Summary
Board Bill Number 41AAIC
Introduced by Alderwoman Alisha Sonnier
June 12, 2026

This ordinance establishes a definition of Community Development Corporations for purposes of eligibility for priority consideration in City administered funding. The ordinance aligns City practice with Missouri state law by incorporating the statutory definition of community development corporations, while setting additional local criteria related to nonprofit status, place-based service areas, governance, and demonstrated community revitalization activities. The ordinance requires eligible organizations to engage in multiple core areas of community development, including community organizing, and authorizes the City to apply consistent standards when awarding grants, loans, contracts, or other financial assistance to community development corporations. The ordinance establishes a certification framework and process; and contains a severance clause and emergency clause.

1 An Ordinance establishing the definition of Community Development Corporation (CDC) and
2 CDC certification framework; and containing a severance clause and emergency clause.

3 **WHEREAS**, the City of St. Louis expends public funds to support community development,
4 neighborhood stabilization, affordable housing, and economic opportunity, and such expenditures
5 must be administered in a manner that is transparent, accountable, and aligned with clearly defined
6 public purposes; and

7 **WHEREAS**, community development corporations have historically served as locally rooted,
8 nonprofit partners in advancing place based revitalization efforts, particularly in neighborhoods
9 experiencing disinvestment, displacement pressures, or long term structural inequities; and

10 **WHEREAS**, the Missouri General Assembly has recognized community development
11 corporations as eligible entities for community and economic development activities under state
12 law, including Section 135.400 of the Revised Statutes of Missouri; and

13 **WHEREAS**, the effectiveness of public investment in community development is strengthened
14 when recipient organizations demonstrate a sustained presence within the communities they serve,
15 maintain governance structures that reflect community connection, and engage residents as
16 partners in shaping neighborhood outcomes; and

17 **WHEREAS**, establishing clear and uniform criteria for the recognition of community
18 development corporations for purposes of City funding promotes consistency across departments,

22 comprehensive approach to revitalization, including housing stability, economic opportunity,

community organizing, and neighborhood quality of life, recognizing that durable neighborhood change requires coordinated and community driven strategies; and

20 for community development, neighborhood revitalization, or place-based

18 related to prior City funding. The Certifying Authority may require
19 additional documentation as necessary to evaluate compliance with the
20 criteria set forth in Section One.

21 **D. Determination.** The Certifying Authority shall issue a written determination
22 granting or denying certification within sixty (60) days of receipt of a complete

1 application. The Certifying Authority shall notify the applicant in writing if the

3 complete application is received. A certification shall be granted upon a finding
4 that the applicant meets all criteria set forth in Section One of this Ordinance.
5 A denial shall state with specificity the grounds for denial and identify which
6 criteria the applicant has failed to satisfy.

7 **E. Term and Renewal.** A certification granted under this section shall be valid for a
8 period of three (3) years from the date of issuance. A certified organization shall
9 submit a renewal application to the Certifying Authority no later than ninety (90)
10 days prior to the expiration of its current certification. The renewal application
11 shall include updated versions of the documentation required under Subsection C
12 and shall demonstrate continued compliance with all criteria set forth in Section
13 One. A certified organization whose renewal application is pending at the time of
14 expiration shall be deemed provisionally certified and shall remain eligible for
15 priority consideration in City administered funding until the Certifying
16 Authority issues a written determination on the renewal application, provided that
17 the renewal application was timely submitted.

18 **F. Annual Good Standing Certification.** In each year of the certification
19 term that does not require a full renewal application, a certified organization shall
20 submit to the Certifying Authority an annual good standing certification, on a
21 form established by the Certifying Authority, confirming that the organization
22 remains in compliance with the criteria set forth in Section One, that no material

1 changes have occurred with respect to the organization's nonprofit status,
2 service area, board composition, or staffing, and that the organization has no
3 unresolved audit findings, contract defaults, or compliance violations related to
4 City funding. The annual good standing certification shall be submitted no later
5 than ninety (90) days after the close of the organization's fiscal year.

6 **G. Failure to Timely Renew; Decertification Upon Lapse.** A certified organization

7 that fails to submit a renewal application within the time required under

9 certification. Upon lapse, the Certifying Authority shall provide written notice to
10 the organization's last known address of record stating that its certification has
11 lapsed, the effective date of decertification, and the steps required to seek
12 reinstatement. A decertified organization shall be ineligible for priority
13 consideration in City administered funding from the date of lapse until the
14 Certifying Authority issues a written determination approving a renewal
15 application. Submission of a renewal application following a lapse shall not
16 restore provisional certification status under Subsection E, and the organization
17 shall remain ineligible for priority consideration in City administered funding
18 during the pendency of the Certifying Authority's review. Upon approval of a
19 renewal application submitted after a lapse, the following shall apply:

- 20 (i) If the renewal application was submitted within sixty (60) days of the
21 expiration of the lapsed certification, the reinstated certification shall

1 retain the original expiration date, and the remaining term of
2 the original certification period shall be restored; or

3 (ii) If the renewal application was submitted more than sixty (60) days
4 after the expiration of the lapsed certification, a new three (3) year
5 certification period shall commence as of the date of the Certifying
6 Authority's written determination of approval.

7 In no event shall reinstatement under this Subsection render an organization
8 eligible for priority consideration in City administered funding for any period
9 during which its certification was lapsed.

10 **H. Revocation and Suspension.** The Certifying Authority may suspend or revoke a
11 certification upon a finding that a certified organization no longer meets the
12 criteria set forth in Section One, has submitted materially false or misleading
13 information in its certification or renewal application or annual good standing
14 certification, or has failed to timely submit a required annual good standing
15 certification.

16 Prior to suspension or revocation, the Certifying Authority shall provide the
17 certified organization with written notice of the proposed action and the grounds
18 therefore, and shall afford the organization not less than thirty (30) days to
19 respond in writing and to cure any identified deficiency.

20 A revocation or suspension shall be effective upon written notice to the
21 organization following completion of the notice and response period. A
22 suspended organization shall not be eligible for priority consideration in City

1 funding awards during the period of suspension. A revoked organization shall not
2 be eligible for priority consideration in City funding awards until certification is
3 restored.

4 **I. Appeals.** An organization that has been denied certification, denied renewal,
5 suspended, or revoked may appeal the determination to the Certifying Authority,
6 or to such other appellate bodies as the SLDC shall designate, within thirty (30)
7 days of receiving written notice of the adverse determination.

8 The Certifying Authority shall issue a written decision within sixty (60) days of
9 receipt of a complete appeal. The decision of the appellate body shall be final for
10 purposes of administrative review.

11 Filing an appeal shall not stay the effect of a denial, suspension, or revocation
12 pending the appellate body's decision unless the appellate body grants a stay upon
13 a showing of good cause.

14 **J. Public Registry.** The Certifying Authority shall maintain a public registry of all
15 organizations holding current CDC certification under this Ordinance. The
16 registry shall be published on the City's official website and updated within fifteen
17 (15) business days of any certification, renewal, suspension, revocation, or
18 restoration.

19 The registry shall include, at minimum, the certified organization's name,
20 designated core service area, certification date, and certification expiration date.

21 The registry shall also identify organizations whose certification has been
22 suspended or revoked, including the effective date of such action.

1 **K. Transition.** Organizations that are receiving City administered funding as of the
2 effective date of this Ordinance and that would qualify as Community
3 Development Corporations under Section One shall have one hundred eighty
4 (180) days from the effective date to submit an application for certification under
5 this section. Such organizations shall remain eligible for priority consideration
6 in City administered funding during the transition period, provided they submit a
7 certification application within the time period specified herein.

8 **L. Relationship to Program-Specific Requirements.** Certification under this
9 section establishes threshold eligibility only. Nothing in this section limits the
10 authority of the City or any administering department or agency to establish
11 additional eligibility criteria, reporting requirements, performance standards, or
12 capacity thresholds for specific funding programs consistent with Section One,
13 Subsection F of this Ordinance. Certification does not guarantee the award of any
14 grant, loan, contract, or other financial assistance. Departments or agencies
15 administering funding programs designated for community development
16 purposes shall condition eligibility on CDC certification under this section unless
17 otherwise authorized by ordinance.

18 **M. Annual Implementation Report.** The Certifying Authority shall prepare an
19 annual report on the progress of implementing this Ordinance and shall present such
20 report to the Housing, Urban Development, and Zoning Committee of the Board of
21 Aldermen at a regular meeting of the Committee. The report shall be submitted in

1 writing no later than ninety (90) days after the close of each fiscal year and shall
2 include, at minimum:

- 3 1. A description of the status and progress of the certification process established under this
4 Section, including the number of certification applications received, granted, denied,
5 renewed, suspended, revoked, and pending during the reporting period;
- 6 2. A current list of organizations holding CDC certification and their designated core
7 service areas;
- 8 3. A description of any administrative challenges, barriers, or delays encountered in
9 implementing this Ordinance and the certification framework;
- 10 4. Any recommendations for legislative or administrative changes to improve the
11 effectiveness, efficiency, or equity of the certification process or the broader
12 implementation of this Ordinance; and
- 13 5. Such other information as the Committee may reasonably request.

14 The CEO of SLDC, or the CEO's designee, shall appear before the Committee annually to
15 present the report and respond to questions regarding the implementation of this Ordinance.

16 **SECTION THREE. Severability Clause.** The sections of this Ordinance shall be severable. In
17 the event that any section of this Ordinance is found by a court of competent jurisdiction to be
18 invalid, the remaining sections of this Ordinance are valid, unless the court finds the valid sections
19 of the Ordinance are so essential and inseparably connected with and dependent upon the void
20 section that it cannot be presumed that this Board would have enacted the valid sections without

1 the void ones, or unless the court finds that the valid sections standing alone are incomplete and
2 are incapable of being executed in accordance with the legislative intent.

3 **SECTION FOUR. Emergency Clause.** This being an ordinance for the preservation of public
4 peace, health, and safety, it is hereby declared to be an emergency measure within the meaning of
5 Sections 19 and 20 of Article IV of the Charter, and, therefore, this Ordinance shall become
6 effective immediately upon its passage and approval of the Mayor of the City.

 - If yes, explain the impact and the estimated cost:

The Board Bill assigns administrative responsibilities to the St. Louis Development Corporation, including certification review, renewals, annual compliance certifications, appeals, maintenance of a public registry, and related program administration.
