION 6. Promotion, demotion, reallocation, transfer and temporary promotion.

An employee who is transferred, promoted, demoted, or whose position is reallocated after the effective date of this ordinance, shall have his/her rate of pay for the new position determined as follows:

(a) Promotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class with a higher pay grade or a higher starting minimum salary.

(1) When an employee is promoted to a position within the General, Management, and Trades Pay Schedule, the employee's bi-weekly rate of pay shall be increased by five percent (5%) for each pay grade difference between the employee's current classification and the promoted classification. The appointing authority, with the prior approval of the Director of Personnel, may request a rate of pay within the pay range of the new classification based on the employee's qualifications, experience, and the nature and magnitude of the additional duties and responsibilities associated with the promotion. In establishing the rate of pay, the appointing authority and Director of Personnel shall consider that salary determinations are equitable and consistent with similarly situated employees, taking into consideration internal equity, compression, and the overall compensation structure. Documentation supporting the salary determination shall be maintained and made available for review by the Director of Personnel. In no case shall an employee's rate of pay be set below the minimum or above the maximum of the pay range established for the new classification, except as otherwise provided by ordinance.

(2) Temporary Promotion: When an employee, whose salary range is established in Section 2(a), is certified and temporarily promoted to a vacant position, for a limited duration, the employee's current salary shall be adjusted as provided in Paragraph (a)(1) of this Section. Upon

expiration of the temporary promotion, the employee shall be returned to his/her former rate of pay, adjusted by any increases the employee would have received in the absence of the temporary promotion. In no case shall the employee's salary be above the maximum of the salary range, unless otherwise provided for in this ordinance.

Employees whose salary ranges are established in Section 2(b) of this ordinance, upon receipt of a temporary promotion, shall be granted the new rank with a salary adjustment based on appropriate years of service in accordance with procedures established for a regular promotion. At the end of the temporary promotion, the employee shall be returned to the rank held immediately prior to the temporary promotion. The employee's rate of pay shall be based on the appropriate years of service.

(b) Demotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class which has a lower pay grade and a lower starting minimum salary.

(1) If an employee is demoted for disciplinary reasons in accordance with the rules of the Department of Personnel and Civil Service Commission and established disciplinary procedures, his/her rate of pay shall be established at a rate within the range for the new position which is at least five percent (5%) lower than the rate received immediately prior to the demotion, except no employee shall be reduced below the minimum of the range unless otherwise provided for in this ordinance. The amount of the reduction shall be determined by the appointing authority, with the approval of the Director of Personnel.

(2) If an employee accepts a voluntary demotion, his/her current rate of pay shall be reduced within the range for the new position which is five percent (5%) lower than the rate received immediately prior to demotion, except that employees who are in a working test period

and demote to their previous class of position or pay grade, will return to the rate received immediately prior to the promotion, plus any adjustments as otherwise provided in this ordinance. No employee shall be paid less than the minimum nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(3) When an employee is demoted for reasons in the best interest of the City Service as determined by the Director of Personnel, his/her salary may or may not be reduced by reason of the new salary range and grade with the prior approval of the Director of Personnel. If the salary of such employee is above the maximum for the new position, the employee's salary shall not be increased so long as he/she remains in the position, except as otherwise provided by this ordinance.

(c) Reallocation:

(1) If the employee's position is reallocated to a class in a lower pay grade, his/her salary shall remain unchanged provided the employee's rate of pay shall not be reduced.

(2) The salary of an employee whose position is allocated to a class in a higher pay grade shall be determined in accordance with the provisions of this Section 6(a)(1) relating to salary advancement on promotion.

(d) Transfer: The salary rate of an employee who transfers to a different position in the same class, or from a position in one class to a position in another class in the same pay grade, shall remain unchanged, provided that no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(e) Over Maximum: The salary of an employee, which is in excess of the maximum of the range prescribed by this ordinance for the class and grade to which his/her position has been allocated or may be reallocated, shall not be reduced by reason of the new salary range and grade.

The salary of such employee shall not be increased so long as he/she remains in the class of position, except as otherwise provided by this ordinance.

SECTION 7. Salary Adjustment.

Salary adjustments for all employees in competitive positions shall be based on considerations of merit, equity, or success in fulfilling predetermined goals and objectives as herein provided.

(a) Competitive positions for which salary is established in Section 2(a) – General, Management, and Trades Schedule:

(1) Any employee whose salary is established in Section 2(a) – General, Management, and Trades Pay Schedule, shall receive a service rating in accordance with the Service Rating Manual. The rating together with the standards of performance established in the rating manual shall determine eligibility for a one and one-half percent (1.5%) within-range (merit) increase at intervals as outlined in the Service Rating Manual or other pay regulation(s) as determined by the Director of Personnel. Notwithstanding any other section of the compensation ordinance, all employees in the General, Management, and Trades pay schedule who would be eligible to receive an annual increase as a result of a "Successful" or "Highly Successful" Overall Rating on their regular Service Rating date will receive a one and one-half percent (1.5%) increase regardless of their current rate or place in the pay schedule.

(2) A non-exempt (Overtime Code 3 or 4) employee whose pay is established in Section 2(a) of this ordinance who receives an Overall Rating of "Unsuccessful" as defined by the Service Rating Manual, may have his/her salary reduced as determined by the standards established in the Service Rating Manual, but not less than the minimum of the pay grade range.

(b) As used in this ordinance, "anniversary date" means the date following fifty-two (52) weeks of continuous service from the date of original appointment or from the date of the last salary adjustment, if other than a temporary reduction in pay for disciplinary reasons, a demotion (not for disciplinary reasons) or an across-the-board ordinance increase, an increase resulting from an authorized incentive program, reallocation or an upgrade of the classification concurrent with adoption of the ordinance. Absence from service as a result of any authorized paid leave, suspensions, military leave, or family/medical leave will not interrupt continuous service. Absence from service for any other cause shall result in breaking continuity of service and establishment of a new anniversary date, except as otherwise provided in this ordinance. The Director of Personnel may authorize different anniversary dates for an employee or groups of employees.

(c) An appointing authority may evaluate the performance of an employee whose salary is established in Section 2(a) of this ordinance for the purpose of a salary adjustment only at intervals as described above except in the case of:

(1) Exceptional performance of duties:

With the prior approval of the Director of Personnel, the appointing authority in accordance with the Service Rating Manual, may advance the salary of an employee who demonstrates exceptional performance of duties after serving twenty-six (26) weeks of employment at the same rate in the salary range by not more than ten percent (10%); this may be in addition to any merit increase received.

(2) Substandard performance of duties:

An appointing authority may reduce the salary of an employee whose level of performance is significantly diminished and no longer warrants payment at the current rate within the range as

provided in the Service Rating Manual; providing the employee's salary is above the minimum of the range, established in Section 2(a) and allocated to Overtime Code 3 or Overtime Code 4.

The granting of any such increase or decrease in salary shall be made at the beginning of a payroll period, as determined by the Director of Personnel, following approval of such salary action.

(d) Competitive positions for which salary is established in Section 2(b) - Fire Division Schedule:

All employees in the Fire Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Probationary Fire Privates shall be advanced to the rate for Fire Privates at the beginning of the first bi-weekly pay period following one (1) year of service. Probationary Fire Equipment Dispatchers shall follow the same schedule.

(e) Excepted Positions: The pay of an employee in an excepted position shall be adjusted to any rate within the pay range at the discretion of the appointing authority for the excepted position.

(f) The Director of Personnel may approve, at the request of an appointing authority, adjustments to correct or mitigate serious and demonstrable internal pay inequities. Salary adjustments under this provision shall preclude adjustments to compensate or reward employees for long-term or meritorious service.

(g) (1) The pay of any employee may be decreased as a disciplinary action by an appointing authority to a lower rate. Any such decrease shall be made in accordance with the established disciplinary procedures. The decrease shall not be greater than fifteen percent (15%) of the current salary rate. The decrease may be below the minimum of the pay range for the class. The appointing authority may determine the pay decrease shall be effective for a specific number

of bi-weekly pay periods provided, however, that such decrease shall not be effective for more than thirteen (13) bi-weekly pay periods.

(2) The Director of Personnel may establish amended rates of pay for employees whose salaries are established in Section 2(b) of this ordinance in accordance with Section 31 of Article XVIII of the City Charter.

(h) An employee who is temporarily promoted shall be eligible for within range salary adjustments under provisions of this Section 7.

(i) The Director of Personnel may approve a within range salary adjustment or other incentives to retain employees in positions that are difficult to fill, or because of their unique requirements. Said adjustment may only be granted once during a twenty-six (26) week period.

SECTION 8. Income Sources.

Any salary paid to an employee in the Classified Service shall represent the total remuneration for the employee, excepting reimbursements for official travel and other payments specifically authorized by ordinance or pay regulation promulgated by the Director of Personnel. No employee shall receive remuneration from the City in addition to the salary authorized in this ordinance for services rendered by the employee in the discharge of the employee's ordinary duties, of additional duties which may be imposed upon the employee, or of duties which the employee may undertake or volunteer to perform.

Whenever an employee not on an approved paid leave works for a period less than the regularly established number of hours a day, days a week or days bi-weekly, the amount paid shall be proportionate to the hours in the employee's normal work week and the bi-weekly rate for the employee's position. The payment of a separate salary for actual hours worked from two (2) or more departments, divisions or other units of the City for duties performed for each of such

agencies is permissible if the total salary received from these agencies is not in excess of the maximum rate of pay for the class.

SECTION 9. Conversion.

(a) Pay schedules in Section 2(a) or 2(b) in Ordinance 71963 shall continue in effect until June 14, 2026, and the rates to be paid to employees in positions of any classes for which a rate is established or changed in Section 2(a) of this ordinance shall become effective and be adjusted (if necessary) as follows:

The salary of each employee whose pay range is established in Section 2(a) of this ordinance whose class has been allocated to a higher pay grade in the appropriate pay schedule as determined by the Director of Personnel shall have their current salary increased to a rate, rounded to the nearest whole dollar, which is five percent (5%) higher than the rate received immediately prior to promotion, but not less than the minimum of the pay range, whichever is the greater.

(b) The pay schedule in Section 2(c) Ordinance 71963 or in an ordinance amending Ordinance 71963 shall continue in effect until June 14, 2026.

(c) No employee shall be reduced in salary by reason of the adoption of the new pay schedules in this ordinance.

(d) The salary of an employee serving in a trainee position, which remains above the new trainee rate for his/her position, shall remain unchanged.

(e) The Director of Personnel may establish a special conversion procedure for a class or position in the event that the Director determines that a serious inequity would be created by the application of the conversion procedures established in this Section 9.

(f) All full-time employees whose salary was established in Section 2(a) – General and Management Pay Schedule or 2(b) – Trades Pay Schedule of Ordinance 71963 and whose salary

is now established in Section 2(a) – General, Management, and Trades Pay Schedule and whose class title remains unchanged or whose class title is changed to better describe their position, as determined by the Director of Personnel, shall have their bi-weekly rate increased by three percent (3%) regardless of their current rate or place in the pay schedule, or to the minimum of the bi-weekly pay range for their job classification, whichever is greater, effective June 14, 2026.

(g) The Director of Personnel shall establish such procedures as needed to place this ordinance into effect and interpret its provisions.

SECTION 10. Payment Of Salaries.

All compensation for positions in the Classified Service shall be paid bi-weekly. The Director of Personnel and Comptroller shall establish the procedure for listing employees on the various payrolls. The payment due each employee for service, except as otherwise provided, shall be made not later than sixteen (16) days after the end of the bi-weekly pay period. In the event that an employee is dismissed or has been employed for occasional or emergency work, the Comptroller may immediately pay the employee upon termination of service without waiting for the regular bi-weekly pay date of the Department, Division, Section, Office, Agency, Board or Commission where the employee worked.

SECTION 11. Changes To Classification Plan.

Whenever the Department of Personnel finds it necessary to add a new class to the classification plan, the Director of Personnel shall allocate the class to an appropriate grade and schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the overtime code of an existing class within the classification plan, the Director of Personnel shall change the overtime

code, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the pay schedule of an existing class within the classification plan, the Director of Personnel shall allocate the class to the appropriate schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

The pay grade allocated to a class of position within the classification plan shall remain unchanged for the duration of the existing compensation ordinance. Whenever the Department of Personnel considers it necessary to change the pay grade of an established class of position, such adjustment can only be made concurrent with the adoption of a new compensation ordinance. Recommendation for the allocation of a new pay grade shall be made by the Director of Personnel to the Civil Service Commission for final approval by the Board of Aldermen.

SECTION 12. Payroll Forms.

The Director of Personnel shall prescribe forms on which appointing authorities shall certify to the fact that a vacancy exists in a lawfully created position and to the lawful appointment of a person to fill the position. The Director of Personnel shall indicate on these forms the proper allocation of the position and the rate at which payment is to be made. When approved by the Director of Personnel and submitted to the Comptroller, these forms shall constitute authorization for the initial placing of a person's name on the payroll. The Comptroller shall not authorize any change in the rate of pay of an individual on the payroll unless approved by the Department of Personnel. The Comptroller shall provide the Department of Personnel with a copy of each payroll audited and found correct within twenty-one (21) days after audit and approval of the payroll by the Comptroller's Office.

SECTION 13. Certification Of Payroll.

The appointing authority shall certify on each payroll or a subsidiary document that each person whose name appears on the payroll has been lawfully appointed at a salary provided by this ordinance and that the employee has actually worked the time for which he/she will be paid, subject to the provisions of this ordinance governing hours of work and leaves of absence in the Classified Service.

SECTION 14. Minimum Work Hours.

Each appointing authority shall establish procedures to assure that the employees under his/her supervision are actively engaged in the performance of the duties of their positions in accordance with the provisions of this section.

Each appointing authority shall submit to the Department of Personnel the work schedule established for each position in the work unit. Work schedule reports shall be submitted upon request of the Director of Personnel or whenever the appointing authority proposes to change the permanent work schedule of a position. The work schedule submitted by the appointing authority shall constitute the normal work schedule for the position when approved by the Director of Personnel.

All employees in the Classified Service shall be in attendance at their work in accordance with schedules established under the provisions of this Section 14, subject to other provisions of this ordinance with respect to hours, holidays, vacation leave, medical leave, furloughs, sick leave, military leave, and leaves of absence with or without pay.

(a) Employees whose salaries are established in Section 2(a): Forty (40) hours shall constitute the average minimum required weekly hours of service in an employment cycle under regular full-time employment for all City employees paid on a bi-weekly basis occupying competitive

positions in the Classified Service. The minimum daily and annual service required of such employees shall be in proportion to the average minimum weekly hours established.

Appointing authorities shall so arrange the time for reporting for work, for luncheon intermission, and for quitting work of the various employees under their jurisdiction so that the employees will actually be engaged in active performance of their duties for not less than the average minimum number of hours required.

(b) Management Employees: Appointing authorities for employees occupying full-time positions whose salaries are established in Section 2(a) of this ordinance shall initiate procedures to see that such employees are engaged in the performance of their duties on a full-time basis. Full-time employment for any employee whose classification is denoted in the Management Schedule shall be defined as an average of forty (40) hours per week of time devoted to the duties of the position on an annual basis.

(c) Uniformed Fire Personnel: Fifty-two (52) hours shall constitute the average required weekly hours of service in an employment cycle under regular full-time employment for all employees in the Division of Fire and Fire Prevention, except that the appointing authority, with the approval of the Director of Personnel, may determine that the minimum work hours provision of Section 14(a) shall apply to employees in certain positions due to the nature of the assignment and/or scheduling requirements. The appointing authority shall so arrange the time for reporting for work and for quitting work of the various employees under the appointing authority's jurisdiction so that the employees will actually be engaged in the active performance of their duties for not less than the average number of hours required.

SECTION 15. Overtime.

(a) The Department of Personnel shall determine those positions in the Classified Service of the City of St. Louis which are exempt from overtime compensation and those positions which are not exempt from overtime compensation. The overtime codes established for each class in Section 1(a) of this ordinance shall be interpreted as follows:

OVERTIME CODE (OVTM):

1 These classes are primarily managerial in nature, but may also include some professional or administrative classes that are ineligible for overtime pay under all but emergency conditions as described in Section 15(d) of this ordinance.

2 These are supervisory, professional, and administrative classes that are exempt from overtime compensation, but which the City compensates for overtime at the straight (1.0x) time rate.

3 These are non-exempt classes that receive overtime compensation at the one and one-half (1.5x) time rate.

4 These non-exempt classes work an average bi-weekly work schedule of 84 hours and, therefore, receive overtime compensation at the one and one-half (1.5x) time rate.

Appointing authorities are prohibited from changing employee work schedules to avoid the payment of overtime.

For purposes of determining overtime pay rates for non-exempt employees, the regular hourly rate of pay shall be used.

Any employee in a class which has been allocated to Overtime Code 4 (non-exempt) in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the one and one half (1.5x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle for all non-exempt (Code 4) positions in the work unit. Whenever a non-exempt (Code 4) employee works in excess of forty (40) hours in a work week, the employee will be paid at the one and one half time (1.5x) rate. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty-four (84) for full-time employment. The regular hourly rate of pay for a non-exempt (Code 4) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Any employee in a class which has been allocated to Overtime Code 3 (non-exempt) in this ordinance shall be compensated for overtime work in accordance with the provisions of this section. Each appointing authority shall designate and submit to the Director of Personnel the official work week and schedule or work cycle for all non-exempt positions in the work unit. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment.

Whenever an Overtime Code 3 employee whose pay matrix is in Section 2(a), works hours in excess of the maximum established for an official work week or work cycle, usually forty (40) hours in a work week such hours shall be paid at the one and-one-half time (1.5x) rate. In addition

to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Overtime Code 3 employees whose pay matrix is in Section 2(b) of this ordinance who are working a nineteen (19) day work cycle are eligible to receive overtime after one hundred forty-four (144) hours are worked in a work cycle, except that the Fire Division shall pay overtime for emergency work at the end of a shift or emergency work required on a separate, non-scheduled day, even if the total number of hours worked in the work cycle is not in excess of one hundred forty-four (144) hours. These employees shall not receive additional compensation for regularly scheduled hours in excess of one hundred forty-four (144) hours if they do not actually work more than one hundred forty-four (144) hours in the work cycle; provided however, that in addition to the actual hours worked, jury leave, vacation leave, compensatory time and "O" days shall count as hours worked for the purpose of determining eligibility for overtime compensation. Days scheduled off to reduce average work week to fifty-two (52) hours, compensatory time, vacation, “O” days, and holiday time shall be scheduled consistent with a reasonable vacation and holiday leave policy to avoid the necessity of actually working more than one hundred forty-four (144) hours during any work cycle.

(b) Any employee in a class which has been allocated to Overtime Code 2 in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the straight (1.0x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle, which is usually forty (40) hours, for all exempt (Code 2) positions in the work unit. Whenever a full-time employee in an exempt (Code 2) position is directed by management, with the approval of the appointing authority, to work hours in excess of the maximum established for an official work week or work cycle it shall

be considered overtime. In addition to the actual hours worked, only paid vacation time, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation. Straight time (1.0x) overtime shall be compensated at the employee's regular hourly rate of pay, or by granting the eligible employee compensatory time off at the rate of one (1) hour for each hour of overtime worked. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment. The regular hourly rate of pay for an exempt (Code 2) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period.

(c) Part-time bi-weekly paid employees and employees paid on an hourly or per performance basis shall be compensated for overtime work in accordance with the overtime provisions of this section and with consideration for community practices in compensating similar employment.

(d) An appointing authority may compensate Overtime Code 1 employees at the straight-time (1.0x) rate, when both of the following conditions exist: 1) the Mayor of the City of St. Louis declares an emergency due to serious and protracted conditions which threaten continuous City Service, preservation of public peace, health, or safety, and 2) the appointing authority directs an employee or group of employees to work in excess of forty (40) hours per week. The appointing authority shall maintain attendance records of the assignment(s) and submit such records at the request of the Director of Personnel.

(e) Employees who wish to use compensatory time earned in lieu of pay must make their request in writing at least twenty-four (24) hours in advance of the day or days requested. The appointing authority shall keep in mind the staffing needs of the department when granting time off, but in any case time off will not be unreasonably denied.

Pay shall be the regular method of compensation for recorded overtime hours of work for employees in classes with Overtime Code 3 and Overtime Code 4. However, an appointing authority shall compensate a non-exempt bi-weekly paid employee for overtime work by granting the employee compensatory time off in lieu of pay only if the employee requests compensatory time, in writing.

Employees engaged in public safety, emergency response or seasonal activity as defined by the Director of Personnel may have a maximum balance of two hundred forty (240) hours of compensatory time. All other employees are allowed a maximum balance of one hundred twenty (120) hours of compensatory time excluding compensatory time earned for working on a holiday. These maximum balances of compensatory time shall apply to employees working an average work week of forty (40) hours; the maximum balance of compensatory time for employees whose average work week is more or less than forty (40) hours shall be proportionate. No provision of this section establishing a maximum balance of compensatory time shall serve to cancel any compensatory time due to an employee or to deny an employee payment for recorded compensatory time earned in accordance with the provisions of the compensation ordinance in effect at the time the compensatory time was earned.

Each appointing authority shall establish procedures to assure that non-exempt employees are promptly granted time off when such employees request to use their earned compensatory time. Appointing authorities may not deny non-exempt employees' requests for earned compensatory time off except when such approval would create an extreme business hardship. When an appointing authority determines that the work schedule of the organization will not permit the granting of such time off, the appointing authority shall pay the employee in that same pay period for all or a portion equivalent to the time requested of the employee's accrued compensatory time.

This provision requiring the prompt granting of requested time off applies only to compensatory time that is earned as a result of the employee working overtime; it does not apply to compensatory time earned as a result of an incentive program or award program.

Compensatory time earned by exempt employees shall be granted at the discretion of the appointing authority and upon request of the employee.

(f) Before an employee is transferred, promoted or demoted from a position under one appointing authority to a position under another appointing authority or to another unit with a different appropriation, all compensatory time shall be granted or paid. Upon termination all compensatory time shall be paid. Upon the death of an employee, the person or persons entitled by law to receive any compensation due to the employee shall be paid any amount due to the employee on the date of death.

(g) All departments shall keep daily attendance records of classified employees and shall submit periodic reports of: 1) unexcused absences and leaves; 2) overtime earned, granted, and paid; or 3) the non-occurrence of same to the Director of Personnel in the form and on the dates specified.

SECTION 16. Holidays.

(a) Classified employees working full-time who are paid a bi-weekly rate shall be entitled to leave with pay, pay, or compensatory time off in lieu of pay or paid leave for regularly scheduled work on the following designated holidays:

DATE	**HOLIDAY**
January 1	New Year's Day
Third Monday in January	Rev. Martin Luther King, Jr. Day
Third Monday in February	Presidents' Day

Last Monday in May	Memorial Day
June 19	Juneteenth Day
July 4	Independence Day
First Monday in September	Labor Day
November 11	Veterans' Day

In addition to the above enumerated designated holidays, full-time classified employees shall be entitled to leave with pay, pay, or compensatory time off in lieu of pay as established by this Section 16 on any day or partial day the Mayor declares by proclamation the closing of City offices.

Employees working full-time and paid a bi-weekly rate whose pay is established in Sections 2(a) of this compensation ordinance shall receive leave with pay, pay or compensatory time off in lieu of pay as holiday compensation in an amount that is proportionate to the number of hours the employee is regularly scheduled to work in a day or shift. For example: Employees working an average of forty (40) hours a week, five (5) days a week, eight (8) hours a day shall receive eight (8) hours of compensation for the holiday; employees working an average of forty (40) hours a week, four (4) days a week, ten (10) hours a day shall receive ten (10) hours of compensation for the holiday.

When the day of observance of a holiday is changed by State or Federal law, it will be so observed by the City of St. Louis. When the day of observance of a holiday is changed by State or Federal executive action, the Mayor shall determine the day of observance by the City of St.

Louis. When one of the above enumerated holidays occurs on Sunday, the following Monday shall be observed as the holiday. When one of the above holidays occurs on Saturday, the preceding Friday shall be observed as the holiday.

(b) In addition to the above eleven (11) designated holidays, employees in Section 2(a) of this ordinance who were employed by the Board of Police Commissioners immediately prior to September 1, 2013, and who have been continuously employed by the City since that date shall receive five (5) personal (discretionary) holidays which shall be scheduled in accordance with department policies; Police Division civilian employees hired on or after September 1, 2013, shall receive no personal (discretionary) holidays.

In addition to pay for hours physically worked on an official holiday, including any overtime to which the employee is entitled under the pay ordinance, employees in Section 2(a) of this ordinance who were employed by the Board of Police Commissioners immediately prior to September 1, 2013, , and who have been continuously employed by the City since that date shall receive four (4) hours of compensatory time if they are required to work a full eight (8) hour shift that begins on any of the following days:

January 1

Last Monday in May

July 4

First Monday in September

Fourth Thursday in November

December 25

In addition to any pay for hours physically worked, including any overtime to which the employee is entitled under the pay ordinance, employees in Section 2(a) of this ordinance who

were employed by the Board of Police Commissioners immediately prior to September 1, 2013, and who have been continuously employed by the City since that date who are required to work the afternoon, evening overlay, or night watch on December 31 shall receive four (4) hours of compensatory time.

(c) Each appointing authority shall determine the manner of granting holidays and shall report his/her determination to the Department of Personnel, if required by the Director of Personnel. When full-time employees, whose pay is established in Section 2(a) of this compensation ordinance, are required to work on a holiday they shall be entitled to compensation for the holiday and the hours actually worked. Compensation for the holiday shall be in an amount proportionate to the number of hours an employee is regularly scheduled to work in a day or shift. When full-time bi-weekly rate employees of the Police Division whose pay is established in 2(a) are required to work on a holiday, they shall be entitled to leave with pay on another date designated by the appointing authority in an amount proportionate to the number of hours an employee is regularly scheduled to work in a day or shift.

Except as otherwise provided in this section, when a City holiday falls on an employee's regularly scheduled day off, the employee shall be entitled to have compensatory time added to his/her balance in an amount proportionate to the number of hours regularly scheduled in a day or shift.

Employees of the EMS Service, whose positions are classified as EMS Dispatcher, EMS Lead Dispatcher, EMT (Emergency Medical Technician), Paramedic, or Paramedic Crew Chief, will be compensated with pay in lieu of compensatory time for all holidays and receive twelve (12) hours of personal day leave.

If an employee is docked from the payroll for one hour or more on the full scheduled workday preceding a holiday, the full scheduled work day following a holiday, or on a scheduled holiday, the employee shall not be compensated for the holiday.

The holiday compensation procedures established by this Section 16 shall apply to full-time classified employees paid a bi-weekly rate. Part-time bi-weekly rate employees shall be compensated for holidays in proportion to the percentage of time they are regularly scheduled to work. Employees paid on an hourly or per performance basis shall not be entitled to holiday compensation, except as otherwise provided in this ordinance.

In the event that the holiday schedule established in this Section 16 is revised, employees who are granted compensatory time in lieu of all holidays shall have their leave benefits adjusted accordingly. The Director of Personnel may establish additional or alternate holiday leave policies for employees occupying public safety positions which qualify for the special overtime pay provisions under Federal law or for employees with official work schedules authorized by the Director of Personnel which exceed the normal forty (40) hour weekly work schedule. Procedures developed in compliance with this Section 16 shall be designed to treat employees in the same manner who work substantially equivalent work schedules.

Employees whose pay is established in Section 2(b) of this ordinance and are Overtime Code 3 shall be entitled to one hundred forty-four (144) hours of compensatory time off in lieu of all holidays occurring in a calendar year. Because of the necessity of maintaining the work schedule of such employees, the Director of Personnel, in cooperation with appointing authorities concerned, shall establish procedures for

Vacation time is accrued on a bi-weekly basis. No employee will be entitled to or allowed to take any vacation until ninety (90) days of continuous employment from the date of employment.

(f) All references in this ordinance, except as otherwise noted, to accrual rates, additions to, and accrual maximums for vacation are for employees working a scheduled work week of forty (40) hours. Vacation rates, additions and maximums shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. When an eligible employee's scheduled work week is changed, the employee's rate of accrual shall be changed proportionately. All references in this ordinance to cumulative service for vacation shall mean cumulative service without a break in service of more than one year, except as provided otherwise in this ordinance. No employee who works less than fifty percent (50%) time or who is serving in a limited-term position shall be eligible to accrue vacation.

(g) (1) For those employees hired before or after the effective date of this ordinance whose pay is established in Section 2(a) who work an average work week of forty (40) hours, the maximum vacation balance shall be six hundred (600) hours. An appointing authority, upon written request and with the prior approval of the Director of Personnel, may authorize an employee or group of employees to exceed these maximums. Vacation accrual maximums for

those working more or less than forty (40) hours per week, but at least fifty percent (50%) time shall be proportionate to the number of hours worked in a bi-weekly pay period.

(2) When an employee's full-time average work week is changed, the maximum vacation balance shall be changed proportionately. In addition, the employee shall have his/her current vacation balance adjusted so that the vacation shall maintain the same position relative to the new maximum balance as existed with the employee's previous maximum balance.

(3) Accrual of vacation shall cease when an employee accumulates the maximum vacation balance established for the assigned work schedule and shall not resume until the vacation balance is less than the maximum amount.

(h) Accrual of vacation shall begin and be credited upon the first bi-weekly pay period and each pay period thereafter, but employees must complete the entire pay period to accrue the vacation leave at the end of said pay period:

(1) of appointment;

(2) of return to duty from leave of absence;

(3) of restoration to employment of one-half (50%) time or more.

Vacation leave shall be granted in whole hour units. On termination of service, any fractional hour shall be made whole. The accrual of vacation leave shall cease on the employee's last day at work.

(i) Appointing authorities shall be responsible for establishing all vacation leave schedules but may not discipline employees by imposing unusual vacation schedules. Vacation shall be granted to the employee as provided by this ordinance in one of the following ways:

(1) When the employee requests vacation leave in accordance with departmental policies;

(2) When directed to take paid time off by the appointing authority;

(3) When an employee is terminated or resigns from the Classified Service;

(4) When an employee whose salary is established in Sections 2(a) or 2(b) reaches the established maximum accrual and would cease accruing vacation and notifies the appointing authority in writing of his/her intention to schedule vacation. Such notice shall be at least seven (7) days prior to the first work day the employee intends to take off. If the appointing authority fails to establish a different vacation schedule, the employee may take the paid leave, which was proposed in writing.

(5) With the approval of the appointing authority, an employee may request and receive payment from the appointing authority for forty (40) hours of vacation accrual in lieu of scheduling paid leave provided that the full vacation allowance for that year is not exceeded. This may be done a maximum of once in each calendar year. Management employees may request payment from the appointing authority for up to an additional forty (40) hours of their vacation accrual balances in lieu of scheduling paid leave if their schedules do not permit them to be absent from work. Employees whose pay is established in Section 2(b) of this ordinance may request payment for up to ninety-six (96) hours of vacation. These requests are subject to the prior approval of the Director of Personnel.

(j) During the first twelve (12) months of employment, unless stated otherwise in this ordinance, accrued vacation may be granted to an employee provided that the employee has completed ninety (90) days of continuous service. When employment is terminated before completing twelve (12) months of continuous service, any previously granted vacation leave shall be deducted from the employee's final pay. When the service of an employee is terminated after

twelve (12) months of continuous service, any accumulated vacation that is due the employee shall be paid.

(k) Employees who separate from the Classified Service, who are certified from a reemployment list, and who return to the Classified Service within twenty-four (24) months of the separation, will be given credit for prior continuous service in determining the vacation accrual rate in accordance with Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the date of the employee's original appointment.

(l) Employees who move to the Classified Service from the Unclassified Service shall be given credit for the years of service in the Unclassified Service in determining the vacation accrual rate in accordance with Section 17(a) or 17(b) of this ordinance and based on the date of the employee's original appointment.

(m) Employees who return to work from a "reemployment from layoff" eligible list shall be eligible to use vacation as soon as it is accrued, unless stated otherwise in this ordinance, provided the employee has completed ninety (90) days of continuous service prior to the layoff and with approval of the appointing authority. An employee who has completed less than ninety (90) days of continuous service will be required to complete the remaining portion of the ninety (90) days before being eligible to use vacation.

Any such reemployed worker shall be given credit for prior continuous service in determining the employee's vacation accrual rate in accordance with the schedule established in 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the employee's original appointment. A Commissioned Officer who retires and is rehired as a civilian employee will be considered a new employee for vacation purposes.

(n) Appointing authorities shall be responsible for the management of their vacation schedules so as to most effectively administer their organizations and fulfill the desire of employees in the establishment of leave schedules.

(o) Accrued vacation shall be carried with an employee when transferred, promoted, or demoted from a position under one appointing authority to a position under another appointing authority without a break in service or change in method of pay. Upon the death of an employee, the person or persons entitled by law to receive any compensation due the employee shall be paid the amount due the employee for accrued vacation.

(p) With the approval of the appointing authority, a retiring employee may be paid on the payroll for accrued vacation in the month prior to retirement without inclusion in the employee's final average compensation. An appointing authority may pay previously accrued vacation off in a lump sum to an employee whose service with the City has terminated. Such payment shall be made on the employee's last regular paycheck.

(q) Employees occupying excepted positions in the Classified Service shall be granted vacation at the discretion of their appointing authority. An employee whose term in an excepted position ends and who is then appointed to a permanent competitive position working fifty percent (50%) time or more shall become eligible to accrue vacation leave with pay upon appointment to the competitive position. Length of cumulative service for the purpose of determining rate of vacation leave accrual shall be based on the employee's original date of appointment to the excepted position, providing there was no break in service between expiration of the excepted position and appointment to the permanent competitive position. The date of appointment to the permanent competitive position shall be used to determine the appropriate rate of vacation accrual

for the corresponding length of cumulative service in accordance with the schedule established in Section 17(b).

(r) Appointing authorities shall report leave with pay for vacation and such other authorized absences as the Director of Personnel shall designate to the Department of Personnel in such form and at such time as the Director of Personnel may require.

SECTION 18. Sick Leave.

(a) An employee may choose to use his/her sick leave in accordance with regulations established by the Director of Personnel.

(b) An active employee who is a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis, and who applies for retirement and immediately retires from active service, shall receive payment for his/her sick leave balance less any sick leave credited or paid to a member or used in the calculation of retirement benefits under this or any other ordinance(s). If the Employees Retirement System or Firemen's Retirement System provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be limited to a maximum of fifty percent (50%) of the value of the employee's sick leave balance. If the Employees Retirement System of the City of St. Louis provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be fifty percent (50%) of the value of the employee's sick leave balance at time of retirement.

(c) If a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis who had been otherwise eligible for Normal or Early Service Retirement dies his/her estate may receive payment based on the calculation above on the employee's sick leave

balance, if any. Payment shall be made in accordance with the procedures established by the Director of Personnel.

(d) An employee who is reemployed from an authorized layoff shall have his/her prior sick leave balance if any restored, provided this balance has not been used in the determination of pension benefits paid to the retiree.

(e) Employees in Section 2(a) formerly employed by the Board of Police Commissioners prior to April 20, 2011, and continuously employed by the City with thirty (30) years of service and possessing 2,200 accrued sick leave hours, will receive compensation for one-half of their accumulated sick leave hours. Employees in Section 2(a) formerly employed by the Board of Police Commissioners hired prior to April 20, 2011, and continuously employed by the City who have at least twenty (20) years of service who possess 1,600 accrued sick leave hours, will receive compensation for one-fourth of their accumulated sick leave hours, and also receive 173.33 hour pay (2080 hours divided by 12). All other employees in Section 2(a) employed by the Board of Police Commissioners prior to April 20, 2011, and continuously employed by the City who terminate their employment with the Division will receive compensation for one-fourth of their accumulated sick leave hours at the time of termination. These benefits are not granted to employees who have pled guilty, been found guilty or otherwise convicted of a crime prior to termination.

(f) There shall be no advancement of paid sick leave. Sick leave shall be paid at full pay at the current rate of compensation.

SECTION 19. Medical Leave.

(a) Medical leave with pay shall be granted to bi-weekly rate employees in permanent competitive positions working fifty percent (50%) time or more in accordance with regulations and procedures established by the Director of Personnel.

(1) All employees, unless otherwise stated in this ordinance, shall accrue three (3) hours of medical leave for each bi-weekly pay period of employment but must complete the entire pay period to accrue the medical leave at the end of said pay period. This accrual rate is established for employees working an average work week of forty (40) hours. Medical leave shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. An eligible employee may be granted paid medical leave by his/her appointing authority after completing ninety (90) days of continuous service.

(2) Employees in Section 2(a) hired by the Board of Police Commissioners before September 1, 2013, shall be entitled to all of the sick and medical leave accrued during such employment. Subject to the provisions of Section 19(a), medical leave with pay shall be granted at the rate of 3.70 hours bi-weekly to employees in Section 2(a) hired by the Board of Police Commissioners before September 1, 2013, and who have been continuously employed by the City since that date.

(b) The Director of Personnel may establish a system of cash awards, paid time off or other incentives to reward employees for perfect and near perfect attendance.

(c) An appointing authority shall remove an employee from the payroll for unexcused absence in accordance with regulations and procedures established by the Director of Personnel. When an employee is docked from the payroll under the provisions of this section, the amount deducted from his/her regular bi-weekly rate of pay shall be one times (1.0x) the regular hourly rate as

defined in this ordinance for each hour of unexcused absence. If an employee is docked from the payroll for one (1) hour or more in a bi-weekly pay period, he/she will cease to accrue medical leave for the pay period.

(d) If management decides to send their employees or a group of employees home due to inclement weather, they will not lose their medical leave accrual for that pay period.

(e) All leave with or without pay for illness, injury, or physical inability to perform assigned duties shall be recorded on the payroll or a subsidiary document in the manner established by the Director of Personnel. Compensation for periods of absence from work when an employee sustains an injury by accident on the job shall be governed by the provisions of Section 25 (Workers' Compensation and Disability Leave) of this ordinance.

(f) An employee who is reemployed from an authorized layoff shall have his/her prior medical leave balance and sick leave balance restored if any, provided any sick leave balance has not been credited to the employee's length of service in determining pension benefits paid to the retiree. An employee who is reemployed from an authorized layoff and who has a medical and/or sick leave balance and who completed ninety (90) days of continuous employment prior to the layoff may take approved medical and/or sick leave upon reemployment.

(g) Each appointing authority shall institute procedures, in accordance with regulations established by the Director of Personnel that will discourage the improper use of medical leave with pay. When an employee is removed from the payroll for absence not approved by the appointing authority, the employee shall be notified promptly in writing.

(h) Employees shall not receive payment for any medical leave balance, and it shall not be used in the calculation of retirement benefits or payments under this ordinance or any other ordinance.

(i) There shall be no advancement of medical leave.

SECTION 20. Military Leave.

The City of St. Louis will follow all applicable state and federal laws on the granting of military leave and reemployment rights.

Each employee is required to give advance notice (at least 30 days prior to departure when feasible), preferably in writing, of service obligation or intention to perform services in the uniformed services, unless such notice is prevented by military necessity, as determined by a designated authority, or impossible or unreasonable under all of the circumstances.

Upon the expiration of military leave of absence, the employee shall be reinstated to the class of position he/she occupied at the time the leave was granted without breaking continuity of service. Failure of an employee to report for duty within the time pursuant to state or federal law shall be just cause for dismissal. The employee's accumulated leave balance(s) shall be restored to the employee upon his/her return.

Full-time, permanent employees paid a bi-weekly rate of pay who are called to active duty as a member of the National Guard or any reserve component of the Armed Forces of the United States and who are placed on a military leave of absence will be granted compensation in the amount to offset the difference between the employee's gross bi-weekly pay with the City and his/her total military pay plus allowances if such military pay and allowances is less than the employee's regular gross bi-weekly rate of pay and subject to submission of documentation as required by the Director of Personnel.

SECTION 21. Leaves Of Absence And Family/Medical Leave.

An employee may request a leave of absence, or an appointing authority may request a leave of absence for an employee, for any reason under the City's general leave policy, or a

"Family/Medical Leave of Absence" for certain qualifying reasons under provisions of "The Family and Medical Leave Act of 1993" as provided in this ordinance and under additional provisions and regulations as determined by the Director of Personnel.

(a) An appointing authority, with the approval of the Director of Personnel, may grant an employee in a competitive position a general leave of absence without pay for a period of one (1) year, which may be extended, with the prior approval of the Director of Personnel.

Upon the expiration of such leave of absence, the employee shall be reinstated to the competitive position he/she occupied at the time the leave was granted provided the position is still in existence and he/she is able to perform the duties of the position. The employee shall be reinstated to the competitive position at the same relative rate in the salary range the employee occupied at the time the leave was initiated. Failure of an employee to report for duty promptly at the expiration of the leave shall be just cause for dismissal. If necessary to the efficient conduct of the business of the City, an employee on leave other than military leave or qualifying family/medical leave may be notified by the appointing authority, with the approval of the Director of Personnel, to return prior to the expiration of such leave. Failure of the employee to return within ten (10) calendar days after receipt of such notice shall terminate his/her leave of absence and be just cause for dismissal, subject to any applicable federal, state or local regulations.

(b) The City of St. Louis will follow all applicable state and federal laws on the granting of family/medical leave. The City of St. Louis will provide up to six (6) weeks of paid family/medical leave, in accordance with the City's Family/Medical Leave Policy.

The Director of Personnel shall establish additional rules, guidelines and procedures for the effective administration of the City's Family/Medical Leave Policy. The policy shall comply with all provisions of the Family/Medical Leave Act of 1993 and any amendments thereafter.

Employees must take all of their accrued time (sick leave, medical leave, vacation leave) prior to being placed on leave without pay status for approved Family and Medical Leave, except employees can keep one (1) week of vacation hours (if they have accrued one (1) week of vacation and are eligible to take them). Employees will be allowed to use all their compensatory time, if requested by the employee.

(c) Any employee in a competitive position who is appointed to an excepted position in the Classified Service shall be granted an in-service leave without pay from the competitive position during the term to which he/she is appointed to the excepted position. Such leave shall be for the term of the appointment to the excepted position and until his/her successor qualifies. Upon the expiration of the appointment to the excepted position, the employee shall be reinstated to the competitive position he/she occupied immediately prior to the in-service leave. The employee shall be reinstated to the competitive position as under a temporary promotion pursuant to Section 6(a)(2) of this ordinance. Employees who are returned to a competitive position shall retain any vacation, compensatory time, sick leave, or medical leave balance in effect at the time of granting of the leave of absence for appointment to the excepted position. Employees shall be given credit for time spent in an excepted appointment in computing eligibility for additional vacation leave accrual.

(d) In the event that emergency conditions occur which require the closing of City-operated facilities, or the temporary cessation of functions carried out by classified employees, the Mayor of the City of St. Louis may declare an emergency and require an employee or group of employees to take leaves of absence with or without pay while such emergency conditions exist. In the event that the Mayor requires that the leave of absence be without pay, an employee with vacation or accrued compensatory time may elect to take the accrued time off with pay in lieu of all or a part

of such non-paid leave of absence. Such non-paid leave of absence shall not interrupt continuity of service for vacation accrual. An emergency leave of absence declared by the Mayor shall not exceed ninety (90) days.

(e) Employees who are granted general leaves of absence and other non-paid leaves of absence, except military leave, must take all accrued vacation at the start of the leave of absence except as otherwise provided in this ordinance. Employees who are granted or placed on a non-paid leave of absence will not accrue vacation, sick leave, and medical leave during the period of non-paid leave. Upon the expiration of such leaves of absence, the employee shall follow the procedures as established in this Section 21 and any other applicable regulations and procedures as established by the Director of Personnel.

(f) An appointing authority, with the prior approval of the Director of Personnel, may put an employee on a forced leave of absence with or without pay pending the outcome of an investigation or of a pending disciplinary action against the employee. Employees being placed on forced leave may elect to be placed on either vacation leave or compensatory time.

(g) In the event that a fiscal crisis occurs in the City of St. Louis, employees may request voluntary furloughs. The Director of Personnel may issue regulations to govern the furlough program.

SECTION 22. Furloughs.

Contingent upon the declaration of the City's Board of Estimate and Apportionment that a fiscal crisis exists in the City so as to warrant the mandatory implementation of furloughs of City officers and employees, the Board of Aldermen hereby authorizes such budget required mandatory implementation of furloughs. As used herein the term "furlough" shall mean time off without pay due to budget requirements. In the event furloughs are implemented, the Director of Personnel

shall issue, consistent with this ordinance, such regulations and guidelines necessary for setting out a process for furlough implementation.

SECTION 23. Insurance Benefits.

The City of St. Louis is hereby authorized to devise and establish by contract or otherwise plans for life, health, medical, disability, and other insurance coverage deemed necessary for employees in the Classified Service and other employees for the City and their dependents. The Director of Personnel shall develop and administer programs to provide for such coverage. The Director of Personnel shall confer with the Board of Estimate and Apportionment by February 1st of each year regarding coverage plans and the appropriate funding level. The Director shall then be charged with the responsibility of establishing the applicable funding level and remittance rates for the aforementioned plans and certify same to the Comptroller and Budget Director by March 1st of each year. The Director of Personnel may amend said rates as needed.

SECTION 24. Death Benefit.

In the event any employee of the City whose pay is established by this ordinance dies as a result of injuries arising out of and in the course of his/her employment by the City, the City shall pay compensation in accordance with the Missouri Workers' Compensation Law. The Director of Personnel and the City Counselor shall establish procedures for making the payments required by the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made. Such compensation shall be in addition to any life insurance benefits paid for by the City or by the employee which is available to the employee's beneficiaries and also in addition to any benefit provided by the Employees Retirement System of the City of St. Louis, the Firemen's Retirement System of the City of St. Louis, or the Firefighters Retirement Plan.

SECTION 25. Workers' Compensation And Disability Leave.

(a) Any employee in the Classified Service whose class title and grade are established in Section 1(a) and denoted by the suffix "G," "M," "T" or "E" of this ordinance, including employees who are compensated on a per performance or unit of work basis, who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where an employee's duties are being performed or where an employee's presence is required as part of his/her employment, shall promptly report such injury by accident or occupational disease to his/her immediate supervisor. The supervisor shall in turn report, through the appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. The appointing authority shall promptly provide such written information and recommendations as may be requested by the City Counselor to aid in making the determination of the period of disability.

The employee who suffers a personal injury as described in part (a) of this section, and which results in temporary disability, may elect to use sick or medical leave for the first three (3) days of temporary disability. Thereafter, the employee will be compensated at the rate mandated by the Missouri Workers' Compensation Law. If the period of disability extends fourteen (14) calendar days or more, the three (3) days of sick or medical leave used during the first three (3) days of disability will be restored to the employee's sick or medical leave balance. The City Counselor shall determine the actual amount of compensation and length of time during which payments are made for such temporary disability in accordance with the Missouri Workers' Compensation Law.

(b) (1) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by

accident or occupational disease while engaged in actual fire suppression, or related emergency response activities on or about the premises where these activities are being performed, or during transportation to and from the scene of the fire, or emergency, shall promptly report such injury to his/her immediate supervisor. The injury shall be promptly reported through appropriate management personnel to the Director of Personnel and the City Counselor. During the period of temporary disability which has been determined by the City Counselor to be a result of an injury by accident or occupational disease as defined above, the employee may be continued on the payroll at the regular bi-weekly rate less any amount the employee would otherwise pay in taxes on that portion of the benefit found to be exempt from taxation under the Missouri Workers' Compensation Law, or the federal tax code. Disability leave may also be granted when an employee suffers injury as a result of participation in Training Simulation of an exceptional and highly dangerous nature wherein the appointing authority or the Director of the Department of Public Safety has gained the approval of the Director of Personnel prior to such Training Simulation.

(2) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where his/her duties are being performed, except as otherwise provided in Section 25(b)(1) above shall likewise, promptly report such injury to his/her immediate supervisor, who shall report, through his/her appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. During any such period of temporary disability, the employee shall be entitled to workers' compensation benefits as prescribed by State Law.

(c) The City Counselor, the Director of Personnel, or the appointing authority may require an employee to undergo a physical examination and medical or surgical treatment at the expense of the City to diagnose and treat injuries or illnesses arising out of employment.

(d) The City Counselor and the Comptroller shall establish procedures for paying compensation to employees or former employees who are permanently disabled and due compensation under the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made.

(e) The City Counselor and the Director of Personnel shall be responsible for the administration of the provisions of this Section and shall establish and publish procedural regulations for the administration of the program. Each appointing authority shall establish procedures to comply with the provisions of this section and established regulations.

SECTION 26. Jury And Witness Leave.

(a) Jury leave with pay shall be granted to bi-weekly rate employees working fifty percent (50%) time or more for such time when such employees are serving as jurors pursuant to order of the St. Louis Circuit Court or United States District Court in St. Louis. Any bi-weekly rate employee, when so summoned for jury service, shall report such fact within seventy-two (72) hours to his/her appointing authority and display to the appointing authority the summons which the employee has received and shall give the appointing authority in writing the date and the time of such jury service. No bi-weekly rate employee shall receive any compensation from the Jury Commissioner or the United States District Court system for jury service for days the employee receives compensation from the City. A bi-weekly rate employee may keep the jury stipend for days when the employee receives no compensation from the City (off days, docks, leaves, etc.). Upon being discharged from serving as a juror by the Court or Jury Commissioner, the employee

shall forthwith report to his/her appointing authority if discharged during their normally scheduled work hours and shall submit to his/her appointing authority a written statement from the Jury Commissioner certifying that the employee has served as a juror and the time and date so served. The appointing authority shall, upon receipt of the statement of jury service, credit the employee with paid jury leave for such service.

(b) Leave with pay shall be granted to bi-weekly rate employees for such time when the employee's presence is required by the prosecutor in a criminal proceeding or grand jury procedure, a trial in prosecuting accused criminals (or for jury service in Federal Court). Any bi-weekly rate employee, when so subpoenaed as a prosecution witness or whose presence is required as a part of a grand jury inquiry, shall report such fact within seventy-two (72) hours to his/her appointing authority and shall give the appointing authority in writing the date and time his/her presence is required for such criminal prosecution. Each appointing authority shall establish controls to ensure that any paid leave is actually required by the prosecuting authority. An appointing authority may require an employee to furnish satisfactory evidence of being required to be off the job and that all time off was in connection with the prosecution of the case. This procedure shall apply for employee participation in criminal prosecution in State or Federal Courts.

SECTION 27. Deferred Compensation.

(a) Authority is hereby granted for the establishment of a deferred compensation plan for the City of St. Louis.

(b) In accordance with the regulations applicable to the plan, as set out herein, the Comptroller is authorized to enter into an agreement with eligible participants, whereby said participants may designate a portion of their future earnings to be deducted by the City and placed in a fund to be

designated "City of St. Louis Deferred Compensation Plan Fund" for the purpose of providing tax deferred benefits to the participants upon retirement.

(c) The Board of Estimate and Apportionment is hereby authorized to establish or select a specific plan or plans in accordance with the requirements set out in this ordinance. In establishing the plan, the Board of Estimate and Apportionment may elect to retain outside parties to provide administrative and/or investment services after following competitive bidding procedures. The Board of Estimate and Apportionment is authorized, after analyzing the various competitive bids submitted in accordance with the requirements of this ordinance, to select the plan or plans it determines to meet the requirements established as a part of the competitive bidding procedures and to be in the best interest of the participants. No investment plan shall be considered unless offered by a duly licensed resident agent representing a company duly licensed and authorized by the State of Missouri and other applicable federal regulatory agencies to offer such insurance or investment programs.

In the event Federal or State legislation is changed in a manner affecting and/or relating to any of the aforementioned Deferred Compensation provisions contained in this Section, the Board of Estimate and Apportionment of the City of St. Louis may amend the deferred compensation plan accordingly and may execute any and all documents necessary to achieve and effectuate the recommended changes.

SECTION 28. Retirement.

The following provisions shall apply to the Employees Retirement System:

(a) "Final Average Compensation" is equal to one-half of the sum of (1) and (2) below:

(1) The annual compensation received by a member for the two (2) consecutive years of creditable service in which the highest compensation was received preceding the termination of his/her employment, and

(2) The balance of a member's sick leave on the date of retirement *less* sick leave hours paid to the member upon termination of his/her employment and *less* sick leave hours considered as creditable service for the purpose of determining eligibility for and/or calculation of retirement benefits, except that said balance cannot exceed twenty-five percent (25%) of a member's total sick leave on the date of retirement.

(b) If a member has less than two (2) consecutive years of creditable service his/her final average compensation shall be equal to the sum of (1) and (2) below, divided by (3) below and then multiplied by (4) below:

(1) The sum of monthly compensation received by the member for each consecutive month of creditable service immediately preceding the termination of his/her employment;

(2) The balance of a member's sick leave pay on the date of retirement *less* sick leave hours paid to the member upon termination of his/her employment and *less* sick leave hours considered as creditable service for the purpose of determining eligibility for retirement benefits, except that said balance cannot exceed twenty-five percent (25%) of a member's total sick leave on the date of retirement.

(3) The number of consecutive months of creditable service immediately preceding the termination of his/her employment, and

(4) Twelve (12).

The years of creditable service of a member shall be the number of years and completed full calendar months of service during which he/she receives compensation from the first day of

the calendar month following the date of the beginning of each employment with an employer until his/her employment is terminated, subject to the provisions of this section. The years of creditable service of an employee (as that term is defined in Subsection 11 of Section Four of Ordinance 66511) hired after the operative date (as that term is defined in Subsection 18 of Section Four of Ordinance 66511) who had attained the age of sixty (60) years at initial employment shall be the number of years and completed months of service during which he/she receives compensation from October 1, 1988, and hereafter, from the first day on or after October 1, 1988, of the beginning of each employment with an employer until his/her employment is terminated. No creditable service shall be granted for any period of employment before October 1, 1988, after the calendar month in which the member attains age seventy (70). No creditable service for prior employment shall be granted to an employee who becomes a member after April 1, 1960, unless he/she was employed by an employer on April 1, 1960.

A member's accrued sick leave balance less the sum of (a), (b) and (c) below shall be considered as additional creditable service for calculation of retirement benefits under any provision of this Ordinance 66511, as amended:

(a) Sick leave hours considered as creditable service for the purpose of determining eligibility for retirement benefits, and

(b) Sick leave hours paid to the member upon termination of his/her employment, and

(c) Sick leave hours used in determining final average compensation.

SECTION 29. Severability.

The sections of this ordinance shall be severable. In the event that any section of this ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this ordinance are valid, unless the court finds the valid sections of the ordinance are so essential and

inseparably connected with and dependent upon the void section that it cannot be presumed that the Board of Aldermen would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

SECTION 30. Repeal Of Previous Ordinances.

Ordinance 71963 and all other ordinances or amendments, or parts thereof conflicting with the provisions of this ordinance are hereby repealed, effective June 14, 2026.

SECTION 31. Emergency Clause.

This ordinance being deemed necessary for the immediate preservation of the public peace, health and safety is declared to be an emergency ordinance pursuant to Article IV, Section 19 and 20 of the City Charter.

3E	$5540

(f) SHIFT DIFFERENTIAL: Shift differential shall be paid for certain work assignments. The Director of Personnel shall determine the work assignments for which shift differential will be paid. The assignment or removal of an employee from a work assignment having a shift differential shall be determined by the appointing authority and will not constitute a promotion, demotion, advancement or reduction in pay. The shift differential shall be added to the employee's regular bi-weekly rate.

(1) In order for an employee in Section 2(a) or 2(b) to be eligible for shift differential compensation, the employee must work a shift that requires the completion of four (4) hours of work between the hours of 4:00 p.m. and 8:00 a.m. the following morning. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive shift differential if they are regularly scheduled to work at least four (4) hours between 4:00 p.m. and 8:00 a.m. the following morning. Employees shall be entitled to receive shift differential compensation for no more than one shift worked between the hours of 4:00 p.m. and 8:00 a.m. Employees who are assigned to work schedules that require them to rotate among three shifts (day, evening, night) on a bi-monthly or more frequent basis shall be eligible for shift differential compensation for all three shifts worked.

For employees whose pay range is established in Section 2(a) or 2(b) the shift differential premium shall be one percent (1%) of the employee's base bi-weekly rate for each eligible shift worked in a bi-weekly pay period.

An employee whose pay range is established in Section 2(a) or 2(b) shall receive shift differential for working a portion of an eligible shift, provided the portion of the shift not

worked is charged to paid leave. Shift differential shall only be paid for whole hours worked; a fraction of an hour shall not be counted toward the payment of the differential.

(2) For those employees whose pay range is established in Section 2(c), the shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift. Employees must work at least 12 hours of a regularly assigned 24-hour shift to be eligible for any shift differential for the shift. Such employees shall not receive shift differential for overtime worked, which is not part of their regular schedule. This provision will not go into effect until shift differential is agreed upon by the Director of Personnel and the Union (Local 73) in writing.

Except shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift to be paid to Overtime Code 3 Fire Equipment Dispatcher classifications whose pay range is established in Section 2(c).

(3) For Police Officer Trainees and employees whose pay grade is denoted with the suffix D, the night shift differential shall be ten percent (10%) of the hourly rate for all full hours worked between the hours of 11 p.m. and 7 a.m. and all eight (8) hour shifts beginning between 10:30 p.m. and 11:30 p.m.

(4) Except as otherwise provided in this ordinance, shift differential shall not be paid to employees compensated on an hourly or per performance basis, or bi-weekly paid employees who work part-time. Neither shall shift differential be paid to full-time regular employees docked for any portion of an eligible shift.

(g) WEEKEND DIFFERENTIAL: When employees whose pay range is established in Section 2(a) or 2(b) work on a Saturday and/or a Sunday they shall be eligible for weekend differential. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive weekend differential when it is part of their regularly scheduled work hours. This differential shall be one percent (1%) of an employee's base bi-weekly rate. An employee shall receive weekend differential for working any portion of an eligible day. This differential shall only be paid for full hours worked. Weekend differential shall not be paid to employees compensated on an hourly or per performance basis or bi-weekly paid employees who work part-time. Neither will the weekend differential be paid to full-time regular employees docked for any portion of a day on which the differential would otherwise be paid.

(h) COMMUTING ALLOWANCE: Employees residing within the corporate limits of the City of St. Louis who are regularly assigned to a position located in a City institution, agency, or facility located outside the corporate limits of the City of St. Louis, and who are regularly assigned to a five-day, forty-hour weekly work schedule, shall be entitled to a commuting allowance in the amount of one hundred eighty dollars ($180.00) bi-weekly on the effective date of this ordinance. Eligible full-time employees who are assigned to an alternate form of work schedule which reduces the frequency of commuting to work shall be entitled to a commuting allowance which is reduced in proportion to the reduced frequency of commuting. City employees who are temporarily assigned duty to a facility located outside the corporate limits of the City of St. Louis shall be entitled to a per diem rate for the duration

of the assignment. No employee living outside of the corporate limits of the City of St. Louis shall receive a commuting allowance.

A period of absence of ten (10) working days or more shall result in suspension of eligibility for the commuting allowance. Suspension of the commuting allowance shall begin during the pay period in which the tenth (10th) day of absence occurs and shall continue for any subsequent full or partial pay periods during the period of absence. Upon return to duty from such absence, an employee shall immediately be eligible to resume receiving commuting allowance, reduced in proportion to the time the employee did not work due to absence.

(j) The Director of Personnel may establish per performance rates of pay, hourly rates of pay, or rates of pay for units of work and the conditions for making of any such payments. Such per performance, hourly, or unit-of-work rates may be computed from the bi-weekly scales established in this ordinance. Per performance, hourly, or unit-of-work rates shall be established considering the nature of employment, community practices in compensating

similar employment, and the purpose of the program for which the rate is established. Employees paid per performance, hourly, or unit-of-work rates of pay shall not be entitled to vacation, medical leave or holiday leave with pay or other benefits accorded employees paid a bi-weekly rate except that an appointing authority, with the prior approval of the Director of Personnel, and when sufficient funds have been appropriated for the fiscal year, may establish a modified level or type of benefit program when the provision of such benefit is needed in order to attract and retain sufficiently qualified employees to work in specific per performance, hourly, or unit-of-work assignments.

(l) The Director of Personnel, with the assistance of appointing authorities concerned, may establish rates and conditions under which compensation may be granted for periods of time during which an employee is away from the job site but restricted in his/her activities because of an assignment by the appointing authority to be available for a call to return to the work site to perform emergency duties. Pay rates and conditions established under the provisions of this Section 2(l) may include reasonable minimum pay guarantees for employees required to return to the work site to perform emergency duties. The provisions of

this Section 2(l) shall not be construed to restrict the right of an appointing authority to establish call back procedures for employees as an established condition of employment.

(m) The Director of Personnel may authorize payment of special recruitment incentives, travel, moving and related expenses to recruit employees for positions when funds for this purpose are appropriated.

(n) The Director of Personnel may approve the payment of hiring incentives to current employees to recruit qualified personnel for positions that are difficult to fill. Hiring incentives shall be in any amount up to twenty-five percent (25%) of the annual salary of the position for which the recruitment is made.

(o) (1) An appointing authority, with the prior approval of the Director of Personnel, may establish cash awards or other incentives for an employee or group of employees to recognize and reward increased productivity or effectiveness. The incentives offered may include cash, paid time off and such other reasonable incentives as the Director of Personnel may determine. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose.

(2) The Director of Personnel, upon the request of the appropriate appointing authority, may establish a program of cash awards or other incentives, not to exceed ten percent (10%) of annual salary, paid as an addition to pay, for the purpose of providing additional compensation for employees who are fluent in a foreign language and who use this skill in the necessary and regular recurring performance of the duties of their position. Cash

awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose. Cash awards and incentives under this program shall be made in accordance with guidelines established by the Director of Personnel.

(3) Notwithstanding any other provision in this ordinance, the Director of Personnel is authorized to extend the maximum of the pay ranges by up to forty percent (40%) for the purpose of compensating positions which are extremely hard to fill.

(4) The Director of Personnel may provide an Employee Suggestion Program which grants cash and other awards to recognize employee suggestions which improve City services, operations or facilities. Cash awards to employees for suggestions resulting in tangible savings to the City shall not exceed ten percent (10%) of the annual tangible net savings. Cash awards and payments for other awards shall be made from an appropriation for a suggestion program or other appropriate account. Additionally, cash awards for suggestions shall be granted as an addition to pay, which does not change an employee's bi-weekly rate. The Employee Suggestion Program shall be administered in accordance with regulations established by the Director of Personnel. The Director of Personnel may establish an authority to evaluate suggestions and determine awards; the decisions of this authority shall be final.

(p) An employee who is appointed to a position requiring advanced technical skills or professional qualifications may be paid at a higher rate than prescribed for the class in Section 2 of this ordinance on recommendation of the appointing authority with the prior approval of

the Director of Personnel. Such advancement shall be made solely on the basis that the employee possesses exceptional academic qualifications, registrations or certifications related to the duties of the position and when such academic qualifications, registrations, or certifications are not deemed necessary qualifications for the class of position.

The Director of Personnel may also establish other incentive or reimbursement programs to encourage current employees to attain registration, licensure, certification, or proof of professional mastery when it is deemed to be in the best interest of the Classified Service, or when such credentials are clearly recognized as adding to the capability of individuals in that area. Incentives or reimbursements awarded under such programs do not result in an employee being ruled ineligible for incentives or salary increases permitted under other sections of this pay ordinance.

(q) In Skilled Trades classes, defined as those that have bona fide apprenticeship programs registered with the Department of Labor or documented attainment of equivalent apprenticeship programs, employees who have completed such apprenticeship programs and attained journeyman status shall be granted the special skills recruitment rate for the class if a special skills recruitment rate exists for the class. Employees in classes in the Trades Pay Schedule who have completed alternative training programs established and approved by the Director of Personnel, and attained journeyman status shall also be eligible for a salary at the special skills recruitment rate if such a rate exists for the class.

(r) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, expenses incurred by employees for the

purchase of uniform apparel required in the performance of the duties of their positions, when funds have been budgeted, therefore.

An appointing authority may exercise the option to furnish such uniform as may be required in the employee's performance of his/her duties.

The Director of Personnel may establish regulations relating to employees' eligibility for reimbursement for uniforms.

Further, when funds have been budgeted therefore, an appointing authority may authorize reimbursement to uniformed security or correctional employees of up to fifty dollars ($50.00) per incident for damage to personal property sustained while the employee was directly engaged in quelling a disturbance while performing assigned and/or authorized duties during a shift. Employees whose pay is established under Section 2(d) of the ordinance may be reimbursed for damages to personal property sustained while in the course and scope of employment in accordance with Police Division policies.

(s) An appointing authority that requires employees to provide and maintain their own tools shall provide a tool replacement program and/or annual maintenance allowance, with the prior approval of the Director of Personnel.

(t) (1) Contingency assignment differential may be paid for certain assignments when immediate position coverage is needed for any unexpected reason (*e.g.* death, forced leave, emergency illness, etc.) in a higher pay grade, and shall be granted at the onset of the assignment, not to extend more than one pay period. The Director of Personnel will determine the assignments for which Contingency Assignment Differential will be paid. The

assignment of an employee to said assignment having a contingency assignment differential will be determined by the appointing authority from an existing eligible list and will not constitute a promotion or advancement in pay. In addition, the removal of an employee from said assignment shall not constitute a demotion or reduction in pay. If an eligible list is not available, an appointing authority may submit to the Director of Personnel the name of the employee being considered for the assignment to determine if they meet the necessary minimum qualifications for the position being considered.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the contingency assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked or one percent (1%) of the employee's regular base bi-weekly rate for each shift assignment covered, not to exceed one (1) pay period.

(2) Temporary assignment differential will be paid for certain assignments when a vacancy exists for any reason (*e.g.* separations, terminal vacation, leave of absence, military leave, etc.) in a position with a higher pay grade, and shall be granted for at least one (1) pay period but not more than thirteen (13) pay periods, and offset by any days that the employee by reason of absence is not fulfilling the assignment. The Director of Personnel will determine the assignments for which the temporary assignment differential will be paid. The assignment or removal of an employee from said assignment having a temporary assignment differential will be determined by the appointing authority and will not constitute a promotion, demotion, advancement, or reduction in pay. The intended employee must meet

the minimum qualifications for the position to be assigned. The temporary assignment differential shall be computed as an addition to pay and not affect the employee's regular bi-weekly rate.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the temporary assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked, not to exceed thirteen (13) pay periods. The Director of Personnel may require the establishment of a department policy on temporary assignment differential pay and must sign off on the policy prior to authorizing temporary assignment differential.

(u) City employees who are required by their appointing authority to routinely use their personal vehicle in the performance of their duties shall be compensated by receiving a vehicle maintenance and use allowance of two hundred ninety-seven dollars ($297.00) per month. Eligible employees who use their personal vehicle with reduced frequency shall be entitled to a vehicle maintenance and use allowance which is reduced in proportion to the reduced frequency of use, subject to the approval of the Director of Personnel.

(v) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, parking expenses incurred by employees, when funds have been budgeted, therefore.

SECTION 3.

EDUCATION REIMBURSEMENT

An appointing authority may, with the prior approval of the Director of Personnel, authorize salary payments, payments of tuition expenses, fees, books and related material in whole or in part to employees to permit them to attend school, visit other governmental agencies or in any approved manner to devote themselves to improvement of knowledge or skills required in the performance of the duties of their position.

The Department of Personnel may reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of their positions or in higher positions, when funds have been allocated in the Department's budget.

An appointing authority, with the approval of the Director of Personnel, may establish a program to reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of the duties of their positions or to improve their professional, technical or managerial knowledge or skill.

SECTION 4.

SALARY RANGE LIMITATIONS

No employee in the Classified Service shall be paid at a rate lower than the minimum or higher than the maximum of the salary range established for the class to which his/her position has been allocated, except as otherwise provided in this ordinance.

SECTION 5.

STARTING SALARY

(a) The rate of pay for an excepted position to be paid upon original appointment to the class shall be determined by the appointing authority for the excepted position.

(b) Except as otherwise provided in this ordinance, the minimum rate of pay for a position shall be paid upon original appointment to the class unless the Director of Personnel finds that it is difficult to secure the services of persons with minimum qualifications or experienced qualified persons at the minimum rate.

The Director may establish a recruitment rate for a single position or all positions in a class and authorize employment at an amount above the minimum but within the regular range of salary established for the class. When a recruitment rate is established for an entire class, employees already in such class may have their salaries adjusted to appropriate rates in the new range resulting from the establishment of the recruitment rate.

(c) Employees with permanent status who are eligible for reemployment as determined by the rules of the Department of Personnel shall be reemployed at an appropriate rate within the salary range which takes into consideration the employee's prior service in the position, as determined by the Director of Personnel.

SECTION 6.

PROMOTION, DEMOTION, REALLOCATION,

TRANSFER AND TEMPORARY PROMOTION

An employee who is transferred, promoted, demoted, or whose position is reallocated after the effective date of this ordinance, shall have his/her rate of pay for the new position determined as follows:

(a) Promotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class with a higher pay grade or a higher starting minimum salary.

(1) When an employee is promoted to a position in the General, Management or Trades Pay Schedule, the employee's current bi-weekly rate of pay shall be set at a rate which is five percent (5%) higher than the rate received immediately prior to the promotion or adjusted to the nearest step in the new pay matrix which is not less than but is closest to a rate which is five percent (5%) higher than the rate received immediately prior to promotion. An appointing authority, with the prior approval of the Director of Personnel, may increase the pay of an employee up to twenty percent (20%), adjusted to the nearest step, when such action is needed to attract experienced, qualified candidates for a position. Such salary determinations shall take into consideration the nature and magnitude of the accretion of duties and responsibilities resulting from the promotion. However, no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(2) Temporary Promotion: When an employee, whose salary range is established in Section 2(a) or 2(b), is certified and temporarily promoted to a vacant position, for a limited duration, the employee's current salary shall be adjusted as provided in Paragraph (a)(1) of this Section. Upon expiration of the temporary promotion, the employee shall be returned to his/her former rate of pay, adjusted by any increases the employee would have

received in the absence of the temporary promotion. In no case shall the employee's salary be above the maximum of the salary range, unless otherwise provided for in this ordinance.

Employees whose salary ranges are established in Section 2(c) or 2(d) of this ordinance, upon receipt of a temporary promotion, shall be granted the new rank with a salary adjustment based on appropriate years of service in accordance with procedures established for a regular promotion. At the end of the temporary promotion, the employee shall be returned to the rank held immediately prior to the temporary promotion. The employee's rate of pay shall be based on the appropriate years of service.

(b) Demotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class which has a lower pay grade and a lower starting minimum salary.

(1) If an employee is demoted for disciplinary reasons in accordance with the rules of the Department of Personnel and Civil Service Commission and established disciplinary procedures, his/her rate of pay shall be established at a rate within the range for the new position which is at least five percent (5%) lower than the rate received immediately prior to the demotion or reduced to the nearest step which is at least five percent (5%) lower than the rate received immediately prior to the demotion, except no employee shall be reduced below the minimum of the range unless otherwise provided for in this ordinance. The amount of the reduction shall be determined by the appointing authority, with the approval of the Director of Personnel.

(2) If an employee accepts a voluntary demotion, his/her current rate of pay shall be reduced within the range for the new position which is five percent (5%) lower, to the closest downward step, than the rate received immediately prior to demotion, except that employees who are in a working test period and demote to their previous class of position or pay grade, will return to the rate or step received immediately prior to the promotion, plus any adjustments as otherwise provided in this ordinance. No employee shall be paid less than the minimum nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(3) When an employee is demoted for reasons in the best interest of the City Service as determined by the Director of Personnel, his/her salary may be reduced by reason of the new salary range and grade with the prior approval of the Director of Personnel. If the salary of such employee is above the maximum for the new position, the employee's salary shall not be increased so long as he/she remains in the position, except as otherwise provided by this ordinance.

(c) Reallocation:

(1) If the employee's position is reallocated to a class in a lower pay grade, his/her salary shall remain unchanged or adjusted to the closest step provided the employee's rate of pay shall not be reduced.

(2) The salary of an employee whose position is allocated to a class in a higher pay grade shall be determined in accordance with the provisions of this Section 6(a)(1) relating to salary advancement on promotion.

(d) Transfer: The salary rate of an employee who transfers to a different position in the same class, or from a position in one class to a position in another class in the same pay grade, shall remain unchanged, provided that no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(e) Over Maximum: The salary of an employee, which is in excess of the maximum of the range prescribed by this ordinance for the class and grade to which his/her position has been allocated or may be reallocated, shall not be reduced by reason of the new salary range and grade. The salary of such employee shall not be increased so long as he/she remains in the class of position, except as otherwise provided by this ordinance.

SECTION 7.

SALARY ADJUSTMENT

Salary adjustments for all employees in competitive positions shall be based on considerations of merit, equity, or success in fulfilling predetermined goals and objectives as herein provided.

(a) Competitive positions for which salary is established in Section 2(a) - General and Management Schedule; or Section 2(b) - Trades Schedule:

(1) Any employee whose salary is established in Section 2(a) or 2(b) – General, Management, and Trades Pay Schedules, shall receive a service rating in accordance with the Service Rating Manual. The rating together with the standards of performance established in the rating manual shall determine eligibility for a one step within-range (merit) increase at

intervals as outlined in the Service Rating Manual or other pay regulation(s) as determined by the Director of Personnel. Notwithstanding any other section of the compensation ordinance, all employees in the General, Management, and Trades pay schedules who would be eligible to receive an annual step increase as a result of a "Successful" or "Highly Successful" Overall Rating on their regular Service Rating date will receive a 1.5% increase regardless of their current rate or place in the pay schedule.

(2) A non-exempt (Overtime Code 3 or 4) employee whose pay is established in Section 2(a) or 2(b) of this ordinance who receives an Overall Rating of "Unsuccessful" as defined by the Service Rating Manual, may have his/her salary reduced as determined by the standards established in the Service Rating Manual, but not less than the minimum of the pay grade range.

(b) As used in this ordinance, "anniversary date" means the date following fifty-two (52) weeks of continuous service from the date of original appointment or from the date of the last salary adjustment, if other than a temporary reduction in pay for disciplinary reasons, a demotion (not for disciplinary reasons) or an across-the-board ordinance increase, an increase resulting from an authorized incentive program, reallocation or an upgrade of the classification concurrent with adoption of the ordinance. Absence from service as a result of any authorized paid leave, suspensions, military leave, or family/medical leave will not interrupt continuous service. Absence from service for any other cause shall result in breaking continuity of service and establishment of a new anniversary date, except as

otherwise provided in this ordinance. The Director of Personnel may authorize different anniversary dates for an employee or groups of employees.

(c) An appointing authority may evaluate the performance of an employee whose salary is established in Section 2(a) or 2(b) of this ordinance for the purpose of a salary adjustment only at intervals as described above except in the case of:

(1) Exceptional performance of duties:

With the prior approval of the Director of Personnel, the appointing authority in accordance with the Service Rating Manual, may advance the salary of an employee who demonstrates exceptional performance of duties after serving twenty-six (26) weeks of employment at the same rate in the salary range by not more than ten percent (10%) or to the closest step in the pay range which provides not more than a ten percent (10%) increase; this may be in addition to any merit increase received.

(2) Substandard performance of duties:

An appointing authority may reduce the salary of an employee whose level of performance is significantly diminished and no longer warrants payment at the current rate within the range as provided in the Service Rating Manual; providing the employee's salary is above the minimum of the range, established in Section 2(a) or 2(b) and allocated to Overtime Code 3 or Overtime Code 4.

The granting of any such increase or decrease in salary shall be made at the beginning of a payroll period, as determined by the Director of Personnel, following approval of such salary action.

(d) Competitive positions for which salary is established in Section 2(c) - Fire Division Schedule:

All employees in the Fire Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Probationary Fire Privates shall be advanced to the rate for Fire Privates at the beginning of the first bi-weekly pay period following one (1) year of service. Probationary Fire Equipment Dispatchers shall follow the same schedule.

(e) Competitive positions for which salary is established in Section 2(d) – Police Division Schedule:

All employees in the Police Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Police Probationary Officers who successfully complete their working test period shall be advanced to the rate for Police Officer at the beginning of the first bi-weekly pay period during which such officer's one (1) year anniversary as a Police Probationary Officer occurs, excluding his/her initial time in training at the Police Academy.

(f) Excepted Positions: The pay of an employee in an excepted position shall be adjusted to any rate within the pay range at the discretion of the appointing authority for the excepted position.

(g) The Director of Personnel may approve, at the request of an appointing authority, adjustments to correct or mitigate serious and demonstrable internal pay inequities. Salary

adjustments under this provision shall preclude adjustments to compensate or reward employees for long-term or meritorious service.

(h) The pay of any employee may be decreased as a disciplinary action by an appointing authority to a lower rate. Any such decrease shall be made in accordance with the established disciplinary procedures. The decrease shall not be greater than fifteen percent (15%) of the current salary rate. The decrease may be below the minimum of the pay range for the class. The appointing authority may determine the pay decrease shall be effective for a specific number of bi-weekly pay periods provided, however, that such decrease shall not be effective for more than thirteen (13) bi-weekly pay periods.

(i) An employee who is temporarily promoted shall be eligible for within range salary adjustments under provisions of this Section 7.

(j) The Director of Personnel may approve a within range salary adjustment or other incentives to retain employees in positions that are difficult to fill, or because of their unique requirements. Said adjustment may only be granted once during a twenty-six (26) week period.

SECTION 8.

INCOME SOURCES

Any salary paid to an employee in the Classified Service shall represent the total remuneration for the employee, excepting reimbursements for official travel and other payments specifically authorized by ordinance or pay regulation promulgated by the Director of Personnel. No employee shall receive remuneration from the City in addition to the salary

authorized in this ordinance for services rendered by the employee in the discharge of the employee's ordinary duties, of additional duties which may be imposed upon the employee, or of duties which the employee may undertake or volunteer to perform.

Whenever an employee not on an approved paid leave works for a period less than the regularly established number of hours a day, days a week or days bi-weekly, the amount paid shall be proportionate to the hours in the employee's normal work week and the bi-weekly rate for the employee's position. The payment of a separate salary for actual hours worked from two (2) or more departments, divisions or other units of the City for duties performed for each of such agencies is permissible if the total salary received from these agencies is not in excess of the maximum rate of pay for the class.

SECTION 9.

CONVERSION

(a) Pay schedules in Sections 2(a) or 2(b) in **Ordinance Number 71686** shall continue in effect until the beginning of the first bi-weekly pay period starting after the effective date of this ordinance, and the rates to be paid to employees in positions of any classes for which a rate is established or changed in Section 2(a) or 2(b) of this ordinance shall become effective and be adjusted (if necessary) as follows:

The salary of each employee whose pay range is established in Section 2(a) or 2(b) of this ordinance whose class has been allocated to a higher pay grade in the appropriate pay schedule as determined by the Director of Personnel shall have their current salary increased to a rate, rounded to the nearest whole dollar, which is not less than but is closest to a rate

which is five percent (5%) higher than the rate received immediately prior to promotion, but not less than the minimum of the pay range, whichever is the greater. If an employee's salary is between steps, the employee's salary shall be placed at the higher step.

(b) Pay schedules in Sections 2(c) or 2(d) in **Ordinance Number 71686** shall continue in effect until the beginning of the first bi-weekly pay period starting after the effective date of this ordinance.

The salary of each employee whose pay is established in Section 2(c) or 2(d) of this ordinance who previously occupied a step in the pay range within **Ordinance Number 71686** that was greater than step 20, shall be moved to step 20 in the appropriate pay range at the beginning of the first bi-weekly pay period starting after the effective date of this ordinance.

(c) No employee shall be reduced in salary by reason of the adoption of the new pay schedules in this ordinance.

(d) The salary of an employee serving in a trainee position, which remains above the new trainee rate for his/her position, shall remain unchanged.

(e) The Director of Personnel may establish a special conversion procedure for a class or position in the event that the Director determines that a serious inequity would be created by the application of the conversion procedures established in this Section 9.

(f) All full-time employees whose salary is established in Section 2(a) or 2(b) – General and Management or Trades Pay Schedules whose bi-weekly rate is above step 30 shall have their bi-weekly rate increased by three percent (3%) at the beginning of the first bi-weekly pay period starting after the effective date of this ordinance.

(g) The Director of Personnel shall establish such procedures as needed to place this ordinance into effect and interpret its provisions.

SECTION 10.

PAYMENT OF SALARIES

All compensation for positions in the Classified Service shall be paid bi-weekly. The Director of Personnel and Comptroller shall establish the procedure for listing employees on the various payrolls. The payment due each employee for service, except as otherwise provided, shall be made not later than sixteen (16) days after the end of the bi-weekly pay period. In the event that an employee is dismissed or has been employed for occasional or emergency work, the Comptroller may immediately pay the employee upon termination of service without waiting for the regular bi-weekly pay date of the Department, Division, Section, Office, Agency, Board or Commission where the employee worked.

SECTION 11.

CHANGES TO CLASSIFICATION PLAN

Whenever the Department of Personnel finds it necessary to add a new class to the classification plan, the Director of Personnel shall allocate the class to an appropriate grade and schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the overtime code of an existing class within the classification plan, the Director of Personnel shall change the

overtime code, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the pay schedule of an existing class within the classification plan, the Director of Personnel shall allocate the class to the appropriate schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

The pay grade allocated to a class of position within the classification plan shall remain unchanged for the duration of the existing compensation ordinance. Whenever the Department of Personnel considers it necessary to change the pay grade of an established class of position, such adjustment can only be made concurrent with the adoption of a new compensation ordinance. Recommendation for the allocation of a new pay grade shall be made by the Director of Personnel to the Civil Service Commission for final approval by the Board of Aldermen.

SECTION 12.

PAYROLL FORMS

The Director of Personnel shall prescribe forms on which appointing authorities shall certify to the fact that a vacancy exists in a lawfully created position and to the lawful appointment of a person to fill the position. The Director of Personnel shall indicate on these forms the proper allocation of the position and the rate at which payment is to be made. When approved by the Director of Personnel and submitted to the Comptroller, these forms shall constitute authorization for the initial placing of a person's name on the payroll. The

Comptroller shall not authorize any change in the rate of pay of an individual on the payroll unless approved by the Department of Personnel. The Comptroller shall provide the Department of Personnel with a copy of each payroll audited and found correct within twenty-one (21) days after audit and approval of the payroll by the Comptroller's Office.

SECTION 13.

CERTIFICATION OF PAYROLL

The appointing authority shall certify on each payroll or a subsidiary document that each person whose name appears on the payroll has been lawfully appointed at a salary provided by this ordinance and that the employee has actually worked the time for which he/she will be paid, subject to the provisions of this ordinance governing hours of work and leaves of absence in the Classified Service.

SECTION 14.

MINIMUM WORK HOURS

Each appointing authority shall establish procedures to assure that the employees under his/her supervision are actively engaged in the performance of the duties of their positions in accordance with the provisions of this section.

Each appointing authority shall submit to the Department of Personnel the work schedule established for each position in the work unit. Work schedule reports shall be submitted upon request of the Director of Personnel or whenever the appointing authority proposes to change the permanent work schedule of a position. The work schedule submitted

by the appointing authority shall constitute the normal work schedule for the position when approved by the Director of Personnel.

All employees in the Classified Service shall be in attendance at their work in accordance with schedules established under the provisions of this Section 14, subject to other provisions of this ordinance with respect to hours, holidays, vacation leave, medical leave, furloughs, sick leave, military leave, and leaves of absence with or without pay.

(a) Employees whose salaries are established in Section 2(a) or 2(b): Forty (40) hours shall constitute the average minimum required weekly hours of service in an employment cycle under regular full-time employment for all City employees paid on a bi-weekly basis occupying competitive positions in the Classified Service. The minimum daily and annual service required of such employees shall be in proportion to the average minimum weekly hours established.

Appointing authorities shall so arrange the time for reporting for work, for luncheon intermission, and for quitting work of the various employees under their jurisdiction so that the employees will actually be engaged in active performance of their duties for not less than the average minimum number of hours required.

(b) Management Employees: Appointing authorities for employees occupying full-time positions whose salaries are established in Section 2(a) of this ordinance shall initiate procedures to see that such employees are engaged in the performance of their duties on a full-time basis. Full-time employment for any employee whose classification is denoted in

the Management Schedule shall be defined as an average of forty (40) hours per week of time devoted to the duties of the position on an annual basis.

(c) Uniformed Fire Personnel: Fifty-two (52) hours shall constitute the average required weekly hours of service in an employment cycle under regular full-time employment for all employees in the Division of Fire and Fire Prevention, except that the appointing authority, with the approval of the Director of Personnel, may determine that the minimum work hours provision of Section 14(a) shall apply to employees in certain positions due to the nature of the assignment and/or scheduling requirements. The appointing authority shall so arrange the time for reporting for work and for quitting work of the various employees under the appointing authority's jurisdiction so that the employees will actually be engaged in the active performance of their duties for not less than the average number of hours required.

(d) The work period for employees whose pay is established in Section 2(d) of this ordinance is twenty-eight (28) days. The daily work period for an employee in the position of Police Probationary Officer and Police Officer is eight (8) hours which includes a thirty (30) minute meal period. The meal period is counted as working time; however, an officer unable to take a meal break will not receive additional compensation. The daily work period for an employee in the position of Police Officer Trainee is eight (8) hours. Additionally, Police Officer Trainees shall receive a thirty (30) minute unpaid meal period that shall not be counted as part of their daily work period or work day.

SECTION 15.

OVERTIME

(a) The Department of Personnel shall determine those positions in the Classified Service of the City of St. Louis which are exempt from overtime compensation and those positions which are not exempt from overtime compensation. The overtime codes established for each class in Section 1(a) of this ordinance shall be interpreted as follows:

OVERTIME CODE (OVTM):

1 These classes are primarily managerial in nature, but may also include some professional or administrative classes that are ineligible for overtime pay under all but emergency conditions as described in Section 15(d) of this ordinance.

2 These are supervisory, professional, and administrative classes that are exempt from overtime compensation, but which the City compensates for overtime at the straight (1.0x) time rate.

3 These are non-exempt classes that receive overtime compensation at the one and one-half (1.5x) time rate.

4 These non-exempt classes work an average bi-weekly work schedule of 84 hours and, therefore, receive overtime compensation at the one and one-half (1.5x) time rate.

Appointing authorities are prohibited from changing employee work schedules to avoid the payment of overtime.

For purposes of determining overtime pay rates for non-exempt employees, the regular hourly rate of pay shall be used.

Any employee in a class which has been allocated to Overtime Code 4 (non-exempt) in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the one and one half (1.5x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle for all non-exempt (Code 4) positions in the work unit. Whenever a non-exempt (Code 4) employee works in excess of forty (40) hours in a work week, the employee will be paid at the one and one half time (1.5x) rate. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty-four (84) for full-time employment. The regular hourly rate of pay for a non-exempt (Code 4) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Any employee in a class which has been allocated to Overtime Code 3 (non-exempt) in this ordinance shall be compensated for overtime work in accordance with the provisions of this section. Each appointing authority shall designate and submit to the Director of Personnel the official work week and schedule or work cycle for all non-exempt positions in the work unit. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment.

Whenever an Overtime Code 3 employee whose pay matrix is in Section 2(a) or 2(b), works hours in excess of the maximum established for an official work week or work cycle,

usually forty (40) hours in a work week such hours shall be paid at the one and-one-half time (1.5x) rate. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Overtime Code 3 employees whose pay matrix is in Section 2(c) of this ordinance who are working a nineteen (19) day work cycle are eligible to receive overtime after one hundred forty-four (144) hours are worked in a work cycle, except that the Fire Division shall pay overtime for emergency work at the end of a shift or emergency work required on a separate, non-scheduled day, even if the total number of hours worked in the work cycle is not in excess of one hundred forty-four (144) hours. These employees shall not receive additional compensation for regularly scheduled hours in excess of one hundred forty-four (144) hours if they do not actually work more than one hundred forty-four (144) hours in the work cycle; provided however, that in addition to the actual hours worked, jury leave, vacation leave, compensatory time and "O" days shall count as hours worked for the purpose of determining eligibility for overtime compensation. Days scheduled off to reduce average work week to fifty-two (52) hours, compensatory time, vacation, “O” days, and holiday time shall be scheduled consistent with a reasonable vacation and holiday leave policy to avoid the necessity of actually working more than one hundred forty-four (144) hours during any work cycle.

Police Officer Trainees, Police Probationary Officers and Police Officers shall be paid overtime, defined as one and one-half time (1.5x) the employee’s regular standard rate of pay,

for all hours worked in excess of their eight (8) hour work day or any hours worked on a scheduled day off. Only hours actually worked shall count toward overtime pay.

Police Sergeants – whose salary is established in Section 2(d) of this ordinance shall be paid overtime, as defined as one and one-half time (1.5x) the employee's regular standard rate of pay, for all hours actually worked in excess of one hundred sixty (160) hours in a twenty-eight (28) day work period. In addition to hours physically worked, paid vacation, compensatory time, holidays, discretionary holidays, and sick-injured time shall count toward the 160-hour threshold during the 28-day period that must be met to earn overtime. These employees shall receive additional compensation for authorized overtime, court time, and court standby time whenever the total accumulated time exceeds forty (40) hours.

(b) Any employee in a class which has been allocated to Overtime Code 2 in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the straight (1.0x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle, which is usually forty (40) hours, for all exempt (Code 2) positions in the work unit. Whenever a full-time employee in an exempt (Code 2) position is directed by management, with the approval of the appointing authority, to work hours in excess of the maximum established for an official work week or work cycle it shall be considered overtime. In addition to the actual hours worked, only paid vacation time, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation. Straight time (1.0x) overtime shall be compensated at the employee's regular hourly rate of

pay, or by granting the eligible employee compensatory time off at the rate of one (1) hour for each hour of overtime worked. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment. The regular hourly rate of pay for an exempt (Code 2) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period.

(c) Part-time bi-weekly paid employees and employees paid on an hourly or per performance basis shall be compensated for overtime work in accordance with the overtime provisions of this section and with consideration for community practices in compensating similar employment.

(d) An appointing authority may compensate Overtime Code 1 employees at the straight-time (1.0x) rate, when both of the following conditions exist: 1) the Mayor of the City of St. Louis declares an emergency due to serious and protracted conditions which threaten continuous City Service, preservation of public peace, health, or safety, and 2) the appointing authority directs an employee or group of employees to work in excess of forty (40) hours per week. The appointing authority shall maintain attendance records of the assignment(s) and submit such records at the request of the Director of Personnel.

(e) Employees who wish to use compensatory time earned in lieu of pay must make their request in writing at least twenty-four (24) hours in advance of the day or days requested. The appointing authority shall keep in mind the staffing needs of the department when granting time off, but in any case time off will not be unreasonably denied.

Pay shall be the regular method of compensation for recorded overtime hours of work for employees in classes with Overtime Code 3 and Overtime Code 4. However, an appointing authority shall compensate a non-exempt bi-weekly paid employee for overtime work by granting the employee compensatory time off in lieu of pay only if the employee requests compensatory time, in writing.

Employees engaged in public safety, emergency response or seasonal activity as defined by the Director of Personnel may have a maximum balance of two hundred forty (240) hours of compensatory time; except that Police Officer Trainees, Police Probationary Officers, Police Officers, and Police Sergeants shall only be allowed to accumulate up to forty (40) hours of compensatory time. All other employees are allowed a maximum balance of one hundred twenty (120) hours of compensatory time excluding compensatory time earned for working on a holiday. These maximum balances of compensatory time shall apply to employees working an average work week of forty (40) hours; the maximum balance of compensatory time for employees whose average work week is more or less than forty (40) hours shall be proportionate. No provision of this section establishing a maximum balance of compensatory time shall serve to cancel any compensatory time due to an employee or to deny an employee payment for recorded compensatory time earned in accordance with the provisions of the compensation ordinance in effect at the time the compensatory time was earned.

Each appointing authority shall establish procedures to assure that non-exempt employees are promptly granted time off when such employees request to use their earned

compensatory time. Appointing authorities may not deny non-exempt employees' requests for earned compensatory time off except when such approval would create an extreme business hardship. For employees occupying the position of Police Officer Trainee, Police Probationary Officer, and Police Officer compensatory time may be used at such times and in such blocks as are mutually agreed upon between the supervisor and the employee and it shall not be unreasonably denied by the supervisor if operating requirements will not be adversely affected. When an appointing authority determines that the work schedule of the organization will not permit the granting of such time off, the appointing authority shall pay the employee in that same pay period for all or a portion equivalent to the time requested of the employee's accrued compensatory time. This provision requiring the prompt granting of requested time off applies only to compensatory time that is earned as a result of the employee working overtime; it does not apply to compensatory time earned as a result of an incentive program or award program.

Compensatory time earned by exempt employees shall be granted at the discretion of the appointing authority and upon request of the employee.

(f) Before an employee is transferred, promoted or demoted from a position under one appointing authority to a position under another appointing authority or to another unit with a different appropriation, all compensatory time shall be granted or paid. Upon termination all compensatory time shall be paid. Upon the death of an employee, the person or persons entitled by law to receive any compensation due to the employee shall be paid any amount due to the employee on the date of death.

(g) All departments shall keep daily attendance records of classified employees and shall submit periodic reports of: 1) unexcused absences and leaves; 2) overtime earned, granted, and paid; or 3) the non-occurrence of same to the Director of Personnel in the form and on the dates specified.

Such procedures shall be designed to treat all employees in the class who work a substantially equivalent schedule in the same manner.

Employees whose pay is established in Section 2(c) of this ordinance shall receive five (5) days of paid leave which shall be referred to as "O" Days.

(2) Vacation time is accrued on a bi-weekly basis. No employee will be entitled to or allowed to take any vacation until ninety (90) days of continuous employment from the date of employment.

(g) All references in this ordinance, except as otherwise noted, to accrual rates, additions to, and accrual maximums for vacation are for employees working a scheduled work week of forty (40) hours. Vacation rates, additions and maximums shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. When an eligible employee's scheduled work week is changed, the employee's rate of accrual shall be changed proportionately. All references in this ordinance to cumulative service for vacation shall mean cumulative service without a break in service of more than one year, except as provided otherwise in this ordinance. No employee who works less than

fifty percent (50%) time or who is serving in a limited-term position shall be eligible to accrue vacation.

(h) (1) For those employees hired before or after the effective date of this ordinance whose pay is established in Section 2(a), 2(b) or 2(c) who work an average work week of forty (40) hours, the maximum vacation balance shall be six hundred (600) hours. Employees whose pay is established in Section 2(d) who have more than five hundred (500) hours of vacation on the effective date of this ordinance shall receive a one-time payment for all vacation hours accrued and unused over five hundred (500) hours. For those employees hired on or after the effective date of this ordinance whose pay is established in Section 2(d) and who work an average work week of forty (40) hours, the maximum vacation balance shall be two hundred and forty (240) hours. An appointing authority, upon written request and with the prior approval of the Director of Personnel, may authorize an employee or group of employees to exceed these maximums. Vacation accrual maximums for those working more or less than forty (40) hours per week, but at least fifty percent (50%) time shall be proportionate to the number of hours worked in a bi-weekly pay period.

(2) When an employee's full-time average work week is changed, the maximum vacation balance shall be changed proportionately. In addition, the employee shall have his/her current vacation balance adjusted so that the vacation shall maintain the same position

relative to the new maximum balance as existed with the employee's previous maximum balance.

(3) Accrual of vacation shall cease when an employee accumulates the maximum vacation balance established for the assigned work schedule and shall not resume until the vacation balance is less than the maximum amount.

(i) Accrual of vacation shall begin and be credited upon the first bi-weekly pay period and each pay period thereafter, but employees must complete the entire pay period to accrue the vacation leave at the end of said pay period:

(1) of appointment;

(2) of return to duty from leave of absence;

(3) of restoration to employment of one-half (50%) time or more.

Vacation leave shall be granted in whole hour units. On termination of service, any fractional hour shall be made whole. The accrual of vacation leave shall cease on the employee’s last day at work.

(1) When the employee requests vacation leave in accordance with departmental policies;

(2) When directed to take paid time off by the appointing authority;

(3) When an employee is terminated or resigns from the Classified Service;

(4) When an employee whose salary is established in Sections 2(a), 2(b), 2(c) or 2(d) reaches the established maximum accrual and would cease accruing vacation and notifies the appointing authority in writing of his/her intention to schedule vacation. Such notice shall be at least seven (7) days prior to the first work day the employee intends to take off. If the appointing authority fails to establish a different vacation schedule, the employee may take the paid leave, which was proposed in writing.

(5) With the approval of the appointing authority, an employee may request and receive payment from the appointing authority for forty (40) hours of vacation accrual in lieu of scheduling paid leave provided that the full vacation allowance for that year is not exceeded. This may be done a maximum of once in each calendar year. Management employees may request payment from the appointing authority for up to an additional forty (40) hours of their vacation accrual balances in lieu of scheduling paid leave if their schedules do not permit them to be absent from work. Employees whose pay is established in Section 2(c) of this ordinance may request payment for up to ninety-six (96) hours of vacation. These requests are subject to the prior approval of the Director of Personnel.

(k) During the first twelve (12) months of employment, unless stated otherwise in this ordinance, accrued vacation may be granted to an employee provided that the employee has completed ninety (90) days of continuous service. When employment is terminated before completing twelve (12) months of continuous service, any previously granted vacation leave shall be deducted from the employee's final pay. (m) Employees who move to the Classified Service from the Unclassified Service shall be given credit for the years of service in the Unclassified Service in determining the vacation accrual rate in accordance with Section 17(a) or 17(b) of this ordinance and based on the date of the employee's original appointment.

(n) Employees who return to work from a "reemployment from layoff" eligible list shall be eligible to use vacation as soon as it is accrued, unless stated otherwise in this ordinance, provided the employee has completed six (6) months of continuous service prior to the layoff and with approval of the appointing authority. An employee who has completed less than six (6) months of continuous service will be required to complete the remaining portion of the six (6) months period before being eligible to use vacation.

Any such reemployed worker shall be given credit for prior continuous service in determining the employee's vacation accrual rate in accordance with the schedule established in Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the employee's

original appointment. A Commissioned Officer who retires and is rehired as a civilian employee will be considered a new employee for vacation purposes.

(o) Appointing authorities shall be responsible for the management of their vacation schedules so as to most effectively administer their organizations and fulfill the desire of employees in the establishment of leave schedules.

(p) Accrued vacation shall be carried with an employee when transferred, promoted, or demoted from a position under one appointing authority to a position under another appointing authority without a break in service or change in method of pay. Upon the death of an employee, the person or persons entitled by law to receive any compensation due the employee shall be paid the amount due the employee for accrued vacation.

(q) With the approval of the appointing authority, a retiring employee may be paid on the payroll for accrued vacation in the month prior to retirement without inclusion in the employee's final average compensation. An appointing authority may pay previously accrued vacation off in a lump sum to an employee whose service with the City has terminated. Such payment shall be made on the employee's last regular paycheck.

(r) Employees occupying excepted positions in the Classified Service shall be granted vacation at the discretion of their appointing authority. An employee whose term in an excepted position ends and who is then appointed to a permanent competitive position working fifty percent (50%) time or more shall become eligible to accrue vacation leave with pay upon appointment to the competitive position. Length of cumulative service for the purpose of determining rate of vacation leave accrual shall be based on the employee's

original date of appointment to the excepted position, providing there was no break in service between expiration of the excepted position and appointment to the permanent competitive position. The date of appointment to the permanent competitive position shall be used to determine the appropriate rate of vacation accrual for the corresponding length of cumulative service in accordance with the schedule established in Section 17(b).

(s) Appointing authorities shall report leave with pay for vacation and such other authorized absences as the Director of Personnel shall designate to the Department of Personnel in such form and at such time as the Director of Personnel may require.

SECTION 18.

If the Employees Retirement System of the City of St. Louis provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be fifty percent (50%) of the value of the employee's sick leave balance at time of retirement.

(c) If a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis who had been otherwise eligible for Normal or Early Service Retirement dies his/her estate may receive payment based on the calculation above on the employee's sick leave balance, if any. Payment shall be made in accordance with the procedures established by the Director of Personnel.

(d) An employee who is reemployed from an authorized layoff shall have his/her prior sick leave balance if any restored, provided this balance has not been used in the determination of pension benefits paid to the retiree.

(e) Commissioned officers will be granted sick leave at the rate of 3.70 hours bi-weekly. In addition, military reinstatements will be credited, on the date of their reinstatement, with the number of sick leave credits accumulated prior to entering the military. All other officers hired prior to April 20, 2011, terminating their employment with the Division will receive compensation for one-fourth of their accumulated sick leave hours at the time of termination. These benefits are not granted to employees who have pled guilty, been found guilty or otherwise convicted of a crime prior to termination.

(g) Employees in Section 2(a) or 2(b) formerly employed by the Board of Police Commissioners prior to April 20, 2011, and continuously employed by the City with thirty (30) years of service and possessing 2,200 accrued sick leave hours, will receive compensation for one-half of their accumulated sick leave hours. Employees in Section 2(a) or 2(b) formerly employed by the Board of Police Commissioners hired prior to April 20, 2011, and continuously employed by the City who have at least twenty (20) years of service who possess 1,600 accrued sick leave hours, will receive compensation for one-fourth of their accumulated sick leave hours, and also receive 173.33 hour pay (2080 hours divided by 12). All other employees in Section 2(a) or 2(b) employed by the Board of Police Commissioners prior to April 20, 2011, and continuously employed by the City who terminate their employment with the Division will receive compensation for one-fourth of their accumulated sick leave hours at the time of termination. These benefits are not granted to employees who have pled guilty, been found guilty or otherwise convicted of a crime prior to termination.

(h) All Commissioned officers, excluding Police Officer Trainees, may be eligible to receive paid time off for perfect and near perfect attendance.

(i) There shall be no advancement of paid sick leave. Sick leave shall be paid at full pay at the current rate of compensation.

SECTION 19.

MEDICAL LEAVE

(a) Medical leave with pay shall be granted to bi-weekly rate employees in permanent competitive positions working fifty percent (50%) time or more in accordance with regulations and procedures established by the Director of Personnel.

(1) All employees, unless otherwise stated in this ordinance, shall accrue three (3) hours of medical leave for each bi-weekly pay period of employment but must complete the entire pay period to accrue the medical leave at the end of said pay period. This accrual rate is established for employees working an average work week of forty (40) hours. Medical leave shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. An eligible employee may be granted paid medical leave by his/her appointing authority after completing ninety (90) days of continuous service.

(2) Employees in Section 2(a) or 2(b) hired by the Police Division on or after September 1, 2013, shall accrue medical leave as stated above in Section 19(a)(1).

(3) Employees in Section 2(a) or 2(b) hired by the Board of Police Commissioners before September 1, 2013, shall be entitled to all of the sick and medical leave accrued during such employment. Subject to the provisions of Section 19(a), medical leave with pay shall be

granted at the rate of 3.70 hours bi-weekly to employees in Section 2(a) or 2(b) hired by the Board of Police Commissioners before September 1, 2013, employed by the City and continuously employed by the City on September 1, 2013.

(b) The Director of Personnel may establish a system of cash awards, paid time off or other incentives to reward employees for perfect and near perfect attendance.

(c) An appointing authority shall remove an employee from the payroll for unexcused absence in accordance with regulations and procedures established by the Director of Personnel. When an employee is docked from the payroll under the provisions of this section, the amount deducted from his/her regular bi-weekly rate of pay shall be one times (1.0x) the regular hourly rate as defined in this ordinance for each hour of unexcused absence. If an employee is docked from the payroll for one (1) hour or more in a bi-weekly pay period, he/she will cease to accrue medical leave for the pay period.

(d) If management decides to send their employees or a group of employees home due to inclement weather, they will not lose their medical leave accrual for that pay period.

(e) All leave with or without pay for illness, injury, or physical inability to perform assigned duties shall be recorded on the payroll or a subsidiary document in the manner established by the Director of Personnel. Compensation for periods of absence from work when an employee sustains an injury by accident on the job shall be governed by the provisions of Section 24 (Workers' Compensation and Disability Leave) of this ordinance.

(f) An employee who is reemployed from an authorized layoff shall have his/her prior medical leave balance and sick leave balance restored if any, provided any sick leave balance

has not been credited to the employee's length of service in determining pension benefits paid to the retiree. An employee who is reemployed from an authorized layoff and who has a medical and/or sick leave balance and who completed twenty-six (26) weeks of continuous employment prior to the layoff may take approved medical and/or sick leave upon reemployment.

(g) Each appointing authority shall institute procedures, in accordance with regulations established by the Director of Personnel that will discourage the improper use of medical leave with pay. When an employee is removed from the payroll for absence not approved by the appointing authority, the employee shall be notified promptly in writing.

(h) Employees shall not receive payment for any medical leave balance, and it shall not be used in the calculation of retirement benefits or payments under this ordinance or any other ordinance.

(i) There shall be no advancement of medical leave.

SECTION 20.

MILITARY LEAVE

The City of St. Louis will follow all applicable state and federal laws on the granting of military leave and reemployment rights.

Each employee is required to give advance notice (at least 30 days prior to departure when feasible), preferably in writing, of service obligation or intention to perform services in the uniformed services, unless such notice is prevented by military necessity, as determined by a designated authority, or impossible or unreasonable under all of the circumstances.

Upon the expiration of military leave of absence, the employee shall be reinstated to the class of position he/she occupied at the time the leave was granted without breaking continuity of service. Failure of an employee to report for duty within the time pursuant to state or federal law shall be just cause for dismissal. The employee's accumulated leave balance(s) shall be restored to the employee upon his/her return.

Full-time, permanent employees paid a bi-weekly rate of pay who are called to active duty as a member of the National Guard or any reserve component of the Armed Forces of the United States and who are placed on a military leave of absence will be granted compensation in the amount to offset the difference between the employee's gross bi-weekly pay with the City and his/her total military pay plus allowances if such military pay and allowances is less than the employee's regular gross bi-weekly rate of pay and subject to submission of documentation as required by the Director of Personnel.

SECTION 21.

LEAVES OF ABSENCE AND FAMILY/MEDICAL LEAVE

An employee may request a leave of absence, or an appointing authority may request a leave of absence for an employee, for any reason under the City's general leave policy, or a "Family/Medical Leave of Absence" for certain qualifying reasons under provisions of "The Family and Medical Leave Act of 1993" as provided in this ordinance and under additional provisions and regulations as determined by the Director of Personnel.

(a) An appointing authority, with the approval of the Director of Personnel, may grant an employee in a competitive position a general leave of absence without pay for a period of one (1) year, which may be extended, with the prior approval of the Director of Personnel.

Upon the expiration of such leave of absence, the employee shall be reinstated to the competitive position he/she occupied at the time the leave was granted provided the position is still in existence and he/she are able to perform the duties of the position. The employee shall be reinstated to the competitive position at the same relative rate in the salary range the employee occupied at the time the leave was initiated. Failure of an employee to report for duty promptly at the expiration of the leave shall be just cause for dismissal. If necessary to the efficient conduct of the business of the City, an employee on leave other than military leave or qualifying family/medical leave may be notified by the appointing authority, with the approval of the Director of Personnel, to return prior to the expiration of such leave. Failure of the employee to return within ten (10) calendar days after receipt of such notice shall terminate his/her leave of absence and be just cause for dismissal, subject to any applicable federal, state or local regulations.

(b) The City of St. Louis will follow all applicable state and federal laws on the granting of family/medical leave. The City of St. Louis will provide up to six (6) weeks of paid family/medical leave, in accordance with the City's "Family/Medical Leave Policy."

The Director of Personnel shall establish additional rules, guidelines and procedures for the effective administration of the City's "Family/Medical Leave Policy." The policy shall

comply with all provisions of the "Family/Medical Leave Act of 1993" and any amendments thereafter.

Employees must take all of their accrued time (sick leave, medical leave, vacation leave) prior to being placed on leave without pay status for approved Family and Medical Leave, except employees can keep one (1) week of vacation hours (if they have accrued one (1) week of vacation and are eligible to take them). Employees will be allowed to use all their compensatory time, if requested by employee.

(c) Any employee in a competitive position who is appointed to an excepted position in the Classified Service shall be granted an in-service leave without pay from the competitive position during the term to which he/she is appointed to the excepted position. Such leave shall be for the term of the appointment to the excepted position and until his/her successor qualifies. Upon the expiration of the appointment to the excepted position, the employee shall be reinstated to the competitive position he/she occupied immediately prior to the in-service leave. The employee shall be reinstated to the competitive position as under a temporary promotion pursuant to Section 6(a)(2) of this ordinance. Employees who are returned to a competitive position shall retain any vacation, compensatory time, sick leave, or medical leave balance in effect at the time of granting of the leave of absence for appointment to the excepted position. Employees shall be given credit for time spent in an excepted appointment in computing eligibility for additional vacation leave accrual.

(d) In the event that emergency conditions occur which require the closing of City-operated facilities, or the temporary cessation of functions carried out by classified

employees, the Mayor of the City of St. Louis may declare an emergency and require an employee or group of employees to take leaves of absence with or without pay while such emergency conditions exist. In the event that the Mayor requires that the leave of absence be without pay, an employee with vacation or accrued compensatory time may elect to take the accrued time off with pay in lieu of all or a part of such non-paid leave of absence. Such non-paid leave of absence shall not interrupt continuity of service for vacation accrual. An emergency leave of absence declared by the Mayor shall not exceed ninety (90) days.

(e) Employees who are granted general leaves of absence and other non-paid leaves of absence, except military leave, must take all accrued vacation at the start of the leave of absence except as otherwise provided in this ordinance. Employees who are granted or placed on a non-paid leave of absence will not accrue vacation, sick leave, and medical leave during the period of non-paid leave. Upon the expiration of such leaves of absence, the employee shall follow the procedures as established in this Section 21 and any other applicable regulations and procedures as established by the Director of Personnel.

(f) An appointing authority, with the prior approval of the Director of Personnel, may put an employee on a forced leave of absence with or without pay pending the outcome of an investigation or of a pending disciplinary action against the employee. Employees being placed on forced leave may elect to be placed on either vacation leave or compensatory time.

(g) In the event that a fiscal crisis occurs in the City of St. Louis, employees may request voluntary furloughs. The Director of Personnel may issue regulations to govern the furlough program.

SECTION 22.

INSURANCE BENEFITS

The City of St. Louis is hereby authorized to devise and establish by contract or otherwise plans for life, health, medical, disability, and other insurance coverage deemed necessary for employees in the Classified Service and other employees for the City and their dependents. The Director of Personnel shall develop and administer programs to provide for such coverage. The Director of Personnel shall confer with the Board of Estimate and Apportionment by February 1st of each year regarding coverage plans and the appropriate funding level. The Director shall then be charged with the responsibility of establishing the applicable funding level and remittance rates for the aforementioned plans and certify same to the Comptroller and Budget Director by March 1st of each year. The Director of Personnel may amend said rates as needed.

SECTION 23.

DEATH BENEFIT

In the event any employee of the City whose pay is established by this ordinance dies as a result of injuries arising out of and in the course of his/her employment by the City, the City shall pay compensation in accordance with the Missouri Workers' Compensation Law. The Director of Personnel and the City Counselor shall establish procedures for making the payments required by the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made. Such compensation shall be in addition to any life insurance benefits paid for by the City or by the

employee which is available to the employee's beneficiaries and also in addition to any benefit provided by the Employees Retirement System of the City of St. Louis, the Firemen's Retirement System of the City of St. Louis, or the Firefighters Retirement Plan.

SECTION 24.

WORKERS' COMPENSATION AND DISABILITY LEAVE

(a) Any employee in the Classified Service whose class title and grade are established in Section 1(a) and denoted by the suffix "G," "M," "T" or "E" of this ordinance, including employees who are compensated on a per performance or unit of work basis, who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where an employee's duties are being performed or where an employee's presence is required as part of his/her employment, shall promptly report such injury by accident or occupational disease to his/her immediate supervisor. The supervisor shall in turn report, through the appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. The appointing authority shall promptly provide such written information and recommendations as may be requested by the City Counselor to aid in making the determination of the period of disability.

The employee who suffers a personal injury as described in part (a) of this section, and which results in temporary disability, may elect to use sick or medical leave for the first three (3) days of temporary disability. Thereafter, the employee will be compensated at the rate mandated by the Missouri Workers' Compensation Law. If the period of disability extends fourteen (14) calendar days or more, the three (3) days of sick or medical leave used during

the first three (3) days of disability will be restored to the employee's sick or medical leave balance. The City Counselor shall determine the actual amount of compensation and length of time during which payments are made for such temporary disability in accordance with the Missouri Workers' Compensation Law.

(b) (1) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease while engaged in actual fire suppression, or related emergency response activities on or about the premises where these activities are being performed, or during transportation to and from the scene of the fire, or emergency, shall promptly report such injury to his/her immediate supervisor. The injury shall be promptly reported through appropriate management personnel to the Director of Personnel and the City Counselor. During the period of temporary disability which has been determined by the City Counselor to be a result of an injury by accident or occupational disease as defined above, the employee may be continued on the payroll at the regular bi-weekly rate less any amount the employee would otherwise pay in taxes on that portion of the benefit found to be exempt from taxation under the Missouri Workers' Compensation Law, or the federal tax code. Disability leave may also be granted when an employee suffers injury as a result of participation in Training Simulation of an exceptional and highly dangerous nature wherein the appointing authority or the Director of the Department of Public Safety has gained the approval of the Director of Personnel prior to such Training Simulation.

(2) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where his/her duties are being performed, except as otherwise provided in Section 25(b)(1) above shall likewise, promptly report such injury to his/her immediate supervisor, who shall report, through his/her appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. During any such period of temporary disability, the employee shall be entitled to workers' compensation benefits as prescribed by State Law.

(3) Employees in the competitive service whose pay is established in Section 2(d) of this ordinance who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies. Employees in the competitive service whose pay is established in Section 2(a) or 2(b) of this ordinance and who were employed by the Board of Police Commissioners and who remain employed by the Police Division who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies.

(c) The City Counselor, the Director of Personnel, or the appointing authority may require an employee to undergo a physical examination and medical or surgical treatment at the expense of the City to diagnose and treat injuries or illnesses arising out of employment.

(d) The City Counselor and the Comptroller shall establish procedures for paying compensation to employees or former employees who are permanently disabled and due compensation under the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made.

(e) The City Counselor and the Director of Personnel shall be responsible for the administration of the provisions of this Section and shall establish and publish procedural regulations for the administration of the program. Each appointing authority shall establish procedures to comply with the provisions of this section and established regulations.

SECTION 25.

JURY AND WITNESS LEAVE

(a) Jury leave with pay shall be granted to bi-weekly rate employees working fifty percent (50%) time or more for such time when such employees are serving as jurors pursuant to order of the St. Louis Circuit Court or United States District Court in St. Louis. Any bi-weekly rate employee, when so summoned for jury service, shall report such fact within seventy-two (72) hours to his/her appointing authority and display to the appointing authority the summons which the employee has received and shall give the appointing authority in writing the date and the time of such jury service. No bi-weekly rate employee shall receive any compensation from the Jury Commissioner or the United States District Court system for jury service for days the employee receives compensation from the City. A bi-weekly rate employee may keep the jury stipend for days when the employee receives no compensation from the City (off days, docks, leaves, etc.). Upon being discharged from serving as a juror

by the Court or Jury Commissioner, the employee shall forthwith report to his/her appointing authority if discharged during their normally scheduled work hours and shall submit to his/her appointing authority a written statement from the Jury Commissioner certifying that the employee has served as a juror and the time and date so served. The appointing authority shall, upon receipt of the statement of jury service, credit the employee with paid jury leave for such service.

(b) Leave with pay shall be granted to bi-weekly rate employees for such time when the employee's presence is required by the prosecutor in a criminal proceeding or grand jury procedure, a trial in prosecuting accused criminals (or for jury service in Federal Court). Any bi-weekly rate employee, when so subpoenaed as a prosecution witness or whose presence is required as a part of a grand jury inquiry, shall report such fact within seventy-two (72) hours to his/her appointing authority and shall give the appointing authority in writing the date and time his/her presence is required for such criminal prosecution. Each appointing authority shall establish controls to ensure that any paid leave is actually required by the prosecuting authority. An appointing authority may require an employee to furnish satisfactory evidence of being required to be off the job and that all time off was in connection with the prosecution of the case. This procedure shall apply for employee participation in criminal prosecution in State or Federal Courts.

SECTION 26.

DEFERRED COMPENSATION

(a) Authority is hereby granted for the establishment of a deferred compensation plan for the City of St. Louis.

(b) In accordance with the regulations applicable to the plan, as set out herein, the Comptroller is authorized to enter into an agreement with eligible participants, whereby said participants may designate a portion of their future earnings to be deducted by the City and placed in a fund to be designated "City of St. Louis Deferred Compensation Plan Fund" for the purpose of providing tax deferred benefits to the participants upon retirement.

(c) The Board of Estimate and Apportionment is hereby authorized to establish or select a specific plan or plans in accordance with the requirements set out in this ordinance. In establishing the plan, the Board of Estimate and Apportionment may elect to retain outside parties to provide administrative and/or investment services after following competitive bidding procedures. The Board of Estimate and Apportionment is authorized, after analyzing the various competitive bids submitted in accordance with the requirements of this ordinance, to select the plan or plans it determines to meet the requirements established as a part of the competitive bidding procedures and to be in the best interest of the participants. No investment plan shall be considered unless offered by a duly licensed resident agent representing a company duly licensed and authorized by the State of Missouri and other applicable federal regulatory agencies to offer such insurance or investment programs.

In the event Federal or State legislation is changed in a manner affecting and/or relating to any of the aforementioned Deferred Compensation provisions contained in this Section, the Board of Estimate and Apportionment of the City of St. Louis may amend the

deferred compensation plan accordingly and may execute any and all documents necessary to achieve and effectuate the recommended changes.

SECTION 28.

SEVERABILITY

The sections of this ordinance shall be severable. In the event that any section of this ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this ordinance are valid, unless the court finds the valid sections of the ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that the Board of Aldermen would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

(f) SHIFT DIFFERENTIAL: Shift differential shall be paid for certain work assignments. The Director of Personnel shall determine the work assignments for which shift differential will be paid. The assignment or removal of an employee from a work assignment having a shift differential shall be determined by the appointing authority and will not constitute a promotion, demotion, advancement or reduction in pay. The shift differential shall be added to the employee's regular bi-weekly rate.

(1) In order for an employee in Section 2(a) or 2(b) to be eligible for shift differential compensation, the employee must work a shift that requires the completion of four (4) hours of work between the hours of 4:00 p.m. and 8:00 a.m. the following morning. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive shift differential if they are regularly scheduled to work at least four (4) hours between 4:00 p.m. and 8:00 a.m. the following morning. Employees shall be entitled to receive shift differential compensation for no more than one shift worked between the hours of 4:00 p.m. and 8:00 a.m. Employees who are assigned to work schedules that require them to rotate among three shifts (day, evening, night) on a bi-monthly or more frequent basis shall be eligible for shift differential compensation for all three shifts worked.

For employees whose pay range is established in Section 2(a) or 2(b) the shift differential premium shall be one percent (1%) of the employee's base bi-weekly rate for each eligible shift worked in a bi-weekly pay period.

An employee whose pay range is established in Section 2(a) or 2(b) shall receive shift differential for working a portion of an eligible shift, provided the portion of the shift not worked

is charged to paid leave. Shift differential shall only be paid for whole hours worked; a fraction of an hour shall not be counted toward the payment of the differential.

(2) For those employees whose pay range is established in Section 2(c), the shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift. Employees must work at least 12 hours of a regularly assigned 24-hour shift to be eligible for any shift differential for the shift. Such employees shall not receive shift differential for overtime worked, which is not part of their regular schedule. This provision will not go into effect until shift differential is agreed upon by the Director of Personnel and the Union (Local 73) in writing.

Except shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift to be paid to Overtime Code 3 Fire Equipment Dispatcher classifications whose pay range is established in Section 2(c).

(3) For Police Officer Trainees and employees whose pay grade is denoted with the suffix D, the night shift differential shall be ten percent (10%) of the hourly rate for all full hours worked between the hours of 11 p.m. and 7 a.m. and all eight (8) hour shifts beginning between 10:30 p.m. and 11:30 p.m.

(4) Except as otherwise provided in this ordinance, shift differential shall not be paid to employees compensated on an hourly or per performance basis, or bi-weekly paid employees who work part-time. Neither shall shift differential be paid to full-time regular employees docked for any portion of an eligible shift.

(g) WEEKEND DIFFERENTIAL: When employees whose pay range is established in Section 2(a) or 2(b) work on a Saturday and/or a Sunday they shall be eligible for weekend differential. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive weekend differential when it is part of their regularly scheduled work hours. This differential shall be one percent (1%) of an employee's base bi-weekly rate. An employee shall receive weekend differential for working any portion of an eligible day. This differential shall only be paid for full hours worked. Weekend differential shall not be paid to employees compensated on an hourly or per performance basis or bi-weekly paid employees who work part-time. Neither will the weekend differential be paid to full-time regular employees docked for any portion of a day on which the differential would otherwise be paid.

(h) COMMUTING ALLOWANCE: Employees residing within the corporate limits of the City of St. Louis who are regularly assigned to a position located in a City institution, agency, or facility located outside the corporate limits of the City of St. Louis, and who are regularly assigned to a five-day, forty-hour weekly work schedule, shall be entitled to a commuting allowance in the amount of one hundred eighty dollars ($180.00) bi-weekly on the effective date of this ordinance. Eligible full-time employees who are assigned to an alternate form of work schedule which reduces the frequency of commuting to work shall be entitled to a commuting allowance which is reduced in proportion to the reduced frequency of commuting. City employees who are temporarily assigned duty to a facility located outside the corporate limits of the City of St. Louis shall be entitled to a per diem rate for the duration of the assignment. No

employee living outside of the corporate limits of the City of St. Louis shall receive a commuting allowance.

A period of absence of ten (10) working days or more shall result in suspension of eligibility for the commuting allowance. Suspension of the commuting allowance shall begin during the pay period in which the tenth (10th) day of absence occurs and shall continue for any subsequent full or partial pay periods during the period of absence. Upon return to duty from such absence, an employee shall immediately be eligible to resume receiving commuting allowance, reduced in proportion to the time the employee did not work due to absence.

(j) The Director of Personnel may establish per performance rates of pay, hourly rates of pay, or rates of pay for units of work and the conditions for making of any such payments. Such per performance, hourly, or unit-of-work rates may be computed from the bi-weekly scales established in this ordinance. Per performance, hourly, or unit-of-work rates shall be established considering the nature of employment, community practices in compensating similar

employment, and the purpose of the program for which the rate is established. Employees paid per performance, hourly, or unit-of-work rates of pay shall not be entitled to vacation, medical leave or holiday leave with pay or other benefits accorded employees paid a bi-weekly rate except that an appointing authority, with the prior approval of the Director of Personnel, and when sufficient funds have been appropriated for the fiscal year, may establish a modified level or type of benefit program when the provision of such benefit is needed in order to attract and retain sufficiently qualified employees to work in specific per performance, hourly, or unit-of-work assignments.

Appointing authorities are not permitted to utilize per performance and hourly employees as a method of replacing bi-weekly rate employees who would be entitled to employee benefits.

(k) The Director of Personnel may establish trainee rates of pay. Such trainee rates may be established on an hourly, per performance or bi-weekly basis and shall be less than the rate paid to a regular employee.

(l) The Director of Personnel, with the assistance of appointing authorities concerned, may establish rates and conditions under which compensation may be granted for periods of time during which an employee is away from the job site but restricted in his/her activities because of an assignment by the appointing authority to be available for a call to return to the work site to perform emergency duties. Pay rates and conditions established under the provisions of this Section 2(l) may include reasonable minimum pay guarantees for employees required to return to the work site to perform emergency duties. The provisions of this Section 2(l) shall not be

construed to restrict the right of an appointing authority to establish call back procedures for employees as an established condition of employment.

(m) The Director of Personnel may authorize payment of special recruitment incentives, travel, moving and related expenses to recruit employees for positions when funds for this purpose are appropriated.

(n) The Director of Personnel may approve the payment of hiring incentives to current employees to recruit qualified personnel for positions that are difficult to fill. Hiring incentives shall be in any amount up to twenty-five percent (25%) of the annual salary of the position for which the recruitment is made.

(o) (1) An appointing authority, with the prior approval of the Director of Personnel, may establish cash awards or other incentives for an employee or group of employees to recognize and reward increased productivity or effectiveness. The incentives offered may include cash, paid time off and such other reasonable incentives as the Director of Personnel may determine. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose.

(2) The Director of Personnel, upon the request of the appropriate appointing authority, may establish a program of cash awards or other incentives, not to exceed ten percent (10%) of annual salary, paid as an addition to pay, for the purpose of providing additional compensation for employees who are fluent in a foreign language and who use this skill in the necessary and regular recurring performance of the duties of their position. Cash awards shall be made from the personal services appropriation of the unit, the account from which the

employee's salary is paid or from a general appropriation for this purpose. Cash awards and incentives under this program shall be made in accordance with guidelines established by the Director of Personnel.

(3) Notwithstanding any other provision in this ordinance, the Director of Personnel is authorized to extend the maximum of the pay ranges by up to forty percent (40%) for the purpose of compensating positions which are extremely hard to fill.

(4) The Director of Personnel may provide an Employee Suggestion Program which grants cash and other awards to recognize employee suggestions which improve City services, operations or facilities. Cash awards to employees for suggestions resulting in tangible savings to the City shall not exceed ten percent (10%) of the annual tangible net savings. Cash awards and payments for other awards shall be made from an appropriation for a suggestion program or other appropriate account. Additionally, cash awards for suggestions shall be granted as an addition to pay, which does not change an employee's bi-weekly rate. The Employee Suggestion Program shall be administered in accordance with regulations established by the Director of Personnel. The Director of Personnel may establish an authority to evaluate suggestions and determine awards; the decisions of this authority shall be final.

(p) An employee who is appointed to a position requiring advanced technical skills or professional qualifications may be paid at a higher rate than prescribed for the class in Section 2 of this ordinance on recommendation of the appointing authority with the prior approval of the Director of Personnel. Such advancement shall be made solely on the basis that the employee possesses exceptional academic qualifications, registrations or certifications related to the duties

of the position and when such academic qualifications, registrations, or certifications are not deemed necessary qualifications for the class of position.

The Director of Personnel may also establish other incentive or reimbursement programs to encourage current employees to attain registration, licensure, certification, or proof of professional mastery when it is deemed to be in the best interest of the Classified Service, or when such credentials are clearly recognized as adding to the capability of individuals in that area. Incentives or reimbursements awarded under such programs do not result in an employee being ruled ineligible for incentives or salary increases permitted under other sections of this pay ordinance.

(q) In Skilled Trades classes, defined as those that have bona fide apprenticeship programs registered with the Department of Labor or documented attainment of equivalent apprenticeship programs, employees who have completed such apprenticeship programs and attained journeyman status shall be granted the special skills recruitment rate for the class if a special skills recruitment rate exists for the class. Employees in classes in the Trades Pay Schedule who have completed alternative training programs established and approved by the Director of Personnel, and attained journeyman status shall also be eligible for a salary at the special skills recruitment rate if such a rate exists for the class.

(r) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, expenses incurred by employees for the purchase of uniform apparel required in the performance of the duties of their positions, when funds have been budgeted therefore.

An appointing authority may exercise the option to furnish such uniform as may be required in the employee's performance of his/her duties.

The Director of Personnel may establish regulations relating to employees' eligibility for reimbursement for uniforms.

Further, when funds have been budgeted therefore, an appointing authority may authorize reimbursement to uniformed security or correctional employees of up to fifty dollars ($50) per incident for damage to personal property sustained while the employee was directly engaged in quelling a disturbance while performing assigned and/or authorized duties during a shift. Employees whose pay is established under Section 2(d) of the ordinance may be reimbursed for damages to personal property sustained while in the course and scope of employment in accordance with Police Division policies.

(s) An appointing authority that requires employees to provide and maintain their own tools shall provide a tool replacement program and/or annual maintenance allowance, with the prior approval of the Director of Personnel.

(t) (1) Contingency assignment differential may be paid for certain assignments when immediate position coverage is needed for any unexpected reason (*e.g.* death, forced leave, emergency illness, etc.) in a higher pay grade, and shall be granted at the onset of the assignment, not to extend more than one pay period. The Director of Personnel will determine the assignments for which Contingency Assignment Differential will be paid. The assignment of an employee to said assignment having a contingency assignment differential will be determined by the appointing authority from an existing eligible list and will not constitute a promotion or

advancement in pay. In addition, the removal of an employee from said assignment shall not constitute a demotion or reduction in pay. If an eligible list is not available, an appointing authority may submit to the Director of Personnel the name of the employee being considered for the assignment to determine if they meet the necessary minimum qualifications for the position being considered.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the contingency assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked or one percent (1%) of the employee's regular base bi-weekly rate for each shift assignment covered, not to exceed one (1) pay period.

(2) Temporary assignment differential will be paid for certain assignments when a vacancy exists for any reason (*e.g.* separations, terminal vacation, leave of absence, military leave, etc.) in a position with a higher pay grade, and shall be granted for at least one (1) pay period but not more than thirteen (13) pay periods, and offset by any days that the employee by reason of absence is not fulfilling the assignment. The Director of Personnel will determine the assignments for which the temporary assignment differential will be paid. The assignment or removal of an employee from said assignment having a temporary assignment differential will be determined by the appointing authority and will not constitute a promotion, demotion, advancement, or reduction in pay. The intended employee must meet the minimum qualifications for the position to be assigned. The temporary assignment differential shall be computed as an addition to pay and not affect the employee's regular bi-weekly rate.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the temporary assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked, not to exceed thirteen (13) pay periods. The Director of Personnel may require the establishment of a department policy on temporary assignment differential pay and must sign off on the policy prior to authorizing temporary assignment differential.

(u) City employees who are required by their appointing authority to routinely use their personal vehicle in the performance of their duties shall be compensated by receiving a vehicle maintenance and use allowance of two hundred ninety-seven dollars ($297.00) per month. Eligible employees who use their personal vehicle with reduced frequency shall be entitled to a vehicle maintenance and use allowance which is reduced in proportion to the reduced frequency of use, subject to the approval of the Director of Personnel.

(v) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, parking expenses incurred by employees, when funds have been budgeted therefore.

SECTION 3.

EDUCATION REIMBURSEMENT

An appointing authority may, with the prior approval of the Director of Personnel, authorize salary payments, payments of tuition expenses, fees, books and related material in whole or in part to employees to permit them to attend school, visit other governmental agencies

or in any approved manner to devote themselves to improvement of knowledge or skills required in the performance of the duties of their position.

The Department of Personnel may reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of their positions or in higher positions, when funds have been allocated in the Department's budget.

An appointing authority, with the approval of the Director of Personnel, may establish a program to reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of the duties of their positions or to improve their professional, technical or managerial knowledge or skill.

SECTION 4.

SALARY RANGE LIMITATIONS

No employee in the Classified Service shall be paid at a rate lower than the minimum or higher than the maximum of the salary range established for the class to which his/her position has been allocated, except as otherwise provided in this ordinance.

SECTION 5.

STARTING SALARY

(a) The rate of pay for an excepted position to be paid upon original appointment to the class shall be determined by the appointing authority for the excepted position.

(b) Except as otherwise provided in this ordinance, the minimum rate of pay for a position shall be paid upon original appointment to the class unless the Director of Personnel finds that it

is difficult to secure the services of persons with minimum qualifications or experienced qualified persons at the minimum rate.

The Director may establish a recruitment rate for a single position or all positions in a class and authorize employment at an amount above the minimum but within the regular range of salary established for the class. When a recruitment rate is established for an entire class, employees already in such class may have their salaries adjusted to appropriate rates in the new range resulting from the establishment of the recruitment rate.

(c) Employees with permanent status who are eligible for reemployment as determined by the rules of the Department of Personnel shall be reemployed at an appropriate rate within the salary range which takes into consideration the employee's prior service in the position, as determined by the Director of Personnel.

SECTION 6.

PROMOTION, DEMOTION, REALLOCATION,

TRANSFER AND TEMPORARY PROMOTION

An employee who is transferred, promoted, demoted, or whose position is reallocated after the effective date of this ordinance, shall have his/her rate of pay for the new position determined as follows:

(a) Promotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class with a higher pay grade or a higher starting minimum salary.

(1) When an employee is promoted to a position in the General, Management or Trades Pay Schedule, the employee's current bi-weekly rate of pay shall be set at a rate which is five percent (5%) higher than the rate received immediately prior to the promotion or adjusted to the nearest step in the new pay matrix which is not less than but is closest to a rate which is five percent (5%) higher than the rate received immediately prior to promotion. An appointing authority, with the prior approval of the Director of Personnel, may increase the pay of an employee up to twenty percent (20%), adjusted to the nearest step, when such action is needed to attract experienced, qualified candidates for a position. Such salary determinations shall take into consideration the nature and magnitude of the accretion of duties and responsibilities resulting from the promotion. However, no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(2) Temporary Promotion: When an employee, whose salary range is established in Section 2(a) or 2(b), is certified and temporarily promoted to a vacant position, for a limited duration, the employee's current salary shall be adjusted as provided in Paragraph (a)(1) of this Section. Upon expiration of the temporary promotion, the employee shall be returned to his/her former rate of pay, adjusted by any increases the employee would have received in the absence of the temporary promotion. In no case shall the employee's salary be above the maximum of the salary range, unless otherwise provided for in this ordinance.

Employees whose salary ranges are established in Section 2(c) or 2(d) of this ordinance, upon receipt of a temporary promotion, shall be granted the new rank with a salary adjustment

based on appropriate years of service in accordance with procedures established for a regular promotion. At the end of the temporary promotion, the employee shall be returned to the rank held immediately prior to the temporary promotion. The employee's rate of pay shall be based on the appropriate years of service.

(b) Demotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class which has a lower pay grade and a lower starting minimum salary.

(1) If an employee is demoted for disciplinary reasons in accordance with the rules of the Department of Personnel and Civil Service Commission and established disciplinary procedures, his/her rate of pay shall be established at a rate within the range for the new position which is at least five percent (5%) lower than the rate received immediately prior to the demotion or reduced to the nearest step which is at least five percent (5%) lower than the rate received immediately prior to the demotion, except no employee shall be reduced below the minimum of the range unless otherwise provided for in this ordinance. The amount of the reduction shall be determined by the appointing authority, with the approval of the Director of Personnel.

(2) If an employee accepts a voluntary demotion, his/her current rate of pay shall be reduced within the range for the new position which is five percent (5%) lower, to the closest downward step, than the rate received immediately prior to demotion, except that employees who are in a working test period and demote to their previous class of position or pay grade, will return to the rate or step received immediately prior to the promotion, plus any adjustments as otherwise provided in this ordinance. No employee shall be paid less than the minimum nor

more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(3) When an employee is demoted for reasons in the best interest of the City Service as determined by the Director of Personnel, his/her salary may be reduced by reason of the new salary range and grade with the prior approval of the Director of Personnel. If the salary of such employee is above the maximum for the new position, the employee's salary shall not be increased so long as he/she remains in the position, except as otherwise provided by this ordinance.

(c) Reallocation:

(1) If the employee's position is reallocated to a class in a lower pay grade, his/her salary shall remain unchanged or adjusted to the closest step provided the employee's rate of pay shall not be reduced.

(2) The salary of an employee whose position is allocated to a class in a higher pay grade shall be determined in accordance with the provisions of this Section 6(a)(1) relating to salary advancement on promotion.

(d) Transfer: The salary rate of an employee who transfers to a different position in the same class, or from a position in one class to a position in another class in the same pay grade, shall remain unchanged, provided that no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(e) Over Maximum: The salary of an employee, which is in excess of the maximum of the range prescribed by this ordinance for the class and grade to which his/her position has been allocated or may be reallocated, shall not be reduced by reason of the new salary range and grade. The salary of such employee shall not be increased so long as he/she remains in the class of position, except as otherwise provided by this ordinance.

SECTION 7.

SALARY ADJUSTMENT

Salary adjustments for all employees in competitive positions shall be based on considerations of merit, equity, or success in fulfilling predetermined goals and objectives as herein provided.

(a) Competitive positions for which salary is established in Section 2(a) - General and Management Schedule; or Section 2(b) - Trades Schedule:

(1) Any employee whose salary is established in Section 2(a) or 2(b) – General, Management, and Trades Pay Schedules, shall receive a service rating in accordance with the Service Rating Manual. The rating together with the standards of performance established in the rating manual shall determine eligibility for a one step within-range (merit) increase at intervals as outlined in the Service Rating Manual or other pay regulation(s) as determined by the Director of Personnel. Notwithstanding any other section of the compensation ordinance, all employees in the General, Management, and Trades pay schedules who would be eligible to receive an annual step increase as a result of a "Successful" or "Highly Successful" Overall Rating on their

regular Service Rating date will receive a 1.5% increase regardless of their current rate or place in the pay schedule.

(2) A non-exempt (Overtime Code 3 or 4) employee whose pay is established in Section 2(a) or 2(b) of this ordinance who receives an Overall Rating of “Unsuccessful” as defined by the Service Rating Manual, may have his/her salary reduced as determined by the standards established in the Service Rating Manual, but not less than the minimum of the pay grade range.

(b) As used in this ordinance, "anniversary date" means the date following fifty-two (52) weeks of continuous service from the date of original appointment or from the date of the last salary adjustment, if other than a temporary reduction in pay for disciplinary reasons, a demotion (not for disciplinary reasons) or an across-the-board ordinance increase, an increase resulting from an authorized incentive program, reallocation or an upgrade of the classification concurrent with adoption of the ordinance. Absence from service as a result of any authorized paid leave, suspensions, military leave, or family/medical leave will not interrupt continuous service. Absence from service for any other cause shall result in breaking continuity of service and establishment of a new anniversary date, except as otherwise provided in this ordinance. The Director of Personnel may authorize different anniversary dates for an employee or groups of employees.

(c) An appointing authority may evaluate the performance of an employee whose salary is established in Section 2(a) or 2(b) of this ordinance for the purpose of a salary adjustment only at intervals as described above except in the case of:

(1) Exceptional performance of duties:

With the prior approval of the Director of Personnel, the appointing authority in accordance with the Service Rating Manual, may advance the salary of an employee who demonstrates exceptional performance of duties after serving twenty-six (26) weeks of employment at the same rate in the salary range by not more than ten percent (10%) or to the closest step in the pay range which provides not more than a ten percent (10%) increase; this may be in addition to any merit increase received.

(2) Substandard performance of duties:

An appointing authority may reduce the salary of an employee whose level of performance is significantly diminished and no longer warrants payment at the current rate within the range as provided in the Service Rating Manual; providing the employee's salary is above the minimum of the range, established in Section 2(a) or 2(b) and allocated to Overtime Code 3 or Overtime Code 4.

The granting of any such increase or decrease in salary shall be made at the beginning of a payroll period, as determined by the Director of Personnel, following approval of such salary action.

(d) Competitive positions for which salary is established in Section 2(c) - Fire Division Schedule:

All employees in the Fire Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Probationary Fire Privates shall be advanced to the rate for Fire Privates at the beginning of the first bi-weekly pay period following one (1) year of service. Probationary Fire Equipment Dispatchers shall follow the same schedule.

(e) Competitive positions for which salary is established in Section 2(d) – Police Division Schedule:

All employees in the Police Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Police Probationary Officers who successfully complete their working test period shall be advanced to the rate for Police Officer at the beginning of the first bi-weekly pay period during which such officer's one (1) year anniversary as a Police Probationary Officer occurs, excluding his/her initial time in training at the Police Academy.

(f) Excepted Positions: The pay of an employee in an excepted position shall be adjusted to any rate within the pay range at the discretion of the appointing authority for the excepted position.

(g) The Director of Personnel may approve, at the request of an appointing authority, adjustments to correct or mitigate serious and demonstrable internal pay inequities. Salary adjustments under this provision shall preclude adjustments to compensate or reward employees for long-term or meritorious service.

(h) The pay of any employee may be decreased as a disciplinary action by an appointing authority to a lower rate. Any such decrease shall be made in accordance with the established disciplinary procedures. The decrease shall not be greater than fifteen percent (15%) of the

current salary rate. The decrease may be below the minimum of the pay range for the class. The appointing authority may determine the pay decrease shall be effective for a specific number of bi-weekly pay periods provided, however, that such decrease shall not be effective for more than thirteen (13) bi-weekly pay periods.

(i) An employee who is temporarily promoted shall be eligible for within range salary adjustments under provisions of this Section 7.

(j) The Director of Personnel may approve a within range salary adjustment or other incentives to retain employees in positions that are difficult to fill, or because of their unique requirements. Said adjustment may only be granted once during a twenty-six (26) week period.

SECTION 8.

INCOME SOURCES

Any salary paid to an employee in the Classified Service shall represent the total remuneration for the employee, excepting reimbursements for official travel and other payments specifically authorized by ordinance or pay regulation promulgated by the Director of Personnel. No employee shall receive remuneration from the City in addition to the salary authorized in this ordinance for services rendered by the employee in the discharge of the employee's ordinary duties, of additional duties which may be imposed upon the employee, or of duties which the employee may undertake or volunteer to perform.

Whenever an employee not on an approved paid leave works for a period less than the regularly established number of hours a day, days a week or days bi-weekly, the amount paid shall be proportionate to the hours in the employee's normal work week and the bi-weekly rate

for the employee's position. The payment of a separate salary for actual hours worked from two (2) or more departments, divisions or other units of the City for duties performed for each of such agencies is permissible if the total salary received from these agencies is not in excess of the maximum rate of pay for the class.

SECTION 9.

CONVERSION

(a) Pay schedules in Sections 2(a) or 2(b) in **Ordinance Number 71512** shall continue in effect until the start of the bi-weekly pay period of the effective date of this ordinance, and the rates to be paid to employees in positions of any classes for which a rate is established or changed in Section 2(a) or 2(b) of this ordinance shall become effective and be adjusted (if necessary) as follows:

The salary of each employee whose pay range is established in Section 2(a) or 2(b) of this ordinance whose class has been allocated to a higher pay grade in the appropriate pay schedule as determined by the Director of Personnel shall have their current salary increased to a rate, rounded to the nearest whole dollar, which is not less than but is closest to a rate which is five percent (5%) higher than the rate received immediately prior to promotion, but not less than the minimum of the pay range, whichever is the greater. If an employee's salary is between steps, the employee's salary shall be placed at the higher step.

(b) No employee shall be reduced in salary by reason of the adoption of the new pay schedules in this ordinance.

(c) The salary of an employee serving in a trainee position, which remains above the new trainee rate for his/her position, shall remain unchanged.

(d) The Director of Personnel may establish a special conversion procedure for a class or position in the event that the Director determines that a serious inequity would be created by the application of the conversion procedures established in this Section 9.

(e) All full-time employees whose salary is established in Section 2(a) or 2(b) – General and Management or Trades Pay Schedules whose bi-weekly rate is above step 30 shall have their bi-weekly rate increased by three percent (3%) effective beginning with the start of the bi-weekly pay period which includes the effective date of this ordinance.

(f) The Director of Personnel shall establish such procedures as needed to place this ordinance into effect and interpret its provisions.

SECTION 10.

PAYMENT OF SALARIES

All compensation for positions in the Classified Service shall be paid bi-weekly. The Director of Personnel and Comptroller shall establish the procedure for listing employees on the various payrolls. The payment due each employee for service, except as otherwise provided, shall be made not later than sixteen (16) days after the end of the bi-weekly pay period. In the event that an employee is dismissed or has been employed for occasional or emergency work, the Comptroller may immediately pay the employee upon termination of service without waiting for the regular bi-weekly pay date of the Department, Division, Section, Office, Agency, Board or Commission where the employee worked.

SECTION 11.

CHANGES TO CLASSIFICATION PLAN

Whenever the Department of Personnel finds it necessary to add a new class to the classification plan, the Director of Personnel shall allocate the class to an appropriate grade and schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the overtime code of an existing class within the classification plan, the Director of Personnel shall change the overtime code, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the pay schedule of an existing class within the classification plan, the Director of Personnel shall allocate the class to the appropriate schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

The pay grade allocated to a class of position within the classification plan shall remain unchanged for the duration of the existing compensation ordinance. Whenever the Department of Personnel considers it necessary to change the pay grade of an established class of position, such adjustment can only be made concurrent with the adoption of a new compensation ordinance. Recommendation for the allocation of a new pay grade shall be made by the Director of Personnel to the Civil Service Commission for final approval by the Board of Aldermen.

SECTION 12.

PAYROLL FORMS

The Director of Personnel shall prescribe forms on which appointing authorities shall certify to the fact that a vacancy exists in a lawfully created position and to the lawful appointment of a person to fill the position. The Director of Personnel shall indicate on these forms the proper allocation of the position and the rate at which payment is to be made. When approved by the Director of Personnel and submitted to the Comptroller, these forms shall constitute authorization for the initial placing of a person's name on the payroll. The Comptroller shall not authorize any change in the rate of pay of an individual on the payroll unless approved by the Department of Personnel. The Comptroller shall provide the Department of Personnel with a copy of each payroll audited and found correct within twenty-one (21) days after audit and approval of the payroll by the Comptroller's Office.

SECTION 13.

CERTIFICATION OF PAYROLL

The appointing authority shall certify on each payroll or a subsidiary document that each person whose name appears on the payroll has been lawfully appointed at a salary provided by this ordinance and that the employee has actually worked the time for which he/she will be paid, subject to the provisions of this ordinance governing hours of work and leaves of absence in the Classified Service.

SECTION 14.

MINIMUM WORK HOURS

Each appointing authority shall establish procedures to assure that the employees under his/her supervision are actively engaged in the performance of the duties of their positions in accordance with the provisions of this section.

Each appointing authority shall submit to the Department of Personnel the work schedule established for each position in the work unit. Work schedule reports shall be submitted upon request of the Director of Personnel or whenever the appointing authority proposes to change the permanent work schedule of a position. The work schedule submitted by the appointing authority shall constitute the normal work schedule for the position when approved by the Director of Personnel.

All employees in the Classified Service shall be in attendance at their work in accordance with schedules established under the provisions of this Section 14, subject to other provisions of this ordinance with respect to hours, holidays, vacation leave, medical leave, furloughs, sick leave, military leave, and leaves of absence with or without pay.

(a) Employees whose salaries are established in Section 2(a) or 2(b): Forty (40) hours shall constitute the average minimum required weekly hours of service in an employment cycle under regular full-time employment for all City employees paid on a bi-weekly basis occupying competitive positions in the Classified Service. The minimum daily and annual service required of such employees shall be in proportion to the average minimum weekly hours established.

Appointing authorities shall so arrange the time for reporting for work, for luncheon intermission, and for quitting work of the various employees under their jurisdiction so that the

employees will actually be engaged in active performance of their duties for not less than the average minimum number of hours required.

(b) Management Employees: Appointing authorities for employees occupying full-time positions whose salaries are established in Section 2(a) of this ordinance shall initiate procedures to see that such employees are engaged in the performance of their duties on a full-time basis. Full-time employment for any employee whose classification is denoted in the Management Schedule shall be defined as an average of forty (40) hours per week of time devoted to the duties of the position on an annual basis.

(c) Uniformed Fire Personnel: Fifty-two (52) hours shall constitute the average required weekly hours of service in an employment cycle under regular full-time employment for all employees in the Division of Fire and Fire Prevention, except that the appointing authority, with the approval of the Director of Personnel, may determine that the minimum work hours provision of Section 14(a) shall apply to employees in certain positions due to the nature of the assignment and/or scheduling requirements. The appointing authority shall so arrange the time for reporting for work and for quitting work of the various employees under the appointing authority's jurisdiction so that the employees will actually be engaged in the active performance of their duties for not less than the average number of hours required.

(d) The work period for employees whose pay is established in Section 2(d) of this ordinance is twenty-eight (28) days. The daily work period for an employee in the position of Police Probationary Officer and Police Officer is eight (8) hours which includes a thirty (30) minute meal period. The meal period is counted as working time; however, an officer unable to take a

meal break will not receive additional compensation. The daily work period for an employee in the position of Police Officer Trainee is eight (8) hours. Additionally, Police Officer Trainees shall receive a thirty (30) minute unpaid meal period that shall not be counted as part of their daily work period or work day.

SECTION 15.

OVERTIME

(a) The Department of Personnel shall determine those positions in the Classified Service of the City of St. Louis which are exempt from overtime compensation and those positions which are not exempt from overtime compensation. The overtime codes established for each class in Section 1(a) of this ordinance shall be interpreted as follows:

OVERTIME CODE (OVTM):

1 These classes are primarily managerial in nature, but may also include some professional or administrative classes that are ineligible for overtime pay under all but emergency conditions as described in Section 15(d) of this ordinance.

2 These are supervisory, professional, and administrative classes that are exempt from overtime compensation, but which the City compensates for overtime at the straight (1.0x) time rate.

3 These are non-exempt classes that receive overtime compensation at the one and one-half (1.5x) time rate.

4 These non-exempt classes work an average bi-weekly work schedule of 84 hours and, therefore, receive overtime compensation at the one and one-half (1.5x) time rate.

Appointing authorities are prohibited from changing employee work schedules to avoid the payment of overtime.

For purposes of determining overtime pay rates for non-exempt employees, the regular hourly rate of pay shall be used.

Any employee in a class which has been allocated to Overtime Code 4 (non-exempt) in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the one and one half (1.5x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle for all non-exempt (Code 4) positions in the work unit. Whenever a non-exempt (Code 4) employee works in excess of forty (40) hours in a work week, the employee will be paid at the one and one half time (1.5x) rate. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty-four (84) for full-time employment. The regular hourly rate of pay for a non-exempt (Code 4) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Any employee in a class which has been allocated to Overtime Code 3 (non-exempt) in this ordinance shall be compensated for overtime work in accordance with the provisions of this section. Each appointing authority shall designate and submit to the Director of Personnel the official work week and schedule or work cycle for all non-exempt positions in the work unit. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment.

Whenever an Overtime Code 3 employee whose pay matrix is in Section 2(a) or 2(b), works hours in excess of the maximum established for an official work week or work cycle, usually forty (40) hours in a work week such hours shall be paid at the one and-one-half time (1.5x) rate. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Overtime Code 3 employees whose pay matrix is in Section 2(c) of this ordinance who are working a nineteen (19) day work cycle are eligible to receive overtime after one hundred forty-four (144) hours are worked in a work cycle, except that the Fire Division shall pay overtime for emergency work at the end of a shift or emergency work required on a separate, non-scheduled day, even if the total number of hours worked in the work cycle is not in excess of one hundred forty-four (144) hours. These employees shall not receive additional compensation for regularly scheduled hours in excess of one hundred forty-four (144) hours if they do not actually work more than one hundred forty-four (144) hours in the work cycle; provided however, that in addition to the actual hours worked, jury leave, vacation leave, compensatory

time and "O" days shall count as hours worked for the purpose of determining eligibility for overtime compensation. Days scheduled off to reduce average work week to fifty-two (52) hours, compensatory time, vacation, "O" days, and holiday time shall be scheduled consistent with a reasonable vacation and holiday leave policy to avoid the necessity of actually working more than one hundred forty-four (144) hours during any work cycle.

Police Officer Trainees, Police Probationary Officers and Police Officers shall be paid overtime, defined as one and one-half time (1.5x) the employee's regular standard rate of pay, for all hours worked in excess of their eight (8) hour work day or any hours worked on a scheduled day off. Only hours actually worked shall count toward overtime pay.

Police Sergeants – whose salary is established in Section 2(d) of this ordinance shall be paid overtime, as defined as one and one-half time (1.5x) the employee's regular standard rate of pay, for all hours actually worked in excess of one hundred sixty (160) hours in a twenty-eight (28) day work period. In addition to hours physically worked, paid vacation, compensatory time, holidays, discretionary holidays, and sick-injured time shall count toward the 160-hour threshold during the 28-day period that must be met to earn overtime. These employees shall receive additional compensation for authorized overtime, court time, and court standby time whenever the total accumulated time exceeds forty (40) hours.

(b) Any employee in a class which has been allocated to Overtime Code 2 in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the straight (1.0x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle, which is usually forty (40) hours,

for all exempt (Code 2) positions in the work unit. Whenever a full-time employee in an exempt (Code 2) position is directed by management, with the approval of the appointing authority, to work hours in excess of the maximum established for an official work week or work cycle it shall be considered overtime. In addition to the actual hours worked, only paid vacation time, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation. Straight time (1.0x) overtime shall be compensated at the employee's regular hourly rate of pay, or by granting the eligible employee compensatory time off at the rate of one (1) hour for each hour of overtime worked. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment. The regular hourly rate of pay for an exempt (Code 2) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period.

(c) Part-time bi-weekly paid employees and employees paid on an hourly or per performance basis shall be compensated for overtime work in accordance with the overtime provisions of this section and with consideration for community practices in compensating similar employment.

(d) An appointing authority may compensate Overtime Code 1 employees at the straight-time (1.0x) rate, when both of the following conditions exist: 1) the Mayor of the City of St. Louis declares an emergency due to serious and protracted conditions which threaten continuous City Service, preservation of public peace, health, or safety, and 2) the appointing authority directs an employee or group of employees to work in excess of forty (40) hours per week. The

appointing authority shall maintain attendance records of the assignment(s) and submit such records at the request of the Director of Personnel.

(e) Employees who wish to use compensatory time earned in lieu of pay must make their request in writing at least twenty-four (24) hours in advance of the day or days requested. The appointing authority shall keep in mind the staffing needs of the department when granting time off, but in any case time off will not be unreasonably denied.

Pay shall be the regular method of compensation for recorded overtime hours of work for employees in classes with Overtime Code 3 and Overtime Code 4. However, an appointing authority shall compensate a non-exempt bi-weekly paid employee for overtime work by granting the employee compensatory time off in lieu of pay only if the employee requests compensatory time, in writing.

Employees engaged in public safety, emergency response or seasonal activity as defined by the Director of Personnel may have a maximum balance of two hundred forty (240) hours of compensatory time; except that Police Officer Trainees, Police Probationary Officers, Police Officers, and Police Sergeants shall only be allowed to accumulate up to forty (40) hours of compensatory time. All other employees are allowed a maximum balance of one hundred twenty (120) hours of compensatory time excluding compensatory time earned for working on a holiday. These maximum balances of compensatory time shall apply to employees working an average work week of forty (40) hours; the maximum balance of compensatory time for employees whose average work week is more or less than forty (40) hours shall be proportionate. No provision of this section establishing a maximum balance of compensatory time shall serve to

cancel any compensatory time due to an employee or to deny an employee payment for recorded compensatory time earned in accordance with the provisions of the compensation ordinance in effect at the time the compensatory time was earned.

Each appointing authority shall establish procedures to assure that non-exempt employees are promptly granted time off when such employees request to use their earned compensatory time. Appointing authorities may not deny non-exempt employees' requests for earned compensatory time off except when such approval would create an extreme business hardship. For employees occupying the position of Police Officer Trainee, Police Probationary Officer, and Police Officer compensatory time may be used at such times and in such blocks as are mutually agreed upon between the supervisor and the employee and it shall not be unreasonably denied by the supervisor if operating requirements will not be adversely affected. When an appointing authority determines that the work schedule of the organization will not permit the granting of such time off, the appointing authority shall pay the employee in that same pay period for all or a portion equivalent to the time requested of the employee's accrued compensatory time. This provision requiring the prompt granting of requested time off applies only to compensatory time that is earned as a result of the employee working overtime; it does not apply to compensatory time earned as a result of an incentive program or award program.

Compensatory time earned by exempt employees shall be granted at the discretion of the appointing authority and upon request of the employee.

(f) Before an employee is transferred, promoted or demoted from a position under one appointing authority to a position under another appointing authority or to another unit with a

different appropriation, all compensatory time shall be granted or paid. Upon termination all compensatory time shall be paid. Upon the death of an employee, the person or persons entitled by law to receive any compensation due to the employee shall be paid any amount due to the employee on the date of death.

(g) All departments shall keep daily attendance records of classified employees and shall submit periodic reports of: 1) unexcused absences and leaves; 2) overtime earned, granted, and paid; or 3) the non-occurrence of same to the Director of Personnel in the form and on the dates specified.

(2) Vacation time is accrued on a bi-weekly basis. No employee will be entitled to or allowed to take any vacation until ninety (90) days of continuous employment from the date of employment.

(g) All references in this ordinance, except as otherwise noted, to accrual rates, additions to, and accrual maximums for vacation are for employees working a scheduled work week of forty (40) hours. Vacation rates, additions and maximums shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. When an eligible employee's scheduled work week is changed, the employee's rate of accrual shall be changed proportionately. All references in this ordinance to cumulative service for vacation shall mean cumulative service without a break in service of more than one year, except as provided otherwise in this ordinance. No employee who works less than fifty percent (50%) time or who is serving in a limited-term position shall be eligible to accrue vacation.

(h) (1) The maximum vacation balance for those working an average work week of forty (40) hours shall be six hundred (600) hours, except by written request of an appointing authority and with prior approval of the Director of Personnel. (2) When an employee's full-time average work week is changed, the maximum vacation balance shall be changed proportionately. In addition, the employee shall have his/her current vacation balance adjusted so that the vacation shall maintain the same position relative to the new maximum balance as existed with the employee's previous maximum balance.

(3) Accrual of vacation shall cease when an employee accumulates the maximum vacation balance established for the assigned work schedule and shall not resume until the vacation balance is less than the maximum amount.

(i) Accrual of vacation shall begin and be credited upon the first bi-weekly pay period and each pay period thereafter, but employees must complete the entire pay period to accrue the vacation leave at the end of said pay period:

(1) of appointment;

(2) of return to duty from leave of absence;

(3) of restoration to employment of one-half (50%) time or more.

Vacation leave shall be granted in whole hour units. On termination of service, any fractional hour shall be made whole. The accrual of vacation leave shall cease at the employee’s last day at work.

(j) Appointing authorities shall be responsible for establishing all vacation leave schedules but may not discipline employees by imposing unusual vacation schedules. Vacation shall be granted to the employee as provided by this ordinance in one of the following ways:

(1) When the employee requests vacation leave in accordance with departmental policies;

(2) When directed to take paid time off by the appointing authority;

(3) When an employee is terminated or resigns from the Classified Service;

(4) When an employee whose salary is established in Sections 2(a), 2(b), 2(c) or 2(d) reaches the established maximum accrual and would cease accruing vacation and notifies the appointing authority in writing of his/her intention to schedule vacation. Such notice shall be at least seven (7) days prior to the first work day the employee intends to take off. If the appointing authority fails to establish a different vacation schedule, the employee may take the paid leave, which was proposed in writing.

(5) With the approval of the appointing authority, an employee may request and receive payment from the appointing authority for forty (40) hours of vacation accrual in lieu of scheduling paid leave provided that the full vacation allowance for that year is not exceeded. This may be done a maximum of once in each calendar year. Management employees may request payment from the appointing authority for up to an additional forty (40) hours of their vacation accrual balances in lieu of scheduling paid leave if their schedules do not permit them to be absent from work. Employees whose pay is established in Section 2(c) of this ordinance may

request payment for up to ninety-six (96) hours of vacation. These requests are subject to the prior approval of the Director of Personnel.

(k) During the first twelve (12) months of employment, unless stated otherwise in this ordinance, accrued vacation may be granted to an employee provided that the employee has completed six (6) months of continuous service. When employment is terminated before completing twelve (12) months of continuous service, any previously granted vacation leave shall be deducted from the employee's final pay. When the service of an employee is terminated after twelve (12) months of continuous service, any accumulated vacation that is due the employee shall be paid.

(l) Employees who separate from the Classified Service, who are certified from a reemployment list, and who return to the Classified Service within twenty-four (24) months of the separation, will be given credit for prior continuous service in determining the vacation accrual rate in accordance with Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the date of the employee’s original appointment.

(m) Employees who move to the Classified Service from the Unclassified Service shall be given credit for the years of service in the Unclassified Service in determining the vacation accrual rate in accordance with Section 17(a) or 17(b) of this ordinance and based on the date of the employee’s original appointment.

(n) Employees who return to work from a "reemployment from layoff" eligible list shall be eligible to use vacation as soon as it is accrued, unless stated otherwise in this ordinance, provided the employee has completed six (6) months of continuous service prior to the layoff

and with approval of the appointing authority. An employee who has completed less than six (6) months of continuous service will be required to complete the remaining portion of the six (6) months period before being eligible to use vacation.

Any such reemployed worker shall be given credit for prior continuous service in determining the employee's vacation accrual rate in accordance with the schedule established in Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the employee's original appointment. A Commissioned Officer who retires and is rehired as a civilian employee will be considered a new employee for vacation purposes.

(o) Appointing authorities shall be responsible for the management of their vacation schedules so as to most effectively administer their organizations and fulfill the desire of employees in the establishment of leave schedules.

(p) Accrued vacation shall be carried with an employee when transferred, promoted, or demoted from a position under one appointing authority to a position under another appointing authority without a break in service or change in method of pay. Upon the death of an employee, the person or persons entitled by law to receive any compensation due the employee shall be paid the amount due the employee for accrued vacation.

(q) With the approval of the appointing authority, a retiring employee may be paid on the payroll for accrued vacation in the month prior to retirement without inclusion in the employee's final average compensation. An appointing authority may pay previously accrued vacation off in a lump sum to an employee whose service with the City has terminated. Such payment shall be made on the employee's last regular paycheck.

(r) Employees occupying excepted positions in the Classified Service shall be granted vacation at the discretion of their appointing authority. An employee whose term in an excepted position ends and who is then appointed to a permanent competitive position working fifty percent (50%) time or more shall become eligible to accrue vacation leave with pay upon appointment to the competitive position. Length of cumulative service for the purpose of determining rate of vacation leave accrual shall be based on the employee's original date of appointment to the excepted position, providing there was no break in service between expiration of the excepted position and appointment to the permanent competitive position. The date of appointment to the permanent competitive position shall be used to determine the appropriate rate of vacation accrual for the corresponding length of cumulative service in accordance with the schedule established in Section 17(b).

(s) Appointing authorities shall report leave with pay for vacation and such other authorized absences as the Director of Personnel shall designate to the Department of Personnel in such form and at such time as the Director of Personnel may require.

(1) All employees, unless otherwise stated in this ordinance, shall accrue three (3) hours of medical leave for each bi-weekly pay period of employment but must complete the entire pay period to accrue the medical leave at the end of said pay period. This accrual rate is established for employees working an average work week of forty (40) hours. Medical leave shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. Upon the expiration of military leave of absence, the employee shall be reinstated to the class of position he/she occupied at the time the leave was granted without breaking continuity of service. Failure of an employee to report for duty within the time pursuant to state or federal law shall be just cause for dismissal. The employee's accumulated leave balance(s) shall be restored to the employee upon his/her return.

Full-time, permanent employees paid a bi-weekly rate of pay who are called to active duty as a member of the National Guard or any reserve component of the Armed Forces of the United States and who are placed on a military leave of absence will be granted compensation in the amount to offset the difference between the employee's gross bi-weekly pay with the City and his/her total military pay plus allowances if such military pay and allowances is less than the employee's regular gross bi-weekly rate of pay and subject to submission of documentation as required by the Director of Personnel.

SECTION 21.

LEAVES OF ABSENCE AND FAMILY/MEDICAL LEAVE

An employee may request a leave of absence, or an appointing authority may request a leave of absence for an employee, for any reason under the City's general leave policy, or a "Family/Medical Leave of Absence" for certain qualifying reasons under provisions of "The

Family and Medical Leave Act of 1993" as provided in this ordinance and under additional provisions and regulations as determined by the Director of Personnel.

(a) An appointing authority, with the approval of the Director of Personnel, may grant an employee in a competitive position a general leave of absence without pay for a period of one (1) year, which may be extended, with the prior approval of the Director of Personnel.

Upon the expiration of such leave of absence, the employee shall be reinstated to the competitive position he/she occupied at the time the leave was granted provided the position is still in existence and he/she is able to perform the duties of the position. The employee shall be reinstated to the competitive position at the same relative rate in the salary range the employee occupied at the time the leave was initiated. Failure of an employee to report for duty promptly at the expiration of the leave shall be just cause for dismissal. If necessary to the efficient conduct of the business of the City, an employee on leave other than military leave or qualifying family/medical leave may be notified by the appointing authority, with the approval of the Director of Personnel, to return prior to the expiration of such leave. Failure of the employee to return within ten (10) calendar days after receipt of such notice shall terminate his/her leave of absence and be just cause for dismissal, subject to any applicable federal, state or local regulations.

(b) The City of St. Louis will follow all applicable state and federal laws on the granting of family/medical leave. The City of St. Louis will provide up to six (6) weeks of paid family/medical leave, in accordance with the City's "Family/Medical Leave Policy."

The Director of Personnel shall establish additional rules, guidelines and procedures for the effective administration of the City's "Family/Medical Leave Policy." The policy shall comply with all provisions of the "Family/Medical Leave Act of 1993" and any amendments thereafter.

Employees must take all of their accrued time (sick leave, medical leave, vacation leave) prior to being placed on leave without pay status for approved Family and Medical Leave, except employees can keep one (1) week of vacation hours (if they have accrued one (1) week of vacation and are eligible to take them). Employees will be allowed to use all their compensatory time, if requested by employee.

(c) Any employee in a competitive position who is appointed to an excepted position in the Classified Service shall be granted an in-service leave without pay from the competitive position during the term to which he/she is appointed to the excepted position. Such leave shall be for the term of the appointment to the excepted position and until his/her successor qualifies. Upon the expiration of the appointment to the excepted position, the employee shall be reinstated to the competitive position he/she occupied immediately prior to the in-service leave. The employee shall be reinstated to the competitive position as under a temporary promotion pursuant to Section 6(a)(2) of this ordinance. Employees who are returned to a competitive position shall retain any vacation, compensatory time, sick leave, or medical leave balance in effect at the time of granting of the leave of absence for appointment to the excepted position. Employees shall be given credit for time spent in an excepted appointment in computing eligibility for additional vacation leave accrual.

(d) In the event that emergency conditions occur which require the closing of City-operated facilities, or the temporary cessation of functions carried out by classified employees, the Mayor of the City of St. Louis may declare an emergency and require an employee or group of employees to take leaves of absence with or without pay while such emergency conditions exist. In the event that the Mayor requires that the leave of absence be without pay, an employee with vacation or accrued compensatory time may elect to take the accrued time off with pay in lieu of all or a part of such non-paid leave of absence. Such non-paid leave of absence shall not interrupt continuity of service for vacation accrual. An emergency leave of absence declared by the Mayor shall not exceed ninety (90) days.

(e) Employees who are granted general leaves of absence and other non-paid leaves of absence, except military leave, must take all accrued vacation at the start of the leave of absence except as otherwise provided in this ordinance. Employees who are granted or placed on a non-paid leave of absence will not accrue vacation, sick leave, and medical leave during the period of non-paid leave. Upon the expiration of such leaves of absence, the employee shall follow the procedures as established in this Section 21 and any other applicable regulations and procedures as established by the Director of Personnel.

(f) An appointing authority, with the prior approval of the Director of Personnel, may put an employee on a forced leave of absence with or without pay pending the outcome of an investigation or of a pending disciplinary action against the employee. Employees being placed on forced leave may elect to be placed on either vacation leave or compensatory time.

(g) In the event that a fiscal crisis occurs in the City of St. Louis, employees may request voluntary furloughs. The Director of Personnel may issue regulations to govern the furlough program.

SECTION 22.

INSURANCE BENEFITS

The City of St. Louis is hereby authorized to devise and establish by contract or otherwise plans for life, health, medical, disability, and other insurance coverage deemed necessary for employees in the Classified Service and other employees for the City and their dependents. The Director of Personnel shall develop and administer programs to provide for such coverage. The Director of Personnel shall confer with the Board of Estimate and Apportionment by February 1st of each year regarding coverage plans and the appropriate funding level. The Director shall then be charged with the responsibility of establishing the applicable funding level and remittance rates for the aforementioned plans and certify same to the Comptroller and Budget Director by March 1st of each year. The Director of Personnel may amend said rates as needed.

SECTION 23.

DEATH BENEFIT

In the event any employee of the City whose pay is established by this ordinance dies as a result of injuries arising out of and in the course of his/her employment by the City, the City shall pay compensation in accordance with the Missouri Workers' Compensation Law. The Director of Personnel and the City Counselor shall establish procedures for making the payments

required by the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made. Such compensation shall be in addition to any life insurance benefits paid for by the City or by the employee which is available to the employee's beneficiaries and also in addition to any benefit provided by the Employees Retirement System of the City of St. Louis, the Firemen's Retirement System of the City of St. Louis, or the Firefighters Retirement Plan.

SECTION 24.

WORKERS' COMPENSATION AND DISABILITY LEAVE

(a) Any employee in the Classified Service whose class title and grade are established in Section 1(a) and denoted by the suffix "G," "M," "T" or "E" of this ordinance, including employees who are compensated on a per performance or unit of work basis, who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where an employee's duties are being performed or where an employee's presence is required as part of his/her employment, shall promptly report such injury by accident or occupational disease to his/her immediate supervisor. The supervisor shall in turn report, through the appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. The appointing authority shall promptly provide such written information and recommendations as may be requested by the City Counselor to aid in making the determination of the period of disability.

The employee who suffers a personal injury as described in part (a) of this section, and which results in temporary disability, may elect to use sick or medical leave for the first three (3)

days of temporary disability. Thereafter, the employee will be compensated at the rate mandated by the Missouri Workers' Compensation Law. If the period of disability extends fourteen (14) calendar days or more, the three (3) days of sick or medical leave used during the first three (3) days of disability will be restored to the employee's sick or medical leave balance. The City Counselor shall determine the actual amount of compensation and length of time during which payments are made for such temporary disability in accordance with the Missouri Workers' Compensation Law.

(b) (1) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease while engaged in actual fire suppression, or related emergency response activities on or about the premises where these activities are being performed, or during transportation to and from the scene of the fire, or emergency, shall promptly report such injury to his/her immediate supervisor. The injury shall be promptly reported through appropriate management personnel to the Director of Personnel and the City Counselor. During the period of temporary disability which has been determined by the City Counselor to be a result of an injury by accident or occupational disease as defined above, the employee may be continued on the payroll at the regular bi-weekly rate less any amount the employee would otherwise pay in taxes on that portion of the benefit found to be exempt from taxation under the Missouri Workers' Compensation Law, or the federal tax code. Disability leave may also be granted when an employee suffers injury as a result of participation in Training Simulation of an exceptional and highly dangerous nature wherein the appointing

authority or the Director of the Department of Public Safety has gained the approval of the Director of Personnel prior to such Training Simulation.

(2) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where his/her duties are being performed, except as otherwise provided in Section 25(b)(1) above shall likewise, promptly report such injury to his/her immediate supervisor, who shall report, through his/her appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. During any such period of temporary disability, the employee shall be entitled to workers' compensation benefits as prescribed by State Law.

(3) Employees in the competitive service whose pay is established in Section 2(d) of this ordinance who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies. Employees in the competitive service whose pay is established in Section 2(a) or 2(b) of this ordinance and who were employed by the Board of Police Commissioners and who remain employed by the Police Division who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies.

(c) The City Counselor, the Director of Personnel, or the appointing authority may require an employee to undergo a physical examination and medical or surgical treatment at the expense of the City to diagnose and treat injuries or illnesses arising out of employment.

(d) The City Counselor and the Comptroller shall establish procedures for paying compensation to employees or former employees who are permanently disabled and due compensation under the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made.

(e) The City Counselor and the Director of Personnel shall be responsible for the administration of the provisions of this Section and shall establish and publish procedural regulations for the administration of the program. Each appointing authority shall establish procedures to comply with the provisions of this section and established regulations.

SECTION 25.

JURY AND WITNESS LEAVE

(a) Jury leave with pay shall be granted to bi-weekly rate employees working fifty percent (50%) time or more for such time when such employees are serving as jurors pursuant to order of the St. Louis Circuit Court or United States District Court in St. Louis. Any bi-weekly rate employee, when so summoned for jury service, shall report such fact within seventy-two (72) hours to his/her appointing authority and display to the appointing authority the summons which the employee has received and shall give the appointing authority in writing the date and the time of such jury service. No bi-weekly rate employee shall receive any compensation from the Jury Commissioner or the United States District Court system for jury service for days the employee

receives compensation from the City. A bi-weekly rate employee may keep the jury stipend for days when the employee receives no compensation from the City (off days, docks, leaves, etc.). Upon being discharged from serving as a juror by the Court or Jury Commissioner, the employee shall forthwith report to his/her appointing authority if discharged during their normally scheduled work hours and shall submit to his/her appointing authority a written statement from the Jury Commissioner certifying that the employee has served as a juror and the time and date so served. The appointing authority shall, upon receipt of the statement of jury service, credit the employee with paid jury leave for such service.

(b) Leave with pay shall be granted to bi-weekly rate employees for such time when the employee's presence is required by the prosecutor in a criminal proceeding or grand jury procedure, a trial in prosecuting accused criminals (or for jury service in Federal Court). Any bi-weekly rate employee, when so subpoenaed as a prosecution witness or whose presence is required as a part of a grand jury inquiry, shall report such fact within seventy-two (72) hours to his/her appointing authority and shall give the appointing authority in writing the date and time his/her presence is required for such criminal prosecution. Each appointing authority shall establish controls to assure that any paid leave is actually required by the prosecuting authority. An appointing authority may require an employee to furnish satisfactory evidence of being required to be off the job and that all time off was in connection with the prosecution of the case. This procedure shall apply for employee participation in criminal prosecution in State or Federal Courts.

SECTION 26.

DEFERRED COMPENSATION

(a) Authority is hereby granted for the establishment of a deferred compensation plan for the City of St. Louis.

(b) In accordance with the regulations applicable to the plan, as set out herein, the Comptroller is authorized to enter into an agreement with eligible participants, whereby said participants may designate a portion of their future earnings to be deducted by the City and placed in a fund to be designated "City of St. Louis Deferred Compensation Plan Fund" for the purpose of providing tax deferred benefits to the participants upon retirement.

(c) The Board of Estimate and Apportionment is hereby authorized to establish or select a specific plan or plans in accordance with the requirements set out in this ordinance. In establishing the plan, the Board of Estimate and Apportionment may elect to retain outside parties to provide administrative and/or investment services after following competitive bidding procedures. The Board of Estimate and Apportionment is authorized, after analyzing the various competitive bids submitted in accordance with the requirements of this ordinance, to select the plan or plans it determines to meet the requirements established as a part of the competitive bidding procedures and to be in the best interest of the participants. No investment plan shall be considered unless offered by a duly licensed resident agent representing a company duly licensed and authorized by the State of Missouri and other applicable federal regulatory agencies to offer such insurance or investment programs.

In the event Federal or State legislation is changed in a manner affecting and/or relating to any of the aforementioned Deferred Compensation provisions contained in this Section, the

Board of Estimate and Apportionment of the City of St. Louis may amend the deferred compensation plan accordingly and may execute any and all documents necessary to achieve and effectuate the recommended changes.

SECTION 27.

(b) If a member has less than two (2) consecutive years of creditable service his/her final average compensation shall be equal to the sum of (1) and (2) below, divided by (3) below and then multiplied by (4) below:

(1) The sum of monthly compensation received by the member for each consecutive month of creditable service immediately preceding the termination of his/her employment;

(2) The balance of a member's sick leave pay on the date of retirement *less* sick leave hours paid to the member upon termination of his/her employment and *less* sick leave hours considered as creditable service for the purpose of determining eligibility for retirement benefits, except that said balance cannot exceed twenty-five percent (25%) of a member's total sick leave on the date of retirement.

(3) The number of consecutive months of creditable service immediately preceding the termination of his/her employment, and

(4) Twelve (12).

A member's accrued sick leave balance less the sum of (a), (b) and (c) below shall be considered as additional creditable service for calculation of retirement benefits under any provision of this Ordinance 66511, as amended:

(a) Sick leave hours considered as creditable service for the purpose of determining eligibility for retirement benefits, and

(b) Sick leave hours paid to the member upon termination of his/her employment, and

(c) Sick leave hours used in determining final average compensation.

SECTION 28.

SEVERABILITY

The sections of this ordinance shall be severable. In the event that any section of this ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this ordinance are valid, unless the court finds the valid sections of the ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that the Board of Aldermen would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

GRADE	BI-WEEKLY RATE
1E	$3596
2E	$4444
3E	$5222

(f) SHIFT DIFFERENTIAL: Shift differential shall be paid for certain work assignments. The Director of Personnel shall determine the work assignments for which shift differential will be paid. The assignment or removal of an employee from a work assignment having a shift differential shall be determined by the appointing authority and will not constitute a promotion, demotion, advancement or reduction in pay. The shift differential shall be added to the employee's regular bi-weekly rate.

(1) In order for an employee in Section 2(a) or 2(b) to be eligible for shift differential compensation, the employee must work a shift that requires the completion of four (4) hours of

work between the hours of 4:00 p.m. and 8:00 a.m. the following morning. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive shift differential if they are regularly scheduled to work at least four (4) hours between 4:00 p.m. and 8:00 a.m. the following morning. Employees shall be entitled to receive shift differential compensation for no more than one shift worked between the hours of 4:00 p.m. and 8:00 a.m. Employees who are assigned to work schedules that require them to rotate among three shifts (day, evening, night) on a bi-monthly or more frequent basis shall be eligible for shift differential compensation for all three shifts worked.

For employees whose pay range is established in Section 2(a) or 2(b) the shift differential premium shall be one percent (1 percent) of the employee's regular base bi-weekly rate for each eligible shift worked in a bi-weekly pay period.

An employee whose pay range is established in Section 2(a) or 2(b) shall receive shift differential for working a portion of an eligible shift, provided the portion of the shift not worked is charged to paid leave. Shift differential shall only be paid for whole hours worked; a fraction of an hour shall not be counted toward the payment of the differential.

(2) For those employees whose pay range is established in Section 2(c), the shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift. Employees must work at least 12 hours of a regularly assigned 24-hour shift to be eligible for any shift differential for the shift. Such employees shall not receive shift differential for overtime worked, which is not part of their regular schedule. This provision

will not go into effect until shift differential is agreed upon by the Director of Personnel and the Union (Local 73) in writing.

Except shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift to be paid to Overtime Code 3 Fire Equipment Dispatcher classifications whose pay range is established in Section 2(c).

(3) For Police Officer Trainees and employees whose pay grade is denoted with the suffix D, the night shift differential shall be ten percent (10 percent) of the hourly rate for all full hours worked between the hours of 11 p.m. and 7 a.m. and all eight (8) hour shifts beginning between 10:30 p.m. and 11:30 p.m.

(4) Except as otherwise provided in this ordinance, shift differential shall not be paid to employees compensated on an hourly or per performance basis, or bi-weekly paid employees who work part-time. Neither shall shift differential be paid to full-time regular employees docked for any portion of an eligible shift.

(g) WEEKEND DIFFERENTIAL: When employees whose pay range is established in Section 2(a) or 2(b) work on a Saturday and/or a Sunday they shall be eligible for weekend differential. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive weekend differential when it is part of their regularly scheduled work hours. This differential shall be one percent (1 percent) of an employee's base bi-weekly rate. An employee shall receive weekend differential for working any portion of an eligible day. This differential shall only be paid for full hours worked. Weekend differential shall not be paid to employees compensated on an hourly or per performance basis or bi-weekly paid employees who work part-time. Neither will

the weekend differential be paid to full-time regular employees docked for any portion of a day on which the differential would otherwise be paid.

(h) COMMUTING ALLOWANCE: Employees residing within the corporate limits of the City of St. Louis who are regularly assigned to a position located in a City institution, agency, or facility located outside the corporate limits of the City of St. Louis, and who are regularly assigned to a five-day, forty-hour weekly work schedule, shall be entitled to a commuting allowance in the amount of one hundred forty-one dollars ($141.00) bi-weekly on the effective date of this ordinance. Eligible full-time employees who are assigned to an alternate form of work schedule which reduces the frequency of commuting to work shall be entitled to a commuting allowance which is reduced in proportion to the reduced frequency of commuting. City employees who are temporarily assigned duty to a facility located outside the corporate limits of the City of St. Louis shall be entitled to a per diem rate for the duration of the assignment. No employee living outside of the corporate limits of the City of St. Louis shall receive a commuting allowance.

A period of absence of ten (10) working days or more shall result in suspension of eligibility for the commuting allowance. Suspension of the commuting allowance shall begin during the pay period in which the tenth (10th) day of absence occurs and shall continue for any subsequent full or partial pay periods during the period of absence. Upon return to duty from such absence, an employee shall immediately be eligible to resume receiving commuting allowance, reduced in proportion to the time the employee did not work due to absence.

Employees for whom any form of free transportation (car, truck, bus, etc.) is provided by the City from a place within the corporate limits of the City of St. Louis to the work site and back shall not be entitled to the commuting allowance.

(j) The Director of Personnel may establish per performance rates of pay, hourly rates of pay, or rates of pay for units of work and the conditions for making of any such payments. Such per performance, hourly, or unit-of-work rates may be computed from the bi-weekly scales established in this ordinance. Per performance, hourly, or unit-of-work rates shall be established considering the nature of employment, community practices in compensating similar employment, and the purpose of the program for which the rate is established. Employees paid per performance, hourly, or unit-of-work rates of pay shall not be entitled to vacation, medical leave or holiday leave with pay or other benefits accorded employees paid a bi-weekly rate except that an appointing authority, with the prior approval of the Director of Personnel, and when sufficient funds have been appropriated for the fiscal year, may establish a modified level or type of benefit program when the provision of such benefit is needed in order to attract and retain sufficiently qualified employees to work in specific per performance, hourly, or unit-of-work assignments.

Appointing authorities are not permitted to utilize per performance and hourly employees as a method of replacing bi-weekly rate employees who would be entitled to employee benefits.

(k) The Director of Personnel may establish trainee rates of pay. Such trainee rates may be established on an hourly, per performance or bi-weekly basis and shall be less than the rate paid to a regular employee.

(l) The Director of Personnel, with the assistance of appointing authorities concerned, may establish rates and conditions under which compensation may be granted for periods of time during which an employee is away from the job site but restricted in his/her activities because of an assignment by the appointing authority to be available for a call to return to the work site to perform emergency duties. Pay rates and conditions established under the provisions of this Section 2(l) may include reasonable minimum pay guarantees for employees required to return to the work site to perform emergency duties. The provisions of this Section 2(l) shall not be construed to restrict the right of an appointing authority to establish call back procedures for employees as an established condition of employment.

(m) The Director of Personnel may authorize payment of special recruitment bonuses, travel, moving and related expenses to recruit employees for positions when funds for this purpose are appropriated.

(n) The Director of Personnel may approve the payment of hiring incentives to current employees to recruit qualified personnel for positions that are difficult to fill. Hiring incentives shall be in any amount up to twenty-five percent (25 percent) of the annual salary of the position for which the recruitment is made.

(o) (1) An appointing authority, with the prior approval of the Director of Personnel, may establish cash awards or other incentives for an employee or group of employees to recognize and reward increased productivity or effectiveness. The incentives offered may include cash, paid time off and such other reasonable incentives as the Director of Personnel may determine. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose.

(2) The Director of Personnel, upon the request of the appropriate appointing authority, may establish a program of cash awards or other incentives, not to exceed ten percent (10 percent) of annual salary, paid as an addition to pay, for the purpose of providing additional compensation for employees who are fluent in a foreign language and who use this skill in the necessary and regular recurring performance of the duties of their position. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose. Cash awards and incentives under this program shall be made in accordance with guidelines established by the Director of Personnel.

(3) Notwithstanding any other provision in this ordinance, the Director of Personnel is authorized to extend the maximum of the pay ranges by up to forty percent (40 percent) for the purpose of compensating positions which are extremely hard to fill.

(4) The Director of Personnel may provide an Employee Suggestion Program which grants cash and other awards to recognize employee suggestions which improve City services, operations or facilities. Cash awards to employees for suggestions resulting in tangible savings to the City shall not exceed ten percent (10 percent) of the annual tangible net savings. Cash awards

and payments for other awards shall be made from an appropriation for a suggestion program or other appropriate account. Additionally, cash awards for suggestions shall be granted as an addition to pay, which does not change an employee's bi-weekly rate. The Employee Suggestion Program shall be administered in accordance with regulations established by the Director of Personnel. The Director of Personnel may establish an authority to evaluate suggestions and determine awards; the decisions of this authority shall be final.

(p) An employee who is appointed to a position requiring advanced technical skills or professional qualifications may be paid at a higher rate than prescribed for the class in Section 2 of this ordinance on recommendation of the appointing authority with the prior approval of the Director of Personnel. Such advancement shall be made solely on the basis that the employee possesses exceptional academic qualifications, registrations or certifications related to the duties of the position and when such academic qualifications, registrations, or certifications are not deemed necessary qualifications for the class of position.

The Director of Personnel may also establish other bonus, incentive or reimbursement programs to encourage current employees to attain registration, licensure, certification, or proof of professional mastery when it is deemed to be in the best interest of the Classified Service, or when such credentials are clearly recognized as adding to the capability of individuals in that area. Incentives, bonuses, or reimbursements awarded under such programs do not result in an employee being ruled ineligible for bonuses or salary increases permitted under other sections of this pay ordinance.

(q) In Skilled Trades classes, defined as those that have bona fide apprenticeship programs registered with the Department of Labor or documented attainment of equivalent apprenticeship programs, employees who have completed such apprenticeship programs and attained journeyman status shall be granted the special skills recruitment rate for the class if a special skills recruitment rate exists for the class. Employees in classes in the Trades Pay Schedule who have completed alternative training programs established and approved by the Director of Personnel, and attained journeyman status shall also be eligible for a salary at the special skills recruitment rate if such a rate exists for the class.

(r) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, expenses incurred by employees for the purchase of uniform apparel required in the performance of the duties of their positions, when funds have been budgeted therefore.

An appointing authority may exercise the option to furnish such uniform as may be required in the employee's performance of his/her duties.

The Director of Personnel may establish regulations relating to employees' eligibility for reimbursement for uniforms.

Further, when funds have been budgeted therefore, an appointing authority may authorize reimbursement to uniformed security or correctional employees of up to fifty dollars ($50) per incident for damage to personal property sustained while the employee was directly engaged in quelling a disturbance while performing assigned and/or authorized duties during a shift. Employees whose pay is established under Section 2(d) of the ordinance may be reimbursed for

damages to personal property sustained while in the course and scope of employment in accordance with Police Division policies.

(s) An appointing authority that requires employees to provide and maintain their own tools shall provide a tool replacement program and/or annual maintenance allowance, with the prior approval of the Director of Personnel.

(t) (1) Contingency assignment differential may be paid for certain assignments when immediate position coverage is needed for any unexpected reason (*e.g.* death, forced leave, emergency illness, etc.) in a higher pay grade, and shall be granted at the onset of the assignment, not to extend more than one pay period. The Director of Personnel will determine the assignments for which Contingency Assignment Differential will be paid. The assignment of an employee to said assignment having a contingency assignment differential will be determined by the appointing authority from an existing eligible list and will not constitute a promotion or advancement in pay. In addition, the removal of an employee from said assignment shall not constitute a demotion or reduction in pay. If an eligible list is not available, an appointing authority may submit to the Director of Personnel the name of the employee being considered for the assignment to determine if they meet the necessary minimum qualifications for the position being considered.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the contingency assignment differential will be ten percent (10 percent) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked or one percent (1 percent) of the employee's regular base bi-weekly rate for each shift assignment covered, not to exceed one (1) pay period.

(2) Temporary assignment differential will be paid for certain assignments when a vacancy exists for any reason (*e.g.* separations, terminal vacation, leave of absence, military leave, etc.) in a position with a higher pay grade, and shall be granted for at least one (1) pay period but not more than thirteen (13) pay periods, and offset by any days that the employee by reason of absence is not fulfilling the assignment. The Director of Personnel will determine the assignments for which the temporary assignment differential will be paid. The assignment or removal of an employee from said assignment having a temporary assignment differential will be determined by the appointing authority and will not constitute a promotion, demotion, advancement, or reduction in pay. The intended employee must meet the minimum qualifications for the position to be assigned. The temporary assignment differential shall be computed as an addition to pay and not affect the employee's regular bi-weekly rate.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the temporary assignment differential will be ten percent (10 percent) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked, not to exceed thirteen (13) pay periods. The Director of Personnel may require the establishment of a department policy on temporary assignment differential pay and must sign off on the policy prior to authorizing temporary assignment differential.

(u) City employees who are required by their appointing authority to routinely use their personal vehicle in the performance of their duties shall be compensated by receiving a vehicle maintenance and use allowance of two-hundred seventy dollars ($270.00) per month. Eligible

employees who use their personal vehicle with reduced frequency shall be entitled to a vehicle maintenance and use allowance which is reduced in proportion to the reduced frequency of use.

SECTION 3.

EDUCATION REIMBURSEMENT

An appointing authority may, with the prior approval of the Director of Personnel, authorize salary payments, payments of tuition expenses, fees, books and related material in whole or in part to employees to permit them to attend school, visit other governmental agencies or in any approved manner to devote themselves to improvement of knowledge or skills required in the performance of the duties of their position.

The Department of Personnel may reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of their positions or in higher positions, when funds have been allocated in the Department's budget.

An appointing authority, with the approval of the Director of Personnel, may establish a program to reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of the duties of their positions or to improve their professional, technical or managerial knowledge or skill.

SECTION 4.

SALARY RANGE LIMITATIONS

No employee in the Classified Service shall be paid at a rate lower than the minimum or higher than the maximum of the salary range established for the class to which his/her position has been allocated, except as otherwise provided in this ordinance.

SECTION 5.

STARTING SALARY

(a) The rate of pay for an excepted position to be paid upon original appointment to the class shall be determined by the appointing authority for the excepted position.

(b) Except as otherwise provided in this ordinance, the minimum rate of pay for a position shall be paid upon original appointment to the class unless the Director of Personnel finds that it is difficult to secure the services of persons with minimum qualifications or experienced qualified persons at the minimum rate.

The Director may establish a recruitment rate for a single position or all positions in a class and authorize employment at an amount above the minimum but within the regular range of salary established for the class. When a recruitment rate is established for an entire class, employees already in such class may have their salaries adjusted to appropriate rates in the new range resulting from the establishment of the recruitment rate.

(c) Employees with permanent status who are eligible for reemployment as determined by the rules of the Department of Personnel shall be reemployed at an appropriate rate within the [new] salary range which takes into consideration the employee's prior service in the position, as determined by the Director of Personnel.

SECTION 6.

PROMOTION, DEMOTION, REALLOCATION,

TRANSFER AND TEMPORARY PROMOTION

An employee who is transferred, promoted, demoted, or whose position is reallocated after the effective date of this ordinance, shall have his/her rate of pay for the new position determined as follows:

(a) Promotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class with a higher pay grade or a higher starting minimum salary.

(1) When an employee is promoted to a position in the General, Management or Trades Pay Schedule, the employee's current bi-weekly rate of pay shall be set at a rate which is five percent (5 percent) higher than the rate received immediately prior to the promotion or adjusted to the nearest step in the new pay matrix which is not less than but is closest to a rate which is five percent (5 percent) higher than the rate received immediately prior to promotion. An appointing authority, with the prior approval of the Director of Personnel, may increase the pay of an employee up to twenty percent (20 percent), adjusted to the nearest step, when such action is needed to attract experienced, qualified candidates for a position. Such salary determinations shall take into consideration the nature and magnitude of the accretion of duties and responsibilities resulting from the promotion. However, no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(2) Temporary Promotion: When an employee, whose salary range is established in Section 2(a) or 2(b), is certified and temporarily promoted to a vacant position, for a limited duration, the employee's current salary shall be adjusted as provided in Paragraph (a)(1) of this Section. Upon expiration of the temporary promotion, the employee shall be returned to his/her former rate of pay, adjusted by any increases the employee would have received in the absence of the temporary promotion. In no case shall the employee's salary be above the maximum of the salary range, unless otherwise provided for in this ordinance.

Employees whose salary ranges are established in Section 2(c) or 2(d) of this ordinance, upon receipt of a temporary promotion, shall be granted the new rank with a salary adjustment based on appropriate years of service in accordance with procedures established for a regular promotion. At the end of the temporary promotion, the employee shall be returned to the rank held immediately prior to the temporary promotion. The employee's rate of pay shall be based on the appropriate years of service.

(b) Demotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class which has a lower pay grade and a lower starting minimum salary.

(1) If an employee is demoted for disciplinary reasons in accordance with the rules of the Department of Personnel and Civil Service Commission and established disciplinary procedures, his/her rate of pay shall be established at a rate within the range for the new position which is at least five percent (5 percent) lower than the rate received immediately prior to the demotion or reduced to the nearest step which is at least five percent (5 percent) lower than the

rate received immediately prior to the demotion, except no employee shall be reduced below the minimum of the range unless otherwise provided for in this ordinance. The amount of the reduction shall be determined by the appointing authority, with the approval of the Director of Personnel.

(2) If an employee accepts a voluntary demotion, his/her current rate of pay shall be reduced within the range for the new position which is five percent (5 percent) lower, to the closest downward step, than the rate received immediately prior to demotion, except that employees who are in a working test period and demote to their previous class of position or pay grade, will return to the rate or step received immediately prior to the promotion, plus any adjustments as otherwise provided in this ordinance. No employee shall be paid less than the minimum nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(3) When an employee is demoted for reasons in the best interest of the City Service as determined by the Director of Personnel, his/her salary may be reduced by reason of the new salary range and grade with the prior approval of the Director of Personnel. If the salary of such employee is above the maximum for the new position, the employee's salary shall not be increased so long as he/she remains in the position, except as otherwise provided by this ordinance.

(c) Reallocation:

(1) If the employee's position is reallocated to a class in a lower pay grade and the employee's rate of pay for the previous position is within the salary range of the new position, his/her salary shall remain unchanged or adjusted to the closest step provided the employee's rate of pay shall not be reduced.

(2) The salary of an employee whose position is allocated to a class in a higher pay grade shall be determined in accordance with the provisions of this Section 6(a)(1) relating to salary advancement on promotion.

(d) Transfer: The salary rate of an employee who transfers to a different position in the same class, or from a position in one class to a position in another class in the same pay grade, shall remain unchanged, provided that no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(e) Over Maximum: The salary of an employee, which is in excess of the maximum of the range prescribed by this ordinance for the class and grade to which his/her position has been allocated or may be reallocated, shall not be reduced by reason of the new salary range and grade. The salary of such employee shall not be increased so long as he/she remains in the class of position, except as otherwise provided by this ordinance.

SECTION 7.

SALARY ADJUSTMENT

Salary adjustments for all employees in competitive positions shall be based on considerations of merit, equity, or success in fulfilling predetermined goals and objectives as herein provided.

(a) Competitive positions for which salary is established in Section 2(a) - General and Management Schedule; or Section 2(b) - Trades Schedule:

(1) All full-time bi-weekly paid employees employed on July 03, 2022 whose salary is established in Section 2(a), 2(b), 2(c), or 2 (d) – General, Management, Trades, Fire and Police Pay Schedules, shall receive a one-time, lump sum payment of $2,000 effective with the pay period beginning July 03, 2022.

(2) Any employee whose salary is established in Section 2(a) or 2(b) – General, Management, and Trades Pay Schedules, shall receive a service rating in accordance with the Service Rating Manual. The rating together with the standards of performance established in the rating manual shall determine eligibility for a one step within-range (merit) increase at intervals as outlined in the Service Rating Manual or other pay regulation(s) as determined by the Director of Personnel. Notwithstanding any other section of the compensation ordinance, all employees in the General, Management, and Trades pay schedules who would be eligible to receive an annual step increase as a result of a "Successful" or "Highly Successful" Overall Rating on their regular Service Rating date will receive a 1.5 percent increase regardless of their current rate or place in the pay schedule.

(3) A non-exempt (Overtime Code 3 or 4) employee whose pay is established in Section 2(a) or 2(b) of this ordinance who receives an Overall Rating of "Unsuccessful" as defined by the Service Rating Manual, shall have his/her salary reduced as determined by the standards established in the Service Rating Manual, but not less than the minimum of the pay grade range.

(b) As used in this ordinance, "anniversary date" means the date following fifty-two (52) weeks of continuous service from the date of original appointment or from the date of the last salary adjustment, if other than a temporary reduction in pay for disciplinary reasons, a demotion (not for

disciplinary reasons) or an across-the-board ordinance increase, an increase resulting from an authorized incentive program, reallocation or an upgrade of the classification concurrent with adoption of the ordinance. Absence from service as a result of any authorized paid leave, suspensions, military leave, or family/medical leave will not interrupt continuous service. Absence from service for any other cause shall result in breaking continuity of service and establishment of a new anniversary date, except as otherwise provided in this ordinance. The Director of Personnel may authorize different anniversary dates for an employee or groups of employees.

(c) An appointing authority may evaluate the performance of an employee whose salary is established in Section 2(a) or 2(b) of this ordinance for the purpose of a salary adjustment only at intervals as described above except in the case of:

(1) Exceptional performance of duties:

With the prior approval of the Director of Personnel, the appointing authority in accordance with the Service Rating Manual, may advance the salary of an employee who demonstrates exceptional performance of duties after serving twenty-six (26) weeks of employment at the same rate in the salary range by not more than ten percent (10 percent) or to the closest step in the pay range which provides not more than a ten percent (10 percent) increase; this may be in addition to any merit increase received.

(2) Substandard performance of duties:

An appointing authority may reduce the salary of an employee whose level of performance is significantly diminished and no longer warrants payment at the current rate within the range as provided in the Service Rating Manual; providing the employee's salary is above the minimum of

the range, established in Section 2(a) or 2(b) and allocated to Overtime Code 3 or Overtime Code 4.

The granting of any such increase or decrease in salary shall be made at the beginning of a payroll period, as determined by the Director of Personnel, following approval of such salary action.

(d) Competitive positions for which salary is established in Section 2(c) - Fire Division Schedule:

All employees in the Fire Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Probationary Fire Privates shall be advanced to the rate for Fire Privates at the beginning of the first bi-weekly pay period following one (1) year of service. Probationary Fire Equipment Dispatchers shall follow the same schedule.

(e) Competitive positions for which salary is established in Section 2(d) – Police Division Schedule:

All employees in the Police Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Police Probationary Officers who successfully complete their working test period shall be advanced to the rate for Police Officer at the beginning of the first bi-weekly pay period during which such officer's one (1) year anniversary as a Probationary Police Officer occurs, excluding his/her initial time in training at the Police Academy.

(f) Excepted Positions: The pay of an employee in an excepted position shall be adjusted to any rate within the pay range at the discretion of the appointing authority for the excepted position.

(g) The Director of Personnel may approve, at the request of an appointing authority, adjustments to correct or mitigate serious and demonstrable internal pay inequities. Salary adjustments under this provision shall preclude adjustments to compensate or reward employees for long-term or meritorious service.

(h) The pay of any employee may be decreased as a disciplinary action by an appointing authority to a lower rate. Any such decrease shall be made in accordance with the established disciplinary procedures. The decrease shall not be greater than fifteen percent (15 percent) of the current salary rate. The decrease may be below the minimum of the pay range for the class. The appointing authority may determine the pay decrease shall be effective for a specific number of bi-weekly pay periods provided, however, that such decrease shall not be effective for more than thirteen (13) bi-weekly pay periods.

(i) An employee who is temporarily promoted shall be eligible for within range salary adjustments under provisions of this Section 7.

(j) The Director of Personnel may approve a within range salary adjustment or other incentives to retain employees in positions that are difficult to fill, or because of their unique requirements. Said adjustment may only be granted once during a twenty-six (26) week period.

SECTION 8.

INCOME SOURCES

Any salary paid to an employee in the Classified Service shall represent the total remuneration for the employee, excepting reimbursements for official travel and other payments specifically authorized by ordinance or pay regulation promulgated by the Director of Personnel. No employee shall receive remuneration from the City in addition to the salary authorized in this ordinance for services rendered by the employee in the discharge of the employee's ordinary duties, of additional duties which may be imposed upon the employee, or of duties which the employee may undertake or volunteer to perform.

Whenever an employee not on an approved paid leave works for a period less than the regularly established number of hours a day, days a week or days bi-weekly, the amount paid shall be proportionate to the hours in the employee's normal work week and the bi-weekly rate for the employee's position. The payment of a separate salary for actual hours worked from two (2) or more departments, divisions or other units of the City for duties performed for each of such agencies is permissible if the total salary received from these agencies is not in excess of the maximum rate of pay for the class.

SECTION 9.

CONVERSION

(a) Pay schedules in Sections 2(a) or 2(b) in **Ordinance Number 71099** shall continue in effect until the start of the bi-weekly pay period of the effective date of this ordinance, and the rates to be paid to employees in positions of any classes for which a rate is established or changed in Section 2(a) or 2(b) of this ordinance shall become effective and be adjusted (if necessary) as follows:

The salary of each employee whose pay range is established in Section 2(a) or 2(b) of this ordinance whose class has been allocated to a higher pay grade in the appropriate pay schedule as determined by the Director of Personnel shall have their current salary increased to a rate, rounded to the nearest whole dollar, which is not less than but is closest to a rate which is five percent (5 percent) higher than the rate received immediately prior to promotion, but not less than the minimum of the pay range, whichever is the greater. If an employee's salary is between steps, the employee's salary shall be placed at the higher step.

(b) No employee shall be reduced in salary by reason of the adoption of the new pay schedules in this ordinance.

(c) The salary of an employee serving in a trainee position, which remains above the new trainee rate for his/her position, shall remain unchanged.

(d) The Director of Personnel may establish a special conversion procedure for a class or position in the event that the Director determines that a serious inequity would be created by the application of the conversion procedures established in this Section 9.

(e) All full-time employees whose salary is established in Section 2(a), 2(b), 2(c), or 2(d) – General and Management, Trades, Fire and Police Pay Schedules whose bi-weekly rate is above step 30 (or 30 years of service in the Fire and Police schedules) shall have their bi-weekly rate increased by three percent (3 percent) effective beginning with the start of the bi-weekly pay period following the effective date of this ordinance.

(f) The Director of Personnel shall establish such procedures as needed to place this ordinance into effect and interpret its provisions.

SECTION 10.

PAYMENT OF SALARIES

All compensation for positions in the Classified Service shall be paid bi-weekly. The Director of Personnel and Comptroller shall establish the procedure for listing employees on the various payrolls. The payment due each employee for service, except as otherwise provided, shall be made not later than sixteen (16) days after the end of the bi-weekly pay period. In the event that an employee is dismissed or has been employed for occasional or emergency work, the Comptroller may immediately pay the employee upon termination of service without waiting for the regular bi-weekly pay date of the Department, Division, Section, Office, Agency, Board or Commission where the employee worked.

SECTION 11.

CHANGES TO CLASSIFICATION PLAN

Whenever the Department of Personnel finds it necessary to add a new class to the classification plan, the Director of Personnel shall allocate the class to an appropriate grade and schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the overtime code of an existing class within the classification plan, the Director of Personnel shall change the overtime code, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the pay schedule of an existing class within the classification plan, the Director of Personnel shall allocate the class to the appropriate schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

The pay grade allocated to a class of position within the classification plan shall remain unchanged for the duration of the existing compensation ordinance. Whenever the Department of Personnel considers it necessary to change the pay grade of an established class of position, such adjustment can only be made concurrent with the adoption of a new compensation ordinance. Recommendation for the allocation of a new pay grade shall be made by the Director of Personnel to the Civil Service Commission for final approval by the Board of Aldermen.

SECTION 12.

PAYROLL FORMS

The Director of Personnel shall prescribe forms on which appointing authorities shall certify to the fact that a vacancy exists in a lawfully created position and to the lawful appointment of a person to fill the position. The Director of Personnel shall indicate on these forms the proper allocation of the position and the rate at which payment is to be made. When approved by the Director of Personnel and submitted to the Comptroller, these forms shall constitute authorization for the initial placing of a person's name on the payroll. The Comptroller shall not authorize any change in the rate of pay of an individual on the payroll unless approved by the Department of Personnel. The Comptroller shall provide the Department of Personnel with a copy of each payroll

audited and found correct within twenty-one (21) days after audit and approval of the payroll by the Comptroller's Office.

SECTION 13.

CERTIFICATION OF PAYROLL

The appointing authority shall certify on each payroll or a subsidiary document that each person whose name appears on the payroll has been lawfully appointed at a salary provided by this ordinance and that the employee has actually worked the time for which he/she will be paid, subject to the provisions of this ordinance governing hours of work and leaves of absence in the Classified Service.

SECTION 14.

MINIMUM WORK HOURS

Each appointing authority shall establish procedures to assure that the employees under his/her supervision are actively engaged in the performance of the duties of their positions in accordance with the provisions of this section.

Each appointing authority shall submit to the Department of Personnel the work schedule established for each position in the work unit. Work schedule reports shall be submitted upon request of the Director of Personnel or whenever the appointing authority proposes to change the permanent work schedule of a position. The work schedule submitted by the appointing authority shall constitute the normal work schedule for the position when approved by the Director of Personnel.

All employees in the Classified Service shall be in attendance at their work in accordance with schedules established under the provisions of this Section 14, subject to other provisions of this ordinance with respect to hours, holidays, vacation leave, medical leave, furloughs, sick leave, military leave, and leaves of absence with or without pay.

(a) Employees whose salaries are established in Section 2(a) or 2(b): Forty (40) hours shall constitute the average minimum required weekly hours of service in an employment cycle under regular full-time employment for all City employees paid on a bi-weekly basis occupying competitive positions in the Classified Service. The minimum daily and annual service required of such employees shall be in proportion to the average minimum weekly hours established.

Appointing authorities shall so arrange the time for reporting for work, for luncheon intermission, and for quitting work of the various employees under their jurisdiction so that the employees will actually be engaged in active performance of their duties for not less than the average minimum number of hours required.

(b) Management Employees: Appointing authorities for employees occupying full-time positions whose salaries are established in Section 2(a) of this ordinance shall initiate procedures to see that such employees are engaged in the performance of their duties on a full-time basis. Full-time employment for any employee whose classification is denoted in the Management Schedule shall be defined as an average of forty (40) hours per week of time devoted to the duties of the position on an annual basis.

(c) Uniformed Fire Personnel: Fifty-two (52) hours shall constitute the average required weekly hours of service in an employment cycle under regular full-time employment for all

employees in the Division of Fire and Fire Prevention, except that the appointing authority, with the approval of the Director of Personnel, may determine that the minimum work hours provision of Section 14(a) shall apply to employees in certain positions due to the nature of the assignment and/or scheduling requirements. The appointing authority shall so arrange the time for reporting for work and for quitting work of the various employees under the appointing authority's jurisdiction so that the employees will actually be engaged in the active performance of their duties for not less than the average number of hours required.

(d) The work period for employees whose pay is established in Section 2(d) of this ordinance is twenty-eight (28) days. The daily work period for an employee in the position of Police Probationary Officer and Police Officer is eight (8) hours which includes a thirty (30) minute meal period. The meal period is counted as working time; however, an officer unable to take a meal break will not receive additional compensation. The daily work period for an employee in the position of Police Officer Trainee is eight (8) hours. Additionally, Police Officer Trainees shall receive a thirty (30) minute unpaid meal period that shall not be counted as part of their daily work period or work day.

SECTION 15.

OVERTIME

(a) The Department of Personnel shall determine those positions in the Classified Service of the City of St. Louis which are exempt from overtime compensation and those positions which are not exempt from overtime compensation. The overtime codes established for each class in Section 1(a) of this ordinance shall be interpreted as follows:

OVERTIME CODE (OVTM):

1 These classes are primarily managerial in nature, but may also include some professional or administrative classes that are ineligible for overtime pay under all but emergency conditions as described in Section 15(d) of this ordinance.

2 These are supervisory, professional, and administrative classes that are exempt from overtime compensation, but which the City compensates for overtime at the straight (1.0x) time rate.

3 These are non-exempt classes that receive overtime compensation at the one and one-half (1.5x) time rate.

4 These non-exempt classes work an average bi-weekly work schedule of 84 hours and, therefore, receive overtime compensation at the one and one-half (1.5x) time rate.

Appointing authorities are prohibited from changing employee work schedules to avoid the payment of overtime.

For purposes of determining overtime pay rates for non-exempt employees, the regular hourly rate of pay shall be used.

Any employee in a class which has been allocated to Overtime Code 4 (non-exempt) in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the one and one half (1.5x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle for all non-

exempt (Code 4) positions in the work unit. Whenever a non-exempt (Code 4) employee works in excess of forty (40) hours in a work week, the employee will be paid at the one and one half time (1.5x) rate. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty-four (84) for full-time employment. The regular hourly rate of pay for a non-exempt (Code 4) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Any employee in a class which has been allocated to Overtime Code 3 (non-exempt) in this ordinance shall be compensated for overtime work in accordance with the provisions of this section. Each appointing authority shall designate and submit to the Director of Personnel the official work week and schedule or work cycle for all non-exempt positions in the work unit. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment.

Whenever an Overtime Code 3 employee whose pay matrix is in Section 2(a) or 2(b), works hours in excess of the maximum established for an official work week or work cycle, usually forty (40) hours in a work week such hours shall be paid at the one and-one-half time (1.5x) rate. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Overtime Code 3 employees whose pay matrix is in Section 2(c) of this ordinance who are working a nineteen (19) day work cycle are eligible to receive overtime after one hundred forty-four (144) hours are worked in a work cycle, except that the Fire Division shall pay overtime for emergency work at the end of a shift or emergency work required on a separate, non-scheduled day, even if the total number of hours worked in the work cycle is not in excess of one hundred forty-four (144) hours. These employees shall not receive additional compensation for regularly scheduled hours in excess of one hundred forty-four (144) hours if they do not actually work more than one hundred forty-four (144) hours in the work cycle; provided however, that in addition to the actual hours worked, jury leave, vacation leave, compensatory time and "O" days shall count as hours worked for the purpose of determining eligibility for overtime compensation. Days scheduled off to reduce average work week to fifty-two (52) hours, compensatory time, vacation, "O" days, and holiday time shall be scheduled consistent with a reasonable vacation and holiday leave policy to avoid the necessity of actually working more than one hundred forty-four (144) hours during any work cycle.

Police Officer Trainees, Police Probationary Officers and Police Officers shall be paid overtime, defined as one and one-half time (1.5x) the employee's regular standard rate of pay, for all hours worked in excess of their eight (8) hour work day or any hours worked on a scheduled day off. Only hours actually worked shall count toward overtime pay.

Police Sergeants – whose salary is established in Section 2(d) of this ordinance shall be paid overtime, as defined as one and one-half time (1.5x) the employee's regular standard rate of pay, for all hours actually worked in excess of one hundred sixty (160) hours in a twenty-eight

(28) day work period. In addition to hours physically worked, holidays, discretionary holidays, and sick-injured time shall count toward the 160-hour threshold during the 28-day period that must be met to earn overtime. These employees shall receive additional compensation for authorized overtime, court time, and court standby time whenever the total accumulated time exceeds forty (40) hours.

(b) Any employee in a class which has been allocated to Overtime Code 2 in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the straight (1.0x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle, which is usually forty (40) hours, for all exempt (Code 2) positions in the work unit. Whenever a full-time employee in an exempt (Code 2) position is directed by management, with the approval of the appointing authority, to work hours in excess of the maximum established for an official work week or work cycle it shall be considered overtime. In addition to the actual hours worked, only paid vacation time, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation. Straight time (1.0x) overtime shall be compensated at the employee's regular hourly rate of pay, or by granting the eligible employee compensatory time off at the rate of one (1) hour for each hour of overtime worked. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment. The regular hourly rate of pay for an exempt (Code 2) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period.

(c) Part-time bi-weekly paid employees and employees paid on an hourly or per performance basis shall be compensated for overtime work in accordance with the overtime provisions of this section and with consideration for community practices in compensating similar employment.

(d) An appointing authority may compensate Overtime Code 1 employees at the straight-time (1.0x) rate, when both of the following conditions exist: 1) the Mayor of the City of St. Louis declares an emergency due to serious and protracted conditions which threaten continuous City Service, preservation of public peace, health, or safety, and 2) the appointing authority directs an employee or group of employees to work in excess of forty (40) hours per week. The appointing authority shall maintain attendance records of the assignment(s) and submit such records at the request of the Director of Personnel.

(e) Employees who wish to use compensatory time earned in lieu of pay must make their request in writing at least twenty-four (24) hours in advance of the day or days requested. The appointing authority shall keep in mind the staffing needs of the department when granting time off, but in any case time off will not be unreasonably denied.

Pay shall be the regular method of compensation for recorded overtime hours of work for employees in classes with Overtime Code 3 and Overtime Code 4. However, an appointing authority shall compensate a non-exempt bi-weekly paid employee for overtime work by granting the employee compensatory time off in lieu of pay only if the employee requests compensatory time, in writing.

Employees engaged in public safety, emergency response or seasonal activity as defined by the Director of Personnel may have a maximum balance of two hundred forty (240) hours of

compensatory time; except that Police Officer Trainees, Police Probationary Officers, Police Officers, and Police Sergeants shall only be allowed to accumulate up to forty (40) hours of compensatory time. All other employees are allowed a maximum balance of one hundred twenty (120) hours of compensatory time excluding compensatory time earned for working on a holiday. These maximum balances of compensatory time shall apply to employees working an average work week of forty (40) hours; the maximum balance of compensatory time for employees whose average work week is more or less than forty (40) hours shall be proportionate. No provision of this section establishing a maximum balance of compensatory time shall serve to cancel any compensatory time due to an employee or to deny an employee payment for recorded compensatory time earned in accordance with the provisions of the compensation ordinance in effect at the time the compensatory time was earned.

Each appointing authority shall establish procedures to assure that non-exempt employees are promptly granted time off when such employees request to use their earned compensatory time. Appointing authorities may not deny non-exempt employees' requests for earned compensatory time off except when such approval would create an extreme business hardship. For employees occupying the position of Police Officer Trainee, Probationary Police Officer, and Police Officer compensatory time may be used at such times and in such blocks as are mutually agreed upon between the supervisor and the employee and it shall not be unreasonably denied by the supervisor if operating requirements will not be adversely effected. When an appointing authority determines that the work schedule of the organization will not permit the granting of such time off, the appointing authority shall pay the employee in that same pay period for all or a portion equivalent

to the time requested of the employee's accrued compensatory time. This provision requiring the prompt granting of requested time off applies only to compensatory time that is earned as a result of the employee working overtime; it does not apply to compensatory time earned as a result of an incentive program or bonus award program.

Compensatory time earned by exempt employees shall be granted at the discretion of the appointing authority and upon request of the employee.

(f) Before an employee is transferred, promoted or demoted from a position under one appointing authority to a position under another appointing authority or to another unit with a different appropriation, all compensatory time shall be granted or paid. Upon termination all compensatory time shall be paid. Upon the death of an employee, the person or persons entitled by law to receive any compensation due to the employee shall be paid any amount due to the employee on the date of death.

(g) All departments shall keep daily attendance records of classified employees and shall submit periodic reports of: 1) unexcused absences and leaves; 2) overtime earned, granted, and paid; or 3) the non-occurrence of same to the Director of Personnel in the form and on the dates specified.

Compensation for the holiday shall be in an amount proportionate to the number of hours an employee is regularly scheduled to work in a day or shift. When full-time bi-weekly rate employees of the Police Division whose pay is established in 2(a), 2(b) or 2(d) are required to work on a holiday, they shall be entitled to leave with pay on another date designated by the appointing authority in an amount proportionate to the number of hours an employee is regularly scheduled to work in a day or shift.

Such procedures shall be designed to treat all employees in the class who work a substantially equivalent schedule in the same manner.

(1) For employees whose pay is established in Section 2(d), forty (40) hours of vacation leave may be taken in one (1) hour increments.

(2) Vacation time is accrued on a bi-weekly basis. No employee will be entitled to or allowed to take any vacation until ninety (90) days of continuous employment from the date of employment.

(g) All references in this ordinance, except as otherwise noted, to accrual rates, additions to, and accrual maximums for vacation are for employees working a scheduled work week of forty (40) hours. Vacation rates, additions and maximums shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. When an eligible employee's scheduled work week is changed, the employee's rate of accrual shall be changed proportionately. All references in this ordinance to cumulative service for vacation shall mean cumulative service without a break in service of more than one year, except as provided otherwise

in this ordinance. No employee who works less than fifty percent (50 percent) time or who is serving in a limited-term position shall be eligible to accrue vacation.

(h) (1) The maximum vacation balance for those working an average work week of forty (40) hours shall be six hundred (600) hours, except by written request of an appointing authority and with prior approval of the Director of Personnel. Vacation accrual maximums for those working more or less than forty (40) hours per week, but at least fifty percent (50 percent) time shall be proportionate to the number of hours worked in a bi-weekly pay period.

(2) When an employee's full-time average work week is changed, the maximum vacation balance shall be changed proportionately. In addition, the employee shall have his/her current vacation balance adjusted so that the vacation shall maintain the same position relative to the new maximum balance as existed with the employee's previous maximum balance.

(3) Accrual of vacation shall cease when an employee accumulates the maximum vacation balance established for the assigned work schedule and shall not resume until the vacation balance is less than the maximum amount.

(i) Accrual of vacation shall begin and be credited upon the first bi-weekly pay period and each pay period thereafter, but employees must complete the entire pay period to accrue the vacation leave at the end of said pay period:

(1) of appointment;

(2) of return to duty from leave of absence;

(3) of restoration to employment of one-half (50 percent) time or more.

Vacation leave shall be granted in whole hour units. On termination of service, any fractional hour shall be made whole. The accrual of vacation leave shall cease at the employee's last day at work.

(j) Appointing authorities shall be responsible for establishing all vacation leave schedules but may not discipline employees by imposing unusual vacation schedules. Vacation shall be granted to the employee as provided by this ordinance in one of the following ways:

(1) When the employee requests vacation leave in accordance with departmental policies;

(2) When directed to take paid time off by the appointing authority;

(3) When an employee is terminated or resigns from the Classified Service;

(4) When an employee whose salary is established in Sections 2(a), 2(b), 2(c) or 2(d) reaches the established maximum accrual and would cease accruing vacation and notifies the appointing authority in writing of his/her intention to schedule vacation. Such notice shall be at least seven (7) days prior to the first work day the employee intends to take off. If the appointing authority fails to establish a different vacation schedule, the employee may take the paid leave, which was proposed in writing.

(5) With the approval of the appointing authority, an employee may request and receive payment from the appointing authority for forty (40) hours of vacation accrual in lieu of scheduling paid leave provided that the full vacation allowance for that year is not exceeded. This may be done a maximum of once in each calendar year. Management employees may request payment from the appointing authority for up to an additional forty (40) hours of their vacation accrual

balances in lieu of scheduling paid leave if their schedules do not permit them to be absent from work. Employees whose pay is established in Section 2(c) of this ordinance may request payment for up to ninety-six (96) hours of vacation. These requests are subject to the prior approval of the Director of Personnel.

(k) During the first twelve (12) months of employment, unless stated otherwise in this ordinance, accrued vacation may be granted to an employee provided that the employee has completed six (6) months of continuous service. When employment is terminated before completing twelve (12) months of continuous service, any previously granted vacation leave shall be deducted from the employee's final pay. When the service of an employee is terminated after twelve (12) months of continuous service, any accumulated vacation that is due the employee shall be paid.

(l) Employees who separate from the Classified Service, who are certified from a reemployment list, and who return to the Classified Service within twenty-four (24) months of the separation, will be given credit for prior continuous service in determining the vacation accrual rate in accordance with Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the date of the employee's original appointment.

(m) Employees who move to the Classified Service from the Unclassified Service shall be given credit for the years of service in the Unclassified Service in determining the vacation accrual rate in accordance with Section 17(a) or 17(b) of this ordinance and based on the date of the employee's original appointment.

(n) Employees who return to work from a "reemployment from layoff" eligible list shall be eligible to use vacation as soon as it is accrued, unless stated otherwise in this ordinance, provided the employee has completed six (6) months of continuous service prior to the layoff and with approval of the appointing authority. An employee who has completed less than six (6) months of continuous service will be required to complete the remaining portion of the six (6) months period before being eligible to use vacation.

Any such reemployed worker shall be given credit for prior continuous service in determining the employee's vacation accrual rate in accordance with the schedule established in Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the employee's original appointment. A Commissioned Officer who retires and is rehired as a civilian employee will be considered a new employee for vacation purposes.

(o) Appointing authorities shall be responsible for the management of their vacation schedules so as to most effectively administer their organizations and fulfill the desire of employees in the establishment of leave schedules.

(p) Accrued vacation shall be carried with an employee when transferred, promoted, or demoted from a position under one appointing authority to a position under another appointing authority without a break in service or change in method of pay. Upon the death of an employee, the person or persons entitled by law to receive any compensation due the employee shall be paid the amount due the employee for accrued vacation.

(q) With the approval of the appointing authority, a retiring employee may be paid on the payroll for accrued vacation in the month prior to retirement without inclusion in the employee's

final average compensation. An appointing authority may pay previously accrued vacation off in a lump sum to an employee whose service with the City has terminated. Such payment shall be made on the employee's last regular paycheck.

(r) Employees occupying excepted positions in the Classified Service shall be granted vacation at the discretion of their appointing authority. An employee whose term in an excepted position ends and who is then appointed to a permanent competitive position working fifty percent (50 percent) time or more shall become eligible to accrue vacation leave with pay upon appointment to the competitive position. Length of cumulative service for the purpose of determining rate of vacation leave accrual shall be based on the employee's original date of appointment to the excepted position, providing there was no break in service between expiration of the excepted position and appointment to the permanent competitive position. The date of appointment to the permanent competitive position shall be used to determine the appropriate rate of vacation accrual for the corresponding length of cumulative service in accordance with the schedule established in Section 17(b).

(s) Appointing authorities shall report leave with pay for vacation and such other authorized absences as the Director of Personnel shall designate to the Department of Personnel in such form and at such time as the Director of Personnel may require.

SECTION 18.

(a) Employees (non-Police Division employees) ceased accruing sick leave beginning July 18, 2010. Employees in Section 2(a) or 2(b) employed by the Board of Police Commissioners prior

to September 1, 2013, employed by the City on September 1, 2013, and continuously employed by the City ceased accruing sick leave on June 30, 2014. An employee may choose to use his/her sick leave in accordance with regulations established by the Director of Personnel.

(b) An active employee who is a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis, and who applies for retirement and immediately retires from active service, shall receive payment for his/her sick leave balance less any sick leave credited or paid to a member or used in the calculation of retirement benefits under this or any other ordinance(s). If the Employees Retirement System or Firemen's Retirement System provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be limited to a maximum of fifty percent (50 percent) of the value of the employee's sick leave balance. If the Employees Retirement System of the City of St. Louis provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be fifty percent (50 percent) of the value of the employee's sick leave balance at time of retirement.

(c) If a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis who had been otherwise eligible for Normal or Early Service Retirement dies his/her estate may receive payment based on the calculation above on the employee's sick leave balance, if any. Payment shall be made in accordance with the procedures established by the Director of Personnel.

(d) An employee who is reemployed from an authorized layoff shall have his/her prior sick leave balance if any restored, provided this balance has not been used in the determination of pension benefits paid to the retiree.

(e) Commissioned officers will be granted sick leave at the rate of 3.70 hours bi-weekly. In addition, military reinstatements will be credited, on the date of their reinstatement, with the number of sick leave credits accumulated prior to entering the military. Officers hired prior to April 20, 2011, may earn and bank sick leave hours on an unlimited basis until termination from the Division.

(f) Commissioned officers hired prior to April 20, 2011, with thirty (30) years of service and possessing 2,200 accrued sick leave hours, will receive compensation for one-half of their accumulated sick leave hours. Officers hired prior to April 20, 2011, who have at least twenty (20) years of service who possess 1,600 accrued sick leave hours, will receive compensation for one-fourth of their accumulated sick leave hours, and also receive 173.33 hour pay (2080 hours divided by 12). All other officers hired prior to April 20, 2011, terminating their employment with the Division will receive compensation for one-fourth of their accumulated sick leave hours at the time of termination. These benefits are not granted to employees who have pled guilty, been found guilty or otherwise convicted of a crime prior to termination.

(g) Employees in Section 2(a) or 2(b) formerly employed by the Board of Police Commissioners prior to April 20, 2011, and continuously employed by the City with thirty (30) years of service and possessing 2,200 accrued sick leave hours, will receive compensation for one-half of their accumulated sick leave hours. Employees in Section 2(a) or 2(b) formerly employed

by the Board of Police Commissioners hired prior to April 20, 2011, and continuously employed by the City who have at least twenty (20) years of service who possess 1,600 accrued sick leave hours, will receive compensation for one-fourth of their accumulated sick leave hours, and also receive 173.33 hour pay (2080 hours divided by 12). All other employees in Section 2(a) or 2(b) employed by the Board of Police Commissioners prior to April 20, 2011, and continuously employed by the City who terminate their employment with the Division will receive compensation for one-fourth of their accumulated sick leave hours at the time of termination. These benefits are not granted to employees who have pled guilty, been found guilty or otherwise convicted of a crime prior to termination.

(h) All Commissioned officers, excluding Police Officer Trainees, shall accumulate sick bonus time.

(i) There shall be no advancement of paid sick leave. Sick leave shall be paid at full pay at the current rate of compensation.

SECTION 19.

MEDICAL LEAVE

(a) Medical leave with pay shall be granted to bi-weekly rate employees in permanent competitive positions working fifty percent (50 percent) time or more in accordance with regulations and procedures established by the Director of Personnel.

(1) All employees, unless otherwise stated in this ordinance, shall accrue three (3) hours of medical leave for each bi-weekly pay period of employment but must complete the entire pay period to accrue the medical leave at the end of said pay period. This accrual rate is established

for employees working an average work week of forty (40) hours. Medical leave shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. An eligible employee may be granted paid medical leave by his/her appointing authority after completing twenty-six (26) weeks of continuous service.

(2) Employees in Section 2(a) or 2(b) hired by the Police Division on or after September 1, 2013, shall accrue medical leave as stated above in Section 19(a)(1).

(3) Employees in Section 2(a) or 2(b) hired by the Board of Police Commissioners before September 1, 2013, shall be entitled to all of the sick and medical leave accrued during such employment. Subject to the provisions of Section 19(a), medical leave with pay shall be granted at the rate of 3.70 hours bi-weekly to employees in Section 2(a) or 2(b) hired by the Board of Police Commissioners before September 1, 2013, employed by the City and continuously employed by the City on September 1, 2013.

(b) The Director of Personnel may establish a system of cash awards, paid time off or other incentives to reward employees for perfect and near perfect attendance.

(c) An appointing authority shall remove an employee from the payroll for unexcused absence in accordance with regulations and procedures established by the Director of Personnel. When an employee is docked from the payroll under the provisions of this section, the amount deducted from his/her regular bi-weekly rate of pay shall be one times (1.0x) the regular hourly rate as defined in this ordinance for each hour of unexcused absence. If an employee is docked from the payroll for one (1) hour or more in a bi-weekly pay period, he/she will cease to accrue medical leave for the pay period.

(d) If management decides to send their employees or a group of employees home due to inclement weather, they will not lose their medical leave accrual for that pay period.

(e) All leave with or without pay for illness, injury, or physical inability to perform assigned duties shall be recorded on the payroll or a subsidiary document in the manner established by the Director of Personnel. Compensation for periods of absence from work when an employee sustains an injury by accident on the job shall be governed by the provisions of Section 24 (Workers' Compensation and Disability Leave) of this ordinance.

(f) An employee who is reemployed from an authorized layoff shall have his/her prior medical leave balance and sick leave balance restored if any, provided any sick leave balance has not been credited to the employee's length of service in determining pension benefits paid to the retiree. An employee who is reemployed from an authorized layoff and who has a medical and/or sick leave balance and who completed twenty-six (26) weeks of continuous employment prior to the layoff may take approved medical and/or sick leave upon reemployment.

(g) Each appointing authority shall institute procedures, in accordance with regulations established by the Director of Personnel that will discourage the improper use of medical leave with pay. When an employee is removed from the payroll for absence not approved by the appointing authority, the employee shall be notified promptly in writing.

(h) Employees shall not receive payment for any medical leave balance, and it shall not be used in the calculation of retirement benefits or payments under this ordinance or any other ordinance.

(i) There shall be no advancement of medical leave.

SECTION 20.

MILITARY LEAVE

The City of St. Louis will follow all applicable state and federal laws on the granting of military leave and reemployment rights.

Each employee is required to give advance notice (at least 30 days prior to departure when feasible), preferably in writing, of service obligation or intention to perform services in the uniformed services, unless such notice is prevented by military necessity, as determined by a designated authority, or impossible or unreasonable under all of the circumstances.

Upon the expiration of military leave of absence, the employee shall be reinstated to the class of position he/she occupied at the time the leave was granted without breaking continuity of service. Failure of an employee to report for duty within the time pursuant to state or federal law shall be just cause for dismissal. The employee's accumulated leave balance(s) shall be restored to the employee upon his/her return.

Full-time, permanent employees paid a bi-weekly rate of pay who are called to active duty as a member of the National Guard or any reserve component of the Armed Forces of the United States and who are placed on a military leave of absence will be granted compensation in the amount to offset the difference between the employee's gross bi-weekly pay with the City and his/her total military pay plus allowances if such military pay and allowances is less than the employee's regular gross bi-weekly rate of pay and subject to submission of documentation as required by the Director of Personnel.

SECTION 21.

LEAVES OF ABSENCE AND FAMILY/MEDICAL LEAVE

An employee may request a leave of absence, or an appointing authority may request a leave of absence for an employee, for any reason under the City's general leave policy, or a "Family/Medical Leave of Absence" for certain qualifying reasons under provisions of "The Family and Medical Leave Act of 1993" as provided in this ordinance and under additional provisions and regulations as determined by the Director of Personnel.

(a) An appointing authority, with the approval of the Director of Personnel, may grant an employee in a competitive position a general leave of absence without pay for a period of one (1) year, which may be extended, with the prior approval of the Director of Personnel.

Upon the expiration of such leave of absence, the employee shall be reinstated to the competitive position he/she occupied at the time the leave was granted provided the position is still in existence and he/she is able to perform the duties of the position. The employee shall be reinstated to the competitive position at the same relative rate in the salary range the employee occupied at the time the leave was initiated. Failure of an employee to report for duty promptly at the expiration of the leave shall be just cause for dismissal. If necessary to the efficient conduct of the business of the City, an employee on leave other than military leave or qualifying family/medical leave may be notified by the appointing authority, with the approval of the Director of Personnel, to return prior to the expiration of such leave. Failure of the employee to return within ten (10) calendar days after receipt of such notice shall terminate his/her leave of absence and be just cause for dismissal, subject to any applicable federal, state or local regulations.

(b) The City of St. Louis will follow all applicable state and federal laws on the granting of family/medical leave. The City of St. Louis will provide up to six (6) weeks of paid family/medical leave, in accordance with the City's "Family/Medical Leave Policy."

The Director of Personnel shall establish additional rules, guidelines and procedures for the effective administration of the City's "Family/Medical Leave Policy." The policy shall comply with all provisions of the "Family/Medical Leave Act of 1993" and any amendments thereafter.

Employees must take all of their accrued time (sick leave, medical leave, vacation leave) prior to being placed on leave without pay status for approved Family and Medical Leave, except employees can keep one (1) week of vacation hours (if they have accrued one (1) week of vacation and are eligible to take them). Employees will be allowed to use all their compensatory time, if requested by employee.

(c) Any employee in a competitive position who is appointed to an excepted position in the Classified Service shall be granted an in-service leave without pay from the competitive position during the term to which he/she is appointed to the excepted position. Such leave shall be for the term of the appointment to the excepted position and until his/her successor qualifies. Upon the expiration of the appointment to the excepted position, the employee shall be reinstated to the competitive position he/she occupied immediately prior to the in-service leave. The employee shall be reinstated to the competitive position as under a temporary promotion pursuant to Section 6(a)(2) of this ordinance. Employees who are returned to a competitive position shall retain any vacation, compensatory time, sick leave, or medical leave balance in effect at the time of granting of the leave of absence for appointment to the excepted position. Employees shall be given credit

for time spent in an excepted appointment in computing eligibility for additional vacation leave accrual.

(d) In the event that emergency conditions occur which require the closing of City-operated facilities, or the temporary cessation of functions carried out by classified employees, the Mayor of the City of St. Louis may declare an emergency and require an employee or group of employees to take leaves of absence with or without pay while such emergency conditions exist. In the event that the Mayor requires that the leave of absence be without pay, an employee with vacation or accrued compensatory time may elect to take the accrued time off with pay in lieu of all or a part of such non-paid leave of absence. Such non-paid leave of absence shall not interrupt continuity of service for vacation accrual. An emergency leave of absence declared by the Mayor shall not exceed ninety (90) days.

(e) Employees who are granted general leaves of absence and other non-paid leaves of absence, except military leave, must take all accrued vacation at the start of the leave of absence except as otherwise provided in this ordinance. Employees who are granted or placed on a non-paid leave of absence will not accrue vacation, sick leave, and medical leave during the period of non-paid leave. Upon the expiration of such leaves of absence, the employee shall follow the procedures as established in this Section 21 and any other applicable regulations and procedures as established by the Director of Personnel.

(f) An appointing authority, with the prior approval of the Director of Personnel, may put an employee on a forced leave of absence with or without pay pending the outcome of an investigation

or of a pending disciplinary action against the employee. Employees being placed on forced leave may elect to be placed on either vacation leave or compensatory time.

(g) In the event that a fiscal crisis occurs in the City of St. Louis, employees may request voluntary furloughs. The Director of Personnel may issue regulations to govern the furlough program.

SECTION 22.

INSURANCE BENEFITS

The City of St. Louis is hereby authorized to devise and establish by contract or otherwise plans for life, health, medical, disability, and other insurance coverage deemed necessary for employees in the Classified Service and other employees for the City and their dependents. The Director of Personnel shall develop and administer programs to provide for such coverage. The Director of Personnel shall confer with the Board of Estimate and Apportionment by February 1st of each year regarding coverage plans and the appropriate funding level. The Director shall then be charged with the responsibility of establishing the applicable funding level and remittance rates for the aforementioned plans and certify same to the Comptroller and Budget Director by March 1st of each year. The Director of Personnel may amend said rates as needed.

SECTION 23.

DEATH BENEFIT

In the event any employee of the City whose pay is established by this ordinance dies as a result of injuries arising out of and in the course of his/her employment by the City, the City shall pay compensation in accordance with the Missouri Workers' Compensation Law. The Director of

Personnel and the City Counselor shall establish procedures for making the payments required by the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made. Such compensation shall be in addition to any life insurance benefits paid for by the City or by the employee which is available to the employee's beneficiaries and also in addition to any benefit provided by the Employees Retirement System of the City of St. Louis, the Firemen's Retirement System of the City of St. Louis, or the Firefighters Retirement Plan.

SECTION 24.

(a) Any employee in the Classified Service whose class title and grade are established in Section 1(a) and denoted by the suffix "G," "M," "T" or "E" of this ordinance, including employees who are compensated on a per performance or unit of work basis, who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where an employee's duties are being performed or where an employee's presence is required as part of his/her employment, shall promptly report such injury by accident or occupational disease to his/her immediate supervisor. The supervisor shall in turn report, through the appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. The appointing authority shall promptly provide such written information and recommendations as may be requested by the City Counselor to aid in making the determination of the period of disability.

The employee who suffers a personal injury as described in part (a) of this section, and which results in temporary disability, may elect to use sick or medical leave for the first three (3) days of temporary disability. Thereafter, the employee will be compensated at the rate mandated by the Missouri Workers' Compensation Law. If the period of disability extends fourteen (14) calendar days or more, the three (3) days of sick or medical leave used during the first three (3) days of disability will be restored to the employee's sick or medical leave balance. The City Counselor shall determine the actual amount of compensation and length of time during which payments are made for such temporary disability in accordance with the Missouri Workers' Compensation Law.

(b) (1) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease while engaged in actual fire suppression, or related emergency response activities on or about the premises where these activities are being performed, or during transportation to and from the scene of the fire, or emergency, shall promptly report such injury to his/her immediate supervisor. The injury shall be promptly reported through appropriate management personnel to the Director of Personnel and the City Counselor. During the period of temporary disability which has been determined by the City Counselor to be a result of an injury by accident or occupational disease as defined above, the employee may be continued on the payroll at the regular bi-weekly rate less any amount the employee would otherwise pay in taxes on that portion of the benefit found to be exempt from taxation under the Missouri Workers' Compensation Law, or the federal tax code. Disability leave may also be granted when an

employee suffers injury as a result of participation in Training Simulation of an exceptional and highly dangerous nature wherein the appointing authority or the Director of the Department of Public Safety has gained the approval of the Director of Personnel prior to such Training Simulation.

(2) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where his/her duties are being performed, except as otherwise provided in Section 25(b)(1) above shall likewise, promptly report such injury to his/her immediate supervisor, who shall report, through his/her appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. During any such period of temporary disability, the employee shall be entitled to workers' compensation benefits as prescribed by State Law.

(3) Employees in the competitive service whose pay is established in Section 2(d) of this ordinance who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies. Employees in the competitive service whose pay is established in Section 2(a) or 2(b) of this ordinance and who were employed by the Board of Police Commissioners and who remain employed by the Police Division who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies.

(c) The City Counselor, the Director of Personnel, or the appointing authority may require an employee to undergo a physical examination and medical or surgical treatment at the expense of the City to diagnose and treat injuries or illnesses arising out of employment.

(d) The City Counselor and the Comptroller shall establish procedures for paying compensation to employees or former employees who are permanently disabled and due compensation under the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made.

(e) The City Counselor and the Director of Personnel shall be responsible for the administration of the provisions of this Section and shall establish and publish procedural regulations for the administration of the program. Each appointing authority shall establish procedures to comply with the provisions of this section and established regulations.

SECTION 25.

JURY AND WITNESS LEAVE

(a) Jury leave with pay shall be granted to bi-weekly rate employees working fifty percent (50 percent) time or more for such time when such employees are serving as jurors pursuant to order of the St. Louis Circuit Court or United States District Court in St. Louis. Any bi-weekly rate employee, when so summoned for jury service, shall report such fact within seventy-two (72) hours to his/her appointing authority and display to the appointing authority the summons which the employee has received and shall give the appointing authority in writing the date and the time of such jury service. No bi-weekly rate employee shall receive any compensation from the Jury Commissioner or the United States District Court system for jury service for days the employee

receives compensation from the City. A bi-weekly rate employee may keep the jury stipend for days when the employee receives no compensation from the City (off days, docks, leaves, etc.). Upon being discharged from serving as a juror by the Court or Jury Commissioner, the employee shall forthwith report to his/her appointing authority if discharged during their normally scheduled work hours and shall submit to his/her appointing authority a written statement from the Jury Commissioner certifying that the employee has served as a juror and the time and date so served. The appointing authority shall, upon receipt of the statement of jury service, credit the employee with paid jury leave for such service.

(b) Leave with pay shall be granted to bi-weekly rate employees for such time when the employee's presence is required by the prosecutor in a criminal proceeding or grand jury procedure, a trial in prosecuting accused criminals (or for jury service in Federal Court). Any bi-weekly rate employee, when so subpoenaed as a prosecution witness or whose presence is required as a part of a grand jury inquiry, shall report such fact within seventy-two (72) hours to his/her appointing authority and shall give the appointing authority in writing the date and time his/her presence is required for such criminal prosecution. Each appointing authority shall establish controls to assure that any paid leave is actually required by the prosecuting authority. An appointing authority may require an employee to furnish satisfactory evidence of being required to be off the job and that all time off was in connection with the prosecution of the case. This procedure shall apply for employee participation in criminal prosecution in State or Federal Courts.

SECTION 26.

DEFERRED COMPENSATION

(a) Authority is hereby granted for the establishment of a deferred compensation plan for the City of St. Louis.

(b) In accordance with the regulations applicable to the plan, as set out herein, the Comptroller is authorized to enter into an agreement with eligible participants, whereby said participants may designate a portion of their future earnings to be deducted by the City and placed in a fund to be designated "City of St. Louis Deferred Compensation Plan Fund" for the purpose of providing tax deferred benefits to the participants upon retirement.

(c) The Board of Estimate and Apportionment is hereby authorized to establish or select a specific plan or plans in accordance with the requirements set out in this ordinance. In establishing the plan, the Board of Estimate and Apportionment may elect to retain outside parties to provide administrative and/or investment services after following competitive bidding procedures. The Board of Estimate and Apportionment is authorized, after analyzing the various competitive bids submitted in accordance with the requirements of this ordinance, to select the plan or plans it determines to meet the requirements established as a part of the competitive bidding procedures and to be in the best interest of the participants. No investment plan shall be considered unless offered by a duly licensed resident agent representing a company duly licensed and authorized by the State of Missouri and other applicable federal regulatory agencies to offer such insurance or investment programs.

In the event Federal or State legislation is changed in a manner affecting and/or relating to any of the aforementioned Deferred Compensation provisions contained in this Section, the Board of Estimate and Apportionment of the City of St. Louis may amend the deferred compensation

plan accordingly and may execute any and all documents necessary to achieve and effectuate the recommended changes.

SECTION 27.

(a) "Final Average Compensation" is equal to one-half of the sum of (1) and (2) below:

(1) The annual compensation received by a member for the two (2) consecutive years of creditable service in which the highest compensation was received preceding the termination of his/her employment, and

(2) The balance of a member's sick leave on the date of retirement *less* sick leave hours paid to the member upon termination of his/her employment and *less* sick leave hours considered as creditable service for the purpose of determining eligibility for and/or calculation of retirement benefits, except that said balance cannot exceed twenty-five percent (25 percent) of a member's total sick leave on the date of retirement.

(b) If a member has less than two (2) consecutive years of creditable service his/her final average compensation shall be equal to the sum of (1) and (2) below, divided by (3) below and then multiplied by (4) below:

(1) The sum of monthly compensation received by the member for each consecutive month of creditable service immediately preceding the termination of his/her employment;

(2) The balance of a member's sick leave pay on the date of retirement *less* sick leave hours paid to the member upon termination of his/her employment and *less* sick leave hours

(3) The number of consecutive months of creditable service immediately preceding the termination of his/her employment, and

(4) Twelve (12).

The years of creditable service of a member shall be the number of years and completed full calendar months of service during which he/she receives compensation from the first day of the calendar month following the date of the beginning of each employment with an employer until his/her employment is terminated, subject to the provisions of this section. The years of creditable service of an employee (as that term is defined in Subsection 11 of Section Four of Ordinance 66511) hired after the operative date (as that term is defined in Subsection 18 of Section Four of Ordinance 66511) who had attained the age of sixty (60) years at initial employment shall be the number of years and completed months of service during which he/she receives compensation from October 1, 1988, and hereafter, from the first day on or after October 1, 1988, of the beginning of each employment with an employer until his/her employment is terminated. No creditable service shall be granted for any period of employment before October 1, 1988, after the calendar month in which the member attains age seventy (70). No creditable service for prior employment shall be granted an employee who becomes a member after April 1, 1960, unless he/she was employed by an employer on April 1, 1960.

A member's accrued sick leave balance less the sum of (a), (b) and (c) below shall be considered as additional creditable service for calculation of retirement benefits under any provision of this Ordinance 66511, as amended:

(a) Sick leave hours considered as creditable service for the purpose of determining eligibility for retirement benefits, and

(b) Sick leave hours paid to the member upon termination of his/her employment, and

(c) Sick leave hours used in determining final average compensation.

SECTION 28.

SEVERABILITY

The sections of this ordinance shall be severable. In the event that any section of this ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this ordinance are valid, unless the court finds the valid sections of the ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that the Board of Aldermen would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

(**e) ELECTED OFFICIAL PAY SCHEDULE:**

(1) The following bi-weekly pay schedule for each Executive pay grade, denoted by the suffix "E," is currently in effect:

GRADE	BI-WEEKLY RATE
1E	$3491
2E	$4315
3E	$5070

(2) The salary of an elected official shall not be increased during the term of office.

(f) SHIFT DIFFERENTIAL: Shift differential shall be paid for certain work assignments. The Director of Personnel shall determine the work assignments for which shift differential will be paid. The assignment or removal of an employee from a work assignment having a shift differential shall be determined by the appointing authority and will not constitute a promotion, demotion, advancement or reduction in pay. The shift differential shall be added to the employee's regular bi-weekly rate.

(1) In order for an employee in Section 2(a) or 2(b) to be eligible for shift differential compensation, the employee must work a shift that requires the completion of four (4) hours of work between the hours of 4:00 p.m. and 8:00 a.m. the following morning. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive shift differential if they are regularly scheduled to work at least four (4) hours between 4:00 p.m. and 8:00 a.m. the following morning. Employees shall be entitled to receive shift differential compensation for no more than one shift worked between the hours of 4:00 p.m. and 8:00 a.m. Employees who are assigned to work schedules that require them to rotate among three shifts (day, evening, night) on a bi-monthly or more frequent basis shall be eligible for shift differential compensation for all three shifts worked.

For employees whose pay range is established in Section 2(a) or 2(b) the shift differential premium shall be one percent (1%) of the employee's regular base bi-weekly rate for each eligible shift worked in a bi-weekly pay period.

An employee whose pay range is established in Section 2(a) or 2(b) shall receive shift differential for working a portion of an eligible shift, provided the portion of the shift not worked is charged to paid leave. Shift differential shall only be paid for whole hours worked; a fraction of an hour shall not be counted toward the payment of the differential.

(2) For those employees whose pay range is established in Section 2(c), the shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift. Employees must work at least 12 hours of a regularly assigned 24 hour shift to be eligible for any shift differential for the shift. Such employees shall not receive shift differential for overtime worked, which is not part of their regular schedule. This provision will not go into effect until shift differential is agreed upon by the Director of Personnel and the Union (Local 73) in writing.

Except shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift to be paid to Overtime Code 3 Fire Equipment Dispatcher classifications whose pay range is established in Section 2(c).

(3) For Police Officer Trainees and employees whose pay grade is denoted with the suffix D, the night shift differential shall be ten percent (10%) of the hourly rate for all full hours worked between the hours of 11 p.m. and 7 a.m. and all eight (8) hour shifts beginning between 10:30 p.m. and 11:30 p.m.

(4) Except as otherwise provided in this ordinance, shift differential shall not be paid to employees compensated on an hourly or per performance basis, or bi-weekly paid employees who work part-time. Neither shall shift differential be paid to full-time regular employees docked for any portion of an eligible shift.

(g) WEEKEND DIFFERENTIAL: When employees whose pay range is established in Section 2(a) or 2(b) work on a Saturday and/or a Sunday they shall be eligible for weekend differential. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive weekend differential when it is part of their regularly scheduled work hours. This differential shall be one percent (1%) of an employee's base bi-weekly rate. An employee shall receive weekend differential for working any portion of an eligible day. This differential shall only be paid for full hours worked. Weekend differential shall not be paid to employees compensated on an hourly or per performance basis or bi-weekly paid employees who work part-time. Neither will the weekend differential be paid to full-time regular employees docked for any portion of a day on which the differential would otherwise be paid.

(h) COMMUTING ALLOWANCE: Employees residing within the corporate limits of the City of St. Louis who are regularly assigned to a position located in a City institution, agency, or facility located outside the corporate limits of the City of St. Louis, and who are regularly assigned to a five-day, forty-hour weekly work schedule, shall be entitled to a commuting allowance in the amount of one hundred forty-one dollars ($141.00) bi-weekly on the effective date of this ordinance. Eligible full-time employees who are assigned to an alternate form of work schedule which reduces the frequency of commuting to work shall be entitled to a commuting allowance which is reduced in proportion to the reduced frequency of commuting. City employees who are temporarily assigned duty to a facility located outside the corporate limits of the City of St. Louis shall be entitled to a per diem rate for the duration of the assignment. No employee living outside of the corporate limits of the City of St. Louis shall receive a commuting allowance.

A period of absence of ten (10) working days or more shall result in suspension of eligibility for the commuting allowance. Suspension of the commuting allowance shall begin during the pay period in which the tenth (10th) day of absence occurs and shall continue for any subsequent full or partial pay periods during the period of absence. Upon return to duty from such absence, an employee shall immediately be eligible to resume receiving commuting allowance, reduced in proportion to the time the employee did not work due to absence.

Employees for whom any form of free transportation (car, truck, bus, etc.) is provided by the City from a place within the corporate limits of the City of St. Louis to the work site and back shall not be entitled to the commuting allowance.

A person occupying a position as a member of a Board, Commission or Committee shall be paid at the per day, per meeting or per month rate established above.

(j) The Director of Personnel may establish per performance rates of pay, hourly rates of pay, or rates of pay for units of work and the conditions for making of any such payments. Such per performance, hourly, or unit-of-work rates may be computed from the bi-weekly scales established in this ordinance. Per performance, hourly, or unit-of-work rates shall be established considering the nature of employment, community practices in compensating similar employment, and the purpose of the program for which the rate is established. Employees paid per performance, hourly, or unit-of-work rates of pay shall not be entitled to vacation, medical leave or holiday leave with pay or other benefits accorded employees paid a bi-weekly rate except that an appointing authority, with the prior approval of the Director of Personnel, and when sufficient funds have been appropriated for the fiscal year, may establish

a modified level or type of benefit program when the provision of such benefit is needed in order to attract and retain sufficiently qualified employees to work in specific per performance, hourly, or unit-of-work assignments.

Appointing authorities are not permitted to utilize per performance and hourly employees as a method of replacing bi-weekly rate employees who would be entitled to employee benefits.

(k) The Director of Personnel may establish trainee rates of pay. Such trainee rates may be established on an hourly, per performance or bi-weekly basis and shall be less than the rate paid to a regular employee.

(l) The Director of Personnel, with the assistance of appointing authorities concerned, may establish rates and conditions under which compensation may be granted for periods of time during which an employee is away from the job site but restricted in his/her activities because of an assignment by the appointing authority to be available for a call to return to the work site to perform emergency duties. Pay rates and conditions established under the provisions of this Section 2(l) may include reasonable minimum pay guarantees for employees required to return to the work site to perform emergency duties. The provisions of this Section 2(l) shall not be construed to restrict the right of an appointing authority to establish call back procedures for employees as an established condition of employment.

(m) The Director of Personnel may authorize payment of special recruitment bonuses, travel, moving and related expenses to recruit employees for positions when funds for this purpose are appropriated.

(n) The Director of Personnel may approve the payment of hiring incentives to current employees to recruit qualified personnel for positions that are difficult to fill. Hiring incentives shall be in any amount up to twenty-five percent (25%) of the annual salary of the position for which the recruitment is made.

(o) (1) An appointing authority, with the prior approval of the Director of Personnel, may establish cash awards or other incentives for an employee or group of employees to recognize and reward increased productivity or effectiveness. The incentives offered may include cash, paid time off and such other reasonable incentives as the Director of Personnel may determine. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose.

(2) The Director of Personnel, upon the request of the appropriate appointing authority, may establish a program of cash awards or other incentives, not to exceed ten percent (10%) of annual salary, paid as an addition to pay, for the purpose of providing additional

compensation for employees who are fluent in a foreign language and who use this skill in the necessary and regular recurring performance of the duties of their position. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose. Cash awards and incentives under this program shall be made in accordance with guidelines established by the Director of Personnel.

(3) Notwithstanding any other provision in this ordinance, the Director of Personnel is authorized to extend the maximum of the pay ranges by up to forty percent (40%) for the purpose of compensating positions which are extremely hard to fill.

(4) The Director of Personnel may provide an Employee Suggestion Program which grants cash and other awards to recognize employee suggestions which improve City services, operations or facilities. Cash awards to employees for suggestions resulting in tangible savings to the City shall not exceed ten percent (10%) of the annual tangible net savings. Cash awards and payments for other awards shall be made from an appropriation for a suggestion program or other appropriate account. Additionally, cash awards for suggestions shall be granted as an addition to pay, which does not change an employee’s bi-weekly rate. The Employee Suggestion Program shall be administered in accordance with regulations established by the Director of Personnel. The Director of Personnel may establish an authority to evaluate suggestions and determine awards; the decisions of this authority shall be final.

(p) An employee who is appointed to a position requiring advanced technical skills or professional qualifications may be paid at a higher rate than prescribed for the class in Section 2 of this ordinance on recommendation of the appointing authority with the prior approval of the Director of Personnel. Such advancement shall be made solely on the basis that the employee possesses exceptional academic qualifications, registrations or certifications related to the duties of the position and when such academic qualifications, registrations, or certifications are not deemed necessary qualifications for the class of position.

The Director of Personnel may also establish other bonus, incentive or reimbursement programs to encourage current employees to attain registration, licensure, certification, or proof of professional mastery when it is deemed to be in the best interest of the Classified Service, or when such credentials are clearly recognized as adding to the capability of individuals in that area. Incentives, bonuses, or reimbursements awarded under such programs do not result in an employee being ruled ineligible for bonuses or salary increases permitted under other sections of this pay ordinance.

(q) In Skilled Trades classes, defined as those that have bona fide apprenticeship programs registered with the Department of Labor or documented attainment of equivalent apprenticeship programs, employees who have completed such apprenticeship programs and attained journeyman status shall be granted the special skills recruitment rate for the class if a special

skills recruitment rate exists for the class. Employees in classes in the Trades Pay Schedule who have completed alternative training programs established and approved by the Director of Personnel, and attained journeyman status shall also be eligible for a salary at the special skills recruitment rate if such a rate exists for the class.

(r) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, expenses incurred by employees for the purchase of uniform apparel required in the performance of the duties of their positions, when funds have been budgeted therefore.

An appointing authority may exercise the option to furnish such uniform as may be required in the employee's performance of his/her duties.

The Director of Personnel may establish regulations relating to employees' eligibility for reimbursement for uniforms.

Further, when funds have been budgeted therefore, an appointing authority may authorize reimbursement to uniformed security or correctional employees of up to fifty dollars ($50) per incident for damage to personal property sustained while the employee was directly engaged in quelling a disturbance while performing assigned and/or authorized duties during a shift. Employees whose pay is established under Section 2(d) of the ordinance may be

reimbursed for damages to personal property sustained while in the course and scope of employment in accordance with Police Division policies.

(s) An appointing authority that requires employees to provide and maintain their own tools shall provide a tool replacement program and/or annual maintenance allowance, with the prior approval of the Director of Personnel.

(t) (1) Contingency assignment differential may be paid for certain assignments when immediate position coverage is needed for any unexpected reason (*e.g.* death, forced leave, emergency illness, etc.) in a higher pay grade, and shall be granted at the onset of the assignment, not to extend more than one pay period. The Director of Personnel will determine the assignments for which Contingency Assignment Differential will be paid. The assignment of an employee to said assignment having a contingency assignment differential will be determined by the appointing authority from an existing eligible list and will not constitute a promotion or advancement in pay. In addition, the removal of an employee from said assignment shall not constitute a demotion or reduction in pay. If an eligible list is not available, an appointing authority may submit to the Director of Personnel the name of the employee being considered for the assignment to determine if they meet the necessary minimum qualifications for the position being considered.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the contingency assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked or one percent (1%) of the employee's regular base bi-weekly rate for each shift assignment covered, not to exceed one (1) pay period.

(2) Temporary assignment differential will be paid for certain assignments when a vacancy exists for any reason (*e.g.* separations, terminal vacation, leave of absence, military leave, etc.) in a position with a higher pay grade, and shall be granted for at least one (1) pay period but not more than thirteen (13) pay periods, and offset by any days that the employee by reason of absence is not fulfilling the assignment. The Director of Personnel will determine the assignments for which the temporary assignment differential will be paid. The assignment or removal of an employee from said assignment having a temporary assignment differential will be determined by the appointing authority and will not constitute a promotion, demotion, advancement, or reduction in pay. The intended employee must meet the minimum qualifications for the position to be assigned. The temporary assignment differential shall be computed as an addition to pay and not affect the employee's regular bi-weekly rate.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the temporary assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for

each bi-weekly period worked, not to exceed thirteen (13) pay periods. The Director of Personnel may require the establishment of a department policy on temporary assignment differential pay and must sign off on the policy prior to authorizing temporary assignment differential.

(u) City employees who are required by their appointing authority to routinely use their personal vehicle in the performance of their duties shall be compensated by receiving a vehicle maintenance and use allowance of two-hundred seventy dollars ($270.00) per month. Eligible employees who use their personal vehicle with reduced frequency shall be entitled to a vehicle maintenance and use allowance which is reduced in proportion to the reduced frequency of use.

SECTION 3.

EDUCATION REIMBURSEMENT

An appointing authority may, with the prior approval of the Director of Personnel, authorize salary payments, payments of tuition expenses, fees, books and related material in whole or in part to employees to permit them to attend school, visit other governmental agencies or in any approved manner to devote themselves to improvement of knowledge or skills required in the performance of the duties of their position.

The Department of Personnel may reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of their positions or in higher positions, when funds have been allocated in the Department's budget.

An appointing authority, with the approval of the Director of Personnel, may establish a program to reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of the duties of their positions or to improve their professional, technical or managerial knowledge or skill.

SECTION 4.

SALARY RANGE LIMITATIONS

No employee in the Classified Service shall be paid at a rate lower than the minimum or higher than the maximum of the salary range established for the class to which his/her position has been allocated, except as otherwise provided in this ordinance.

SECTION 5.

STARTING SALARY

(a) The rate of pay for an excepted position to be paid upon original appointment to the class shall be determined by the appointing authority for the excepted position.

(b) Except as otherwise provided in this ordinance, the minimum rate of pay for a position shall be paid upon original appointment to the class unless the Director of Personnel finds that it is difficult to secure the services of persons with minimum qualifications or experienced qualified persons at the minimum rate.

The Director may establish a recruitment rate for a single position or all positions in a class and authorize employment at an amount above the minimum but within the regular range of salary established for the class. When a recruitment rate is established for an entire class, employees already in such class may have their salaries adjusted to appropriate rates in the new range resulting from the establishment of the recruitment rate.

(c) Employees with permanent status who are eligible for reemployment as determined by the rules of the Department of Personnel shall be reemployed at an appropriate rate within the [new] salary range which takes into consideration the employee's prior service in the position, as determined by the Director of Personnel.

SECTION 6.

PROMOTION, DEMOTION, REALLOCATION,

TRANSFER AND TEMPORARY PROMOTION

An employee who is transferred, promoted, demoted, or whose position is reallocated after the effective date of this ordinance, shall have his/her rate of pay for the new position determined as follows:

(a) Promotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class with a higher pay grade or a higher starting minimum salary.

(1) When an employee is promoted to a position in the General, Management or Trades Pay Schedule, the employee's current bi-weekly rate of pay shall be set at a rate which is five percent (5%) higher than the rate received immediately prior to the promotion or adjusted to the nearest step in the new pay matrix which is not less than but is closest to a rate which is five percent (5%) higher than the rate received immediately prior to promotion. An appointing authority, with the prior approval of the Director of Personnel, may increase the pay of an employee up to twenty percent (20%), adjusted to the nearest step, when such action is needed to attract experienced, qualified candidates for a position. Such salary determinations shall take into consideration the nature and magnitude of the accretion of duties and responsibilities resulting from the promotion. However, no employee shall be paid less than the minimum rate

nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(2) Temporary Promotion: When an employee, whose salary range is established in Section 2(a) or 2(b), is certified and temporarily promoted to a vacant position, for a limited duration, the employee's current salary shall be adjusted as provided in Paragraph (a)(1) of this Section. Upon expiration of the temporary promotion, the employee shall be returned to his/her former rate of pay, adjusted by any increases the employee would have received in the absence of the temporary promotion. In no case shall the employee's salary be above the maximum of the salary range, unless otherwise provided for in this ordinance.

Employees whose salary ranges are established in Section 2(c) or 2(d) of this ordinance, upon receipt of a temporary promotion, shall be granted the new rank with a salary adjustment based on appropriate years of service in accordance with procedures established for a regular promotion. At the end of the temporary promotion, the employee shall be returned to the rank held immediately prior to the temporary promotion. The employee's rate of pay shall be based on the appropriate years of service.

(b) Demotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class which has a lower pay grade and a lower starting minimum salary.

(1) If an employee is demoted for disciplinary reasons in accordance with the rules of the Department of Personnel and Civil Service Commission and established disciplinary procedures, his/her rate of pay shall be established at a rate within the range for the new position which is at least five percent (5%) lower than the rate received immediately prior to the demotion or reduced to the nearest step which is at least five percent (5%) lower than the rate received immediately prior to the demotion, except no employee shall be reduced below the minimum of the range unless otherwise provided for in this ordinance. The amount of the reduction shall be determined by the appointing authority, with the approval of the Director of Personnel.

(2) If an employee accepts a voluntary demotion, his/her current rate of pay shall be reduced within the range for the new position which is five percent (5%) lower, to the closest downward step, than the rate received immediately prior to demotion, except that employees who are in a working test period and demote to their previous class of position or pay grade, will return to the rate or step received immediately prior to the promotion, plus any adjustments as otherwise provided in this ordinance. No employee shall be paid less than the minimum nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(3) When an employee is demoted for reasons in the best interest of the City Service as determined by the Director of Personnel, his/her salary may be reduced by reason of the new salary range and grade with the prior approval of the Director of Personnel. If the salary of such employee is above the maximum for the new position, the employee's salary shall not be increased so long as he/she remains in the position, except as otherwise provided by this ordinance.

(c) Reallocation:

(1) If the employee's position is reallocated to a class in a lower pay grade and the employee's rate of pay for the previous position is within the salary range of the new position, his/her salary shall remain unchanged or adjusted to the closest step provided the employee's rate of pay shall not be reduced.

(2) The salary of an employee whose position is allocated to a class in a higher pay grade shall be determined in accordance with the provisions of this Section 6(a)(1) relating to salary advancement on promotion.

(d) Transfer: The salary rate of an employee who transfers to a different position in the same class, or from a position in one class to a position in another class in the same pay grade, shall remain unchanged, provided that no employee shall be paid less than the minimum rate

nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(e) Over Maximum: The salary of an employee, which is in excess of the maximum of the range prescribed by this ordinance for the class and grade to which his/her position has been allocated or may be reallocated, shall not be reduced by reason of the new salary range and grade. The salary of such employee shall not be increased so long as he/she remains in the class of position, except as otherwise provided by this ordinance.

SECTION 7.

SALARY ADJUSTMENT

Salary adjustments for all employees in competitive positions shall be based on considerations of merit, equity, or success in fulfilling predetermined goals and objectives as herein provided.

(a) Competitive positions for which salary is established in Section 2(a) - General and Management Schedule; or Section 2(b) - Trades Schedule:

(1) All full time employees employed on March 29, 2020 whose salary is established in Section 2(a) or 2(b) – General, Management, and Trades Pay Schedules, shall

receive a one-time, lump sum payment of $1,000.00 effective with the pay period beginning March 29, 2020.

(2) Any employee whose salary is established in Section 2(a) or 2(b) – General, Management, and Trades Pay Schedules, shall receive a service rating in accordance with the Service Rating Manual. The rating together with the standards of performance established in the rating manual shall determine eligibility for a one step within-range (merit) increase at intervals as outlined in the Service Rating Manual or other pay regulation(s) as determined by the Director of Personnel. Notwithstanding any other section of the compensation ordinance, all employees in the General, Management, and Trades pay schedules who would be eligible to receive an annual step increase as a result of a "Successful" or "Highly Successful" Overall Rating on their regular Service Rating date will receive a 1.5% increase regardless of their current rate or place in the pay schedule.

(3) Effective beginning with the bi-weekly pay period starting June 21, 2020, all employees whose salary is established in Section 2(a) or 2(b) – General, Management, and Trades Pay Schedules, who would be eligible to receive an annual step increase as a result of a "Successful" or "Highly Successful" Overall Rating on their regular Service Rating date will instead receive a two-step (*i.e.* 3%) increase regardless of their current rate or place in the pay schedule.

(4) A non-exempt (Overtime Code 3 or 4) employee whose pay is established in Section 2(a) or 2(b) of this ordinance who receives an Overall Rating of "Unsuccessful" as defined by the Service Rating Manual, shall have his/her salary reduced as determined by the standards established in the Service Rating Manual, but not less than the minimum of the pay grade range.

(b) As used in this ordinance, "anniversary date" means the date following fifty-two (52) weeks of continuous service from the date of original appointment or from the date of the last salary adjustment, if other than a temporary reduction in pay for disciplinary reasons, a demotion (not for disciplinary reasons) or an across-the-board ordinance increase, an increase resulting from an authorized incentive program, reallocation or an upgrade of the classification concurrent with adoption of the ordinance. Absence from service as a result of any authorized paid leave, suspensions, military leave, or family/medical leave will not interrupt continuous service. Absence from service for any other cause shall result in breaking continuity of service and establishment of a new anniversary date, except as otherwise provided in this ordinance. The Director of Personnel may authorize different anniversary dates for an employee or groups of employees.

(c) An appointing authority may evaluate the performance of an employee whose salary is established in Section 2(a) or 2(b) of this ordinance for the purpose of a salary adjustment only at intervals as described above except in the case of:

(1) Exceptional performance of duties:

With the prior approval of the Director of Personnel, the appointing authority in accordance with the Service Rating Manual, may advance the salary of an employee who demonstrates exceptional performance of duties after serving twenty-six (26) weeks of employment at the same rate in the salary range by not more than ten percent (10%) or to the closest step in the pay range which provides not more than a ten percent (10%) increase; this may be in addition to any merit increase received.

(2) Substandard performance of duties:

An appointing authority may reduce the salary of an employee whose level of performance is significantly diminished and no longer warrants payment at the current rate within the range as provided in the Service Rating Manual; providing the employee's salary is above the minimum of the range, established in Section 2(a) or 2(b) and allocated to Overtime Code 3 or Overtime Code 4.

The granting of any such increase or decrease in salary shall be made at the beginning of a payroll period, as determined by the Director of Personnel, following approval of such salary action.

(d) Competitive positions for which salary is established in Section 2(c) - Fire Division Schedule:

All employees in the Fire Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Probationary Fire Privates shall be advanced to the rate for Fire Privates at the beginning of the first bi-weekly pay period following one (1) year of service. Probationary Fire Equipment Dispatchers shall follow the same schedule.

(e) Competitive positions for which salary is established in Section 2(d) – Police Division Schedule:

All employees in the Police Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Police Probationary Officers who successfully complete their working test period shall be advanced to the rate for Police Officer at the beginning of the first bi-weekly pay period during which such officer's one (1) year anniversary as a Probationary Police Officer occurs, excluding his/her initial time in training at the Police Academy.

(f) Excepted Positions: The pay of an employee in an excepted position shall be adjusted to any rate within the pay range at the discretion of the appointing authority for the excepted position.

(g) The Director of Personnel may approve, at the request of an appointing authority, adjustments to correct or mitigate serious and demonstrable internal pay inequities. Salary adjustments under this provision shall preclude adjustments to compensate or reward employees for long-term or meritorious service.

(h) The pay of any employee may be decreased as a disciplinary action by an appointing authority to a lower rate. Any such decrease shall be made in accordance with the established disciplinary procedures. The decrease shall not be greater than fifteen percent (15%) of the current salary rate. The decrease may be below the minimum of the pay range for the class. The appointing authority may determine the pay decrease shall be effective for a specific number of bi-weekly pay periods provided, however, that such decrease shall not be effective for more than thirteen (13) bi-weekly pay periods.

(i) An employee who is temporarily promoted shall be eligible for within range salary adjustments under provisions of this Section 7.

(j) The Director of Personnel may approve a within range salary adjustment or other incentives to retain employees in positions that are difficult to fill, or because of their unique requirements. Said adjustment may only be granted once during a twenty-six (26) week period.

SECTION 8.

INCOME SOURCES

Any salary paid to an employee in the Classified Service shall represent the total remuneration for the employee, excepting reimbursements for official travel and other payments specifically authorized by ordinance or pay regulation promulgated by the Director of Personnel. No employee shall receive remuneration from the City in addition to the salary authorized in this ordinance for services rendered by the employee in the discharge of the employee's ordinary duties, of additional duties which may be imposed upon the employee, or of duties which the employee may undertake or volunteer to perform.

Whenever an employee not on an approved paid leave works for a period less than the regularly established number of hours a day, days a week or days bi-weekly, the amount paid shall be proportionate to the hours in the employee's normal work week and the bi-weekly rate for the employee's position. The payment of a separate salary for actual hours worked from two (2) or more departments, divisions or other units of the City for duties performed for each

of such agencies is permissible if the total salary received from these agencies is not in excess of the maximum rate of pay for the class.

SECTION 9.

CONVERSION

(a) Pay schedules in Sections 2(a) or 2(b) in Ordinance 70791 shall continue in effect until the start of the bi-weekly pay period of the effective date of this ordinance, and the rates to be paid to employees in positions of any classes for which a rate is established or changed in Section 2(a) or 2(b) of this ordinance shall become effective and be adjusted (if necessary) as follows:

The salary of each employee whose pay range is established in Section 2(a) or 2(b) of this ordinance whose class has been allocated to a higher pay grade in the appropriate pay schedule as determined by the Director of Personnel shall have their current salary increased to a rate, rounded to the nearest whole dollar, which is not less than but is closest to a rate which is five percent (5%) higher than the rate received immediately prior to promotion, but not less than the minimum of the pay range, whichever is the greater. If an employee's salary is between steps, the employee's salary shall be placed at the higher step.

(b) No employee shall be reduced in salary by reason of the adoption of the new pay schedules in this ordinance.

(c) The salary of an employee serving in a trainee position, which remains above the new trainee rate for his/her position, shall remain unchanged.

(d) The Director of Personnel may establish a special conversion procedure for a class or position in the event that the Director determines that a serious inequity would be created by the application of the conversion procedures established in this Section 9.

(e) The Director of Personnel shall establish such procedures as needed to place this ordinance into effect and interpret its provisions.

SECTION 10.

PAYMENT OF SALARIES

All compensation for positions in the Classified Service shall be paid bi-weekly. The Director of Personnel and Comptroller shall establish the procedure for listing employees on the various payrolls. The payment due each employee for service, except as otherwise provided, shall be made not later than sixteen (16) days after the end of the bi-weekly pay period. In the event that an employee is dismissed or has been employed for occasional or

emergency work, the Comptroller may immediately pay the employee upon termination of service without waiting for the regular bi-weekly pay date of the Department, Division, Section, Office, Agency, Board or Commission where the employee worked.

SECTION 11.

CHANGES TO CLASSIFICATION PLAN

Whenever the Department of Personnel finds it necessary to add a new class to the classification plan, the Director of Personnel shall allocate the class to an appropriate grade and schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the overtime code of an existing class within the classification plan, the Director of Personnel shall change the overtime code, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the pay schedule of an existing class within the classification plan, the Director of Personnel shall allocate the class to the appropriate schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

The pay grade allocated to a class of position within the classification plan shall remain unchanged for the duration of the existing compensation ordinance. Whenever the Department of Personnel considers it necessary to change the pay grade of an established class of position, such adjustment can only be made concurrent with the adoption of a new compensation ordinance. Recommendation for the allocation of a new pay grade shall be made by the Director of Personnel to the Civil Service Commission for final approval by the Board of Aldermen.

SECTION 12.

PAYROLL FORMS

The Director of Personnel shall prescribe forms on which appointing authorities shall certify to the fact that a vacancy exists in a lawfully created position and to the lawful appointment of a person to fill the position. The Director of Personnel shall indicate on these forms the proper allocation of the position and the rate at which payment is to be made. When approved by the Director of Personnel and submitted to the Comptroller, these forms shall constitute authorization for the initial placing of a person's name on the payroll. The Comptroller shall not authorize any change in the rate of pay of an individual on the payroll unless approved by the Department of Personnel. The Comptroller shall provide the Department of Personnel with a copy of each payroll audited and found correct within twenty-one (21) days after audit and approval of the payroll by the Comptroller's Office.

SECTION 13.

CERTIFICATION OF PAYROLL

The appointing authority shall certify on each payroll or a subsidiary document that each person whose name appears on the payroll has been lawfully appointed at a salary provided by this ordinance and that the employee has actually worked the time for which he/she will be paid, subject to the provisions of this ordinance governing hours of work and leaves of absence in the Classified Service.

SECTION 14.

MINIMUM WORK HOURS

Each appointing authority shall establish procedures to assure that the employees under his/her supervision are actively engaged in the performance of the duties of their positions in accordance with the provisions of this section.

Each appointing authority shall submit to the Department of Personnel the work schedule established for each position in the work unit. Work schedule reports shall be submitted upon request of the Director of Personnel or whenever the appointing authority proposes to change the permanent work schedule of a position. The work schedule submitted

by the appointing authority shall constitute the normal work schedule for the position when approved by the Director of Personnel.

All employees in the Classified Service shall be in attendance at their work in accordance with schedules established under the provisions of this Section 14, subject to other provisions of this ordinance with respect to hours, holidays, vacation, medical leave, furloughs, sick leave, military leave, and leaves of absence with or without pay.

(a) Employees whose salaries are established in Section 2(a) or 2(b): Forty (40) hours shall constitute the average minimum required weekly hours of service in an employment cycle under regular full-time employment for all City employees paid on a bi-weekly basis occupying competitive positions in the Classified Service. The minimum daily and annual service required of such employees shall be in proportion to the average minimum weekly hours established.

Appointing authorities shall so arrange the time for reporting for work, for luncheon intermission, and for quitting work of the various employees under their jurisdiction so that the employees will actually be engaged in active performance of their duties for not less than the average minimum number of hours required.

(b) Management Employees: Appointing authorities for employees occupying full-time positions whose salaries are established in Section 2(a) of this ordinance shall initiate

procedures to see that such employees are engaged in the performance of their duties on a full-time basis. Full-time employment for any employee whose classification is denoted in the Management Schedule shall be defined as an average of forty (40) hours per week of time devoted to the duties of the position on an annual basis.

(c) Uniformed Fire Personnel: Fifty-two (52) hours shall constitute the average required weekly hours of service in an employment cycle under regular full-time employment for all employees in the Division of Fire and Fire Prevention, except that the appointing authority, with the approval of the Director of Personnel, may determine that the minimum work hours provision of Section 14(a) shall apply to employees in certain positions due to the nature of the assignment and/or scheduling requirements. The appointing authority shall so arrange the time for reporting for work and for quitting work of the various employees under the appointing authority's jurisdiction so that the employees will actually be engaged in the active performance of their duties for not less than the average number of hours required.

(d) The work period for employees whose pay is established in Section 2(d) of this ordinance is twenty-eight (28) days. The daily work period for an employee in the position of Police Probationary Officer and Police Officer is eight (8) hours which includes a thirty (30) minute meal period. The meal period is counted as working time; however, an officer unable to take a meal break will not receive additional compensation. The daily work period for an employee in the position of Police Officer Trainee is eight (8) hours. Additionally, Police

Officer Trainees shall receive a thirty (30) minute unpaid meal period that shall not be counted as part of their daily work period or work day.

SECTION 15.

OVERTIME

(a) The Department of Personnel shall determine those positions in the Classified Service of the City of St. Louis which are exempt from overtime compensation and those positions which are not exempt from overtime compensation. The overtime codes established for each class in Section 1(a) of this ordinance shall be interpreted as follows:

OVERTIME CODE (OVTM):

1 These classes are primarily managerial in nature, but may also include some professional or administrative classes that are ineligible for overtime pay under all but emergency conditions as described in Section 15(d) of this ordinance.

2 These are supervisory, professional, and administrative classes that are exempt from overtime compensation, but which the City compensates for overtime at the straight (1.0x) time rate.

3 These are non-exempt classes that receive overtime compensation at the one and one-half (1.5x) time rate.

4 These non-exempt classes work an average bi-weekly work schedule of 84 hours and, therefore, receive overtime compensation at the one and one-half (1.5x) time rate.

Appointing authorities are prohibited from changing employee work schedules to avoid the payment of overtime.

For purposes of determining overtime pay rates for non-exempt employees, the regular hourly rate of pay shall be used.

Any employee in a class which has been allocated to Overtime Code 4 (non-exempt) in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the one and one half (1.5x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle for all non-exempt (Code 4) positions in the work unit. Whenever a non-exempt (Code 4) employee works in excess of forty (40) hours in a work week, the employee will be paid at the one and one half time (1.5x) rate. The average number of scheduled hours in a bi-weekly pay

period shall not be less than eighty-four (84) for full-time employment. The regular hourly rate of pay for a non-exempt (Code 4) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Any employee in a class which has been allocated to Overtime Code 3 (non-exempt) in this ordinance shall be compensated for overtime work in accordance with the provisions of this section. Each appointing authority shall designate and submit to the Director of Personnel the official work week and schedule or work cycle for all non-exempt positions in the work unit. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment.

Whenever an Overtime Code 3 employee whose pay matrix is in Section 2(a) or 2(b), works hours in excess of the maximum established for an official work week or work cycle, usually forty (40) hours in a work week such hours shall be paid at the one and-one-half time (1.5x) rate. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Overtime Code 3 employees whose pay matrix is in Section 2(c) of this ordinance who are working a nineteen (19) day work cycle are eligible to receive overtime after one hundred forty-four (144) hours are worked in a work cycle, except that the Fire Division shall pay overtime for emergency work at the end of a shift or emergency work required on a separate, non-scheduled day, even if the total number of hours worked in the work cycle is not in excess of one hundred forty-four (144) hours. These employees shall not receive additional compensation for regularly scheduled hours in excess of one hundred forty-four (144) hours if they do not actually work more than one hundred forty-four (144) hours in the work cycle; provided however, that in addition to the actual hours worked, jury leave, vacation leave, compensatory time and "O" days shall count as hours worked for the purpose of determining eligibility for overtime compensation. Days scheduled off to reduce average work week to fifty-two (52) hours, compensatory time, vacation, “O” days, and holiday time shall be scheduled consistent with a reasonable vacation and holiday leave policy to avoid the necessity of actually working more than one hundred forty-four (144) hours during any work cycle.

Police Officer Trainees, Police Probationary Officers and Police Officers shall be paid overtime, defined as one and one-half time (1.5x) the employee’s regular standard rate of pay, for all hours worked in excess of their eight (8) hour work day or any hours worked on a scheduled day off. Only hours actually worked shall count toward overtime pay.

Police Sergeants – whose salary is established in Section 2(d) of this ordinance shall be paid overtime, as defined as one and one-half time (1.5x) the employee's regular standard rate of pay, for all hours actually worked in excess of one hundred sixty (160) hours in a twenty eight (28) day work period. In addition to hours physically worked, holidays, discretionary holidays, and sick-injured time shall count toward the 160 hour threshold during the 28 day period that must be met to earn overtime. These employees shall receive additional compensation for authorized overtime, court time, and court standby time whenever the total accumulated time exceeds forty (40) hours.

(b) Any employee in a class which has been allocated to Overtime Code 2 in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the straight (1.0x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle, which is usually forty (40) hours, for all exempt (Code 2) positions in the work unit. Whenever a full-time employee in an exempt (Code 2) position is directed by management, with the approval of the appointing authority, to work hours in excess of the maximum established for an official work week or work cycle it shall be considered overtime. In addition to the actual hours worked, only paid vacation time, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation. Straight time (1.0x) overtime shall be compensated at the employee's regular hourly rate of pay, or by granting the eligible employee compensatory time off at the rate of one (1) hour for each hour

of overtime worked. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment. The regular hourly rate of pay for an exempt (Code 2) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period.

(c) Part-time bi-weekly paid employees and employees paid on an hourly or per performance basis shall be compensated for overtime work in accordance with the overtime provisions of this section and with consideration for community practices in compensating similar employment.

(d) An appointing authority may compensate Overtime Code 1 employees at the straight-time (1.0x) rate, when both of the following conditions exist: 1) the Mayor of the City of St. Louis declares an emergency due to serious and protracted conditions which threaten continuous City Service, preservation of public peace, health, or safety, and 2) the appointing authority directs an employee or group of employees to work in excess of forty (40) hours per week. The appointing authority shall maintain attendance records of the assignment(s) and submit such records at the request of the Director of Personnel.

(e) Employees who wish to use compensatory time earned in lieu of pay must make their request in writing at least twenty-four (24) hours in advance of the day or days requested. The

appointing authority shall keep in mind the staffing needs of the department when granting time off, but in any case time off will not be unreasonably denied.

Pay shall be the regular method of compensation for recorded overtime hours of work for employees in classes with Overtime Code 3 and Overtime Code 4. However, an appointing authority shall compensate a non-exempt bi-weekly paid employee for overtime work by granting the employee compensatory time off in lieu of pay only if the employee requests compensatory time, in writing.

Employees engaged in public safety, emergency response or seasonal activity as defined by the Director of Personnel may have a maximum balance of two hundred forty (240) hours of compensatory time; except that Police Officer Trainees, Police Probationary Officers, Police Officers, and Police Sergeants shall only be allowed to accumulate up to forty (40) hours of compensatory time. All other employees are allowed a maximum balance of one hundred twenty (120) hours of compensatory time excluding compensatory time earned for working on a holiday. These maximum balances of compensatory time shall apply to employees working an average work week of forty (40) hours; the maximum balance of compensatory time for employees whose average work week is more or less than forty (40) hours shall be proportionate. No provision of this section establishing a maximum balance of compensatory time shall serve to cancel any compensatory time due to an employee or to deny an employee

payment for recorded compensatory time earned in accordance with the provisions of the compensation ordinance in effect at the time the compensatory time was earned.

Each appointing authority shall establish procedures to assure that non-exempt employees are promptly granted time off when such employees request to use their earned compensatory time. Appointing authorities may not deny non-exempt employees' requests for earned compensatory time off except when such approval would create an extreme business hardship. For employees occupying the position of Police Officer Trainee, Probationary Police Officer, and Police Officer compensatory time may be used at such times and in such blocks as are mutually agreed upon between the supervisor and the employee and it shall not be unreasonably denied by the supervisor if operating requirements will not be adversely effected. When an appointing authority determines that the work schedule of the organization will not permit the granting of such time off, the appointing authority shall pay the employee in that same pay period for all or a portion equivalent to the time requested of the employee's accrued compensatory time. This provision requiring the prompt granting of requested time off applies only to compensatory time that is earned as a result of the employee working overtime; it does not apply to compensatory time earned as a result of an incentive program or bonus award program.

Compensatory time earned by exempt employees shall be granted at the discretion of the appointing authority and upon request of the employee.

(f) Before an employee is transferred, promoted or demoted from a position under one appointing authority to a position under another appointing authority or to another unit with a different appropriation, all compensatory time shall be granted or paid. Upon termination all compensatory time shall be paid. Upon the death of an employee, the person or persons entitled by law to receive any compensation due to the employee shall be paid any amount due to the employee on the date of death.

(g) All departments shall keep daily attendance records of classified employees and shall submit periodic reports of: 1) unexcused absences and leaves; 2) overtime earned, granted, and paid; or 3) the non-occurrence of same to the Director of Personnel in the form and on the dates specified.

(c) In addition to the above ten (10) designated holidays, employees in Section 2(d) shall receive an additional five (5) personal holidays which shall be scheduled in accordance with Police Division policies.

In addition to pay for hours physically worked on an official holiday, including any overtime to which the employee is entitled under the pay ordinance, employees in Section 2(d) of this ordinance will receive four (4) hours of compensatory time if they are required to work a full eight (8) hour shift that begins on any of the following days:

(d) Each appointing authority shall determine the manner of granting holidays and shall report his/her determination to the Department of Personnel, if required by the Director of Personnel. When full-time employees, whose pay is established in Section 2(a) or 2(b) of this compensation ordinance, excluding employees of the Police Division, are required to work on

a holiday they shall be entitled to compensation for the holiday and the hours actually worked. Compensation for the holiday shall be in an amount proportionate to the number of hours an employee is regularly scheduled to work in a day or shift. When full time bi-weekly rate employees of the Police Division whose pay is established in 2(a), 2(b) or 2(d) are required to work on a holiday, they shall be entitled to leave with pay on another date designated by the appointing authority in an amount proportionate to the number of hours an employee is regularly scheduled to work in a day or shift.

Except as otherwise provided in this section, when a City holiday falls on an employee's regularly scheduled day off, the employee shall be entitled to have compensatory time added to his/her balance in an amount proportionate to the number of hours regularly scheduled in a day or shift.

Employees of the EMS Service, whose positions are classified as EMS Dispatcher, EMS Lead Dispatcher, EMT, Paramedic, or Paramedic Crew Chief, will be compensated with pay in lieu of compensatory time for all holidays and receive twelve (12) hours of personal day leave.

If an employee is docked from the payroll for one hour or more on the full scheduled workday preceding a holiday, the full scheduled work day following a holiday, or on a scheduled holiday, the employee shall not be compensated for the holiday.

The holiday compensation procedures established by this Section 16 shall apply to full-time classified employees paid a bi-weekly rate. Part-time bi-weekly rate employees shall be compensated for holidays in proportion to the percentage of time they are regularly scheduled to work. Employees paid on an hourly or per performance basis shall not be entitled to holiday compensation, except as otherwise provided in this ordinance.

In the event that the holiday schedule established in this Section 16 is revised, employees who are granted compensatory time in lieu of all holidays shall have their leave benefits adjusted accordingly. The Director of Personnel may establish additional or alternate holiday leave policies for employees occupying public safety positions which qualify for the special overtime pay provisions under Federal law or for employees with official work schedules authorized by the Director of Personnel which exceed the normal forty (40) hour weekly work schedule. Such procedures shall be designed to treat all employees in the class who work a substantially equivalent schedule in the same manner.

Employees whose pay is established in Section 2(c) of this ordinance shall receive five (5) days of paid leave which shall be referred to as "O" Days.

Length of Cumulative Service	Bi-Weekly Accrual Rates	Annual Equivalent
1 but less than 12 years	4.62	120.12

21 but less than 30 years	7.70	200.20
30 or more years	9.24	240.24

(1) For employees whose pay is established in Section 2(d), forty (40) hours of vacation leave may be taken in one (1) hour increments.

(2) Vacation time is accrued on a bi-weekly basis. No employee will be entitled to or allowed to take any vacation until ninety (90) days of continuous employment from the date of employment.

(g) All references in this ordinance, except as otherwise noted, to accrual rates, additions to, and accrual maximums for vacation are for employees working a scheduled work week of forty (40) hours. Vacation rates, additions and maximums shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. When an eligible employee's scheduled work week is changed, the employee's rate of accrual shall be

changed proportionately. All references in this ordinance to cumulative service for vacation shall mean cumulative service without a break in service of more than one year, except as provided otherwise in this ordinance. No employee who works less than fifty percent (50%) time or who is serving in a limited-term position shall be eligible to accrue vacation.

(h) (1) The maximum vacation balance for those working an average work week of forty (40) hours shall be six hundred (600) hours, except by written request of an appointing authority and with prior approval of the Director of Personnel. Vacation accrual maximums for those working more or less than forty (40) hours per week, but at least fifty percent (50%) time shall be proportionate to the number of hours worked in a bi-weekly pay period.

(2) When an employee's full-time average work week is changed, the maximum vacation balance shall be changed proportionately. In addition, the employee shall have his/her current vacation balance adjusted so that the vacation shall maintain the same position relative to the new maximum balance as existed with the employee's previous maximum balance.

(3) Accrual of vacation shall cease when an employee accumulates the maximum vacation balance established for the assigned work schedule and shall not resume until the vacation balance is less than the maximum amount.

(i) Accrual of vacation shall begin and be credited upon the first bi-weekly pay period and each pay period thereafter but employees must complete the entire pay period to accrue the vacation leave at the end of said pay period:

(1) of appointment;

(2) of return to duty from leave of absence;

(3) of restoration to employment of one-half (50%) time or more.

Vacation leave shall be granted in whole hour units. On termination of service, any fractional hour shall be made whole. The accrual of vacation leave shall cease at the employee's last day at work.

(j) Appointing authorities shall be responsible for establishing all vacation leave schedules, but may not discipline employees by imposing unusual vacation schedules. Vacation shall be granted to the employee as provided by this ordinance in one of the following ways:

(1) When the employee requests vacation leave in accordance with departmental policies;

(2) When directed to take paid time off by the appointing authority;

(3) When an employee is terminated or resigns from the Classified Service;

(4) When an employee whose salary is established in Sections 2(a), 2(b), 2(c) or 2(d) reaches the established maximum accrual and would cease accruing vacation, and notifies the appointing authority in writing of his/her intention to schedule vacation. Such notice shall be at least seven (7) days prior to the first work day the employee intends to take off. If the appointing authority fails to establish a different vacation schedule, the employee may take the paid leave, which was proposed in writing.

(5) With the approval of the appointing authority, an employee may request and receive payment from the appointing authority for forty (40) hours of vacation accrual in lieu of scheduling paid leave provided that the full vacation allowance for that year is not exceeded. This may be done a maximum of once in each calendar year. Management employees may request payment from the appointing authority for up to an additional forty (40) hours of their vacation accrual balances in lieu of scheduling paid leave if their schedules do not permit them to be absent from work. Employees whose pay is established in Section 2(c) of this ordinance may request payment for up to ninety-six (96) hours of vacation. These requests are subject to the prior approval of the Director of Personnel.

(k) During the first twelve (12) months of employment, unless stated otherwise in this ordinance, accrued vacation may be granted to an employee provided that the employee has completed six (6) months of continuous service. When employment is terminated before completing twelve (12) months of continuous service, any previously granted vacation leave shall be deducted from the employee's final pay. When the service of an employee is terminated after twelve (12) months of continuous service, any accumulated vacation that is due the employee shall be paid.

(l) Employees who separate from the Classified Service, who are certified from a reemployment list, and who return to the Classified Service within twenty-four (24) months of the separation, will be given credit for prior continuous service in determining the vacation accrual rate in accordance with Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the date of the employee's original appointment.

(m) Employees who move to the Classified Service from the Unclassified Service shall be given credit for the years of service in the Unclassified Service in determining the vacation accrual rate in accordance with Section 17(a) or 17(b) of this ordinance and based on the date of the employee's original appointment.

(n) Employees who return to work from a "reemployment from layoff" eligible list shall be eligible to use vacation as soon as it is accrued, unless stated otherwise in this ordinance,

provided the employee has completed six (6) months of continuous service prior to the layoff and with approval of the appointing authority. An employee who has completed less than six (6) months of continuous service will be required to complete the remaining portion of the six (6) months period before being eligible to use vacation.

Any such reemployed worker shall be given credit for prior continuous service in determining the employee's vacation accrual rate in accordance with the schedule established in Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the employee's original appointment. A Commissioned Officer who retires and is rehired as a civilian employee will be considered a new employee for vacation purposes.

(o) Appointing authorities shall be responsible for the management of their vacation schedules so as to most effectively administer their organizations and fulfill the desire of employees in the establishment of leave schedules.

(p) Accrued vacation shall be carried with an employee when transferred, promoted, or demoted from a position under one appointing authority to a position under another appointing authority without a break in service or change in method of pay. Upon the death of an employee, the person or persons entitled by law to receive any compensation due the employee shall be paid the amount due the employee for accrued vacation.

(q) With the approval of the appointing authority, a retiring employee may be paid on the payroll for accrued vacation in the month prior to retirement without inclusion in the employee's final average compensation. An appointing authority may pay previously accrued vacation off in a lump sum to an employee whose service with the City has terminated. Such payment shall be made on the employee's last regular paycheck.

(r) Employees occupying excepted positions in the Classified Service shall be granted vacation at the discretion of their appointing authority. An employee whose term in an excepted position ends and who is then appointed to a permanent competitive position working fifty percent (50%) time or more shall become eligible to accrue vacation leave with pay upon appointment to the competitive position. Length of cumulative service for the purpose of determining rate of vacation leave accrual shall be based on the employee's original date of appointment to the excepted position, providing there was no break in service between expiration of the excepted position and appointment to the permanent competitive position. The date of appointment to the permanent competitive position shall be used to determine the appropriate rate of vacation accrual for the corresponding length of cumulative service in accordance with the schedule established in Section 17(b).

(s) Appointing authorities shall report leave with pay for vacation and such other authorized absences as the Director of Personnel shall designate to the Department of Personnel in such form and at such time as the Director of Personnel may require.

(b) An active employee who is a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis, and who applies for retirement and immediately retires from active service, shall receive payment for his/her sick leave balance less any sick leave credited or paid to a member or used in the calculation of retirement benefits under this or any other ordinance(s). If the Employees Retirement System or Firemen's Retirement System provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be limited to a maximum of fifty percent (50%) of the value of the employee's sick leave balance. If the Employees Retirement System of the City of St. Louis provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be fifty percent (50%) of the value of the employee's sick leave balance at time of retirement.

(c) If a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis who had been otherwise eligible for Normal or Early Service Retirement dies his/her estate may receive payment based on the calculation above on the employee's sick leave balance, if any. Payment shall be made in accordance with the procedures established by the Director of Personnel.

(d) An employee who is reemployed from an authorized layoff shall have his/her prior sick leave balance if any restored, provided this balance has not be used in the determination of pension benefits paid to the retiree.

(e) Commissioned officers will be granted sick leave at the rate of 3.70 hours bi-weekly. In addition, military reinstatements will be credited, on the date of their reinstatement, with the number of sick leave credits accumulated prior to entering the military. Officers hired prior to April 20, 2011 may earn and bank sick leave hours on an unlimited basis until termination from the Division.

(f) Commissioned officers hired prior to April 20, 2011 with thirty (30) years of service and possessing 2,200 accrued sick leave hours, will receive compensation for one-half of their accumulated sick leave hours. Officers hired prior to April 20, 2011 who have at least twenty (20) years of service who possess 1,600 accrued sick leave hours, will receive compensation

for one-fourth of their accumulated sick leave hours, and also receive 173.33 hour pay (2080 hours divided by 12). All other officers hired prior to April 20, 2011 terminating their employment with the Division will receive compensation for one-fourth of their accumulated sick leave hours at the time of termination. These benefits are not granted to employees who have pled guilty, been found guilty or otherwise convicted of a crime prior to termination.

(g) Employees in Section 2(a) or 2(b) formerly employed by the Board of Police Commissioners prior to April 20, 2011 and continuously employed by the City with thirty (30) years of service and possessing 2,200 accrued sick leave hours, will receive compensation for one-half of their accumulated sick leave hours. Employees in Section 2(a) or 2(b) formerly employed by the Board of Police Commissioners hired prior to April 20, 2011 and continuously employed by the City who have at least twenty (20) years of service who possess 1,600 accrued sick leave hours, will receive compensation for one-fourth of their accumulated sick leave hours, and also receive 173.33 hour pay (2080 hours divided by 12). (h) All Commissioned officers, excluding Police Officer Trainees, shall accumulate sick bonus time.

(i) There shall be no advancement of paid sick leave. Sick leave shall be paid at full pay at the current rate of compensation.

SECTION 19.

MEDICAL LEAVE

(a) Medical leave with pay shall be granted to bi-weekly rate employees in permanent competitive positions working fifty percent (50%) time or more in accordance with regulations and procedures established by the Director of Personnel.

(1) All employees, unless otherwise stated in this ordinance, shall accrue three (3) hours of medical leave for each bi-weekly pay period of employment but must complete the entire pay period to accrue the medical leave at the end of said pay period. This accrual rate is established for employees working an average work week of forty (40) hours. Medical leave shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. An eligible employee may be granted paid medical leave by his/her appointing authority after completing twenty-six (26) weeks of continuous service.

(2) Employees in Section 2(a) or 2(b) hired by the Police Division on or after September 1, 2013 shall accrue medical leave as stated above in Section 19(a)(1).

(3) Employees in Section 2(a) or 2(b) hired by the Board of Police Commissioners before September 1, 2013 shall be entitled to all of the sick and medical leave accrued during such employment. Subject to the provisions of Section 19(a), medical leave with pay shall be granted at the rate of 3.70 hours bi-weekly to employees in Section 2(a) or 2(b) hired by the Board of Police Commissioners before September 1, 2013, employed by the City and continuously employed by the City on September 1, 2013.

(b) The Director of Personnel may establish a system of cash awards, paid time off or other incentives to reward employees for perfect and near perfect attendance.

(c) An appointing authority shall remove an employee from the payroll for unexcused absence in accordance with regulations and procedures established by the Director of Personnel. When an employee is docked from the payroll under the provisions of this section, the amount deducted from his/her regular bi-weekly rate of pay shall be one times (1.0x) the regular hourly rate as defined in this ordinance for each hour of unexcused absence. If an employee is docked from the payroll for one (1) hour or more in a bi-weekly pay period, he/she will cease to accrue medical leave for the pay period.

(d) If management decides to send their employees or a group of employees home due to inclement weather, they will not lose their medical leave accrual for that pay period.

(e) All leave with or without pay for illness, injury, or physical inability to perform assigned duties shall be recorded on the payroll or a subsidiary document in the manner established by the Director of Personnel. Compensation for periods of absence from work when an employee sustains an injury by accident on the job shall be governed by the provisions of Section 24 (Workers' Compensation and Disability Leave) of this ordinance.

(f) An employee who is reemployed from an authorized layoff shall have his/her prior medical leave balance and sick leave balance restored if any, provided any sick leave balance has not been credited to the employee's length of service in determining pension benefits paid to the retiree. An employee who is reemployed from an authorized layoff and who has a medical and/or sick leave balance and who completed twenty-six (26) weeks of continuous employment prior to the layoff may take approved medical and/or sick leave upon reemployment.

(g) Each appointing authority shall institute procedures, in accordance with regulations established by the Director of Personnel that will discourage the improper use of medical leave with pay. When an employee is removed from the payroll for absence not approved by the appointing authority, the employee shall be notified promptly in writing.

(h) Employees shall not receive payment for any medical leave balance and it shall not be used in the calculation of retirement benefits or payments under this ordinance or any other ordinance.

(i) There shall be no advancement of medical leave.

SECTION 20.

MILITARY LEAVE

The City of St. Louis will follow all applicable state and federal laws on the granting of military leave and reemployment rights.

Each employee is required to give advance notice (at least 30 days prior to departure when feasible), preferably in writing, of service obligation or intention to perform services in the uniformed services, unless such notice is prevented by military necessity, as determined by a designated authority, or impossible or unreasonable under all of the circumstances.

Upon the expiration of military leave of absence, the employee shall be reinstated to the class of position he/she occupied at the time the leave was granted without breaking continuity of service. Failure of an employee to report for duty within the time pursuant to state or federal

law shall be just cause for dismissal. The employee's accumulated leave balance(s) shall be restored to the employee upon his/her return.

Full-time, permanent employees paid a bi-weekly rate of pay who are called to active duty as a member of the National Guard or any reserve component of the Armed Forces of the United States and who are placed on a military leave of absence will be granted compensation in the amount to offset the difference between the employee's gross bi-weekly pay with the City and his/her total military pay plus allowances if such military pay and allowances is less than the employee's regular gross bi-weekly rate of pay and subject to submission of documentation as required by the Director of Personnel.

SECTION 21.

LEAVES OF ABSENCE AND FAMILY/MEDICAL LEAVE

An employee may request a leave of absence, or an appointing authority may request a leave of absence for an employee, for any reason under the City's general leave policy, or a "Family/Medical Leave of Absence" for certain qualifying reasons under provisions of "The Family and Medical Leave Act of 1993" as provided in this ordinance and under additional provisions and regulations as determined by the Director of Personnel.

(a) An appointing authority, with the approval of the Director of Personnel, may grant an employee in a competitive position a general leave of absence without pay for a period of one year, which may be extended, with the prior approval of the Director of Personnel.

Upon the expiration of such leave of absence, the employee shall be reinstated to the competitive position he/she occupied at the time the leave was granted provided the position is still in existence and he/she is able to perform the duties of the position. The employee shall be reinstated to the competitive position at the same relative rate in the salary range the employee occupied at the time the leave was initiated. Failure of an employee to report for duty promptly at the expiration of the leave shall be just cause for dismissal. If necessary to the efficient conduct of the business of the City, an employee on leave other than military leave or qualifying family/medical leave may be notified by the appointing authority, with the approval of the Director of Personnel, to return prior to the expiration of such leave. Failure of the employee to return within ten (10) calendar days after receipt of such notice shall terminate his/her leave of absence and be just cause for dismissal, subject to any applicable federal, state or local regulations.

(b) The City of St. Louis will follow all applicable state and federal laws on the granting of family/medical leave.

The Director of Personnel shall establish additional rules, guidelines and procedures for the effective administration of the City's "Family/Medical Leave Policy." The policy shall comply with all provisions of the "Family/Medical Leave Act of 1993" and any amendments thereafter.

Employees must take all of their accrued time (sick leave, medical leave, vacation leave) prior to being placed on leave without pay status for approved Family and Medical Leave, except employees can keep one (1) week of vacation hours (if they have accrued one (1) week of vacation and are eligible to take them). Employees will be allowed to use all their compensatory time, if requested by employee.

(c) Any employee in a competitive position who is appointed to an excepted position in the Classified Service shall be granted an in-service leave without pay from the competitive position during the term to which he/she is appointed to the excepted position. Such leave shall be for the term of the appointment to the excepted position and until his/her successor qualifies. Upon the expiration of the appointment to the excepted position, the employee shall be reinstated to the competitive position he/she occupied immediately prior to the in-service leave. The employee shall be reinstated to the competitive position as under a temporary promotion pursuant to Section 6(a)(2) of this ordinance. Employees who are returned to a competitive position shall retain any vacation, compensatory time, sick leave, or medical leave balance in effect at the time of granting of the leave of absence for appointment to the excepted position.

Employees shall be given credit for time spent in an excepted appointment in computing eligibility for additional vacation leave accrual.

(d) In the event that emergency conditions occur which require the closing of City-operated facilities or the temporary cessation of functions carried out by classified employees, the Mayor of the City of St. Louis may declare an emergency and require an employee or group of employees to take leaves of absence with or without pay while such emergency conditions exist. In the event that the Mayor requires that the leave of absence be without pay, an employee with vacation or accrued compensatory time may elect to take the accrued time off with pay in lieu of all or a part of such non-paid leave of absence. Such non-paid leave of absence shall not interrupt continuity of service for vacation accrual. An emergency leave of absence declared by the Mayor shall not exceed ninety (90) days.

(e) Employees who are granted general leaves of absence and other non-paid leaves of absence, except military leave, must take all accrued vacation at the start of the leave of absence except as otherwise provided in this ordinance. Employees who are granted or placed on a non-paid leave of absence will not accrue vacation, sick leave, and medical leave during the period of non-paid leave. Upon the expiration of such leaves of absence, the employee shall follow the procedures as established in this Section 21 and any other applicable regulations and procedures as established by the Director of Personnel.

(f) An appointing authority, with the prior approval of the Director of Personnel, may put an employee on a forced leave of absence with or without pay pending the outcome of an investigation or of a pending disciplinary action against the employee. Employees being placed on forced leave may elect to be placed on either vacation leave or compensatory time.

(g) In the event that a fiscal crisis occurs in the City of St. Louis, employees may request voluntary furloughs. The Director of Personnel may issue regulations to govern the furlough program.

SECTION 22.

INSURANCE BENEFITS

The City of St. Louis is hereby authorized to devise and establish by contract or otherwise plans for life, health, medical, disability, and other insurance coverage deemed necessary for employees in the Classified Service and other employees for the City and their dependents. The Director of Personnel shall develop and administer programs to provide for such coverage. The Director of Personnel shall confer with the Board of Estimate and Apportionment by February 1st of each year regarding coverage plans and the appropriate funding level. The Director shall then be charged with the responsibility of establishing the applicable funding level and remittance rates for the aforementioned plans and certify same to

the Comptroller and Budget Director by March 1st of each year. The Director of Personnel may amend said rates as needed.

SECTION 23.

DEATH BENEFIT

In the event any employee of the City whose pay is established by this ordinance dies as a result of injuries arising out of and in the course of his/her employment by the City, the City shall pay compensation in accordance with the Missouri Workers' Compensation Law. The Director of Personnel and the City Counselor shall establish procedures for making the payments required by the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made. Such compensation shall be in addition to any life insurance benefits paid for by the City or by the employee which is available to the employee's beneficiaries and also in addition to any benefit provided by the Employees Retirement System of the City of St. Louis, the Firemen's Retirement System of the City of St. Louis, or the Firefighters Retirement Plan.

SECTION 24.

WORKERS' COMPENSATION AND DISABILITY LEAVE

(a) Any employee in the Classified Service whose class title and grade are established in Section 1(a) and denoted by the suffix "G," "M," "T" or "E" of this ordinance, including employees who are compensated on a per performance or unit of work basis, who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where an employee's duties are being performed or where an employee's presence is required as part of his/her employment, shall promptly report such injury by accident or occupational disease to his/her immediate supervisor. The supervisor shall in turn report, through the appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. The appointing authority shall promptly provide such written information and recommendations as may be requested by the City Counselor to aid in making the determination of the period of disability.

The employee who suffers a personal injury as described in part (a) of this section, and which results in temporary disability, may elect to use sick or medical leave for the first three (3) days of temporary disability. Thereafter, the employee will be compensated at the rate mandated by the Missouri Workers' Compensation Law. If the period of disability extends fourteen (14) calendar days or more, the three (3) days of sick or medical leave used during the first three (3) days of disability will be restored to the employee's sick or medical leave balance. The City Counselor shall determine the actual amount of compensation and length of time during which payments are made for such temporary disability in accordance with the Missouri Workers' Compensation Law.

(b) (1) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease while engaged in actual fire suppression, or related emergency response activities on or about the premises where these activities are being performed, or during transportation to and from the scene of the fire, or emergency, shall promptly report such injury to his/her immediate supervisor. The injury shall be promptly reported through appropriate management personnel to the Director of Personnel and the City Counselor. During the period of temporary disability which has been determined by the City Counselor to be a result of an injury by accident or occupational disease as defined above, the employee may be continued on the payroll at the regular bi-weekly rate less any amount the employee would otherwise pay in taxes on that portion of the benefit found to be exempt from taxation under the Missouri Workers' Compensation Law, or the federal tax code. Disability leave may also be granted when an employee suffers injury as a result of participation in Training Simulation of an exceptional and highly dangerous nature wherein the appointing authority or the Director of the Department of Public Safety has gained the approval of the Director of Personnel prior to such Training Simulation.

(2) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of

employment while engaged in or about the premises where his/her duties are being performed, except as otherwise provided in Section 25(b)(1) above shall likewise, promptly report such injury to his/her immediate supervisor, who shall report, through his/her appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. During any such period of temporary disability, the employee shall be entitled to workers' compensation benefits as prescribed by State Law.

(3) Employees in the competitive service whose pay is established in Section 2(d) of this ordinance who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies. Employees in the competitive service whose pay is established in Section 2(a) or 2(b) of this ordinance and who were employed by the Board of Police Commissioners and who remain employed by the Police Division who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies.

(c) The City Counselor, the Director of Personnel, or the appointing authority may require an employee to undergo a physical examination and medical or surgical treatment at the expense of the City to diagnose and treat injuries or illnesses arising out of employment.

(d) The City Counselor and the Comptroller shall establish procedures for paying compensation to employees or former employees who are permanently disabled and due compensation under the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made.

(e) The City Counselor and the Director of Personnel shall be responsible for the administration of the provisions of this Section and shall establish and publish procedural regulations for the administration of the program. Each appointing authority shall establish procedures to comply with the provisions of this section and established regulations.

SECTION 25.

JURY AND WITNESS LEAVE

(a) Jury leave with pay shall be granted to bi-weekly rate employees working fifty percent (50%) time or more for such time when such employees are serving as jurors pursuant to order of the St. Louis Circuit Court or United States District Court in St. Louis. Any bi-weekly rate employee, when so summoned for jury service, shall report such fact within seventy-two (72) hours to his/her appointing authority and display to the appointing authority the summons which the employee has received and shall give the appointing authority in writing the date and the time of such jury service. No bi-weekly rate employee shall receive any compensation from the Jury Commissioner or the United States District Court system for jury service for days the

employee receives compensation from the City. A bi-weekly rate employee may keep the jury stipend for days when the employee receives no compensation from the City (off days, docks, leaves, etc.). Upon being discharged from serving as a juror by the Court or Jury Commissioner, the employee shall forthwith report to his/her appointing authority if discharged during their normally scheduled work hours and shall submit to his/her appointing authority a written statement from the Jury Commissioner certifying that the employee has served as a juror and the time and date so served. The appointing authority shall, upon receipt of the statement of jury service, credit the employee with paid jury leave for such service.

(b) Leave with pay shall be granted to bi-weekly rate employees for such time when the employee's presence is required by the prosecutor in a criminal proceeding or grand jury procedure, a trial in prosecuting accused criminals (or for jury service in Federal Court). Any bi-weekly rate employee, when so subpoenaed as a prosecution witness or whose presence is required as a part of a grand jury inquiry, shall report such fact within seventy-two (72) hours to his/her appointing authority and shall give the appointing authority in writing the date and time his/her presence is required for such criminal prosecution. Each appointing authority shall establish controls to assure that any paid leave is actually required by the prosecuting authority. An appointing authority may require an employee to furnish satisfactory evidence of being required to be off the job and that all time off was in connection with the prosecution of the case. This procedure shall apply for employee participation in criminal prosecution in State or Federal Courts.

SECTION 26.

DEFERRED COMPENSATION

(a) Authority is hereby granted for the establishment of a deferred compensation plan for the City of St. Louis.

(b) In accordance with the regulations applicable to the plan, as set out herein, the Comptroller is authorized to enter into an agreement with eligible participants, whereby said participants may designate a portion of their future earnings to be deducted by the City and placed in a fund to be designated "City of St. Louis Deferred Compensation Plan Fund" for the purpose of providing tax deferred benefits to the participants upon retirement.

(c) The Board of Estimate and Apportionment is hereby authorized to establish or select a specific plan or plans in accordance with the requirements set out in this ordinance. In establishing the plan, the Board of Estimate and Apportionment may elect to retain outside parties to provide administrative and/or investment services after following competitive bidding procedures. The Board of Estimate and Apportionment is authorized, after analyzing the various competitive bids submitted in accordance with the requirements of this ordinance, to select the plan or plans it determines to meet the requirements established as a part of the competitive bidding procedures and to be in the best interest of the participants. No investment

plan shall be considered unless offered by a duly licensed resident agent representing a company duly licensed and authorized by the State of Missouri and other applicable federal regulatory agencies to offer such insurance or investment programs.

In the event Federal or State legislation is changed in a manner affecting and/or relating to any of the aforementioned Deferred Compensation provisions contained in this Section, the Board of Estimate and Apportionment of the City of St. Louis may amend the deferred compensation plan accordingly and may execute any and all documents necessary to achieve and effectuate the recommended changes.

SECTION 27.

RETIREMENT

The following provisions shall apply to the Employees Retirement System:

(a) "Final Average Compensation" is equal to one-half of the sum of (1) and (2) below:

(1) The annual compensation received by a member for the two (2) consecutive years of creditable service in which the highest compensation was received preceding the termination of his/her employment, and

(2) The balance of a member's sick leave on the date of retirement *less* sick leave hours paid to the member upon termination of his/her employment and *less* sick leave hours considered as creditable service for the purpose of determining eligibility for and/or calculation of retirement benefits, except that said balance cannot exceed twenty-five percent (25%) of a member's total sick leave on the date of retirement.

(b) If a member has less than two (2) consecutive years of creditable service his/her final average compensation shall be equal to the sum of (1) and (2) below, divided by (3) below and then multiplied by (4) below:

(1) The sum of monthly compensation received by the member for each consecutive month of creditable service immediately preceding the termination of his/her employment;

(2) The balance of a member's sick leave pay on the date of retirement *less* sick leave hours paid to the member upon termination of his/her employment and *less* sick leave hours considered as creditable service for the purpose of determining eligibility for retirement benefits, except that said balance cannot exceed twenty-five percent (25%) of a member's total sick leave on the date of retirement.

(3) The number of consecutive months of creditable service immediately preceding the termination of his/her employment, and

(4) Twelve (12).

The years of creditable service of a member shall be the number of years and completed full calendar months of service during which he/she receives compensation from the first day of the calendar month following the date of the beginning of each employment with an employer until his/her employment is terminated, subject to the provisions of this section. The years of creditable service of an employee (as that term is defined in Subsection 11 of Section Four of Ordinance 66511) hired after the operative date (as that term is defined in Subsection 18 of Section Four of Ordinance 66511) who had attained the age of sixty (60) years at initial employment shall be the number of years and completed months of service during which he/she receives compensation from October 1, 1988, and hereafter, from the first day on or after October 1, 1988, of the beginning of each employment with an employer until his/her employment is terminated. No creditable service shall be granted for any period of employment before October 1, 1988, after the calendar month in which the member attains age seventy (70). No creditable service for prior employment shall be granted an employee who becomes a member after April 1, 1960, unless he/she was employed by an employer on April 1, 1960.

A member's accrued sick leave balance less the sum of (a), (b) and (c) below shall be considered as additional creditable service for calculation of retirement benefits under any provision of this Ordinance 66511, as amended:

(a) Sick leave hours considered as creditable service for the purpose of determining eligibility for retirement benefits, and

(b) Sick leave hours paid to the member upon termination of his/her employment, and

(c) Sick leave hours used in determining final average compensation.

SECTION 28.

SEVERABILITY

The sections of this ordinance shall be severable. In the event that any section of this ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this ordinance are valid, unless the court finds the valid sections of the ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that the Board of Aldermen would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.

GRADE	BI-WEEKLY RATE
1E	$3491
2E	$4315
3E	$5070

(2) The following bi-weekly pay schedule for each Executive pay grade, denoted by the suffix "E," shall become effective beginning with any term of office starting in 2017:

GRADE	BI-WEEKLY RATE
1E	$3491
2E	$4315
3E	$5070

(3) The salary of an elected official shall not be increased during the term of office.

(f) SHIFT DIFFERENTIAL: Shift differential shall be paid for certain work assignments. The Director of Personnel shall determine the work assignments for which shift differential will be paid. The assignment or removal of an employee from a work assignment having a shift differential shall be determined by the appointing authority and will not constitute a promotion, demotion, advancement or reduction in pay. The shift differential shall be added to the employee's regular bi-weekly rate.

(1) In order for an employee in Section 2(a) or 2(b) to be eligible for shift differential compensation, the employee must work a shift that requires the completion of four (4) hours of work between the hours of 4:00 p.m. and 8:00 a.m. the following morning. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive shift differential if they are regularly scheduled to work at least four (4) hours between 4:00 p.m. and 8:00 a.m. the following morning. Employees shall be entitled to receive shift differential compensation for no more than one shift worked between the hours of 4:00 p.m. and 8:00 a.m. Employees who are assigned to work schedules that require them to rotate among three shifts (day, evening, night) on a bi-monthly or more frequent basis shall be eligible for shift differential compensation for all three shifts worked.

For employees whose pay range is established in Section 2(a) or 2(b) the shift differential premium shall be one percent (1%) of the employee's regular base bi-weekly rate for each eligible shift worked in a bi-weekly pay period.

An employee whose pay range is established in Section 2(a) or 2(b) shall receive shift differential for working a portion of an eligible shift, provided the portion of the shift not worked is charged to paid leave. Shift differential shall only be paid for whole hours worked; a fraction of an hour shall not be counted toward the payment of the differential.

(2) For those employees whose pay range is established in Section 2(c), the shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift. Employees must work at least 12 hours of a regularly assigned 24 hour shift to be eligible for any shift differential for the shift. Such employees shall not receive shift differential for overtime worked, which is not part of their regular schedule. This provision will not go into effect until shift differential is agreed upon by the Director of Personnel and the Union (Local 73) in writing.

Except shift differential premium shall be $2.00 per hour for each hour worked between 11:00 p.m. and 7:00 a.m. during an eligible shift to be paid to Overtime Code 3 Fire Equipment Dispatcher classifications whose pay range is established in Section 2(c).

(3) For Police Officer Trainees and employees whose pay grade is denoted with the suffix D, the night shift differential shall be ten percent (10%) of the hourly rate for all full hours worked between the hours of 11 p.m. and 7 a.m. and all eight (8) hour shifts beginning between 10:30 p.m. and 11:30 p.m.

(4) Except as otherwise provided in this ordinance, shift differential shall not be paid to employees compensated on an hourly or per performance basis, or bi-weekly paid employees who work part-time. Neither shall shift differential be paid to full-time regular employees docked for any portion of an eligible shift.

(g) WEEKEND DIFFERENTIAL: When employees whose pay range is established in Section 2(a) or 2(b) work on a Saturday and/or a Sunday they shall be eligible for weekend differential. Employees whose pay grade is denoted with the suffix "M" are only eligible to receive weekend differential when it is part of their regularly scheduled work hours. This differential shall be one percent (1%) of an employee's base bi-weekly rate. An employee shall receive weekend differential for working any portion of an eligible day. This differential shall only be paid for full hours worked. Weekend differential shall not be paid to employees compensated on an hourly or per performance basis or bi-weekly paid employees who work part-time. Neither will the weekend differential be paid to full-time regular employees docked for any portion of a day on which the differential would otherwise be paid.

(h) COMMUTING ALLOWANCE: Employees residing within the corporate limits of the City of St. Louis who are regularly assigned to a position located in a City institution, agency, or facility located outside the corporate limits of the City of St. Louis, and who are regularly assigned to a five-day, forty-hour weekly work schedule, shall be entitled to a commuting allowance in the amount of one hundred forty-one dollars ($141.00) bi-weekly on the effective date of this ordinance. Eligible full-time employees who are assigned to an alternate form of work schedule which reduces the frequency of commuting to work shall be entitled to a commuting allowance which is reduced in proportion to the reduced frequency of commuting. City employees who are temporarily assigned duty to a facility located outside the corporate limits of the City of St. Louis shall be entitled to a per diem rate for the duration of the assignment. No employee living outside of the corporate limits of the City of St. Louis shall receive a commuting allowance.

A period of absence of ten (10) working days or more shall result in suspension of eligibility for the commuting allowance. Suspension of the commuting allowance shall begin during the pay period in which the tenth (10th) day of absence occurs and shall continue for any subsequent full or partial pay periods during the period of absence. Upon return to duty from such absence, an employee shall immediately be eligible to resume receiving commuting allowance, reduced in proportion to the time the employee did not work due to absence.

Employees for whom any form of free transportation (car, truck, bus, etc.) is provided by the City from a place within the corporate limits of the City of St. Louis to the work site and back shall not be entitled to the commuting allowance.

A person occupying a position as a member of a Board, Commission or Committee shall be paid at the per day, per meeting or per month rate established above.

(j) The Director of Personnel may establish per performance rates of pay, hourly rates of pay, or rates of pay for units of work and the conditions for making of any such payments. Such per performance, hourly, or unit-of-work rates may be computed from the bi-weekly scales established in this ordinance. Per performance, hourly, or unit-of-work rates shall be established considering the nature of employment, community practices in compensating similar employment, and the purpose of the program for which the rate is established. Employees paid per performance, hourly, or unit-of-work rates of pay shall not be entitled to vacation, medical leave or holiday leave with pay or other benefits accorded employees paid a bi-weekly rate except that an appointing authority, with the prior approval of the Director of Personnel, and when sufficient funds have been appropriated for the fiscal year, may establish

a modified level or type of benefit program when the provision of such benefit is needed in order to attract and retain sufficiently qualified employees to work in specific per performance, hourly, or unit-of-work assignments.

Appointing authorities are not permitted to utilize per performance and hourly employees as a method of replacing bi-weekly rate employees who would be entitled to employee benefits. Therefore, per performance and hourly employees will be limited to work an equivalent of ten (10) months of full time employment (1,733 hours) per year.

(k) The Director of Personnel may establish trainee rates of pay. Such trainee rates may be established on an hourly, per performance or bi-weekly basis and shall be less than the rate paid to a regular employee.

(l) The Director of Personnel, with the assistance of appointing authorities concerned, may establish rates and conditions under which compensation may be granted for periods of time during which an employee is away from the job site but restricted in his/her activities because of an assignment by the appointing authority to be available for a call to return to the work site to perform emergency duties. Pay rates and conditions established under the provisions of this Section 2(l) may include reasonable minimum pay guarantees for employees required to return to the work site to perform emergency duties. The provisions of

this Section 2(l) shall not be construed to restrict the right of an appointing authority to establish call back procedures for employees as an established condition of employment.

(m) The Director of Personnel may authorize payment of special recruitment bonuses, travel, moving and related expenses to recruit employees for positions when funds for this purpose are appropriated to the Department of Personnel.

(n) The Director of Personnel may approve the payment of hiring incentives to current employees to recruit qualified personnel for positions that are difficult to fill. Hiring incentives shall be in any amount up to twenty-five percent (25%) of the annual salary of the position for which the recruitment is made.

(o) (1) An appointing authority, with the prior approval of the Director of Personnel, may establish cash awards or other incentives for an employee or group of employees to recognize and reward increased productivity or effectiveness. The incentives offered may include cash, paid time off and such other reasonable incentives as the Director of Personnel may determine. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose.

(2) The Director of Personnel, upon the request of the appropriate appointing authority, may establish a program of cash awards or other incentives, not to exceed ten percent (10%) of annual salary, paid as an addition to pay, for the purpose of providing additional compensation for employees who are fluent in a foreign language and who use this skill in the necessary and regular recurring performance of the duties of their position. Cash awards shall be made from the personal services appropriation of the unit, the account from which the employee's salary is paid or from a general appropriation for this purpose. Cash awards and incentives under this program shall be made in accordance with guidelines established by the Director of Personnel.

(3) Notwithstanding any other provision in this ordinance, the Director of Personnel is authorized to extend the maximum of the pay ranges by up to forty percent (40%) for the purpose of compensating positions which are extremely hard to fill.

(4) The Director of Personnel may provide an Employee Suggestion Program which grants cash and other awards to recognize employee suggestions which improve City services, operations or facilities. Cash awards to employees for suggestions resulting in tangible savings to the City shall not exceed ten percent (10%) of the annual tangible net savings. Cash awards and payments for other awards shall be made from an appropriation for a suggestion program or other appropriate account. Additionally, cash awards for suggestions shall be granted as an addition to pay, which does not change an employee’s bi-weekly rate.

The Employee Suggestion Program shall be administered in accordance with regulations established by the Director of Personnel. The Director of Personnel may establish an authority to evaluate suggestions and determine awards; the decisions of this authority shall be final.

(p) An employee who is appointed to a position requiring advanced technical skills or professional qualifications may be paid at a higher rate than prescribed for the class in Section 2 of this ordinance on recommendation of the appointing authority with the prior approval of the Director of Personnel. Such advancement shall be made solely on the basis that the employee possesses exceptional academic qualifications, registrations or certifications related to the duties of the position and when such academic qualifications, registrations, or certifications are not deemed necessary qualifications for the class of position.

The Director of Personnel may also establish other bonus, incentive or reimbursement programs to encourage current employees to attain registration, licensure, certification, or proof of professional mastery when it is deemed to be in the best interest of the Classified Service, or when such credentials are clearly recognized as adding to the capability of individuals in that area. Incentives, bonuses, or reimbursements awarded under such programs do not result in an employee being ruled ineligible for bonuses or salary increases permitted under other sections of this pay ordinance.

(q) In Skilled Trades classes, defined as those that have bona fide apprenticeship programs registered with the Department of Labor or documented attainment of equivalent apprenticeship programs, employees who have completed such apprenticeship programs and attained journeyman status shall be granted the special skills recruitment rate for the class if a special skills recruitment rate exists for the class. Employees in classes in the Trades Pay Schedule who have completed alternative training programs established and approved by the Director of Personnel, and attained journeyman status shall also be eligible for a salary at the special skills recruitment rate if such a rate exists for the class.

(r) An appointing authority may, with the prior approval of the Director of Personnel, establish a program to reimburse, in whole or in part, expenses incurred by employees for the purchase of uniform apparel required in the performance of the duties of their positions, when funds have been budgeted therefore.

An appointing authority may exercise the option to furnish such uniform as may be required in the employee's performance of his/her duties.

The Director of Personnel may establish regulations relating to employees' eligibility for reimbursement for uniforms.

Further, when funds have been budgeted therefore, an appointing authority may authorize reimbursement to uniformed security or correctional employees of up to fifty dollars ($50) per incident for damage to personal property sustained while the employee was directly engaged in quelling a disturbance while performing assigned and/or authorized duties during a shift. Employees whose pay is established under Section 2(d) of the ordinance may be reimbursed for damages to personal property sustained while in the course and scope of employment in accordance with Police Division policies.

(s) An appointing authority that requires employees to provide and maintain their own tools shall provide a tool replacement program and/or annual maintenance allowance, with the prior approval of the Director of Personnel.

(t) (1) Contingency assignment differential may be paid for certain assignments when immediate position coverage is needed for any unexpected reason (*e.g.* death, forced leave, emergency illness, etc.) in a higher pay grade, and shall be granted at the onset of the assignment, not to extend more than one pay period. The Director of Personnel will determine the assignments for which Contingency Assignment Differential will be paid. The assignment of an employee to said assignment having a contingency assignment differential will be determined by the appointing authority from an existing eligible list and will not constitute a promotion or advancement in pay. In addition, the removal of an employee from said assignment shall not constitute a demotion or reduction in pay. If an eligible list is not

available, an appointing authority may submit to the Director of Personnel the name of the employee being considered for the assignment to determine if they meet the necessary minimum qualifications for the position being considered.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the contingency assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked or one percent (1%) of the employee's regular base bi-weekly rate for each shift assignment covered, not to exceed one (1) pay period.

(2) Temporary assignment differential will be paid for certain assignments when a vacancy exists for any reason (*e.g.* separations, terminal vacation, leave of absence, military leave, etc.) in a position with a higher pay grade, and shall be granted for at least one (1) pay period but not more than thirteen (13) pay periods, and offset by any days that the employee by reason of absence is not fulfilling the assignment. The Director of Personnel will determine the assignments for which the temporary assignment differential will be paid. The assignment or removal of an employee from said assignment having a temporary assignment differential will be determined by the appointing authority and will not constitute a promotion, demotion, advancement, or reduction in pay. The intended employee must meet the minimum qualifications for the position to be assigned. The temporary assignment

differential shall be computed as an addition to pay and not affect the employee's regular bi-weekly rate.

For an employee whose pay range is established in Section 2(a), 2(b), 2(c) or 2(d), with the prior approval of the Director of Personnel, the temporary assignment differential will be ten percent (10%) of the employee's regular base bi-weekly rate added as an addition to pay for each bi-weekly period worked, not to exceed thirteen (13) pay periods. The Director of Personnel may require the establishment of a department policy on temporary assignment differential pay and must sign off on the policy prior to authorizing temporary assignment differential.

(u) City employees who are required by their appointing authority to routinely use their personal vehicle in the performance of their duties shall be compensated by receiving a vehicle maintenance and use allowance of two-hundred seventy dollars ($270.00) per month. Eligible employees who use their personal vehicle with reduced frequency shall be entitled to a vehicle maintenance and use allowance which is reduced in proportion to the reduced frequency of use.

SECTION 3.

EDUCATION REIMBURSEMENT

An appointing authority may, with the prior approval of the Director of Personnel, authorize salary payments, payments of tuition expenses, fees, books and related material in whole or in part to employees to permit them to attend school, visit other governmental agencies or in any approved manner to devote themselves to improvement of knowledge or skills required in the performance of the duties of their position.

The Department of Personnel may reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of their positions or in higher positions, when funds have been allocated in the Department's budget.

An appointing authority, with the approval of the Director of Personnel, may establish a program to reimburse, in whole or in part, expenses incurred by employees in the pursuit of improvement of the knowledge and skills required in the performance of the duties of their positions or to improve their professional, technical or managerial knowledge or skill.

SECTION 4.

SALARY RANGE LIMITATIONS

No employee in the Classified Service shall be paid at a rate lower than the minimum or higher than the maximum of the salary range established for the class to which his/her position has been allocated, except as otherwise provided in this ordinance.

SECTION 5.

STARTING SALARY

(a) The rate of pay for an excepted position to be paid upon original appointment to the class shall be determined by the appointing authority for the excepted position.

(b) Except as otherwise provided in this ordinance, the minimum rate of pay for a position shall be paid upon original appointment to the class unless the Director of Personnel finds that it is difficult to secure the services of persons with minimum qualifications or experienced qualified persons at the minimum rate.

The Director may establish a recruitment rate for a single position or all positions in a class and authorize employment at an amount above the minimum but within the regular range of salary established for the class. When a recruitment rate is established for an entire class, employees already in such class may have their salaries adjusted to appropriate rates in the new range resulting from the establishment of the recruitment rate.

(c) Employees with permanent status who are eligible for reemployment as determined by the rules of the Department of Personnel shall be reemployed at an appropriate rate within the new salary range which takes into consideration the employee's prior service in the position, as determined by the Director of Personnel.

SECTION 6.

PROMOTION, DEMOTION, REALLOCATION,

TRANSFER AND TEMPORARY PROMOTION

An employee who is transferred, promoted, demoted, or whose position is reallocated after the effective date of this ordinance, shall have his/her rate of pay for the new position determined as follows:

(a) Promotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class with a higher pay grade or a higher starting minimum salary.

(1) When an employee is promoted to a position in the General, Management or Trades Pay Schedule, the employee's current bi-weekly rate of pay shall be set at a rate which is five percent (5%) higher than the rate received immediately prior to the promotion or adjusted to the nearest step in the new pay matrix which is not less than but is closest to a rate

which is five percent (5%) higher than the rate received immediately prior to promotion. An appointing authority, with the prior approval of the Director of Personnel, may increase the pay of an employee up to twenty percent (20%), adjusted to the nearest step, when such action is needed to attract experienced, qualified candidates for a position. Such salary determinations shall take into consideration the nature and magnitude of the accretion of duties and responsibilities resulting from the promotion. However, no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(2) Temporary Promotion: When an employee, whose salary range is established in Section 2(a) or 2(b), is certified and temporarily promoted to a vacant position, for a limited duration, the employee's current salary shall be adjusted as provided in Paragraph (a)(1) of this Section. Upon expiration of the temporary promotion, the employee shall be returned to his/her former rate of pay, adjusted by any increases the employee would have received in the absence of the temporary promotion. In no case shall the employee's salary be above the maximum of the salary range, unless otherwise provided for in this ordinance.

Employees whose salary ranges are established in Section 2(c) or 2(d) of this ordinance, upon receipt of a temporary promotion, shall be granted the new rank with a salary adjustment based on appropriate years of service in accordance with procedures established for a regular promotion. At the end of the temporary promotion, the employee shall be

returned to the rank held immediately prior to the temporary promotion. The employee's rate of pay shall be based on the appropriate years of service.

(b) Demotion: This shall be defined as a change of an employee in the Classified Service from a position of one class to a position of another class which has a lower pay grade and a lower starting minimum salary.

(1) If an employee is demoted for disciplinary reasons in accordance with the rules of the Department of Personnel and Civil Service Commission and established disciplinary procedures, his/her rate of pay shall be established at a rate within the range for the new position which is at least five percent (5%) lower than the rate received immediately prior to the demotion or reduced to the nearest step which is at least five percent (5%) lower than the rate received immediately prior to the demotion, except no employee shall be reduced below the minimum of the range unless otherwise provided for in this ordinance. The amount of the reduction shall be determined by the appointing authority, with the approval of the Director of Personnel.

(2) If an employee accepts a voluntary demotion, his/her current rate of pay shall be reduced within the range for the new position which is five percent (5%) lower, to the closest downward step, than the rate received immediately prior to demotion, except that employees who are in a working test period and demote to their previous class of position or

pay grade, will return to the rate or step received immediately prior to the promotion, plus any adjustments as otherwise provided in this ordinance. No employee shall be paid less than the minimum nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(3) When an employee is demoted for reasons in the best interest of the City Service as determined by the Director of Personnel, his/her salary may be reduced by reason of the new salary range and grade with the prior approval of the Director of Personnel. If the salary of such employee is above the maximum for the new position, the employee's salary shall not be increased so long as he/she remains in the position, except as otherwise provided by this ordinance.

(c) Reallocation:

(1) If the employee's position is reallocated to a class in a lower pay grade and the employee's rate of pay for the previous position is within the salary range of the new position, his/her salary shall remain unchanged or adjusted to the closest step provided the employee's rate of pay shall not be reduced.

(2) The salary of an employee whose position is allocated to a class in a higher pay grade shall be determined in accordance with the provisions of this Section 6(a)(1) relating to salary advancement on promotion.

(d) Transfer: The salary rate of an employee who transfers to a different position in the same class, or from a position in one class to a position in another class in the same pay grade, shall remain unchanged, provided that no employee shall be paid less than the minimum rate nor more than the maximum rate for the new class of position, except as otherwise provided in this ordinance.

(e) Over Maximum: The salary of an employee, which is in excess of the maximum of the range prescribed by this ordinance for the class and grade to which his/her position has been allocated or may be reallocated, shall not be reduced by reason of the new salary range and grade. The salary of such employee shall not be increased so long as he/she remains in the class of position, except as otherwise provided by this ordinance.

SECTION 7.

SALARY ADJUSTMENT

Salary adjustments for all employees in competitive positions shall be based on considerations of merit, equity, or success in fulfilling predetermined goals and objectives as herein provided.

(a) Competitive positions for which salary is established in Section 2(a) - General and Management Schedule; or Section 2(b) - Trades Schedule:

(1) Any employee whose salary is established in Section 2(a) or 2(b) – General, Management, and Trades Pay Schedules, shall receive a service rating in accordance with the Service Rating Manual. The rating together with the standards of performance established in the rating manual shall determine eligibility for a one step within-range (merit) increase at intervals as outlined in the Service Rating Manual or other pay regulation(s) as determined by the Director of Personnel. Notwithstanding any other section of the compensation ordinance, all employees in the General, Management, and Trades pay schedules who would be eligible to receive an annual step increase as a result of a "Successful or Highly Successful" Overall Rating on their regular Service Rating date will receive a 1.5% increase regardless of their current rate or place in the pay schedule.

(2) A non-exempt (Overtime Code 3 or 4) employee whose pay is established in Section 2(a) or 2(b) of this ordinance who receives an Overall Rating of “Unsuccessful” as defined by the Service Rating Manual, shall have his/her salary reduced as determined by the

standards established in the Service Rating Manual, but not less than the minimum of the pay grade range.

(b) As used in this ordinance, "anniversary date" means the date following fifty-two (52) weeks of continuous service from the date of original appointment or from the date of the last salary adjustment, if other than a temporary reduction in pay for disciplinary reasons, a demotion (not for disciplinary reasons) or an across-the-board ordinance increase, an increase resulting from an authorized incentive program, reallocation or an upgrade of the classification concurrent with adoption of the ordinance. Absence from service as a result of any authorized paid leave, suspensions, military leave, or family/medical leave will not interrupt continuous service. Absence from service for any other cause shall result in breaking continuity of service and establishment of a new anniversary date, except as otherwise provided in this ordinance. The Director of Personnel may authorize different anniversary dates for an employee or groups of employees.

(c) An appointing authority may evaluate the performance of an employee whose salary is established in Section 2(a) or 2(b) of this ordinance for the purpose of a salary adjustment only at intervals as described above except in the case of:

(1) Exceptional performance of duties:

With the prior approval of the Director of Personnel, the appointing authority in accordance with the Service Rating Manual, may advance the salary of an employee who demonstrates exceptional performance of duties after serving twenty-six (26) weeks of employment at the same rate in the salary range by not more than ten percent (10%) or to the closest step in the pay range which provides not more than a ten percent (10%) increase; this may be in addition to any merit increase received.

(2) Substandard performance of duties:

An appointing authority may reduce the salary of an employee whose level of performance is significantly diminished and no longer warrants payment at the current rate within the range as provided in the Service Rating Manual; providing the employee's salary is above the minimum of the range, established in Section 2(a) or 2(b) and allocated to Overtime Code 3 or Overtime Code 4.

The granting of any such increase or decrease in salary shall be made at the beginning of a payroll period, as determined by the Director of Personnel, following approval of such salary action.

(d) Competitive positions for which salary is established in Section 2(c) - Fire Division Schedule:

All employees in the Fire Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Probationary Fire Privates shall be advanced to the rate for Fire Privates at the beginning of the first bi-weekly pay period following one (1) year of service. Probationary Fire Equipment Dispatchers shall follow the same schedule.

(e) Competitive positions for which salary is established in Section 2(d) – Police Division Schedule:

All employees in the Police Division Pay Schedule shall have a service rating completed in accordance with the Service Rating Manual.

Police Probationary Officers who successfully complete their working test period shall be advanced to the rate for Police Officer at the beginning of the first bi-weekly pay period during which such officer's one (1) year anniversary as a Probationary Police Officer occurs, excluding his/her initial time in training at the Police Academy.

(f) Excepted Positions: The pay of an employee in an excepted position shall be adjusted to any rate within the pay range at the discretion of the appointing authority for the excepted position.

(g) The Director of Personnel may approve, at the request of an appointing authority, adjustments to correct or mitigate serious and demonstrable internal pay inequities. Salary adjustments under this provision shall preclude adjustments to compensate or reward employees for long-term or meritorious service.

(h) The pay of any employee may be decreased as a disciplinary action by an appointing authority to a lower rate. Any such decrease shall be made in accordance with the established disciplinary procedures. The decrease shall not be greater than fifteen percent (15%) of the current salary rate. The decrease may be below the minimum of the pay range for the class. The appointing authority may determine the pay decrease shall be effective for a specific number of bi-weekly pay periods provided, however, that such decrease shall not be effective for more than thirteen (13) bi-weekly pay periods.

(i) An employee who is temporarily promoted shall be eligible for within range salary adjustments under provisions of this Section 7.

(j) The Director of Personnel may approve a within range salary adjustment or other incentives to retain employees in positions that are difficult to fill, or because of their unique requirements. Said adjustment may only be granted once during a twenty-six (26) week period.

SECTION 8.

INCOME SOURCES

Any salary paid to an employee in the Classified Service shall represent the total remuneration for the employee, excepting reimbursements for official travel and other payments specifically authorized by ordinance or pay regulation promulgated by the Director of Personnel. No employee shall receive remuneration from the City in addition to the salary authorized in this ordinance for services rendered by the employee in the discharge of the employee's ordinary duties, of additional duties which may be imposed upon the employee, or of duties which the employee may undertake or volunteer to perform.

Whenever an employee not on an approved paid leave works for a period less than the regularly established number of hours a day, days a week or days bi-weekly, the amount paid shall be proportionate to the hours in the employee's normal work week and the bi-weekly rate for the employee's position. The payment of a separate salary for actual hours worked from two (2) or more departments, divisions or other units of the City for duties performed for

each of such agencies is permissible if the total salary received from these agencies is not in excess of the maximum rate of pay for the class.

SECTION 9.

CONVERSION

(a) Pay schedules in Sections 2(a) or 2(b) in Ordinance 70285 shall continue in effect until the start of the bi-weekly pay period of the effective date of this ordinance, and the rates to be paid to employees in positions of any classes for which a rate is established or changed in Section 2(a) or 2(b) of this ordinance shall become effective and be adjusted (if necessary) as follows:

The salary of each employee whose pay range is established in Section 2(a) or 2(b) of this ordinance whose class has been allocated to a higher pay grade in the appropriate pay schedule as determined by the Director of Personnel shall have their current salary increased to a rate, rounded to the nearest whole dollar, which is not less than but is closest to a rate which is five percent (5%) higher than the rate received immediately prior to promotion, but not less than the minimum of the pay range, whichever is the greater. If an employee's salary is between steps, the employee's salary shall be placed at the higher step.

(b) No employee shall be reduced in salary by reason of the adoption of the new pay schedules in this ordinance.

(c) The salary of an employee serving in a trainee position, which remains above the new trainee rate for his/her position, shall remain unchanged.

(d) The Director of Personnel may establish a special conversion procedure for a class or position in the event that the Director determines that a serious inequity would be created by the application of the conversion procedures established in this Section 9.

(e) The Director of Personnel shall establish such procedures as needed to place this ordinance into effect and interpret its provisions.

SECTION 10.

PAYMENT OF SALARIES

All compensation for positions in the Classified Service shall be paid bi-weekly. The Director of Personnel and Comptroller shall establish the procedure for listing employees on the various payrolls. The payment due each employee for service, except as otherwise provided, shall be made not later than sixteen (16) days after the end of the bi-weekly pay period. In the event that an employee is dismissed or has been employed for occasional or

emergency work, the Comptroller may immediately pay the employee upon termination of service without waiting for the regular bi-weekly pay date of the Department, Division, Section, Office, Agency, Board or Commission where the employee worked.

SECTION 11.

CHANGES TO CLASSIFICATION PLAN

Whenever the Department of Personnel finds it necessary to add a new class to the classification plan, the Director of Personnel shall allocate the class to an appropriate grade and schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the overtime code of an existing class within the classification plan, the Director of Personnel shall change the overtime code, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

Whenever the Department of Personnel finds it necessary to change the pay schedule of an existing class within the classification plan, the Director of Personnel shall allocate the class to the appropriate schedule in this ordinance, recommend such change to the Civil Service Commission, and notify the Board of Aldermen of this action.

The pay grade allocated to a class of position within the classification plan shall remain unchanged for the duration of the existing compensation ordinance. Whenever the Department of Personnel considers it necessary to change the pay grade of an established class of position, such adjustment can only be made concurrent with the adoption of a new compensation ordinance. Recommendation for the allocation of a new pay grade shall be made by the Director of Personnel to the Civil Service Commission for final approval by the Board of Aldermen.

SECTION 12.

PAYROLL FORMS

The Director of Personnel shall prescribe forms on which appointing authorities shall certify to the fact that a vacancy exists in a lawfully created position and to the lawful appointment of a person to fill the position. The Director of Personnel shall indicate on these forms the proper allocation of the position and the rate at which payment is to be made. When approved by the Director of Personnel and submitted to the Comptroller, these forms shall constitute authorization for the initial placing of a person's name on the payroll. The Comptroller shall not authorize any change in the rate of pay of an individual on the payroll unless approved by the Department of Personnel. The Comptroller shall provide the

Department of Personnel with a copy of each payroll audited and found correct within twenty-one (21) days after audit and approval of the payroll by the Comptroller's Office.

SECTION 13.

CERTIFICATION OF PAYROLL

The appointing authority shall certify on each payroll or a subsidiary document that each person whose name appears on the payroll has been lawfully appointed at a salary provided by this ordinance and that the employee has actually worked the time for which he/she will be paid, subject to the provisions of this ordinance governing hours of work and leaves of absence in the Classified Service.

SECTION 14.

MINIMUM WORK HOURS

Each appointing authority shall establish procedures to assure that the employees under his/her supervision are actively engaged in the performance of the duties of their positions in accordance with the provisions of this section.

Each appointing authority shall submit to the Department of Personnel the work schedule established for each position in the work unit. Work schedule reports shall be

submitted upon request of the Director of Personnel or whenever the appointing authority proposes to change the permanent work schedule of a position. The work schedule submitted by the appointing authority shall constitute the normal work schedule for the position when approved by the Director of Personnel.

All employees in the Classified Service shall be in attendance at their work in accordance with schedules established under the provisions of this Section 14, subject to other provisions of this ordinance with respect to hours, holidays, vacation, medical leave, furloughs, sick leave, military leave, and leaves of absence with or without pay.

(a) Employees whose salaries are established in Section 2(a) or 2(b): Forty (40) hours shall constitute the average minimum required weekly hours of service in an employment cycle under regular full-time employment for all City employees paid on a bi-weekly basis occupying competitive positions in the Classified Service. The minimum daily and annual service required of such employees shall be in proportion to the average minimum weekly hours established.

Appointing authorities shall so arrange the time for reporting for work, for luncheon intermission, and for quitting work of the various employees under their jurisdiction so that the employees will actually be engaged in active performance of their duties for not less than the average minimum number of hours required.

(b) Management Employees: Appointing authorities for employees occupying full-time positions whose salaries are established in Section 2(a) of this ordinance shall initiate procedures to see that such employees are engaged in the performance of their duties on a full-time basis. Full-time employment for any employee whose classification is denoted in the Management Schedule shall be defined as an average of forty (40) hours per week of time devoted to the duties of the position on an annual basis.

(c) Uniformed Fire Personnel: Fifty-two (52) hours shall constitute the average required weekly hours of service in an employment cycle under regular full-time employment for all employees in the Division of Fire and Fire Prevention, except that the appointing authority, with the approval of the Director of Personnel, may determine that the minimum work hours provision of Section 14(a) shall apply to employees in certain positions due to the nature of the assignment and/or scheduling requirements. The appointing authority shall so arrange the time for reporting for work and for quitting work of the various employees under the appointing authority's jurisdiction so that the employees will actually be engaged in the active performance of their duties for not less than the average number of hours required.

(d) The work period for employees whose pay is established in Section 2(d) of this ordinance is twenty-eight (28) days. The daily work period for an employee in the position of Police Probationary Officer and Police Officer is eight (8) hours which includes a thirty (30)

minute meal period. The meal period is counted as working time; however, an officer unable to take a meal break will not receive additional compensation. The daily work period for an employee in the position of Police Officer Trainee is eight (8) hours. Additionally, Police Officer Trainees shall receive a thirty (30) minute unpaid meal period that shall not be counted as part of their daily work period or work day.

SECTION 15.

OVERTIME

(a) The Department of Personnel shall determine those positions in the Classified Service of the City of St. Louis which are exempt from overtime compensation and those positions which are not exempt from overtime compensation. The overtime codes established for each class in Section 1(a) of this ordinance shall be interpreted as follows:

OVERTIME CODE (OVTM):

1 These classes are primarily managerial in nature, but may also include some professional or administrative classes that are ineligible for overtime pay under all but emergency conditions as described in Section 15(d) of this ordinance.

2 These are supervisory, professional, and administrative classes that are exempt from overtime compensation, but which the City compensates for overtime at the straight (1.0x) time rate.

3 These are non-exempt classes that receive overtime compensation at the one and one-half (1.5x) time rate.

4 These non-exempt classes work an average bi-weekly work schedule of 84 hours and, therefore, receive overtime compensation at the one and one-half (1.5x) time rate.

Appointing authorities are prohibited from changing employee work schedules to avoid the payment of overtime.

For purposes of determining overtime pay rates for non-exempt employees, the regular hourly rate of pay shall be used.

Any employee in a class which has been allocated to Overtime Code 4 (non-exempt) in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the one and one half (1.5x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or

work cycle for all non-exempt (Code 4) positions in the work unit. Whenever a non-exempt (Code 4) employee works in excess of forty (40) hours in a work week, the employee will be paid at the one and one half time (1.5x) rate. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty-four (84) for full-time employment. The regular hourly rate of pay for a non-exempt (Code 4) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period. In addition to the actual hours worked, only paid vacation, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Any employee in a class which has been allocated to Overtime Code 3 (non-exempt) in this ordinance shall be compensated for overtime work in accordance with the provisions of this section. Each appointing authority shall designate and submit to the Director of Personnel the official work week and schedule or work cycle for all non-exempt positions in the work unit. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment.

Whenever an Overtime Code 3 employee whose pay matrix is in Section 2(a) or 2(b), works hours in excess of the maximum established for an official work week or work cycle, usually forty (40) hours in a work week such hours shall be paid at the one and-one-half time (1.5x) rate. In addition to the actual hours worked, only paid vacation, compensatory time,

jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation.

Overtime Code 3 employees whose pay matrix is in Section 2(c) of this ordinance who are working a nineteen (19) day work cycle are eligible to receive overtime after one hundred forty-four (144) hours are worked in a work cycle, except that the Fire Division shall pay overtime for emergency work at the end of a shift or emergency work required on a separate, non-scheduled day, even if the total number of hours worked in the work cycle is not in excess of one hundred forty-four (144) hours. These employees shall not receive additional compensation for regularly scheduled hours in excess of one hundred forty-four (144) hours if they do not actually work more than one hundred forty-four (144) hours in the work cycle; provided however, that in addition to the actual hours worked, jury leave, vacation leave, compensatory time and "O" days shall count as hours worked for the purpose of determining eligibility for overtime compensation. Days scheduled off to reduce average work week to fifty-two (52) hours, compensatory time, vacation, “O” days, and holiday time shall be scheduled consistent with a reasonable vacation and holiday leave policy to avoid the necessity of actually working more than one hundred forty-four (144) hours during any work cycle.

Police Officer Trainees, Police Probationary Officers and Police Officers – whose pay is established in Section 2(d) of this ordinance shall be paid overtime, defined as one and one-

half time (1.5x) the employee's regular standard rate of pay, for all hours worked in excess of their eight (8) hour work day or any hours worked on a scheduled day off. Only hours actually worked shall count toward overtime pay.

Police Sergeants – whose salary is established in Section 2(d) of this ordinance shall be paid overtime, as defined as one and one-half time (1.5x) the employee's regular standard rate of pay, for all hours actually worked in excess of one hundred sixty (160) hours in a twenty eight (28) day work period. In addition to hours physically worked, holidays, discretionary holidays, and sick-injured time shall count toward the 160 hour threshold during the 28 day period that must be met to earn overtime. These employees shall receive additional compensation for authorized overtime, court time, and court standby time whenever the total accumulated time exceeds forty (40) hours.

(b) Any employee in a class which has been allocated to Overtime Code 2 in Section 1(a) of this ordinance shall be compensated for overtime by granting the employee pay or compensatory time off at the straight (1.0x) time rate. Each appointing authority shall designate and submit to the Director of Personnel the official work week or work cycle, which is usually forty (40) hours, for all exempt (Code 2) positions in the work unit. Whenever a full-time employee in an exempt (Code 2) position is directed by management, with the approval of the appointing authority, to work hours in excess of the maximum established for an official work week or work cycle it shall be considered overtime. In addition to the actual

hours worked, only paid vacation time, compensatory time, jury leave, and holidays shall count as hours worked for the purpose of determining eligibility for overtime compensation. Straight time (1.0x) overtime shall be compensated at the employee's regular hourly rate of pay, or by granting the eligible employee compensatory time off at the rate of one (1) hour for each hour of overtime worked. The average number of scheduled hours in a bi-weekly pay period shall not be less than eighty (80) for full-time employment. The regular hourly rate of pay for an exempt (Code 2) bi-weekly paid employee shall be determined by dividing the employee's regular bi-weekly rate of pay by the average number of regularly scheduled hours of work in a bi-weekly pay period.

(c) Part-time bi-weekly paid employees and employees paid on an hourly or per performance basis shall be compensated for overtime work in accordance with the overtime provisions of this section and with consideration for community practices in compensating similar employment.

(d) An appointing authority may compensate Overtime Code 1 employees at the straight-time (1.0x) rate, when both of the following conditions exist: 1) the Mayor of the City of St. Louis declares an emergency due to serious and protracted conditions which threaten continuous City Service, preservation of public peace, health, or safety, and 2) the appointing authority directs an employee or group of employees to work in excess of forty (40) hours per

week. The appointing authority shall maintain attendance records of the assignment(s) and submit such records at the request of the Director of Personnel.

(e) Employees who wish to use compensatory time earned in lieu of pay must make their request in writing at least twenty-four (24) hours in advance of the day or days requested. The appointing authority shall keep in mind the staffing needs of the department when granting time off, but in any case time off will not be unreasonably denied.

Pay shall be the regular method of compensation for recorded overtime hours of work for employees in classes with Overtime Code 3 and Overtime Code 4. However, an appointing authority shall compensate a non-exempt bi-weekly paid employee for overtime work by granting the employee compensatory time off in lieu of pay only if the employee requests compensatory time, in writing.

Employees engaged in public safety, emergency response or seasonal activity as defined by the Director of Personnel may have a maximum balance of two hundred forty (240) hours of compensatory time; except that Police Officer Trainees, Police Probationary Officers, Police Officers, and Police Sergeants shall only be allowed to accumulate up to forty (40) hours of compensatory time. All other employees are allowed a maximum balance of one hundred twenty (120) hours of compensatory time excluding compensatory time earned for working on a holiday. These maximum balances of compensatory time shall apply to

employees working an average work week of forty (40) hours; the maximum balance of compensatory time for employees whose average work week is more or less than forty (40) hours shall be proportionate. No provision of this section establishing a maximum balance of compensatory time shall serve to cancel any compensatory time due to an employee or to deny an employee payment for recorded compensatory time earned in accordance with the provisions of the compensation ordinance in effect at the time the compensatory time was earned.

Each appointing authority shall establish procedures to assure that non-exempt employees are promptly granted time off when such employees request to use their earned compensatory time. Appointing authorities may not deny non-exempt employees' requests for earned compensatory time off except when such approval would create an extreme business hardship. For employees occupying the position of Police Officer Trainee, Probationary Police Officer, and Police Officer compensatory time may be used at such times and in such blocks as are mutually agreed upon between the supervisor and the employee and it shall not be unreasonably denied by the supervisor if operating requirements will not be adversely effected. When an appointing authority determines that the work schedule of the organization will not permit the granting of such time off, the appointing authority shall pay the employee in that same pay period for all or a portion equivalent to the time requested of the employee's accrued compensatory time. This provision requiring the prompt granting of requested time off applies only to compensatory time that is earned as a result of the

employee working overtime; it does not apply to compensatory time earned as a result of an incentive program or bonus award program.

Compensatory time earned by exempt employees shall be granted at the discretion of the appointing authority and upon request of the employee.

(f) Before an employee is transferred, promoted or demoted from a position under one appointing authority to a position under another appointing authority or to another unit with a different appropriation, all compensatory time shall be granted or paid. Upon termination all compensatory time shall be paid. Upon the death of an employee, the person or persons entitled by law to receive any compensation due to the employee shall be paid any amount due to the employee on the date of death.

(g) All departments shall keep daily attendance records of classified employees and shall submit periodic reports of: 1) unexcused absences and leaves; 2) overtime earned, granted, and paid; or 3) the non-occurrence of same to the Director of Personnel in the form and on the dates specified.

December 25

In addition to any pay for hours physically worked, including any overtime to which the employee is entitled under the pay ordinance, employees in Section 2(d) of this ordinance and Police Officer Trainees, who are required to work the afternoon, evening overlay, or night watch on December 31 will receive four (4) hours of compensatory time.

(d) Each appointing authority shall determine the manner of granting holidays and shall report his/her determination to the Department of Personnel, if required by the Director of Personnel. When full-time employees, whose pay is established in Section 2(a) or 2(b) of this compensation ordinance, excluding employees of the Police Division, are required to work on a holiday they shall be entitled to compensation for the holiday and the hours actually worked. Compensation for the holiday shall be in an amount proportionate to the number of hours an employee is regularly scheduled to work in a day or shift. When full time bi-weekly rate employees of the Police Division whose pay is established in 2(a), 2(b) or 2(d) are required to work on a holiday, they shall be entitled to leave with pay on another date designated by the appointing authority in an amount proportionate to the number of hours an employee is regularly scheduled to work in a day or shift.

Except as otherwise provided in this section, when a City holiday falls on an employee's regularly scheduled day off, the employee shall be entitled to have compensatory time added to his/her balance in an amount proportionate to the number of hours regularly scheduled in a day or shift.

Employees of the EMS Service, whose positions are classified as EMS Dispatcher, EMS Lead Dispatcher, EMT, Paramedic, or Paramedic Crew Chief, will be compensated with

pay in lieu of compensatory time for all holidays and receive twelve (12) hours of personal day leave.

If an employee is docked from the payroll for one hour or more on the full scheduled workday preceding a holiday, the full scheduled work day following a holiday, or on a scheduled holiday, the employee shall not be compensated for the holiday.

The holiday compensation procedures established by this Section 16 shall apply to full-time classified employees paid a bi-weekly rate. Part-time bi-weekly rate employees shall be compensated for holidays in proportion to the percentage of time they are regularly scheduled to work. Employees paid on an hourly or per performance basis shall not be entitled to holiday compensation, except as otherwise provided in this ordinance.

In the event that the holiday schedule established in this Section 16 is revised, employees who are granted compensatory time in lieu of all holidays shall have their leave benefits adjusted accordingly. The Director of Personnel may establish additional or alternate holiday leave policies for employees occupying public safety positions which qualify for the special overtime pay provisions under Federal law or for employees with official work schedules authorized by the Director of Personnel which exceed the normal forty (40) hour weekly work schedule. Procedures developed in compliance with this Section 16 shall be

designed to treat employees in the same manner who work substantially equivalent work schedules.

Employees whose pay is established in Section 2(c) of this ordinance and are Overtime Code 3 shall be entitled to one hundred twenty (120) hours of compensatory time off in lieu of all holidays occurring in a calendar year. Employees whose pay is established in Section 2(c) of this ordinance and are Overtime Code 1 or 2 shall be entitled to one hundred four (104) hours of leave with pay or compensatory time off in lieu of all holidays occurring in a calendar year. Because of the necessity of maintaining the work schedule of such employees, the Director of Personnel, in cooperation with appointing authorities concerned, shall establish procedures for holiday compensation for such employees who are regularly required to work on holidays. Such procedures shall be designed to treat all employees in the class who work a substantially equivalent schedule in the same manner.

Employees whose pay is established in Section 2(c) of this ordinance shall receive five (5) days of paid leave which shall be referred to as "O" Days.

(1) For employees whose pay is established in Section 2(d), forty (40) hours of vacation leave may be taken in one (1) hour increments.

(2) Vacation time is accrued on a bi-weekly basis. No employee will be entitled to or allowed to take any vacation until ninety (90) days of continuous employment from the date of employment.

(g) All references in this ordinance, except as otherwise noted, to accrual rates, additions to, and accrual maximums for vacation are for employees working a scheduled work week of forty (40) hours. Vacation rates, additions and maximums shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. When an eligible employee's scheduled work week is changed, the employee's rate of accrual shall be changed proportionately. All references in this ordinance to cumulative service for vacation shall mean cumulative service without a break in service of more than one year, except as provided otherwise in this ordinance. No employee who works less than fifty percent (50%) time or who is serving in a limited-term position shall be eligible to accrue vacation.

(h) (1) The maximum vacation balance for those working an average work week of forty (40) hours shall be six hundred (600) hours, except by written request of an appointing authority and with prior approval of the Director of Personnel. Vacation accrual maximums for those working more or less than forty (40) hours per week, but at least fifty percent (50%) time shall be proportionate to the number of hours worked in a bi-weekly pay period.

(2) When an employee's full-time average work week is changed, the maximum vacation balance shall be changed proportionately. In addition, the employee shall have his/her current vacation balance adjusted so that the vacation shall maintain the same position relative to the new maximum balance as existed with the employee's previous maximum balance.

(3) Accrual of vacation shall cease when an employee accumulates the maximum vacation balance established for the assigned work schedule and shall not resume until the vacation balance is less than the maximum amount.

(i) Accrual of vacation shall begin and be credited upon the first bi-weekly pay period and each pay period thereafter but employees must complete the entire pay period to accrue the vacation leave at the end of said pay period:

(1) of appointment;

(2) of return to duty from leave of absence;

(3) of restoration to employment of one-half (50%) time or more.

Vacation leave shall be granted in whole hour units. On termination of service, any fractional hour shall be made whole. The accrual of vacation leave shall cease at the employee's last day at work.

(j) Appointing authorities shall be responsible for establishing all vacation leave schedules, but may not discipline employees by imposing unusual vacation schedules. Vacation shall be granted to the employee as provided by this ordinance in one of the following ways:

(1) When the employee requests vacation leave in accordance with departmental policies;

(2) When directed to take paid time off by the appointing authority;

(3) When an employee is terminated or resigns from the Classified Service;

(4) When an employee whose salary is established in Sections 2(a), 2(b), 2(c) or 2(d) reaches the established maximum accrual and would cease accruing vacation, and notifies the appointing authority in writing of his/her intention to schedule vacation. Such notice shall be at least seven (7) days prior to the first work day the employee intends to take

off. If the appointing authority fails to establish a different vacation schedule, the employee may take the paid leave, which was proposed in writing.

(5) With the approval of the appointing authority, an employee may request and receive payment from the appointing authority for forty (40) hours of vacation accrual in lieu of scheduling paid leave provided that the full vacation allowance for that year is not exceeded. This may be done a maximum of once in each calendar year. Management employees may request payment from the appointing authority for up to an additional forty (40) hours of their vacation accrual balances in lieu of scheduling paid leave if their schedules do not permit them to be absent from work. Employees whose pay is established in Section 2(c) of this ordinance may request payment for up to ninety-six (96) hours of vacation. These requests are subject to the prior approval of the Director of Personnel.

(k) During the first twelve (12) months of employment, unless stated otherwise in this ordinance, accrued vacation may be granted to an employee provided that the employee has completed six (6) months of continuous service. When employment is terminated before completing twelve (12) months of continuous service, any previously granted vacation leave shall be deducted from the employee's final pay. When the service of an employee is terminated after twelve (12) months of continuous service, any accumulated vacation that is due the employee shall be paid.

(l) Employees who separate from the Classified Service, who are certified from a reemployment list, and who return to the Classified Service within twenty-four (24) months of the separation, will be given credit for prior continuous service in determining the vacation accrual rate in accordance with Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the date of the employee's original appointment.

(m) Employees who move to the Classified Service from the Unclassified Service shall be given credit for the years of service in the Unclassified Service in determining the vacation accrual rate in accordance with Section 17(a) or 17(b) of this ordinance and based on the date of the employee's original appointment.

(n) Employees who return to work from a "reemployment from layoff" eligible list shall be eligible to use vacation as soon as it is accrued, unless stated otherwise in this ordinance, provided the employee has completed six (6) months of continuous service prior to the layoff and with approval of the appointing authority. An employee who has completed less than six (6) months of continuous service will be required to complete the remaining portion of the six (6) months period before being eligible to use vacation.

Any such reemployed worker shall be given credit for prior continuous service in determining the employee's vacation accrual rate in accordance with the schedule established in Section 17(a), 17(b), 17(d), 17(e) or 17(f) of this ordinance and based on the employee's

original appointment. A Commissioned Officer who retires and is rehired as a civilian employee will be considered a new employee for vacation purposes.

(o) Appointing authorities shall be responsible for the management of their vacation schedules so as to most effectively administer their organizations and fulfill the desire of employees in the establishment of leave schedules.

(p) Accrued vacation shall be carried with an employee when transferred, promoted, or demoted from a position under one appointing authority to a position under another appointing authority without a break in service or change in method of pay. Upon the death of an employee, the person or persons entitled by law to receive any compensation due the employee shall be paid the amount due the employee for accrued vacation.

(q) With the approval of the appointing authority, a retiring employee may be paid on the payroll for accrued vacation in the month prior to retirement without inclusion in the employee's final average compensation. An appointing authority may pay previously accrued vacation off in a lump sum to an employee whose service with the City has terminated. Such payment shall be made on the employee's last regular paycheck.

(r) Employees occupying excepted positions in the Classified Service shall be granted vacation at the discretion of their appointing authority. An employee whose term in an

excepted position ends and who is then appointed to a permanent competitive position working fifty percent (50%) time or more shall become eligible to accrue vacation leave with pay upon appointment to the competitive position. Length of cumulative service for the purpose of determining rate of vacation leave accrual shall be based on the employee's original date of appointment to the excepted position, providing there was no break in service between expiration of the excepted position and appointment to the permanent competitive position. The date of appointment to the permanent competitive position shall be used to determine the appropriate rate of vacation accrual for the corresponding length of cumulative service in accordance with the schedule established in Section 17(b).

(s) Appointing authorities shall report leave with pay for vacation and such other authorized absences as the Director of Personnel shall designate to the Department of Personnel in such form and at such time as the Director of Personnel may require.

An

employee may choose to use his/her sick leave in accordance with regulations established by the Director of Personnel.

(b) An active employee who is a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis, and who applies for retirement and immediately retires from active service, shall receive payment for his/her sick leave balance less any sick leave credited or paid to a member or used in the calculation of retirement benefits under this or any other ordinance(s). If the Employees Retirement System or Firemen's Retirement System provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be limited to a maximum of fifty percent (50%) of the value of the employee's sick leave balance. If the Employees Retirement System of the City of St. Louis provides for sick leave to be credited or paid to a member or used in the calculation of retirement benefits, this payment shall be fifty percent (50%) of the value of the employee's sick leave balance at time of retirement.

(c) If a member of the Employees Retirement System or the Firemen's Retirement System of the City of St. Louis who had been otherwise eligible for Normal or Early Service Retirement dies his/her estate may receive payment based on the calculation above on the employee's sick leave balance, if any. Payment shall be made in accordance with the procedures established by the Director of Personnel.

(d) An employee who is reemployed from an authorized layoff shall have his/her prior sick leave balance if any restored, provided this balance has not be used in the determination of pension benefits paid to the retiree.

(e) Commissioned officers will be granted sick leave at the rate of 3.70 hours bi-weekly. In addition, military reinstatements will be credited, on the date of their reinstatement, with the number of sick leave credits accumulated prior to entering the military. Officers hired prior to April 20, 2011 may earn and bank sick leave hours on an unlimited basis until termination from the Division.

(f) Commissioned officers hired prior to April 20, 2011 with thirty (30) years of service and possessing 2,200 accrued sick leave hours, will receive compensation for one-half of their accumulated sick leave hours. Officers hired prior to April 20, 2011 who have at least twenty (20) years of service who possess 1,600 accrued sick leave hours, will receive compensation for one-fourth of their accumulated sick leave hours, and also receive 173.33 hour pay (2080 hours divided by 12). All other officers hired prior to April 20, 2011 terminating their employment with the Division will receive compensation for one-fourth of their accumulated sick leave hours at the time of termination. These benefits are not granted to employees who have pled guilty, been found guilty or otherwise convicted of a crime prior to termination.

(g) Employees in Section 2(a) or 2(b) formerly employed by the Board of Police Commissioners prior to April 20, 2011 and continuously employed by the City with thirty (30) years of service and possessing 2,200 accrued sick leave hours, will receive compensation for one-half of their accumulated sick leave hours. Employees in Section 2(a) or 2(b) formerly employed by the Board of Police Commissioners hired prior to April 20, 2011 and continuously employed by the City who have at least twenty (20) years of service who possess 1,600 accrued sick leave hours, will receive compensation for one-fourth of their accumulated sick leave hours, and also receive 173.33 hour pay (2080 hours divided by 12). All other employees in Section 2(a) or 2(b) employed by the Board of Police Commissioners prior to April 20, 2011 and continuously employed by the City who terminate their employment with the Division will receive compensation for one-fourth of their accumulated sick leave hours at the time of termination. These benefits are not granted to employees who have pled guilty, been found guilty or otherwise convicted of a crime prior to termination.

(h) All Commissioned officers, excluding Police Officer Trainees, shall accumulate sick bonus time.

(i) There shall be no advancement of paid sick leave. Sick leave shall be paid at full pay at the current rate of compensation.

SECTION 19.

MEDICAL LEAVE

(a) Medical leave with pay shall be granted to bi-weekly rate employees in permanent competitive positions working fifty percent (50%) time or more in accordance with regulations and procedures established by the Director of Personnel.

(1) All employees, unless otherwise stated in this ordinance, shall accrue three (3) hours of medical leave for each bi-weekly pay period of employment but must complete the entire pay period to accrue the medical leave at the end of said pay period. This accrual rate is established for employees working an average work week of forty (40) hours. Medical leave shall be computed on a proportionate basis for employees whose average work week is more or less than forty (40) hours. An eligible employee may be granted paid medical leave by his/her appointing authority after completing twenty-six (26) weeks of continuous service.

(2) Employees in Section 2(a) or 2(b) hired by the Police Division on or after September 1, 2013 shall accrue medical leave as stated above in Section 19(a)(1).

(3) Employees in Section 2(a) or 2(b) hired by the Board of Police Commissioners before September 1, 2013 shall be entitled to all of the sick and medical leave accrued during such employment. Subject to the provisions of Section 19(a), medical leave with pay shall be granted at the rate of 3.70 hours bi-weekly to employees in Section 2(a) or 2(b) hired by the

Board of Police Commissioners before September 1, 2013, employed by the City and continuously employed by the City on September 1, 2013.

(b) The Director of Personnel may establish a system of cash awards, paid time off or other incentives to reward employees for perfect and near perfect attendance.

(c) An appointing authority shall remove an employee from the payroll for unexcused absence in accordance with regulations and procedures established by the Director of Personnel. When an employee is docked from the payroll under the provisions of this section, the amount deducted from his/her regular bi-weekly rate of pay shall be one times (1.0x) the regular hourly rate as defined in this ordinance for each hour of unexcused absence. If an employee is docked from the payroll for one (1) hour or more in a bi-weekly pay period, he/she will cease to accrue medical leave for the pay period.

(d) If management decides to send their employees or a group of employees home due to inclement weather, they will not lose their medical leave accrual for that pay period.

(e) All leave with or without pay for illness, injury, or physical inability to perform assigned duties shall be recorded on the payroll or a subsidiary document in the manner established by the Director of Personnel. Compensation for periods of absence from work

when an employee sustains an injury by accident on the job shall be governed by the provisions of Section 25 (Workers' Compensation and Disability Leave) of this ordinance.

(f) An employee who is reemployed from an authorized layoff shall have his/her prior medical leave balance and sick leave balance restored if any, provided any sick leave balance has not been credited to the employee's length of service in determining pension benefits paid to the retiree. An employee who is reemployed from an authorized layoff and who has a medical and/or sick leave balance and who completed twenty-six (26) weeks of continuous employment prior to the layoff may take approved medical and/or sick leave upon reemployment.

(g) Each appointing authority shall institute procedures, in accordance with regulations established by the Director of Personnel that will discourage the improper use of medical leave with pay. When an employee is removed from the payroll for absence not approved by the appointing authority, the employee shall be notified promptly in writing.

(h) Employees shall not receive payment for any medical leave balance and it shall not be used in the calculation of retirement benefits or payments under this ordinance or any other ordinance.

(i) There shall be no advancement of medical leave.

SECTION 20.

MILITARY LEAVE

The City of St. Louis will follow all applicable state and federal laws on the granting of military leave and reemployment rights.

Each employee is required to give advance notice (at least 30 days prior to departure when feasible), preferably in writing, of service obligation or intention to perform services in the uniformed services, unless such notice is prevented by military necessity, as determined by a designated authority, or impossible or unreasonable under all of the circumstances.

Upon the expiration of military leave of absence, the employee shall be reinstated to the class of position he/she occupied at the time the leave was granted without breaking continuity of service. Failure of an employee to report for duty within the time pursuant to state or federal law shall be just cause for dismissal. The employee's accumulated leave balance(s) shall be restored to the employee upon his/her return.

Full-time, permanent employees paid a bi-weekly rate of pay who are called to active duty as a member of the National Guard or any reserve component of the Armed Forces of the United States and who are placed on a military leave of absence will be granted compensation

in the amount to offset the difference between the employee's gross bi-weekly pay with the City and his/her total military pay plus allowances if such military pay and allowances is less than the employee's regular gross bi-weekly rate of pay and subject to submission of documentation as required by the Director of Personnel.

SECTION 21.

LEAVES OF ABSENCE AND FAMILY/MEDICAL LEAVE

An employee may request a leave of absence, or an appointing authority may request a leave of absence for an employee, for any reason under the City's general leave policy, or a "Family/Medical Leave of Absence" for certain qualifying reasons under provisions of "The Family and Medical Leave Act of 1993" as provided in this ordinance and under additional provisions and regulations as determined by the Director of Personnel.

(a) An appointing authority, with the approval of the Director of Personnel, may grant an employee in a competitive position a general leave of absence without pay for a period of one year, which may be extended, with the prior approval of the Director of Personnel.

Upon the expiration of such leave of absence, the employee shall be reinstated to the competitive position he/she occupied at the time the leave was granted provided the position is still in existence and he/she is able to perform the duties of the position. The employee

shall be reinstated to the competitive position at the same relative rate in the salary range the employee occupied at the time the leave was initiated. Failure of an employee to report for duty promptly at the expiration of the leave shall be just cause for dismissal. If necessary to the efficient conduct of the business of the City, an employee on leave other than military leave or qualifying family/medical leave may be notified by the appointing authority, with the approval of the Director of Personnel, to return prior to the expiration of such leave. Failure of the employee to return within ten (10) calendar days after receipt of such notice shall terminate his/her leave of absence and be just cause for dismissal, subject to any applicable federal, state or local regulations.

(b) The City of St. Louis will follow all applicable state and federal laws on the granting of family/medical leave.

The Director of Personnel shall establish additional rules, guidelines and procedures for the effective administration of the City's "Family/Medical Leave Policy." The policy shall comply with all provisions of the "Family/Medical Leave Act of 1993" and any amendments thereafter.

Employees must take all of their accrued time (sick leave, medical leave, vacation leave) prior to being placed on leave without pay status for approved Family and Medical Leave, except employees can keep one (1) week of vacation hours (if they have accrued one

(1) week of vacation and are eligible to take them). Employees will be allowed to use all their compensatory time, if requested by employee.

(c) Any employee in a competitive position who is appointed to an excepted position in the Classified Service shall be granted an in-service leave without pay from the competitive position during the term to which he/she is appointed to the excepted position. Such leave shall be for the term of the appointment to the excepted position and until his/her successor qualifies. Upon the expiration of the appointment to the excepted position, the employee shall be reinstated to the competitive position he/she occupied immediately prior to the in-service leave. The employee shall be reinstated to the competitive position as under a temporary promotion pursuant to Section 6(a)(2) of this ordinance. Employees who are returned to a competitive position shall retain any vacation, compensatory time, sick leave, or medical leave balance in effect at the time of granting of the leave of absence for appointment to the excepted position. Employees shall be given credit for time spent in an excepted appointment in computing eligibility for additional vacation leave accrual.

(d) In the event that emergency conditions occur which require the closing of City-operated facilities or the temporary cessation of functions carried out by classified employees, the Mayor of the City of St. Louis may declare an emergency and require an employee or group of employees to take leaves of absence with or without pay while such emergency conditions exist. In the event that the Mayor requires that the leave of absence be without

pay, an employee with vacation or accrued compensatory time may elect to take the accrued time off with pay in lieu of all or a part of such non-paid leave of absence. Such non-paid leave of absence shall not interrupt continuity of service for vacation accrual. An emergency leave of absence declared by the Mayor shall not exceed ninety (90) days.

(e) Employees who are granted general leaves of absence and other non-paid leaves of absence, except military leave, must take all accrued vacation at the start of the leave of absence. Employees who are granted or placed on a non-paid leave of absence will not accrue vacation, sick leave, and medical leave during the period of non-paid leave. Upon the expiration of such leaves of absence, the employee shall follow the procedures as established in this Section 21 and any other applicable regulations and procedures as established by the Director of Personnel.

(f) An appointing authority, with the prior approval of the Director of Personnel, may put an employee on a forced leave of absence with or without pay pending the outcome of an investigation or of a pending disciplinary action against the employee. Employees being placed on forced leave may elect to be placed on either vacation leave or compensatory time.

(g) In the event that a fiscal crisis occurs in the City of St. Louis, employees may request voluntary furloughs. The Director of Personnel may issue regulations to govern the furlough program.

SECTION 22.

INSURANCE BENEFITS

The City of St. Louis is hereby authorized to devise and establish by contract or otherwise plans for life, health, medical, disability, and other insurance coverage deemed necessary for employees in the Classified Service and other employees for the City and their dependents. The Director of Personnel shall develop and administer programs to provide for such coverage. The Director of Personnel shall confer with the Board of Estimate and Apportionment by February 1st of each year regarding coverage plans and the appropriate funding level. The Director shall then be charged with the responsibility of establishing the applicable funding level and remittance rates for the aforementioned plans and certify same to the Comptroller and Budget Director by March 1st of each year. The Director of Personnel may amend said rates as needed.

SECTION 23.

DEATH BENEFIT

In the event any employee of the City whose pay is established by this ordinance dies as a result of injuries arising out of and in the course of his/her employment by the City, the City shall pay compensation in accordance with the Missouri Workers' Compensation Law.

The Director of Personnel and the City Counselor shall establish procedures for making the payments required by the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made. Such compensation shall be in addition to any life insurance benefits paid for by the City or by the employee which is available to the employee's beneficiaries and also in addition to any benefit provided by the Employees Retirement System of the City of St. Louis, the Firemen's Retirement System of the City of St. Louis, or the Firefighters Retirement Plan.

SECTION 24.

WORKERS' COMPENSATION AND DISABILITY LEAVE

(a) Any employee in the Classified Service whose class title and grade are established in Section 1(a) and denoted by the suffix "G," "M," "T" or "E" of this ordinance, including employees who are compensated on a per performance or unit of work basis, who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where an employee's duties are being performed or where an employee's presence is required as part of his/her employment, shall promptly report such injury by accident or occupational disease to his/her immediate supervisor. The supervisor shall in turn report, through the appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. The appointing

authority shall promptly provide such written information and recommendations as may be requested by the City Counselor to aid in making the determination of the period of disability.

The employee who suffers a personal injury as described in part (a) of this section, and which results in temporary disability, may elect to use sick or medical leave for the first three (3) days of temporary disability. Thereafter, the employee will be compensated at the rate mandated by the Missouri Workers' Compensation Law. If the period of disability extends fourteen (14) calendar days or more, the three (3) days of sick or medical leave used during the first three (3) days of disability will be restored to the employee's sick or medical leave balance. The City Counselor shall determine the actual amount of compensation and length of time during which payments are made for such temporary disability in accordance with the Missouri Workers' Compensation Law.

(b) (1) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease while engaged in actual fire suppression, or related emergency response activities on or about the premises where these activities are being performed, or during transportation to and from the scene of the fire, or emergency, shall promptly report such injury to his/her immediate supervisor. The injury shall be promptly reported through appropriate management personnel to the Director of Personnel and the City Counselor. During the period of temporary disability which has been determined

by the City Counselor to be a result of an injury by accident or occupational disease as defined above, the employee may be continued on the payroll at the regular bi-weekly rate less any amount the employee would otherwise pay in taxes on that portion of the benefit found to be exempt from taxation under the Missouri Workers' Compensation Law, or the federal tax code. Disability leave may also be granted when an employee suffers injury as a result of participation in Training Simulation of an exceptional and highly dangerous nature wherein the appointing authority or the Director of the Department of Public Safety has gained the approval of the Director of Personnel prior to such Training Simulation.

(2) Any employee in the competitive service whose class title and grade are established in Section 1(a) of this ordinance and denoted by the suffix "F" who shall suffer personal injury by accident or occupational disease arising out of and in the regular course of employment while engaged in or about the premises where his/her duties are being performed, except as otherwise provided in Section 25(b)(1) above shall likewise, promptly report such injury to his/her immediate supervisor, who shall report, through his/her appointing authority, all facts concerning the incident to the City Counselor and the Director of Personnel. During any such period of temporary disability, the employee shall be entitled to workers' compensation benefits as prescribed by State Law.

(3) Employees in the competitive service whose pay is established in Section 2(d) of this ordinance who suffer personal injury by accident or occupational disease arising out of

and in the regular course of employment shall receive compensation in accordance with Police Division policies. Employees in the competitive service whose pay is established in Section 2(a) or 2(b) of this ordinance and who were employed by the Board of Police Commissioners and who remain employed by the Police Division who suffer personal injury by accident or occupational disease arising out of and in the regular course of employment shall receive compensation in accordance with Police Division policies.

(c) The City Counselor, the Director of Personnel, or the appointing authority may require an employee to undergo a physical examination and medical or surgical treatment at the expense of the City to diagnose and treat injuries or illnesses arising out of employment.

(d) The City Counselor and the Comptroller shall establish procedures for paying compensation to employees or former employees who are permanently disabled and due compensation under the Missouri Workers' Compensation Law. The Comptroller shall designate the fund or appropriation out of which such payment shall be made.

(e) The City Counselor and the Director of Personnel shall be responsible for the administration of the provisions of this Section and shall establish and publish procedural regulations for the administration of the program. Each appointing authority shall establish procedures to comply with the provisions of this section and established regulations.

SECTION 25.

JURY AND WITNESS LEAVE

(a) Jury leave with pay shall be granted to bi-weekly rate employees working fifty percent (50%) time or more for such time when such employees are serving as jurors pursuant to order of the St. Louis Circuit Court or United States District Court in St. Louis. Any bi-weekly rate employee, when so summoned for jury service, shall report such fact within seventy-two (72) hours to his/her appointing authority and display to the appointing authority the summons which the employee has received and shall give the appointing authority in writing the date and the time of such jury service. No bi-weekly rate employee shall receive any compensation from the Jury Commissioner or the United States District Court system for jury service for days the employee receives compensation from the City. A bi-weekly rate employee may keep the jury stipend for days when the employee receives no compensation from the City (off days, docks, leaves, etc.). Upon being discharged from serving as a juror by the Court or Jury Commissioner, the employee shall forthwith report to his/her appointing authority if discharged during their normally scheduled work hours and shall submit to his/her appointing authority a written statement from the Jury Commissioner certifying that the employee has served as a juror and the time and date so served. The appointing authority shall, upon receipt of the statement of jury service, credit the employee with paid jury leave for such service.

(b) Leave with pay shall be granted to bi-weekly rate employees for such time when the employee's presence is required by the prosecutor in a criminal proceeding or grand jury procedure, a trial in prosecuting accused criminals (or for jury service in Federal Court). Any bi-weekly rate employee, when so subpoenaed as a prosecution witness or whose presence is required as a part of a grand jury inquiry, shall report such fact within seventy-two (72) hours to his/her appointing authority and shall give the appointing authority in writing the date and time his/her presence is required for such criminal prosecution. Each appointing authority shall establish controls to assure that any paid leave is actually required by the prosecuting authority. An appointing authority may require an employee to furnish satisfactory evidence of being required to be off the job and that all time off was in connection with the prosecution of the case. This procedure shall apply for employee participation in criminal prosecution in State or Federal Courts.

SECTION 26.

DEFERRED COMPENSATION

(a) Authority is hereby granted for the establishment of a deferred compensation plan for the City of St. Louis.

(b) In accordance with the regulations applicable to the plan, as set out herein, the Comptroller is authorized to enter into an agreement with eligible participants, whereby said

participants may designate a portion of their future earnings to be deducted by the City and placed in a fund to be designated "City of St. Louis Deferred Compensation Plan Fund" for the purpose of providing tax deferred benefits to the participants upon retirement.

(c) The Board of Estimate and Apportionment is hereby authorized to establish or select a specific plan or plans in accordance with the requirements set out in this ordinance. In establishing the plan, the Board of Estimate and Apportionment may elect to retain outside parties to provide administrative and/or investment services after following competitive bidding procedures. The Board of Estimate and Apportionment is authorized, after analyzing the various competitive bids submitted in accordance with the requirements of this ordinance, to select the plan or plans it determines to meet the requirements established as a part of the competitive bidding procedures and to be in the best interest of the participants. No investment plan shall be considered unless offered by a duly licensed resident agent representing a company duly licensed and authorized by the State of Missouri and other applicable federal regulatory agencies to offer such insurance or investment programs.

In the event Federal or State legislation is changed in a manner affecting and/or relating to any of the aforementioned Deferred Compensation provisions contained in this Section, the Board of Estimate and Apportionment of the City of St. Louis may amend the deferred compensation plan accordingly and may execute any and all documents necessary to achieve and effectuate the recommended changes.

SECTION 27.

(2) The balance of a member's sick leave on the date of retirement *less* sick leave hours paid to the member upon termination of his/her employment and *less* sick leave hours considered as creditable service for the purpose of determining eligibility for and/or calculation of retirement benefits, except that said balance cannot exceed twenty-five percent (25%) of a member's total sick leave on the date of retirement.

(b) If a member has less than two (2) consecutive years of creditable service his/her final average compensation shall be equal to the sum of (1) and (2) below, divided by (3) below and then multiplied by (4) below:

(1) The sum of monthly compensation received by the member for each consecutive month of creditable service immediately preceding the termination of his/her employment;

No creditable service for prior employment shall be granted an employee who becomes a member after April 1, 1960, unless he/she was employed by an employer on April 1, 1960.

A member's accrued sick leave balance less the sum of (a), (b) and (c) below shall be considered as additional creditable service for calculation of retirement benefits under any provision of this Ordinance 66511, as amended:

(a) Sick leave hours considered as creditable service for the purpose of determining eligibility for retirement benefits, and

(b) Sick leave hours paid to the member upon termination of his/her employment, and

(c) Sick leave hours used in determining final average compensation.

SECTION 28.

SEVERABILITY

The sections of this ordinance shall be severable. In the event that any section of this ordinance is found by a court of competent jurisdiction to be invalid, the remaining sections of this ordinance are valid, unless the court finds the valid sections of the ordinance are so essential and inseparably connected with and dependent upon the void section that it cannot be presumed that the Board of Aldermen would have enacted the valid sections without the void ones, or unless the court finds that the valid sections standing alone are incomplete and are incapable of being executed in accordance with the legislative intent.
